(b) *For permanent, partial disability, sixty-six and two-thirds percent (66 ⅔%) of the employe's average weekly wage as limited by KRS 342.740, multiplied by his percentage of functional disability caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American Medical Association, 1977 edition, or by his percentage of occupational disability as determined under KRS 342.620(13), whichever is greater, for a maximum of two hundred eight (208) weeks.* [In all other cases of permanent partial disability, including any disfigurement which will impair the future usefulness or occupational opportunities of the injured employe, or employe disabled by an occupational disease, income benefits shall be determined according to the percentage of disability, taking into account, among other things, any previous disability, the nature of the physical injury or disfigurement, the occupation of the injured employe and age at the time of injury or at the time the disability from an occupational disease began. The income benefits paid therefor shall be 66 ⅔ per cent of the average weekly earnings of the employe at the time of his injury, subject to the limitations contained in KRS 342.740, multiplied by the percentage of disability caused by the injury or occupational disease. Notwithstanding any section of KRS Chapter 342 to the contrary, there shall be no minimum weekly income benefit for permanent partial disability.

(c) For total permanent bodily loss or losses herein scheduled, after and in addition to the income benefits payable during the period of recovery, scheduled income benefits in the amount of 66 ⅔ per cent of the average weekly wage as follows:

15. Total loss of binaural hearing	156
16. Total loss of vision of one eye	150
17. Total loss of bilateral vision	520
18. Total loss, or total loss of use, of both hands, both arms, both feet or both legs	520

19. Phalanges: For loss of distal phalanx, one-half of the income benefits for loss of the entire digit. For loss of more than the distal phalanx of a digit, the same as loss of the entire digit.

20. Two or more digits: For loss of two or more digits, or one or more phalanges of two or more digits, of a hand or foot, scheduled income benefits may be proportioned to the loss of use of the hand or foot occasioned thereby, but shall not exceed the scheduled income benefits for loss of a hand or foot.

21. Total loss of use: Scheduled income benefits for permanent total loss of use of a member shall be the same as for loss of the member.

22. Partial loss or partial loss of use: Scheduled income benefits for permanent partial loss of use of a member shall be for a period proportionate to the period benefits are payable for total loss or total loss of use of the member as such partial loss bears to total loss.

23. Loss of hearing or partial loss of bilateral vision: Scheduled income benefits for partial loss of vision in one or both eyes, or total loss of hearing in one ear, or partial loss of hearing in one or both ears shall be for a period proportionate to the period benefits are payable for total bilateral loss of vision or total binaural loss of hearing as such partial loss bears to total loss. The provisions of paragraphs (d) to (h) of subsection (2) of this section shall apply to scheduled losses of hearing.

24. In any case in which there shall be a loss or loss of use of more than one member or parts of more than one member set forth in subparagraphs 1. to 23. of this subsection, scheduled income benefits shall be for the loss of use of each such member or part thereof, with the periods of benefits to run consecutively.

25. Other losses: Proper and equitable scheduled income benefits shall be paid for serious permanent disfigurement of face, head, neck or other area normally exposed and for loss or loss of function of a major member or organ when such disfigurement or loss is of a kind likely to handicap the employe in securing or holding employment.

26. In any case of total or partial loss of use of a member or organ, of hearing or vision, or in any case of disfigurement, determination of the period for which scheduled income benefits are payable shall not be made until the maximum of healing and of restoration function has been attained.

27. If the board finds as a fact that the effects of any of the injuries, or disabilities, from occupational diseases, or losses, mentioned in this section adversely affect a workman's ability to labor, or limit his occupational opportunities to obtain the kind of work he is customarily able to do; his compensation benefits shall not be limited to the amounts provided by this section, and he shall be awarded compensation benefits under some other applicable or appropriate section of this chapter which would provide more compensation benefits for his disability.]

(2) *In accordance with 42 USCA 424a(d) benefits shall be adjusted as follows:*

(a) In cases where it is determined that periodic disability benefits granted by the federal old age, survivors, and disability insurance act are payable to an individual and his dependents, if any, the aggregate benefits payable for permanent total disability pursuant to this chapter shall be reduced, but not below zero, by an amount equal as nearly as practical to one-half such federal periodic benefits; but, if provisions of the federal old age, survivors, and, disability insurance act should be amended to provide for a reduction of an individual's disability benefits thereunder because of compensation benefits payable under this chapter,

the reduction of compensation benefits provided in this section shall be decreased by an amount equal to such federal reductions.

(b) In cases where it is determined that periodic disability benefits are payable to an employe under the provisions of a pension plan financed in whole or in part by the employer, the aggregate benefits payable for permanent total disability pursuant to this chapter shall be reduced, but not below zero, by an amount equal as nearly as practical to such employer pension plan benefits, with the following limitations:

1. Where the employe has contributed to the employer pension plan and has been liable for federal income tax on such contribution part as earned income, benefits shall be reduced under this section only in an amount proportional to the employer's percentage of total contributions to the employer pension plan.

2. Where the employer pension plan provides by its terms that benefits are precluded thereunder in whole or in part if benefits are awarded under this chapter, the reduction provided in this section shall not be applicable to the extent of the amount so precluded.

(c) In cases where it is determined that periodic disability benefits are payable to an individual and his dependents pursuant to a workmen's compensation act of another state or of the federal government, the aggregate benefits payable for temporary total disability, temporary partial disability, permanent partial disability, and permanent total disability pursuant to this chapter shall be reduced, but not below zero, by an amount equal to the benefits payable pursuant to such other workmen's compensation act. [Occupational deafness means permanent partial or permanent total loss of hearing of one or both ears caused by prolonged exposure to harmful noise in employment. The following provisions shall apply exclusively to loss of hearing compensable under this subsection:

(a) No claim for scheduled income benefits shall be heard until the lapse of six full consecutive calendar months after the termination of exposure to harmful noise in employment. The time limitation for the filing of claims for occupational deafness shall not begin to run earlier than the day following the termination date of such six months' period. The time for filing claim as provided under this paragraph shall be applicable not only in respect of the last employer, but also in respect of any prior employer who may have liability to pay compensation for the occupational deafness.

(b) No employer shall be liable for the payment of scheduled income benefits for occupational deafness unless the employe claiming benefits shall have worked for such employer in employment exposing the employe to harmful noise for a total period of at least 90 days.

(c) An employer, otherwise liable under this subsection, whose employment has contributed to any extent to an employe's occupational deafness shall be liable for the full extent of the deafness of the employe, unless such employer shall establish by competent evidence (including the results of a professionally controlled hearing test) the extent of the employe's deafness as it existed prior to exposure to harmful noise in the employer's employment. Upon such showing the employer shall be liable to the employe only for the proportion of the deafness attributable to employment by him. An employer liable to the employe for the full extent of the employe's occupational deafness may implead, in a compensation proceeding on the employe's claim, any prior employer or employers in whose employment the employe had been exposed to harmful noise, and if it should be found that the impleaded employer would have been liable to the employe under this subsection, had the employe proceeded against him, under the claim being adjudicated, the employer held liable shall be entitled to an award against the impleaded employer. The impleading of an employer shall be accomplished by notice on a form prescribed by the board. Such notice shall be sent to the impleaded employer and to the board. An award may be made in favor of the employer liable to the employe, and against the impleaded employer or employers, which award may be enforced in the same manner as awards to employes. The impleaded employer or employers shall bear equal shares with the employer of the employer's liability to the employe, unless the evidence warrants a different apportionment.

(d) Losses of hearing due to industrial noise for compensation purposes shall be confined to the frequencies of 500, 1,000, and 2,000 cycles per second. Loss of hearing ability for frequency tones above 2,000 cycles per second are not to be considered as constituting disability for hearing.

(e) The percent of hearing loss, for purposes of the determination of compensation claims for occupational deafness, shall be calculated as the average, in decibels, of the thresholds of hearing for the frequencies of 500, 1,000, and 2,000 cycles per second. Pure tone air conduction audiometric instruments, approved by nationally recognized authorities in this field, shall be used for measuring hearing loss. If the losses of hearing average 15 decibels or less in the three frequencies, such losses of hearing shall not then constitute any compensable hearing disability. If the losses of hearing average 82 decibels or more in the three frequencies, then the same shall constitute and be a total or 100 percent compensable hearing loss.

(f) In measuring hearing impairment, the lowest measured losses in each of the three frequencies shall be added together and divided by three to determine the average decibel loss. For every decibel of loss exceeding 15 decibels an allowance of one and one-half percent shall be made up to the maximum of 100 percent which is reached at 82 decibels.

(g) In determining the binaural percentage of loss, the percentage of impairment in the better ear shall be multiplied by five. The resulting figure shall be added to the percentage of impairment in the poorer ear and the sum of the two divided by six. The final percentage shall represent the binaural hearing impairment.

(h) Before determining the percentage of hearing impairment, in order to allow for the average amount of hearing loss from non-occupational causes found in the population at any given age, there shall be deducted from the total average decibel loss, one-half decibel for each year of the employe's age over 40 at the time of last exposure to industrial noise.

(i) No consideration shall be given to the question of whether or not the ability of an employe to understand speech is improved by the use of a hearing aid.]

(3) The period of any [scheduled] income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if [scheduled] income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the [scheduled] income benefits payable on account of the subsequent disability in whole or in part would duplicate the [scheduled] income benefits payable on account of the pre-existing disability.

(4) When an employe, who has sustained disability compensable under this section, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after such death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

(a) To the widow or widower, if there is no child under the age of 18 or incapable of self-support; or

(b) If there are both such a widow or widower and such a child or children, one-half to such widow or widower and the other half to such child or children; or

(c) If there is no such widow or widower but such a child or children, then to such child or children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750 or to both, in such proportions as the board may provide by regulation.

Section 40. KRS 342.740 is amended to read as follows:

(1) *Income benefits under KRS 342.730 shall be computed by using sixty-six and two-thirds percent (66 ⅔%) of the employe's average weekly wage or seventy-five percent (75%) of the state average weekly wage as defined herein, whichever is less.* [The minimum weekly income benefits for disability shall not be less than 20 percent (computed to the next higher multiple of $1.00) and the maximum weekly income benefit shall not exceed 60 percent (computed to the next higher multiple of $1.00) of the average weekly wage of the state as defined herein. In any event, income benefits shall not exceed the average weekly wage of the injured employe.]

(2) For the purposes of this chapter the average weekly wage of the state shall be determined by the board as follows: On or before September 1 of each year, the total wages reported by subject employers under the Kentucky Unemployment Insurance law for the preceding calendar year shall be divided by the average monthly number of insured workers (determined by dividing the total number of insured workers reported for the preceding year by twelve). The average annual wage thus obtained shall be divided by 52 and the average weekly wage thus determined rounded to the nearest cent. Such average weekly wage shall be certified to the board by the Department for Human Resources in a manner prescribed by the board by regulation. The average weekly wage as so determined shall be applicable for the full period during which income or death benefits are payable, when the date of occurrence of injury or of disablement in the case of disease, or of death, falls within the calendar year commencing January 1 following the September 1 determination.

(3) Whenever a change in the average weekly wage of the state is of such amount that the minimum weekly income benefits for total disability or death are increased or decreased by $1.00 or more, or the maximum weekly income benefits for total disability or for death are increased or decreased by $2.00 or more computed in each case and rounded to the nearest dollar, an adjustment in those minimums or maximums which are affected in the requisite amount by the change in the average weekly wage of the state shall be made which will reflect the increase or decrease, but no change in such limitations shall otherwise be made.

Section 41. KRS 342.750 is amended to read as follows:

If the injury causes death, income benefits shall be payable in the amount and to or for the benefit of the persons following, subject to the maximum limits specified in subsections (3) and (4) of this section:

(1) (a) If there is a widow or widower and no children of the deceased, to such widow or widower 50 percent of the average weekly wage of the deceased, during widowhood or widowerhood.

(b) To the widow or widower, if there is a child or children living with the widow or widower, 45 percent of the average weekly wage of the deceased, or 40 percent, if such child is not or such children are not living with a widow or widower, and in addition thereto, 15 percent for each child. Where there are more than two such children, the indemnity benefits payable on account of such children shall be divided among such children, share and share alike.

(c) Two years' indemnity benefits in one lump sum shall be payable to a widow or widower upon remarriage.

(d) To the children, if there is no widow or widower, 50 percent of such wage for one child, and 15 percent for each additional child, divided among such children share and share alike.

(e) The income benefits payable on account of any child under this section shall cease when he dies, marries, or reaches the age of eighteen, or when a child over such age ceases to be physically or mentally incapable of self-support, or if actually dependent ceases to be actually dependent, or, if enrolled as a full-time student in any accredited educational institution, ceases to be so enrolled or reaches the age of 22. A child who originally qualified as a dependent by virtue of being less than 18 years of age may, upon reaching age 18, continue to qualify if he satisfies the tests of being physically or mentally incapable of self-support, actual dependency, or enrollment in an educational institution.

(f) To each parent, if actually dependent, 25 percent.

(g) To the brothers, sisters, grandparents, and grandchildren, if actually dependent, 25 percent to each such dependent. If there should be more than one of such dependents, the total income benefits payable on account of such dependents shall be divided share and share alike.

(h) The income benefits of each beneficiary under paragraphs (f) and (g) above shall be paid until he, if a parent or grandparent, dies, marries, or ceases to be actually dependent, or, if a brother, sister, or grandchild, dies, marries, or reaches the age of eighteen or if over that age ceases to be physically or mentally incapable of self-support, or ceases to be actually dependent.

(i) A person ceases to be actually dependent when his income from all sources exclusive of *workers'* [workmen's] compensation income benefits is such that, if it had existed at the time as of which the original determination of actual dependency was made, it would not have supported a finding of dependency. In any event, if the present annual income of an actual dependent person including *workers'* [workmen's] compensation income benefits at any time exceeds the total annual support received by the person from the deceased employe, the *workers'* [workmen's] compensation benefits shall be reduced so that the total annual income is no greater than such amount of annual support received from the deceased employe. In all cases, a person found to be actually dependent shall be presumed to be no longer actually dependent three years after each time as of which the person was found to be actually dependent. This presumption may be overcome by proof of continued actual dependency as defined in this subsection, but full payments shall not be suspended during the pendency of any proceeding to determine dependency.

(2) Upon the cessation of income benefits under this section to or on account of any person, the income benefits of the remaining persons entitled to income benefits for the unexpired part of the period during which their income benefits are payable shall be that which such persons would have received if they had been the only persons entitled to income benefits at the time of the decedent's death.

(3) For the purposes of this section, the average weekly wage of the employe shall be taken as not more than the average weekly wage of the state as determined in KRS 342.740. In no case shall the aggregate weekly income benefits payable to all beneficiaries under this section exceed the maximum income benefit that was or would have been payable for total disability to the deceased, including benefits to his dependents.

(4) The maximum weekly income benefits payable for all beneficiaries in case of death shall not exceed 75 percent of the average weekly wage of the deceased as calculated under KRS 342.140, subject to the maximum limits in subsection (3) above. The maximum aggregate limitation shall not operate in case of payment of two years' income benefits to the widow or widower upon remarriage as provided under paragraph (c) of subsection (1) of this section, to prevent the immediate recalculation and payments of benefits to the remaining beneficiaries as provided under subsection (2) of this section, but the weekly income benefits as to such remaining beneficiaries shall not exceed the weekly income benefit that was or would have been payable for total disability to the deceased. The classes of beneficiaries specified in paragraphs (a), (b) and (d) of subsection (1) shall have priority over all other beneficiaries in the apportionment of income benefits. If the provisions of this subsection should prevent payment to other beneficiaries of the income benefits to the full extent otherwise provided for by this section, the gross remaining amount of income benefits payable to such other beneficiaries shall be apportioned by class, proportionate to the interest of each class in the remaining amount. Parents shall be considered to be in one class and those specified in paragraph (f) of subsection (1) in another class.

(5) All relations of dependency referred to in this section shall mean dependency existing at the time of the accident to the employe or at the time his disability from an occupational disease began.

(6) *In accordance with 42 USCA 424a(d), benefits shall be adjusted as follows: In cases where it is determined that periodic death benefits granted by the federal old age, survivors, and disability insurance act or a workers' compensation act of another state or of the federal government are payable to an individual and his dependents, the aggregate benefits payable for death pursuant to this section shall be reduced, but*

not below zero, by an amount equal to one hundred percent (100%) of such periodic benefits [If death occurs as a direct result of a work related injury, and the deceased has no statutory dependents, as determined by this section, a lump sum payment of $10,000 shall be paid to his estate, in addition to the amount provided for in KRS 342.720; provided, however, that the lump sum payment shall be reduced by any income benefits previously paid on account of that injury].

SECTION 42. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

If any provision of this Act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

Section 43. KRS 342.004, Liberal construction of chapter — Presumption in case of pneumoconiosis or silicosis, and 342.800, Application to claims - Filing under federal coal mine health and safety act, are repealed.

SB 75, AN ACT relating to interest rates.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 360.010 is amended to read as follows:

(1) The legal rate of interest is *eight* [six] per cent *(8%)* [(6%)] per annum, but any party or parties may agree, in writing, for the payment of interest in excess of that rate as follows: (a) at a *per annum* rate *not to exceed four per cent (4%) in excess of the discount rate on ninety-day commercial paper in effect at the Federal Reserve Bank in the Federal Reserve District where the transaction is consummated or nineteen per cent (19%), whichever is less,* [not in excess of eight and one-half per cent per annum] on money due or to become due upon any contract or other obligation in writing where the original principal amount is fifteen thousand dollars ($15,000) or less, and (b) at any rate on money due or to become due upon any contract or other obligation in writing where the original principal amount is in excess of fifteen thousand dollars ($15,000); and any such party or parties, and any party or parties who may assume or guarantee any such contract or obligation, shall be bound for such rate of interest as is expressed in any such contract, obligation, assumption, or guaranty, and no law of this state prescribing or limiting interest rates shall apply to any such agreement or to any charges which pertain thereto or in connection therewith; provided, however, nothing herein contained shall be construed to amend, repeal, or abrogate any other law of this state pertaining to any particular types of transactions for which the maximum rate of interest is specifically prescribed or provided.

(2) Any state or national bank may charge ten dollars ($10) for any loan negotiated at the bank in this state, even if the legal interest does not amount to that sum.

Section 2. Whereas, the precipitous rise of the federal discount rate has restricted the availability of loans of less than fifteen thousand dollars ($15,000) from lending institutions subject to this Act, an emergency is declared to exist and this Act shall become effective upon its passage and approval by the governor.

The Committee on Natural Resources and Environment reported **HB 347** with Committee Amendment attached thereto, **HB 566** with Committee Substitute attached thereto, and **HB 555** with Committee Substitute attached thereto, with the expression of opinion that the same should pass. HB 347, AN ACT relating to mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.130 is amended to read as follows:

(1) If any of the requirements of this chapter or rules or regulations adopted pursuant thereto or the orders of the department have not been complied with within the time limits set by the department or by this chapter, the department shall cause a notice of noncompliance to be served upon the operator, or where found necessary, the secretary shall after hearing (except as provided in KRS 224.071) order the suspension of a permit or operation. Such notice or order shall be handed to the person in charge of the operation, and the operator in person or served by certified [mail, return receipt requested] or [by] registered mail, *return receipt requested,* addressed to the permanent address shown on the application for a permit or if no address is shown on the application, then to the address known to the department. The notice of noncompliance or order of suspension shall specify in what respects the operator has failed to comply with this chapter or the

regulations or orders of the department. If the operator has not reached an agreement with the department or has not complied with the requirements set forth in the notice of noncompliance or order of suspension within time limits set therein, the permit may be revoked or the operation terminated, after hearing, by order of the department and the performance bond, if any, shall then be forfeited to the department, except as provided in subsection (2) of this section and in KRS 350.110. *Any hearing held pursuant to this section shall be held in the county in which the operation under consideration is located, if so requested by the operator. Such a request shall be made by the operator to the secretary in writing, served by certified registered mail, return receipt requested, within five (5) days after receipt of notice of hearing from the department.*

(2) When a bond is forfeited pursuant to the provisions of this chapter, the secretary shall give notice to the attorney general, who shall collect the forfeiture. Bond forfeitures collected in cases where the surface rights have been severed from the mineral rights shall be paid to the surface owner for the purpose of reclaiming in accordance with the provisions of this chapter the same area of land included under the bond; provided, that no payment shall be made until the reclamation has been accomplished in the manner required by the department, to the extent of available forfeited funds, and no payment shall be made beyond the actual cost of reclamation. Provided further, that this section shall not apply in cases where the owner does not desire or is unable to accomplish the work in the manner required by the department.

(3) An operator or person whose mining permit or operation has been revoked, suspended, or terminated shall not be eligible to receive another permit or begin another operation or to have suspended permits or operations reinstated until he shall have complied with all the requirements of this chapter in respect to all permits issued him, provided, further, that no operator or person shall be eligible to receive another permit or begin another operation who has forfeited any bond unless the land for which the bond was forfeited has been reclaimed without cost to the state or the operator or person has paid such sum as the department finds is adequate to reclaim such lands. The department shall not issue any additional permits to or allow future operations by any operator or person who has repeatedly been in noncompliance or violation of this chapter, or who has had permits revoked or operations terminated on more than three (3) occasions.

Section 2. KRS 351.030 is amended to read as follows:

(1) The department may prescribe rules of procedure and for offering evidence in all matters brought before it, and shall prepare and, on request, furnish to applicants copies of forms of notices and other forms that the department requires to be used, and shall prescribe the manner of serving such notices.

(2) The department shall hold one or more hearings on each matter brought before it. The commissioner, or his authorized representative of the department, may administer oaths. All interested persons shall be given due notice and an opportunity to appear and offer evidence, and to make argument by counsel if desired. The department shall decide each matter in controversy in the manner that seems to it just and reasonable and necessary or desirable for the proper enforcement of KRS 352.510 or 353.050 to 353.130.

(3) Administrative hearings requiring only the commissioner, or his authorized representative, acting as hearing officer, to be in attendance from the department, shall be held in the county in which the person or operator against whom action is being taken works or resides, if so requested by that person or operator. Requests pursuant to this subsection shall be made in writing to the commissioner and served by certified or registered mail, return receipt requested, within five (5) days after receipt of notice of hearing from the department.

Section 3. KRS 351.345 is amended to read as follows:

(1) The commissioner, before revoking any license shall set the matter down for hearing, and at least twenty (20) days prior to the date set for the hearing, he shall notify the licensee in writing, which said notice shall contain an exact statement of the charges made and the date and place of the hearing. Such written notice may be served by delivery of the same personally to the licensee or by mailing same by registered or certified mail, return receipt requested, to the last known business address of such licensee. The hearing on such charges shall be at such time and place as the commissioner shall prescribe, *unless the provisions of KRS 351.030(3) apply.*

(2) The licensee, in all hearings, shall have the opportunity to be heard in person and by counsel in reference thereto.

(3) No person shall blast once his license has been revoked by the department.

The Committee Amendment No. 1 to **HB 347** is as follows:

HB 566, AN ACT relating to surface coal mining.

WHEREAS, the Commonwealth of Kentucky intends to establish a state program pursuant to P.L. 95-87, the "surface mining control and reclamation act of 1977" and thereby obtain primacy to exercise exclusive regulatory authority over surface coal mining and reclamation within the Commonwealth; and

WHEREAS, the laws of the Commonwealth must meet the minimum requirements of and be in accordance with and not inconsistent with the requirements of P.L. 95-87 in order that the state obtain primacy under that Act but shall not be more stringent than is required to obtain primacy considering Kentucky's unique terrain and hydrology; and

WHEREAS, many requirements imposed on the Commonwealth by the United States department of interior, office of surface mining, which must be met before the state can obtain primacy are highly objectionable on constitutional and policy grounds and the state reserves its right to oppose the objectionable requirements in the future; and

WHEREAS, many of the objectionable provisions are the subject of pending litigation which the Commonwealth may elect to join and other objectionable requirements may be challenged in the courts in the future and the state may elect to join or initiate litigation challenging these objectionable requirements; and

WHEREAS, the Commonwealth of Kentucky objects particularly to the mandatory and inflexible requirement that all surface mined land must be returned to its approximate original contour with all highwalls completely covered in all circumstances, the requirement that the state's police powers must be employed to declare lands unsuitable for mining by petition process, the requirement that persons must prepay civil penalty assessments before being allowed to challenge them and the requirements that summary cessation orders must be issued for a bare failure to abate a violation not involving any danger to the health or safety of the public or environment, and if not coerced by the threatened denial of primacy by the federal office of surface mining, the state would choose to address these matters by measures of its own devising; and

WHEREAS, the laws of the Commonwealth must be amended in a number of respects so as to authorize the state to qualify for primacy and implement the requirements of P.L. 95-87 but should not become effective until the United States secretary of interior approves the state program pursuant to P.L. 95-87;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.010 is amended to read as follows:

As used in this chapter unless the context requires otherwise:

(1) "Surface coal mining operations" means activities conducted on the surface of lands in connection with a surface coal mine or subject to the requirements of this chapter and surface impacts incident to an underground coal mine. Such activities include excavation for the purpose of obtaining coal including such common methods as contour, strip, auger, mountaintop removal, box cut, open pit, and area mining, the use of explosives and blasting, and in situ distillation or retorting, leaching or other chemical or physical processing, and cleaning, concentrating or other processing or preparation, and the loading of coal at or near the mine site. Such activities shall not include the extraction of coal by a landowner for his own noncommercial use from land owned or leased by him, or the extraction of coal as an incidental part of federal, state or local government financed highway or other construction under regulations established by the department. Surface coal mining operations shall also include the areas upon which activities occur or where such activities disturb the natural land surface. Such areas shall also include any adjacent land the use of which is incidental to any such activities, all lands affected by the construction of new roads or the improvement or use of existing roads to gain access to the site of such activities and for haulage, and excavations, workings, impoundments, dams, ventilation shafts, entryways, refuse banks, dumps, stockpiles, overburden piles, spoil banks, culm banks, tailings, holes or depressions, repair areas, storage areas, processing areas, shipping areas and other areas upon which are sited structures, facilities, or other property or materials on the surface resulting from or incident to such activities. This definition includes the terms "strip mining" of coal and the "surface effects of underground mining" of coal as used in this chapter.

(2)[(1)] "Strip mining" means the breaking of the surface soil in order to facilitate or accomplish the extraction or removal of minerals, ores, or other solid matter; any activity or process constituting all or part of a process for the extraction or removal of minerals, ores, and other solid matter from its original location; and the preparation, washing, cleaning, or other treatment of minerals, ores, or other solid matter so as to make them suitable for commercial, industrial, or construction use; but shall not include the extraction of coal by a landowner for his own noncommercial use from land owned or leased by him; the extraction of coal as an incidental part of federal, state or local government financed highway or other construction under regulations established by the department nor shall it include the surface effects or surface impacts of underground coal mining;

(3) "Surface coal mining and reclamation operations" means surface coal mining operations and all activities necessary and incident to the reclamation of such operations as required by this chapter.

(4)[(2)] "Overburden" means all of the earth and other materials which lie above a natural deposit of coal and also means such earth and other material after removal from their natural state in the process of strip mining;

(5)[(3)] "Area of land affected" means the area of land from which overburden is to be or has been removed and upon which the overburden is to be or has been deposited and shall include all lands affected by the construction of new roads or the improvement or use of existing roads other than public roads, to gain access and to haul coal;

(6)[(4)] "Operations" means *surface coal mining operations,* all of the premises, facilities, roads and equipment used in the process of producing coal from a designated [strip mine] area or removing overburden for the purpose of determining the location, quality or quantity of a natural coal deposit or the activity to facilitate or accomplish the extraction or the removal of coal;

(7)[(5)] "Method of operation" means the method or manner by which the cut or open pit is made, the overburden is placed or handled, water is controlled and other acts are performed by the operator in the process of uncovering and removing the coal;

(8)[(6)] "Operator" means any person, partnership or corporation engaged in *surface coal mining and reclamation operations* [strip mining] who removes or intends to remove more than two hundred fifty (250) tons of coal from the earth by strip mining within twelve (12) successive calendar months or who removes overburden for the purpose of determining the location, quality or quantity of a natural coal deposit;

(9)[(7)] "Person" means any persons, partnership, corporation, association, society, joint stock company, firm, company or other business organization;

(10)[(8)] "Department" means the department for natural resources and environmental protection;

(11)[(9)] "Secretary" means the secretary of the department for natural resources and environmental protection;

(12)[(10)] "Reclamation" means the reconditioning of the area affected by strip mining under a plan approved by the department;

(13)[(11)] "Degree" when used in this chapter shall mean from the horizontal, and in each case shall be subject to a tolerance of five percent (5%) of error;

(14)[(12)] "Bench" means the ledge, shelf or terrace formed in the contour method of strip mining;

(15)[(13)] "Fill bench" means that portion of the bench which is formed by depositing overburden beyond the cut section.

(16)[(14)] "Approximate original contour" means that surface configuration achieved by backfilling and grading of the mined area so that the reclaimed area, including any terracing or access roads [(when not necessary to support its approved postmining use),] closely resembles the general surface configuration of the land prior to mining and blends into and complements the drainage pattern of the surrounding terrain, with all highwalls and spoil piles eliminated; water impoundments may be permitted where the department determines that they are in compliance with KRS 350.455.

Section 2. KRS 350.020 is amended to read as follows:

The general assembly finds that the Commonwealth is the leading producer of coal and that the production of coal in Kentucky contributes significantly to the nation's energy needs. The general assembly further finds that [the] unregulated *surface coal* [strip] mining *operations* [of coal] *cause* [causes] soil erosion, damage from rolling stones and overburden, landslides, stream pollution, the accumulation of stagnant water and the seepage of contaminated water, *increase* [increases] the likelihood of floods, *destroy* [destroys] the value of land for agricultural purposes, *destroy* [destroys] aesthetic values, *counteract* [counteracts] efforts for the conservation of soil, water and other natural resources, *destroy* [destroys] or *impair* [impairs] the property rights of citizens, *create* [creates] fire hazards, and in general *create* [creates] hazards dangerous to life and property, so as to constitute an imminent and inordinate peril to the welfare of the Commonwealth. The general assembly further finds that lands that have been subjected to *surface coal mining operations* [strip mining] and have not been reclaimed and rehabilitated in accordance with modern standards constitute the aforementioned perils to the welfare of the Commonwealth. The general assembly further finds that there are wide variations in the circumstances and conditions surrounding and arising out of *surface* [the strip mining of] coal *mining operations* due primarily to difference in topographical and geological conditions, and by reason thereof it is necessary, in order to provide the most effective, beneficial and equitable solution to the problem, that a broad discretion be vested in the authority designated to administer and enforce the regulatory provisions enacted by the general assembly. *The general assembly further finds that primary governmental responsibility for regulating surface coal mining operations rests with state government and hereby directs the department for natural resources and environmental protection to take all actions necessary to preserve and exercise the Commonwealth's primary authority in regulating surface coal mining operations.* Therefore, it is the purpose of this chapter to provide such regulation and control of *surface* [the strip mining of] coal *mining operations* as to minimize or prevent its injurious effects on the people and resources of the Commonwealth. To that end, the department is directed to rigidly enforce this chapter and to adopt whatever regulations are found necessary to accomplish the purpose of this chapter.

Section 3. KRS 350.028 is amended to read as follows:

The department for natural resources and environmental protection shall have and exercise the following authority and powers:

(1) To adopt rules and regulations *after a hearing* pertaining to *surface coal mining operations including* strip mining *and the surface effects of underground mining* to accomplish the purposes of this chapter;

(2) To conduct investigations and hearings under provisions of this chapter and KRS chapter 224 or regulations adopted pursuant thereto;

(3) To issue after *a show cause* hearing, suspension orders or orders requiring an operator to adopt such remedial measures as are necessary to comply with this chapter and regulations adopted pursuant thereto;

(4) To issue after a hearing, a final order *imposing civil penalties for violations of this chapter or* directing the Kentucky bureau of surface mining reclamation and enforcement to revoke a permit, when the requirements set forth by the notice of noncompliance, order of suspension, or an order of the department requiring remedial measures have not been complied with according to the terms therein; and

(5) To adopt rules and regulations to allow the state to administer and enforce the initial *and permanent regulatory programs* [regulation procedure] of Section 502 of Public Law 95-87, "surface mining control and reclamation act of 1977" provided that such rules and regulations shall be no more stringent than required by such law.

Section 4. KRS 350.055 is amended to read as follows:

(1) *An* [A prospective] applicant for a permit required by KRS 350.060 shall publish [at least once a] public notice of his *filing of* [intention to file] an application for that permit. Such publication shall be made by advertisement in a newspaper of largest bona fide circulation, according to the definition in KRS 424.110 to 424.120, in the county wherein the proposed mining site is located.

(2) *The applicant shall publish the notice of intention to mine in the newspaper identified in subsection (1) at least once a week for four consecutive weeks beginning at the time of submission of an application for a surface coal mining operation permit, pursuant to regulations promulgated by the department* [The publication shall be made not less than ten (10) nor more than thirty (30) days prior to the filing of the permit application with the department].

(3) The public notice of the intention to file an application shall be entitled "Notice of Intention to Mine" and shall be in a manner and form prescribed by the department and shall include, though not be limited to, the following:

(a) The name and address of the applicant;

(b) The location, *ownership and boundaries* of the proposed mining site;

(c) A brief description of the kind of mining activity proposed, together with a statement of the amount of acreage affected by the proposed operation.

(4) The applicant for a permit required by KRS 350.060 shall establish the date and place at which the "Notice of Intention to Mine" was published by attaching to his application a verified affidavit from the publishing newspaper containing the information required by this section.

(5) The department shall notify various local government bodies, planning agencies, and sewage and water treatment authorities and water companies in the locality of the proposed operation, and such other entities as the department may determine have an interest, notifying them of the operator's or person's intention to mine the land area as set forth in the notice of intention to mine, and identifying the permit application number assigned by the department and where a copy of the permit application may be inspected. The secretary shall promulgate regulations specifying the manner in which such agencies may comment on the application. Any comments put forward pursuant to this section shall be forwarded by the department to the applicant and shall be made available to the public at the same places as the permit application is available.

Section 5. KRS 350.060 is amended to read as follows:

(1) No *person* [operator] shall engage in *surface coal mining and reclamation operations* [strip mining] without having first obtained from the department a permit designating the area of land affected by the operation. Permits shall authorize the operator to engage in *surface coal mining and reclamation operations* [strip mining] upon the area of land described in his application for a period of not less than two (2) years notwithstanding the date of issuance. No mining shall be permitted beyond the time period obligations of the initial or extended bond coverage.[;]

(2) All operators who wish to engage in surface coal mining and reclamation operations and who have a valid permit from the department and who are in expectation of operating such mines after the expiration of eight (8) months from the approval by the secretary of the interior of the permanent regulatory program shall within two (2) months of the effective date of such approval apply for a new permit for such mines in compliance with the requirements of this section. The department for natural resources and environmental protection shall establish procedures and programs consistent with this chapter to issue or deny such

permits within eight (8) months of such approval. The general assembly finds the fact that, due to the large number of permitted operations within the Commonwealth, the eight-month period may be administratively impracticable, and hereby authorizes the secretary to devise procedures to comply with this section in the most expeditious and reasonable manner possible, and a filing shall be deemed timely for the purposes of this subsection and surface coal mining operations may continue under an existing permit if that filing is in substantially complete form and submitted within the time limits set forth herein.

(3) No permit or revision application shall be approved unless the application affirmatively demonstrates and the department finds in writing on the basis of the information set forth in the application or from information otherwise available, that the permit application is accurate and complete and that all the requirements of this chapter have been complied with.

(4)[(2)] An operator desiring a permit *to engage in surface coal mining operations* shall file an application which shall state:

(a) The location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;

(b) The owner or owners of the surface of the area of land to be affected by the permit and the owner or owners of all surface area within five hundred (500) feet of any part of the affected area;

(c) The owner or owners of the coal to be mined;

(d) The source of the applicant's legal right to mine the coal on the land affected by the permit;

(e) The permanent and temporary post-office addresses of the applicant;

(f) Whether the applicant or any person, partnership or corporation associated with the applicant holds or has held any other permits under this chapter, and an identification of such permits;

(g) Whether or not the applicant is in compliance with subsection (3) of KRS 350.130 and whether or not every officer, partner, director or any individual owning of record or beneficially (alone or with associates) if known, ten percent (10%) or more of any class of stock of the applicant, is subject to any of the provisions of subsection (3) of KRS 350.130 and he shall so certify; *and*

(h) A listing of any and all violations of this chapter, P.L. 95-87, and any law, rule or regulation in effect for the protection of air or water resources incurred by the applicant in connection with any surface coal mining and reclamation operation during the three-year period prior to the date of an application. Such a list shall indicate the final resolution of the violations.

(5)[(3)] The application for a permit shall be accompanied by five (5) copies of a United States geological survey topographic map or such other map acceptable to the department on which the operator has indicated the location of the operation, the course which would be taken by drainage from the operation to the stream or streams to which such drainage would normally flow, the name of the applicant and date, and the name of the person who located the operation on the map.[;]

(6)[(4)] The application for a permit shall be accompanied by five (5) copies of an enlarged United States geological survey topographic map or such other map acceptable to the department meeting the requirements of the subsections below. The map shall:

(a) Be prepared and certified by a professional engineer, registered under the provisions of KRS chapter 322. The certification shall be in the form as provided in subsection *(8)* [(5)] below;

(b) Identify the area to correspond with the application;

(c) Show adjacent deep mining and the boundaries of surface properties and names of owners on the affected area and within five hundred (500) feet of any part of the affected area;

(d) Be of a scale of not less than four hundred (400) feet to the inch and not to exceed six hundred and sixty (660) feet to the inch;

(e) Show the names and locations of all streams, creeks, or other bodies of public water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within five hundred (500) feet of such area;

(f) Show by appropriate markings the boundaries of the area of land affected, the cropline of the seam or deposit of coal to be mined, and the total number of acres involved in the area of land affected;

(g) Show the date on which the map was prepared, the north point and the quadrangle name; *and*

(h) Show the drainage plan on and away from the area of land affected. Such plan shall indicate the directional flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.[;]

(7) Each application shall include a determination of the probable hydrologic consequences of the mining and reclamation operations, both on and off the minesite, with respect to the hydrologic regime, quantity and quality of water in surface and groundwater systems, including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the minesite and surrounding areas so that an assessment can be made by the department of the probable cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability; provided, however, that this determination shall not be required until such time as hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. Provided further,

that the permit shall not be approved until such information is available and is incorporated into the application.

(8)[(5)] *All certifications required by this chapter to be made* [The certification of the maps] by [the] professional *engineers* [engineer] shall *state that the information or documentation contained in the application is correct,* [read as follows: "I, the undersigned, hereby certify that this map is correct,] and shows to the best of *his or her* [my] knowledge and belief all the information required by the *applicable* [strip mining] laws *and regulations* of this state *is included.*["] The certification shall be signed and notarized. The department may reject any *document or* map as incomplete if its accuracy is not so attested. *The certification shall be done in the form prescribed by the department.*

(9)[(6)] The application [for a permit] shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the department of transportation attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges.[;]

(10)[(7)] In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time and distance for backfilling, grading work and a reclamation plan for the affected area, which proposals shall meet the requirements of this chapter and rules and regulations adopted pursuant thereto.[;]

[(8) Each application shall also be accompanied by a statement of consent to have strip mining conducted upon the area of land described in the application for a permit. The statement of consent shall be signed by each holder of a freehold interest in such land. Each signature shall be notarized. No permit shall be issued if the application therefor is not accompanied by the statement of consent. This statement of consent shall not be required for coal mined under the provisions of KRS chapters 351 and 352;]

(11) The application for a permit shall be accompanied by proof that the applicant has public liability insurance coverage satisfactory to the department for the surface mining and reclamation operations for which the permit is sought. Such coverage shall be maintained in full force and effect during the terms of the permit and any renewal thereof, and until reclamation operations are completed.

(12)[(9)] A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed two hundred fifty dollars ($250) plus a fee set by regulation but not to exceed fifty dollars ($50) for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required herein shall be issued. The operator shall file with the department a bond payable to the Commonwealth of Kentucky with surety satisfactory to the department in the penal sum to be determined by the department on the recommendation of the secretary of not less than five hundred dollars ($500) nor more than three thousand dollars ($3,000) for each acre or fraction thereof of the area of land affected, with a minimum bond of *ten thousand dollars ($10,000)* [five thousand dollars ($5,000)], conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations of the department. In determining the amount of the bond within the above limits, the department shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading and reclamation to be required *and the probable difficulty of reclamation giving consideration to such factors as topography, geology, hydrology, and revegetation potential. The bond amount shall initially be computed to be sufficient to assure completion of reclamation if the work had to be performed by the department in the event of forfeiture. The department shall promulgate regulations setting forth bonding requirements including, but not limited to, requirements for the amount, duration, release, and forfeiture of such bonds. Where a surface coal mining operation affects two (2) acres or less and* [In a particular instance where] the circumstances are such as to warrant an exception, the department, in its discretion, may reduce the amount of the bond for a particular operation to less than the required minimum.[;]

(13)[(10)] The department shall promulgate rules and regulations setting forth operation requirements for the extraction of coal for commercial purposes where the *surface coal* [strip] mining operation affects two (2) acres or less. Such regulations shall not be more stringent than those imposed on *surface coal* [strip] mining operations affecting more than two (2) acres. All performance, procedural, and notice requirements for strip mining operations which affect two (2) acres or less shall be promulgated by regulation pursuant to this subsection, except the enforcement provisions of KRS 350.130, the penalty provisions of KRS 350.990, the permit requirements in subsection (1) of this section, and the bonding requirements set forth in subsection *(12)* [(9)] of this section.[;]

(14) The department shall promulgate rules and regulations for the permitting of operations with surface effects of underground mining and other surface coal mining and reclamation operations consistent

with this section. The department shall recognize the distinct differences between the surface effects of underground mining and strip mining, as also provided in KRS 350.151, in promulgating permitting requirements for these operations; provided, that the department shall require that the areas overlaying underground workings not affected by the operation be permitted for purposes of public liability insurance coverage but shall not be subject to the payment of acreage fees or bond requirements of subsection (12) of this section.

(15)[(11)] Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. The holders of the permit may apply for renewal and such renewal shall be issued (provided that on application for renewal the burden shall be on the opponents of renewal), *subsequent to the fulfillment of* [and] the public notice requirements of this chapter [shall not apply] unless it is established and written findings by the department are made that:

(a) The terms and conditions of the existing permit are not being satisfactorily met;

(b) The present *surface* [strip] coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;

(c) The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(d) The operator has not provided evidence that the performance bond in effect for *said operation will continue in full force and effect for* any renewal requested in such application as well as any additional bond the department might require; or

(e) Any additional revised or updated information required by the department has not been provided; Prior to the approval of any renewal of permit the department shall provide notice to the appropriate public authorities.[;]

(16)[(12)] If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new [land] areas *of surface disturbance* shall be subject to the full standards applicable to new applications under this chapter.[;]

(17)[(13)] Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made *at least one hundred and twenty (120)* [not later than thirty (30) working] days prior to the expiration of the valid permit.[;]

(18) Notwithstanding any of the provisions of this section, a permit shall terminate if the permittee has not commenced the surface coal mining operations covered by such permit within three (3) years of the issuance of the permit. However, the department may grant reasonable extensions of time upon a showing that such extensions are necessary by reason of litigation precluding commencement of operations, or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee.

SECTION 6. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

The secretary of the department for natural resources and environmental protection shall promulgate regulations for the permitting and performance of coal exploration operations which substantially disturb the natural land surface. Such regulations shall be consistent with the general permitting requirements applicable to other surface coal mining and reclamation operations and shall include at a minimum provisions for publishing a notice of intention to explore and for reclamation, as required by this chapter, of all land disturbed in the exploration.

(2) Any requirements of public access to records set forth in the Kentucky Revised Statutes to the contrary notwithstanding, the secretary shall order that confidential trade secrets or privileged commercial or financial information in the possession of the department or pursuant to a coal exploration permit remain confidential.

(3) No person or operator shall remove more than two hundred and fifty (250) tons of coal pursuant to a coal exploration permit without the specific written approval of the department.

(4) All persons or operators conducting operations pursuant to this section shall be subject to the applicable provisions of KRS 350.990.

Section 7. KRS 350.070 is amended to read as follows:

(1) Revisions which request extensions of the area covered by the permit, except incidental boundary revisions shall be made by application for another permit. [The department may increase or reduce the area of land affected by an operation under a permit on application by an operator, but an increase shall not extend the period for which an original permit was issued. An operator may, at any time during the term of the permit, apply to the department for an amendment of the permit so as to increase or reduce the acreage affected by it.] The operator shall file an application, [and] map *and revised reclamation plan* in the same form and with the same content as required for an original application under this chapter and shall pay a basic fee set by regulation and bearing a reasonable relationship to the cost of processing the permit application but not to exceed two hundred and fifty dollars ($250), plus a fee set by regulation but not to exceed

fifty dollars ($50) for each acre or fraction of an acre for the increase requested, and shall file with the department a supplemental bond in the amount to be determined under the provisions of KRS 350.060 for each acre or fraction of an acre of the increase approved. If the department approves a reduction in the acreage covered by the original or supplemental permit, it shall release the bond for each acre reduced, but in no case shall the bond be reduced below *ten* [five] thousand dollars *($10,000)* [($5,000)], except as provided in subsection *(12)* [(7)] of KRS 350.060. If the department approves a reduction in acreage covered by the original or supplemental permit, it shall transfer the acreage fee for each acre reduced to acreage fees in subsequent permit applications by the operator.

(2) The department shall promulgate regulations specifying the permit application information requirements and procedures, including notice and hearing, which shall apply depending on the scale or extent of a revision; provided, that any permit revisions which propose significant alterations in the reclamation plan shall be subject to the notice and hearing requirements as set forth in the regulations of the department.

Section 8. KRS 350.085 is amended to read as follows:

(1) No application for a permit and no operation shall be approved or allowed by the department if there is found on the basis of the information set forth in the application that the requirements of this chapter or regulations will not be observed or that there is not probable cause to believe that the proposed method of operation, backfilling, grading or reclamation of the affected area can be carried out consistent with the purpose of this chapter;

(2) If the department finds that the overburden on any part of the area of land described in the application for a permit is such that experience in the commonwealth with a similar type of operation upon land with similar overburden shows that substantial deposition of sediment in stream beds, landslides or acid water pollution cannot feasibly be prevented, the department may delete such part of the land described in the application upon which such overburden exists;

(3) Subject to valid existing rights no *surface coal* [strip mining] *operations* [operation] except those which existed on or before August 4, 1977 shall be permitted [to be] within three hundred (300) feet from any occupied dwelling unless waived by the owner thereof, nor within three hundred (300) feet of any public building, school, church, community, or institutional building, public park, or within one hundred (100) feet of a cemetery. Nor shall the department issue a permit if it finds that the operation will constitute a hazard to or do physical damage to a dwelling house, public building, school, church, cemetery, commercial or institutional building, public road, stream, lake or other public property.The department shall delete such areas from the permit application or operation;

(4) *Subject to valid existing rights, no surface coal mining operations except those which existed on or before August 4, 1977, shall be permitted* [The department shall not give approval to strip mine any area which is] within one hundred (100) feet of the outside right-of-way line of any public road, except where mine access roads or haulage roads join such right-of-way line and except that the department may permit such roads to be relocated or the area affected to lie within one hundred (100) feet of such road, if after public notice and opportunity for public hearing in the locality a written finding is made that the interest of the public and the land owner affected thereby will be protected, and shall not approve the application for a permit where the strip mining operation will adversely affect a wild river established pursuant to KRS Chapter 146, [or] a state[, national or interstate] park *or place listed on the national register of historic places* unless adequate screening and other measures as approved by the department are incorporated into the permit application.

(5) Subject to valid existing rights no surface coal mining operations except those which existed on August 4, 1977, shall be permitted on any privately owned lands within the boundaries of units of the national park system, the national wildlife refuge system, the national system of trails, the national wilderness preservation system, the wild and scenic rivers system, including study rivers designated under section 5(a) of the wild and scenic rivers act and national recreation areas designated by act of congress.

(6) If based on the information provided pursuant to KRS 350.060(4)(h) and other relevant information, the department finds that any surface coal mining and reclamation operation owned or controlled by the applicant is currently in violation of this chapter or other requirements listed pursuant to KRS 350.060(4)(h), the department shall not issue the permit or permit renewal until the applicant submits proof satisfactory to the department that such violation has been corrected or is in the process of being corrected. It shall be grounds to deny a permit or permit renewal if the department, based on any information available to it and after a hearing, makes a finding that the applicant, or the operator specified in the application has demonstrated a pattern of willful violations pursuant to KRS 350.130(3).

Section 9. KRS 350.090 is amended to read as follows:

(1) Under the provisions of this chapter and regulations adopted by the department, an operator shall prepare and carry out a method of operation, plan of grading and backfilling and a reclamation plan for the area of land affected by his operation. In developing a method of operation, and the plans of backfilling, grading and reclamation, all measures shall be taken to eliminate damages to members of the public, their

real and personal property, public roads, streams and all other public property from soil erosion, rolling stones and overburden, water pollution and hazards dangerous to life and property. The *permit application containing the required plans and other information as required* [plan] shall be submitted to the department and, *except for applications or renewals submitted in compliance with KRS 350.060(2),* the department shall notify the applicant by certified mail, return receipt requested or by registered mail within *sixty (60)* [thirty (30) working] days after receipt of *a* [the plan and] complete application if it is or is not acceptable. *Provided, however, that in the event that applicable notice, hearing and conference procedures prevent a decision from being issued within the sixty (60) day period, the department shall have additional reasonable time to issue its decision, but not to exceed twenty (20) days from the completion of the notice, hearing and conference procedures.* If the plan is not acceptable, the department shall set forth the reasons for which the *application or plans are* [plan is] not acceptable and it may propose modifications, delete areas or reject the entire *application* [plan]. Should the applicant disagree with the decision of the department, he may, by written notice, request a hearing conducted by the department in the manner provided by KRS 224.083. The department shall notify the applicant by certified mail, return receipt requested or by registered mail within twenty (20) days after the hearing of its decision. Any person aggrieved by a final order of the department may appeal through the courts as set forth in KRS 224.085.

(2) No operator shall throw, dump, pile or permit the dumping, piling or throwing or otherwise placing any overburden, stones, rocks, coal, particles of coal, earth, soil, dirt, debris, trees, wood, logs, or any other materials or substances of any kind or nature beyond or outside of the area of land which is under permit and for which bond has been posted under KRS 350.060 or place such materials herein described in such a way that normal erosion or slides brought about by natural physical causes will permit such materials to go beyond or outside of the area of land which is under permit and for which bond has been posted under KRS 350.060.

Section 10. KRS 350.093 is amended to read as follows:

(1) Additional restoration work may be required by the department according to regulations adopted by the department;

(2) As determined by regulations of the department, time limits shall be established requiring backfilling, grading and planting to be kept current, *such that all reclamation efforts proceed in an environmentally sound manner and as contemporaneously as practicable under regulations promulgated by the department.* All backfilling and grading shall be completed before necessary equipment is moved from the operation.

(3) If the operator or other person desires to conduct drift mining *or other underground mining* upon the premises or use the openings for haulageways or other lawful purposes, the operator may designate locations to be used for such purposes at which places it will not be necessary to backfill as herein provided for until such drift mining or other use is completed, during which time the bond on file for that portion of the operation shall not be released. That portion of such locations shall be described and designated on the map attached thereto; *Provided, that where the operator or other person wishes to combine surface operations with underground mining operations to assure maximum practical recovery of coal resources, the department may grant a variance, pursuant to regulations promulgated by the department, for specific areas within the reclamation plan from the requirement that reclamation efforts proceed pursuant to subsection (2) of this section so as to permit underground mining operations prior to reclamation.*

(4) The department may release in whole or in part the reclamation bond or deposit for a particular operation if the department is satisfied that the reclamation covered by the bond or deposit or portion thereof has been accomplished as required by this chapter. Such bond releases shall be made in accordance with the following schedule:

(a) When the operator completes the backfilling, regrading, and drainage control of a bonded area in accordance with his approved reclamation plan, the release of sixty percent (60%) of the bond or collateral for the applicable permit area.

(b) After revegetation has been established on the regraded mined lands in accordance with the approved reclamation plan. When determining the amount of bond to be released after successful revegetation has been established, the department shall retain that amount of the bond for the revegetated area which would be sufficient for a third party to cover the cost of reestablishing revegetation; such amount shall be retained for the period specified for operator responsibility for reestablishing revegetation. No part of the bond or deposit shall be released under this subsection so long as the lands to which the release would be applicable are contributing suspended solids to streamflow or runoff outside the permit area in excess of requirements set by this chapter or until soil productivity for prime farm lands has returned to levels of yield equivalent to those of unmined land of the same soil type in the surrounding area under equivalent management practices as determined from such soil surveys as may be required to be included in the permit application. Where a sedimentation pond is to be retained as a permanent impoundment, the portion of bond may be released under this subsection so long as provisions for sound future maintenance by the operator or the landowner have been made with the department.

(c) When the operator has completed successfully all surface coal mining and reclamation activities, the release of the remaining portion of the bond, but not before the expiration of the period specified for operator responsibility. Provided, however, that no bond shall be fully released until all reclamation requirements of this chapter are fully met.

[(4) When the backfilling and grading have been completed and approved by the department and the soil ph level required by department regulations has been satisfied, the secretary shall release the bond which was filed for that portion of such operation in its full amount less three hundred dollars ($300) per acre, which shall be retained by the department until such time as the planting and revegetation is done according to law and approved by the department, at which time the secretary shall release the bond in the remaining amount of three hundred dollars ($300) per acre.]

(5) Upon application by a permittee for total or partial bond release, the department shall notify the municipality where the surface coal mining operation is located, pursuant to regulations promulgated by the department.

(6) Any person having a valid legal interest which might be adversely affected by release of the bond, and the responsible officer or head of any governmental agency so designated by department regulations, shall have the right to file written objections to the proposed bond release with the department, and to request a hearing in accordance with procedural regulations promulgated by the department.

Section 11. KRS 350.095 is amended to read as follows:

The operator shall assume responsibility for successful revegetation as required in KRS 350.435 for such a period as defined pursuant to regulations promulgated by the department. Such regulations shall include provisions to assure compliance with KRS 350.435, 350.095 and other applicable provisions. The department may by regulation set forth different requirements when it approves a long-term, intensive, agricultural postmining land use as part of the mining and reclamation plan. [After the operation has been backfilled, graded and approved by the department, the operator shall prepare the soil and plant vegetation upon the area of the land affected in order to provide a suitable vegetative cover. The seed or plant mixtures, quantities, method of planting, type and amount of lime or fertilizer, and any other measures necessary to provide a suitable vegetative cover shall be defined by regulations of the department.]

Section 12. KRS 350.100 is amended to read as follows:

(1) It shall be the duty of an operator to commence the reclamation of the area of land affected by his operation as *contemporaneously as practicable* [soon as possible] after the beginning of *operations on* [strip mining of] that area in accordance with plans previously approved by the department.[, and to complete such reclamation within twelve (12) months after the permit has expired except that] Such grading, backfilling and water management practices that are approved in the plans shall be kept current with the operation as defined by regulations of the department and no permit *renewal or revision* [or supplement to a permit shall] be issued, if *under the regulations* [in the discretion] of the department, these practices are not current;

(2) If an investigation indicates that planting so as to provide vegetative cover of an area of land affected by *surface coal* [strip] mining may not be successful, the department may authorize the operator to defer such planting until the soil has become suitable for such purposes and a yearly report shall be filed with the department indicating the soil conditions until a successful planting or seeding has been completed. It may authorize the operator, with the approval of the department, to do planting to provide vegetative cover for a different area of land in lieu of that covered by his permit. Such different area of land must be land affected by strip mining in the past which has soil that has become suitable for planting, of not less acreage than the land covered by the permit. An application by the operator for authority to plant a different area of land shall identify the different area and shall be accompanied by a map showing its location, area and boundaries. The application shall be accompanied by the written consent of the owner of the land covered by the permit to release the operator from his obligation to provide a vegetative cover for the land covered by the permit. If the division grants the application for the planting of a different area of land and the planting is carried out in accordance with its orders, the operator shall be relieved of his obligation to provide a vegetative cover for the area of land affected by his operation for which a different area of land has been substituted.

Section 13. KRS 350.110 is amended to read as follows:

If the department authorizes an operator to defer planting to provide vegetative cover for an area of land, it shall set the time within which such planting shall be carried out. If the operator has carried out on that area of land the method of operation, *drainage control*, backfilling, grading and reclamation plans approved by the department other than the planting, the department shall issue to the operator and to his surety a release of his surety bond or other securities held on deposit for each acre of land for which such method of operation, backfilling, grading, and reclamation have been carried out, *as provided in the schedule for bond release set forth in KRS 350.093* [and the soil ph level required by department regulations has been satisfied, less the sum of three hundred dollars ($300) for each acre, but in no case shall the bond be reduced below two thousand dollars ($2,000) except as provided in KRS 350.060]. The remaining amount of the bond [of three hundred dollars ($300)] for each acre of land affected shall remain in the possession of the department until a satisfactory *reclamation* [planting] plan has been carried out, or until it has been forfeited by the operator. If the remainder is forfeited, it shall be expended by the department in a planting program for the area of land for which it has been posted; unless the surface rights have been severed from the mineral rights, in which case the remainder of the forfeited bond shall be paid to the surface owner for expenditure in a planting program for the area of land for which the bond has been posted; provided, that no payment shall be made until the planting has been accomplished in the manner required by the department, to the extent of available forfeited funds, and no payment shall be made beyond the actual cost of planting. Provided further, that this section shall not apply in cases where the owner does not desire or is unable to accomplish the work in the manner required by the department. If the operator does not meet the planting requirements but does not want his bond forfeited, he may pay to the department a sufficient sum to cover the remaining reclamation costs and the bond filed by him as surety may then be released by the department.

Section 14. KRS 350.130 is amended to read as follows:

(1) *When any of* [If] any of the requirements of this chapter or rules or regulations adopted pursuant thereto or the orders of the department have not been complied with [within the time limits set by the department or by this chapter], the department shall *forthwith* cause a notice of noncompliance to be *issued* [served] upon the operator.[, or] *The department shall set forth in its notice a reasonable time period but not more than ninety (90) days for the abatement of the violation. If any person or operator has not abated the violation within the time prescribed in the notice of noncompliance, the secretary or other authorized personnel of the department shall issue to said operator or person an order for immediate compliance and cessation of any mining activities or operations which are contributing to the violation. Such order shall require the person or operator to abate the violation in the most expeditious manner possible. The secretary is authorized to promulgate reasonable regulations for the implementation of this section.* Where found necessary, the secretary shall after hearing (except as provided in KRS 224.071) order the suspension of a permit or operation. Such notice or order shall be handed to the person in charge of the operation, and the operator in person or *sent* [served] by certified mail, return receipt requested or by registered mail addressed to the permanent address shown on the application for a permit or if no address is shown on the application, then to the address known to the department. The notice of noncompliance or order of suspension shall specify in what respects the operator has failed to comply with this chapter or the regulations or orders of the department. If the operator has not reached an agreement with the department or has not complied with the requirements set forth in the notice of noncompliance or order of suspension within time limits set therein, the permit may be revoked or the operation terminated, after hearing, by order of the department and the performance bond, if any, shall then be forfeited to the department, except as provided in subsection (2) of this section and in KRS 350.110.

(2) When a bond is forfeited pursuant to the provisions of this chapter, the secretary shall give notice to the attorney general, who shall collect the forfeiture. Bond forfeitures collected in cases where the surface rights have been severed from the mineral rights shall be paid to the surface owner for the purpose of reclaiming in accordance with the provisions of this chapter the same area of land included under the bond; provided, that no payment shall be made until the reclamation has been accomplished in the manner required by the department, to the extent of available forfeited funds, and no payment shall be made beyond the actual cost of reclamation. Provided further, that this section shall not apply in cases where the owner *cannot be located, or* does not desire or is unable to accomplish the work in the manner required by the department.

(3) An operator or person whose mining permit or operation has been revoked, suspended, or terminated *or is at the time of the application in violation of this chapter or other applicable requirements as set forth in KRS 350.085* shall not be eligible to receive another permit or begin another operation or to have suspended permits or operations reinstated until he shall have complied with all the requirements of this chapter in respect to all permits issued him, provided, further, that no operator or person shall be eligible to receive another permit or begin another operation who has forfeited any bond unless the land for which the bond was forfeited has been reclaimed without cost to the state or the operator or person has paid such sum as the department finds is adequate to reclaim such lands. The department shall not issue any additional permits to or allow future operations by any operator or person who has *demonstrated a pattern of willful violations of this chapter of such nature and duration with such resulting irreparable damage to the environment as to indicate an intent not to comply with the provisions* [repeatedly been in noncompliance or violation] of this chapter, or who has permits revoked or operations terminated on more than three (3) occasions. *The secretary shall promulgate regulations which implement this section. For the purposes of this section, if a corporate permittee has demonstrated a pattern of willful violations, then any subsequent application for a permit by that corporation, or any person who controls or has controlled that corporation, shall be denied.*

(4) Whenever the secretary, pursuant to the general authority vested in him by KRS 224.071, exercises such authority to order the discontinuance, abatement, alleviation, or cessation of conditions or operations which present a danger to the health or welfare of the people or which result in or are likely to result

in damage to natural resources or the environment in exercise of the secretary's enforcement powers and authority under this chapter, the secretary, or an authorized representative of the department, after inspection shall immediately order the cessation of such condition or operation when he determines that the condition or operation creates an imminent danger to the health or safety of the public or that the condition or operation is causing or can reasonably be expected to cause significant imminent environmental harm in violation of this chapter or the regulations pursuant to this chapter, or any permit condition. For purposes of this subsection, "imminent danger to the health and safety of the public" means the existence of any condition or practice, or any violation of a permit or other requirement of this Act in a surface coal mining and reclamation operation, which condition, practice, or violation could reasonably be expected to cause substantial physical harm to persons outside the permit area before such condition, practice, or violation can be abated. A reasonable expectation of death or serious injury before abatement exists if a rational person, subjected to the same conditions or practices giving rise to the peril, would not expose himself or herself to the danger during the time necessary for abatement.

Section 15. KRS 350.135 is amended to read as follows:

(1) *No permit issued pursuant to this chapter shall be transferred by sale, assignment, lease, or otherwise except upon the written approval of the department.* [Where one operator succeeds another at any uncompleted operation, either by sale, assignment, lease or otherwise,] The department may release the first operator from all liability under this chapter as to that particular operation: Provided, however, That the successor operator has been issued a permit and has otherwise complied with the requirements of this chapter, and the successor operator assumes as part of his obligation under this chapter, all liability for the reclamation of the area of land affected by the former operator.

(2) *If the department has given its written approval to the transfer, a* successor in interest to a permittee who applies for a new permit within thirty (30) days of succeeding to such interest and who is able to obtain the bond coverage of the original permittee may continue *surface coal* [strip] mining and reclamation operations according to the approved mining and reclamation plan of the original permittee until such successor's application is granted or denied.

(3) The department may promulgate reasonable regulations and administrative procedures to implement this section.

Section 16. KRS 350.150 is amended to read as follows:

(1) In the reclamation of land affected by *surface coal* [strip] mining *operations* for which it has funds available, the department may avail itself of any services which may be provided by other state agencies or by agencies of the federal government, and may compensate them for such services. The department may also receive any federal funds, state funds or any other funds for the reclamation of land affected by *surface coal* [strip] mining *operations*. The department may cause the reclamation work to be done by its own employes or by employes of other governmental agencies, soil conservation districts, or through contracts with qualified persons. Such contracts shall be awarded to the lowest responsible bidder upon competitive bids after reasonable advertisement. The department and any other agency and any contractor under a contract with the department shall have the right of access to the land affected to carry out such reclamation.

(2) Any funds available to the department and any public works program (both funds and services) may be used and expended to reclaim and rehabilitate any lands that have been subjected to *surface coal* [strip] mining *operations* that have not been reclaimed and rehabilitated in accordance with standards set by this chapter or regulations thereunder and which are not covered by bond to guarantee such reclamation.

(3) A person or organization, having qualifications acceptable to the department, may post bond or a cash deposit, in a sum determined by the department, and assume the liability for carrying out the reclamation plan approved by the department in areas where the mining operation and any necessary grading and backfilling have been completed. The department shall then release the bond posted by the operator for such area.

Section 17. KRS 350.151 is amended to read as follows:

(1) The department for natural resources and environmental protection shall promulgate *permanent program* rules and regulations for the *mining and* reclamation of land disturbed or removed by operations resulting from or incident to a mine as defined in KRS 352.010(1)(t). Such regulations shall recognize the distinct differences between the surface effects of underground mining and strip mining, and shall be promulgated pursuant to this *chapter* [section only], and shall be enforced as provided in KRS 350.130 and 350.990. Those activities may include, but not be limited to, the construction of new roads or the improvement or use of existing roads to gain access to the site of such activities and all lands affected by haulage, excavations, workings, impoundments, dams, ventilation shafts, entryways, refuse banks, dumps, stockpiles, overburden piles, spoil banks, culm banks, tailings, holes or depressions, repair areas, storage areas, processing areas, shipping areas and other areas upon which are sited structures, facilities, or other property or materials on the surface but said regulations shall not be more stringent than those applied to strip mining.

(2) The operator shall file with the department a bond payable to the Commonwealth of Kentucky with surety satisfactory to the department in the penal sum to be determined by the department on the recommendation of the secretary of not less than five hundred dollars ($500) nor more than three thousand dollars

($3,000) for each acre or fraction thereof of the area of land affected, with a minimum bond of *ten thousand dollars ($10,000)* [five thousand dollars ($5,000)] conditioned upon the faithful performance of the requirements set forth in this section and of the rules and regulations of the department. The department shall accept, in lieu of the surety provided herein, the deposit by the operator of United States government securities, cash, or its equivalent in a sum equal to the principal amount of the required bond, *or a self bond pursuant to regulations promulgated by the department.*

(3) In order to protect the stability of the land, the department shall suspend underground mining activities under urbanized areas, and adjacent to industrial or commercial buildings, major impoundments, or permanent streams, if the department finds imminent danger to inhabitants of said urbanized areas.

SECTION 18. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby created within the Commonwealth of Kentucky an abandoned mine lands program, to be administered within the department for natural resources and environmental protection. The secretary of the department for natural resources and environmental protection is authorized to promulgate regulations necessary to implement this program. The provisions of KRS 350.150, 350.152, 350.154, 350.156(1) and (2), 350.158, 350.161, and 350.163 shall not be applicable to this program.

(2) The department of finance is hereby directed to establish a fund to be known as the abandoned mine reclamation fund (hereinafter referred to as the "fund").

(3) The fund shall consist of amounts deposited in the fund from time to time, including but not limited to:

(a) The reclamation fees levied pursuant to Section 402 of P.L. 95-87 and allocated to the Commonwealth of Kentucky;

(b) Any income derived from or any user charge imposed on or for land reclaimed pursuant to the abandoned mine lands program after the expenses of the program have been deducted;

(c) Donations by persons, corporations, associations, governmental entities and foundations for the purposes of the abandoned mine lands program; and

(d) All other monies as provided for consistent with this chapter.

(4) Monies in the fund may be used for the following purposes:

(a) Reclamation and restoration of land and water resources adversely affected by past coal mining, including but not limited to reclamation and restoration of abandoned surface mine areas, abandoned coal processing areas, and abandoned coal refuse disposal areas; sealing and filling of abandoned deep mine entries and voids; planting of land adversely affected by past coal mining to prevent erosion and sedimentation; prevention, abatement, treatment, and control of water pollution created by coal mine drainage, including restoration of stream beds, and construction and operation of water treatment plants; prevention, abatement, and control of burning coal refuse disposal areas and burning coal in situ; and prevention, abatement, and control of coal mine subsidence;

(b) Acquisition and filling of voids and sealing of tunnels, shafts, and entryways;

(c) Acquisition of land as provided for in this Act;

(d) Studies by state agencies, by contract with public and private organizations to provide information, advice, and technical assistance, including research and demonstration projects, conducted for the purposes of this program;

(e) Restoration, reclamation, abatement, control, or prevention of adverse effects of coal mining which constitute an emergency as provided for in this program;

(f) Administrative expenses of the program to accomplish the purposes of this program; and

(g) All other necessary expenses to accomplish the purposes of this program.

SECTION 19. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

Expenditure of monies from the fund on lands and water eligible pursuant to Section 21 for the purposes of the abandoned mine lands program shall reflect the following priorities in the order stated:

(1) The protection of public health, safety, general welfare, and property from extreme danger of adverse effects of coal mining practices;

(2) The protection of public health, safety, and general welfare from adverse effects of coal mining practices;

(3) The restoration of land and water resources and the environment previously degraded by adverse effects of coal mining practices, including measures for the conservation and development of soil, water (excluding channelization), and woodland resources, fish and wildlife, recreation resources, and economic productivity;

(4) Research and demonstration projects relating to the development of surface mining reclamation and water quality control program methods and techniques;

(5) The protection, repair, replacement, construction, or enhancement of public facilities such as utilities, roads, and recreation and conservation facilities adversely affected by coal mining practices; and

(6) The development of publicly owned land adversely affected by coal mining practices, including land acquired for reclamation as provided in the abandoned mine lands program for recreation and historic purposes, conservation, and open space benefits.

SECTION 20. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

Lands and water eligible for reclamation or drainage abatement expenditures under the abandoned mine lands program are those which were mined for coal or which were affected by such mining, wastebanks, coal processing, or other coal mining processes, and were abandoned or left in an inadequate reclamation status prior to August 3, 1977, and for which there is no continuing reclamation responsibility under the provisions of this chapter.

SECTION 21. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

The department for natural resources and environmental protection shall have the authority to prepare and submit to the secretary, United State department of the interior, reclamation plans, annual projects, applications for federal support, and any other reports or plans which are provided for or required pursuant to title IV of the surface mining control and reclamation act of 1977 (P.L. 95-87).

SECTION 22. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) If the department makes a finding of fact pursuant to the abandoned mine lands program that:

(a) Land or water resources have been adversely affected by past coal mining practices; and

(b) The adverse effects are at a stage where, in the public interest, action to restore, reclaim, abate, control, or prevent should be taken; and

(c) The owners of the land or water resources where entry must be made to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices are not known or readily available; or

(d) The owners will not give permission for the United States, the Commonwealth, political subdivisions, or their agents, employes, or contractors to enter upon such property to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices; then, upon giving notice by mail to the owners if known, or if not known, by posting notice upon the premises and advertising once in a newspaper of general circulation in the municipality or county in which the land lies, the department and its authorized representatives, agents, and contractors shall have the right to enter upon the property adversley affected by past coal mining practices, and any other property to have access to such property to do all things necessary or expedient to restore, reclaim, abate, control, or prevent the adverse effects. Such entry shall be construed as an exercise of the police power for the protection of public health, safety, and general welfare and shall not be construed as an act of condemnation of property nor of trespass thereon. The monies expended for such work and the benefits accruing to any such premises so entered upon shall be chargeable against such land and shall mitigate or offset any claim in or any action brought by any owner of any interest in such premises for any alleged damages by virtue of such entry: provided, however, that this provision is not intended to create new rights of action or eliminate existing immunities.

(2) The department and its authorized representatives, agents, and contractors shall have the right to enter upon any property for the purpose of conducting studies or exploratory work to determine the existence of adverse effects of past coal mining practices and to determine the feasibility of restoration, reclamation, abatement, control, or prevention of such adverse effects. Such entry shall be construed as an exercise of the police power for the protection of public health, safety, and general welfare, and shall not be construed as an act of condemnation of property nor trespass thereon.

(3) The Commonwealth shall have the power to acquire, by purchase, donation, devise, or condemnation, any land which is adversely affected by past coal mining practices if acquisition of such land is necessary for successful reclamation and that:

(a) The acquired land, after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices, will serve recreation and historic purposes, conservation and reclamation purposes or provide open space benefits; or

(b) Permanent facilities such as a treatment plant or a relocated stream channel will be constructed on the land for the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices; or

(c) Acquisition of coal refuse disposal sites and all coal refuse thereon will serve the purposes of this Act or that public ownership is desirable to meet emergency situations and prevent recurrences of the adverse effects of past coal mining practices.

(4) Title to all lands acquired pursuant to this section shall be in the name of the Commonwealth. The price paid for the land acquired under this section shall reflect the market value of the land as adversely affected by past coal mining practices. The Commonwealth may exercise the power of eminent domain against such land by filing a condemnation suit under the procedure of the eminent domain act of Kentucky. Provided, that when the Commonwealth acquires land adversely affected by past coal mining practices pursuant to the abandoned mine lands program and when such abandoned mine reclamation fund monies are

less than the purchase price, the Commonwealth shall be authorized to use whatever funds are available pursuant to KRS 350.156(3).

(5) The department for natural resources and environmental protection may receive any federal, state, or other funds for the purpose of reclaiming lands affected by past coal mining practices, including federal funds made available to it pursuant to title IV of the surface mining control and reclamation act of 1977 (P.L. 95-87). The department may avail itself of any services which may be provided by other state agencies or the federal government, and may compensate them for such services.

(6) The department shall have the power to backfill, grade, revegetate, and perform other acts of restoration and reclamation on lands acquired pursuant to this section. The department may cause the reclamation work to be done by its own employes or by employes of other governmental agencies or soil conservation districts, or through contracts with qualified persons. Such contracts shall be awarded pursuant to regulation promulgated by the department. The department and any other agency and any contractor under a contract with the department shall have the right of access to the land affected to carry out such reclamation.

(7) Where land acquired pursuant to this section is deemed to be suitable for industrial, commercial, residential, or recreational development, the Commonwealth shall have the power to sell such land by public sale under a system of competitive bidding, at not less than fair market value and under such regulations as may be promulgated to insure that such lands are put to proper use consistent with local and state land use plans, if any. The proceeds of any such sale shall be credited to the abandoned mine reclamation fund. The department, when requested after appropriate public notice, shall hold a public hearing, with the appropriate notice, in the county or counties in which lands acquired pursuant to this section are located. The hearings shall be held at a time which shall afford local citizens and governments the maximum opportunity to participate in the decision concerning the use or disposition of the lands after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices.

(8) In addition to the authority to acquire and reclaim land for the purposes set forth in subsection (3) of this section, the Commonwealth is given authority to use money in the fund to acquire land by purchase, donation, devise, or condemnation and to reclaim such land and to transfer it to any political subdivision of the Commonwealth or to any person, firm, association, or corporation, if such is an integral and necessary element of an economically feasible plan for a project to construct or rehabilitate housing for persons disabled as the result of employment in the mines or work incidental thereto, persons displaced by acquisition of land pursuant to this section, persons dislocated as the result of adverse effects of coal mining practices which constitute an emergency as provided in Section 25 of this Act, or persons dislocated as the result of natural disasters or catastrophic failures from any cause, or any related commercial, industrial, agricultural, recreational, or governmental use facilities. Such activities shall be accomplished under such terms and conditions as the Commonwealth shall require, which may include transfers of land with or without monetary consideration. Provided, that to the extent that the consideration is below the fair market value of the land transferred, no portion of the difference between the fair market value and the consideration shall accrue as a profit to such persons, firm, association, or corporation. No part of the funds provided under the abandoned mine reclamation fund may be used to pay the actual construction costs of housing.

(9) All acquisitions and disposals of land or any interests therein pursuant to the authority granted by this section shall be governed by the applicable provisions of KRS Chapters 45 and 56.

SECTION 23. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) Within six (6) months after the completion of projects to restore, reclaim, abate, control, or prevent adverse effects of past coal mining practices on privately owned land, the department shall itemize the monies so expended and may file a statement thereof in the office of the county in which the land lies which has the responsibility under local law for the recording of judgments against land, together with a notarized appraisal by an independent appraiser of the value of the land before the restoration, reclamation, abatement, control, or prevention of adverse effects of past coal mining practices if the monies so expended shall result in a significant increase in property value. Such statement shall constitute a lien upon the said land. The lien shall not exceed the amount determined by the appraisal to be the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices. No lien shall be filed against the property of any person, in accordance with this section, who owned the surface prior to May 2, 1977, and who neither consented to nor participated in nor exercised control over the mining operation which necessitated the reclamation performed hereunder. The department may waive the lien consistent with its regulations.

(2) The landowner may proceed as provided by local law to petition within sixty (60) days of the filing of the lien, to determine the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices. The amount reported to be the increase in value of the premises shall constitute the amount of the lien and shall be recorded with the statement herein provided. Any party aggrieved by the decision may appeal as provided by local law.

(3) The lien provided in this section shall be entered in the county office in which the land lies and which has responsibility under local law for the recording of judgments against land. Such statement shall constitute a lien upon the said land as of the date of the expenditure of the monies and shall have priority as a lien second only to the lien of real estate taxes imposed upon said land.

SECTION 24. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) The department is authorized to fill voids, seal abandoned tunnels, shafts, and entryways, and reclaim surface impacts of underground or surface mines which the secretary determines could endanger life and property, constitute a hazard to the public health and safety, or degrade the environment, with such monies as may become available under the abandoned mine reclamation fund.

(2) The Commonwealth may acquire by purchase, donation, devise, easement, or otherwise such interest in land as necessary to carry out the provisions of this section and may dispose of acquired land in a manner consistent with the purposes of the abandoned mine lands program.

SECTION 25. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) The department is authorized to expend monies from the fund for the emergency restoration, reclamation, abatement, control, or prevention of adverse effects of coal mining practices, on eligible lands, if the department makes finding of fact that:

(a) An emergency exists constituting a danger to the public health, safety, or general welfare; and

(b) No other person or agency will act expeditiously to restore, reclaim, abate, control, or prevent the adverse effects of coal mining practices.

(2) The department, its agents, employes, and contractors shall have the right to enter upon any land where the emergency exists and any other land to have access to the land where the emergency exists to restore, reclaim, abate, control, or prevent the the adverse effects of coal mining practices and to do all things necessary or expedient to protect the public health, safety, or general welfare. Such entry shall be construed as an exercise of the police power and shall not be construed an an act of condemnation of property nor of trespass thereof. The monies expended for such work and the benefits accruing to any such premises so entered upon shall be chargeable against such land and shall mitigate or offset any claim in or any action brought by any owner of any interest in such premises for any alleged damages by virtue of such entry. Provided, however, that this provision is not intended to create new rights of action or eliminate existing immunities.

SECTION 26. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) The department shall have the power and authority, if not granted it otherwise, to engage in any work and to do all things necessary or expedient, including promulgation of rules and regulations, to implement and administer the provisions of the abandoned mine lands program.

(2) The department shall have the power and authority to engage in cooperative projects under the program with any agency of the United States, any state and their governmental agencies.

(3) The department may initiate, in addition to any other remedies provided for in this chapter, in any court of competent jurisdiction, an action in equity for an injunction to restrain any interference with the exercise of the right to enter or to conduct any work provided in the abandoned mine lands program.

(4) The department shall have the power and authority to construct and operate facilities for the control and treatment of water pollution resulting from mine drainage. The extent of this control and treatment may be dependent upon the ultimate use of the water: provided, that the above provisions of this subsection shall not be deemed in any way to repeal or supersede any portion of the federal water pollution control act (33 U.S.C.A. 1151, et seq. as amended) and no control or treatment under this subsection shall in any way be less than that required under the federal water pollution control act. The construction of facilities may include major interceptors and other facilities appurtenant thereto.

(5) The department may transfer funds to other appropriate state agencies, in order to carry out the reclamation activities authorized by the abandoned mine lands program.

Section 27. KRS 350.156 is amended to read as follows:

(1) After restoration of the acquired land, the department of environmental protection may, with the approval of the governor, transfer jurisdiction of such land, or any portion thereof, to any state agency that can best utilize such land for public purposes.

(2) If the retention of such land is determined to be impractical, the department of environmental protection, may, with the approval of the governor, sell such land to political subdivisions of the commonwealth at the cost of acquisition and restoration or public sale to the highest bidder. Such land shall be sold subject to the condition that no strip mining shall be carried on thereon at any time thereafter. The proceeds of any such sale shall be credited to a revolving fund within the department.

(3) Whenever the department expends funds pursuant to this section in order to satisfy the total purchase price for lands purchased pursuant to Section 22 of this Act, the department shall not be required

to return to the revolving fund any monies so used upon resale or other transfer of such land. Resale or other transfer of lands purchased with combined state and federal monies shall be pursuant to Section 22 of this Act.

Section 28. KRS 350.200 is amended to read as follows:

All *surface coal mining operations* [strip mines] operating under a permit from the division shall display appropriate *perimeter and identification* signs *as required by regulations of the department* [at the points of access to each operation adjacent to the nearest public highway. These signs shall be at least two (2) feet by four (4) feet, constructed of a wooden or other durable material, and clearly identify the name of the operator and number of his strip mining permit]. Such signs shall be maintained during the life of the operation. [Failure to post such sign shall be grounds for the revocation of the permit.]

Section 29. KRS 350.250 is amended to read as follows:

Any citizen of this Commonwealth having knowledge that any of the provisions of this chapter or regulations adopted thereunder are [wilfully and deliberately] not being enforced by any public officer or employe, whose duty it is to enforce such provisions of this chapter and regulations thereunder, may bring such failure to enforce the law to the attention of such public officer or employe. To provide against unreasonable and irresponsible demands being made, all such demands to enforce the law must be in writing, under oath, with facts set forth specifically stating the nature of the failure to enforce the law. [Any person who wilfully and knowingly states false facts and charges in such affidavit shall be subject to penalties provided under the law for perjury.] If such public officer or employe neglects or refuses for any unreasonable time *but in no event longer than sixty (60) days* after demand to enforce such provision, any such citizen shall have the right to bring an action of mandamus in the circuit court of the county in which the operation which relates to the alleged lack of enforcement is being conducted; *Provided, that any action pursuant to this section may be brought immediately after a demand for enforcement when the violation or order complained of constitutes an imminent threat to the health or safety of the complaining citizen or would immediately affect a legal interest of the complaining citizen.* The court, if satisfied that any provision of this chapter or regulation thereunder is not being enforced, shall make an appropriate order compelling the public officer or employe, whose duty it is to enforce such provision, to perform his duties, and upon failure to do so such public officer or employe shall be held in contempt of court and shall be subject to the penalties provided by the laws of the Commonwealth in such cases.

(2) The court having jurisdiction of a complaint made pursuant to subsection (1) of this section may in its final order award costs of litigation (including attorney and expert witness fees) to any party, whenever the court determines such an award is appropriate.

(3) Any person who is injured in his person or property through the violation by any operator of any rule, regulation, order or permit issued pursuant to this chapter may bring a civil action (including reasonable attorney and expert witness fees) in the circuit court of the county in which the surface coal mining operation complained of is located.

Section 30. KRS 350.410 is amended to read as follows:

Except as provided in KRS 350.450(2)(a) to (e), the operator shall with respect to all *surface coal* [strip] mining operations backfill compact, (where advisable to insure stability or to prevent leaching of toxic materials), and grade in order to restore the approximate original contour of the land with all highwalls, spoil piles, and depressions eliminated (unless small depressions are needed in order to retain moisture to assist revegetation or as otherwise authorized pursuant to this chapter); provided, however, that in *surface coal* [strip] mining which is carried out at the same location over a substantial period of time where the operation transects the coal deposit, and the thickness of the coal deposits relative to the volume of the overburden is large and where the operator demonstrates that the overburden and other spoil and waste materials at a particular point in the permit area or otherwise available from the entire permit area is insufficient, giving due consideration to volumetric expansion, to restore the approximate original contour, the operator, at a minimum, shall backfill, grade, and compact (where advisable) using all available overburden and other spoil and waste materials to attain the lowest practicable grade but not more than the angle of repose, to provide adequate drainage and to cover all acid-forming and other toxic materials, in order to achieve an ecologically sound land use compatible with the surrounding region; and, provided further, that in *surface coal* [strip] mining where the volume of overburden is large relative to the thickness of the coal deposit and where the operator demonstrates that due to volumetric expansion the amount of overburden and other spoil and waste materials removed in the course of the mining operation is more than sufficient to restore the approximate original contour, the operator shall after restoring the approximate contour, backfill, grade, and compact (where advisable) the excess overburden and other spoil and waste materials to attain the lowest grade but not more than the angle of repose, and to cover all acid-forming and other toxic materials, in order to achieve an ecologically sound land use compatible with the surrounding region and that such overburden or spoil shall be shaped and graded in such a way as to prevent slides, erosion, and water pollution and shall be revegetated in accordance with the requirements of this chapter.

Section 31. KRS 350.420 is amended to read as follows:

The operator shall minimize disturbances to the prevailing hydrologic balance at the mine-site and in associated offsite areas and to the quality and quantity of water in surface and ground water systems both during and after *surface coal* [strip] mining operations and during reclamation by:

(1) Avoiding acid or other toxic mine drainage by such measures as, but not limited to:

(a) Preventing or removing water from contact with toxic producing deposits;

(b) Treating drainage to reduce toxic content which adversely affects downstream water upon being released to water courses; and

(c) Casing, sealing, or otherwise managing boreholes, shafts, and wells and keeping acid or other toxic drainage from entering ground and surface waters;

(2) Conducting *surface coal* [strip] mining operations so as to prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow, or runoff outside the permit area, but in no event shall contributions be in excess of requirements set by applicable state or federal law;

(3) Constructing any siltation structures pursuant to subsection (2) of this section prior to commencement of *surface coal* [strip] mining operations, such structures to be certified by a qualified registered engineer to be constructed as designed and as approved in the reclamation plan;

(4) Cleaning out and removing temporary or large settling ponds or other siltation structures from drainways after disturbed areas are revegetated and stabilized, and depositing the silt and debris at a site and in a manner approved by the department;

(5) Restoring recharge capacity of the mined area to approximate premining conditions;

(6) Avoiding channel deepening or enlargement in operations requiring the discharge of water from mines; and

(7) Such other actions as the department may prescribe.

Section 32. KRS 350.440 is amended to read as follows:

The operator shall place all excess spoil material resulting from *surface coal* [strip] mining and reclamation *operations* [activities] pursuant to *this chapter* [KRS 350.445(2)] in the following manner:

(1) Spoil is transported and placed in a controlled manner in position for concurrent compaction and in such a way as to assure mass stability and to prevent mass movement;

(2) The areas of disposal are within the bonded permit areas and all organic matter shall be removed immediately prior to spoil placement;

(3) Appropriate surface and internal drainage systems and diversion ditches are used so as to prevent spoil erosion and movement;

(4) The disposal area does not contain springs, natural water courses, or wet-weather seeps unless lateral drains are constructed from the wet area to the main underdrains in such a manner that filtration of the water into the spoil pile will be prevented;

(5) If placed on a slope, the spoil is placed upon the most moderate slope among those upon which, in the judgment of the department, the spoil could be placed in compliance with all the requirements of this chapter and shall be placed, where possible, upon, or above, a natural terrace, bench, or berm, if such placement provides additional stability and prevents mass movement;

(6) Where the toe of the spoil rests on a downslope, a rock toe buttress of sufficient size to prevent mass movement is constructed;

(7) The final configuration is compatible with the natural drainage pattern and surroundings and suitable for intended uses;

(8) Design of the spoil disposal area is certified by a qualified registered professional engineer in conformance with professional standards; and

(9) All other provisions of this chapter are met.

Section 33. KRS 350.450 is amended to read as follows:

(1) If the area proposed to be mined contains prime farmland as defined in Public Law 95-87, "surface mining control and reclamation act of 1977," then no permit shall be issued unless it complies with Section 510(d)(1) therein. Nothing in this subsection shall apply to any permit issued prior to August 3, 1977, or to any revisions or renewals thereof, or to any existing *surface coal* [strip] mining operations for which a permit was issued prior to August 3, 1977. Nothing herein shall be construed as authorizing the department to promulgate regulations more stringent than those promulgated pursuant to PL 95-87 relating to prime farmland.

(2) Where a strip mining operation will remove an entire coal seam or seams running through the upper fraction of a mountain, ridge, or hill by removing all of the overburden and creating a level plateau or a gently rolling contour with no highwalls remaining, the operation shall comply with the requirements of subsections (2)(c) and (d) of this section without regard to the requirements of KRS 350.410 or 350.445(2) and (3) with respect to lands from which overburden and the coal seam being mined have not been removed; provided, however, the department shall establish internal procedures pursuant to which it shall permit strip mining operations for the purposes set forth in subsection (2)(b) of this section.

(a) Where an applicant meets the requirements of subsections (2)(b) and (c) of this section a permit without regard to the requirements to restore to approximate original contour set forth in KRS 350.410 or 350.445(2) and (3) may be granted for the *surface coal* [strip] mining *operations* [of coal] where the mining operation will remove an entire coal seam or seams running through the upper fraction of a mountain, ridge, or hill, except as provided in subsection *(c)(1)* [(3)(d)] of this section, by removing all of the overburden and creating a level plateau or a gently rolling contour with no highwalls remaining and capable of supporting postmining uses in accord with the requirements of this subsection.

(b) In cases where an industrial, commercial, agricultural, residential, or public facility *(*[,]including recreational facilities*)*[,] use is proposed for the postmining use of the affected land, the department may grant a permit for a *surface coal* [strip] mining operation of the nature described in subsection (2)(a) of this section where:

1. After consultation with the appropriate land use planning agencies, if any, the proposed postmining land use is deemed by the department to constitute an equal or better economic or public use of the affected land as compared with premining use;

2. The applicant presents specific plans for the proposed postmining land use and appropriate assurances that the land use will be:

a. Compatible with adjacent land uses;
b. Obtainable according to data regarding expected need and market;
c. Assured of investment in necessary public facilities;
d. Supported by commitments from public agencies where appropriate;
e. Practicable with respect to private financial capability for completion of the proposed use;
f. Planned pursuant to a schedule attached to the reclamation plan so as to integrate the mining operation and reclamation with the postmining land use; and
g. Designed by a registered engineer in conformance with professional standards established to assure the stability, drainage, and configuration necessary for the intended use of the site;

3. The proposed use would be consistent with adjacent land uses and existing state and local land use plans; and

4. The department provides the governing body of the unit of general-purpose government in which the land is located, and any state or federal agency which the department in its discretion determines to have an interest in the proposed use, an opportunity of not more than thirty (30) days to review and comment on the proposed use; and

5. All other requirements of this chapter will be met.

(c) In granting any permit pursuant to this subsection the following requirements apply:

1. The toe of the lowest coal seam and the overburden associated with it are retained in place as a barrier to slides and erosion;

2. The reclaimed area is stable;

3. The resulting plateau or rolling contour drains inward from the outslopes except at specified points;

4. No damage will be done to natural watercourses;

5. Spoil will be placed on the mountaintop bench as is necessary to achieve the planned postmining land use; provided, that all excess spoil material not retained on the mountaintop shall be placed in accordance with the provisions of KRS 350.440; and

6. Insure stability of the spoil retained on the mountaintop and meet the other requirements of this chapter.

(d) The *regulatory authority shall promulgate specific regulations to govern the granting of permits in accord with the provisions of this subsection* [requirements of all regulations promulgated under this subsection are met].

(e) All permits granted under the provisions of this subsection shall be reviewed not more than three (3) years from the date of issuance of the permit, unless the applicant affirmatively demonstrates that the proposed development is proceeding in accordance with the terms of the approved schedule and reclamation plan.

(3) (a) The department shall adopt procedures pursuant to which it may permit variances *from the requirements of KRS 350.410* for the purposes set forth in subsection (3)(c) of this section, provided that the watershed control of the area is improved, and further provided, complete backfilling with spoil material shall be required to cover completely the highwall, which material will maintain stability following mining and reclamation.

(b) Where an applicant meets the requirements of subsection (3)(c) of this section, a variance from the requirement to restore the approximate original contour set forth in KRS *350.410 and* 350.445(2) may be granted for *surface coal mining operations* [the strip mining of coal] where the owner of the surface knowingly requests in writing, as a part of the permit application, that such a variance be granted so as to render the land, after reclamation, suitable for an industrial, commercial, residential, or public use, including recreational facilities[, in accord with the further provisions of subsections (3)(c) and (d) of this section].

(c) After consultation with the appropriate land use planning agencies, if any, the potential use of the affected land shall:

1. Be deemed by the department to constitute an equal or better economic or public use;

2. Be designed and certified by a qualified registered professional engineer in conformance with professional standards established to assure the stability, drainage, and configuration necessary for the intended use of the site; and

3. The watershed of the affected land be deemed by the department to be improved.

(d) In granting a variance pursuant to subsection (3)*(b)* of this section, the department shall require that only such amount of spoil will be placed off the mine bench as is necessary to achieve the planned postmining land use, insure stability of the spoil retained on the bench, meet all other requirements of this chapter, and require all spoil placement off the mine bench to comply with KRS 350.440.

(e) The department shall promulgate specific regulations as it deems necessary, if any, to govern the granting of variances in accord with the provisions of this subsection and may impose such additional requirements as it deems to be necessary.

(f) All exceptions granted under the provisions of this subsection shall be reviewed not more than three (3) years from the date of issuance of the permit, unless the permittee affirmatively demonstrates that the proposed development is proceeding in accordance with the terms of the reclamation plan.

(4) Strip and underground coal mining operations in operation pursuant to a permit issued before August 4, 1977, issued to a person as defined in KRS 350.010(7) in existence prior to May 2, 1977, and operated by a person whose total annual production of coal from surface [and underground] coal mining operations does not exceed one hundred thousand (100,000) tons shall not be subject to the provisions set forth in KRS 350.400 and subsection (2) of this section, except with reference to the provision of KRS 350.445(1), until January 1, 1979. The department shall certify qualified applicants pursuant to this subsection.

(5) The department shall adopt programs, regulations, and procedures designed to provide technical assistance to assist the small coal operator with the permitting and environmental protection performance standards for *surface* [strip and underground] coal mining operations within the Commonwealth. Such programs shall be directed towards eliminating delays in the processing of permits by establishing a special administrative program to review small operator's permit applications and by establishing a procedure for providing the small operator access to special technical services necessary for completing the permit application. For the purposes of this subsection, a small coal operator is one who is anticipated to mine less than 200,000 tons per year, and the department in determining tonnage for qualification shall consider all production from common ownership of other corporations or operations. Upon written notification by the small coal operator to the department stating that no more mining will take place under a permit, the department shall release a portion of the bond in accordance with KRS 350.070. In making its determinations pursuant to KRS 350.070 the department shall:

(a) Determine the percentage of the permitted acreage in the area of reduction in relation to the initial acreage of the permit;

(b) Examine the land which has been disturbed and estimate the cost of reclamation;

(c) When the estimated cost of reclamation does not exceed *ten* [five] thousand dollars *($10,000)* [($5,000)] then the department shall return all bond money in excess of the *ten* [five] thousand dollars *($10,000)* [($5,000)];

(d) When the estimated cost of reclamation exceeds *ten* [five] thousand dollars *($10,000)* [($5,000)] the department shall retain the amount estimated and shall return all bond money in excess of the estimated amount but in no case shall the department return more than the amount determined by multiplying the percentage determined under paragraph (a) of this subsection times the original total bond amount.

Section 34. KRS 350.465 is amended to read as follows:

(1) The provisions of this section and regulations promulgated pursuant thereto (except with regard to the mining of clay, limestone, sand, gravel, fluorspar, stone, and rock asphalt) shall apply to the regulation of all surface coal mining and reclamation operations in the Commonwealth in the event that the Commonwealth receives from the United States department of interior and pursuant to the surface mining control and reclamation act of 1977 (PL 95-87) approval of a permanent state regulatory program, and the Commonwealth has promulgated regulations pursuant to this section.

(2) The department for natural resources and environmental protection is hereby authorized and directed to prepare, develop and promulgate a comprehensive permanent regulatory program for the implementation of the surface mining control and reclamation act of 1977 (PL 95-87) for the purpose of accepting and administering primary enforcement responsibilities pursuant to that act. The implementation of this section shall contain procedures similar to the surface mining control and reclamation act of 1977 (PL 95-87) and shall require surface coal mining operation performance standards no more stringent than provided for in that act. Nothing herein shall be construed to empower the department to adopt a regulatory program in conflict with the policy and purposes of the surface mining control and reclamation act of 1977 (PL 95-87). To that end, the department for natural resources and environmental protection shall include in its permanent regulatory program:

(a) Environmental protection performance standards to prevent or minimize the adverse environmental effects of surface coal mining and reclamation operations on the land and water resources of the Commonwealth.

(b) A procedure for designating as being unsuitable for mining certain lands because of their topographical, geological, hydrological, climatological, biological, or chemical characteristics or historical, cultural, scientific or aesthetic values.

(c) Procedures *and regulations* for the allowance of those persons having *an* [a valid legal] interest which is or may be adversely affected to have the opportunity to be heard at every significant or critical part of the administrative and judicial process, *including, but not limited to, the permit review and issuance process, the setting, release, and inspection of bonds, the general enforcement process and hearings incident thereto, and the rulemaking procedures conducted by the department. Such regulations shall provide reasonable procedures for notice and an opportunity to be heard, access to minesites, access to records, and other reasonable procedures to accomplish the purposes of this chapter.*

(d) Procedures for the administrative and judicial review of all actions of the department to administer and enforce the provisions of this chapter.

(e) Plans and procedures for the reclamation and restoration of land and water resources affected by mining which have been abandoned or inadequately reclaimed to the standards imposed by this section and for which no bond is held or legal obligation to reclaim continues. Such plan shall include provisions for the imposition of liens for necessary reclamation expenditures made on private property.

(f) Procedures for the assumption of the small operator assistance program pursuant to the surface mining control and reclamation act of 1977 (PL 95-87). The department shall assume and implement that program and apply for and administer funds as may be provided pursuant to that act *and such state funds as may be provided for the program.*

(3) In addition to any other authority, power and duty vested in it by law, the department shall have and exercise broad authority, power and duty to:

(a) Require those persons who wish to engage in surface coal mining and reclamation operations to submit application for a permit from the department to conduct such operations, and to include in that application all information required by the department pertaining to that operation.

(b) Issue, deny, modify or suspend under such conditions as the department may prescribe, permits to conduct surface coal mining and reclamation operations within the Commonwealth.

(c) Enter and inspect any permitted surface coal mining and reclamation operation or any known or suspected unpermitted mining operation for the purpose of ascertaining compliance with any provision of this section or of the permit.

(d) Order the cessation of mining activities, and if necessary impose affirmative abatement obligations, upon the operator when, upon inspection, the department determines that this section or any permit condition is being or has been violated so as to constitute an imminent and inordinate peril to the welfare of the Commonwealth.

(e) Order an operator to comply with the requirements of this section or his permit if inspection reveals a violation of the conditions of his permit or of any provision of this section.

(f) Order an operator to appear and show cause why his permit should not be revoked and his bond forfeited if the department determines that the operator or the permitted operation has a pattern of violations of this section or permit conditions, and has wilfully violated this section or permit conditions or a pattern of violations exists and that such violations are caused by the permittees' unwarranted failure to comply with this section or permit conditions.

(g) Require, increase, release or decrease, under such conditions as the department may prescribe reclamation performance bonds and cause the forfeiture and collection of those bonds where the permittee has abandoned the operation or for which the permit under which the bond was given has been revoked or has expired without the required reclamation.

(h) To administratively impose, in lieu of those civil penalties provided for in KRS 350.990, civil penalties of up to five thousand dollars ($5,000) per day for violations of permit conditions, this section, or any orders of the department and enforce the administrative assessment of such penalties by initiating civil action in the Franklin circuit court or in any court having jurisdiction of the defendant.

(i) Conduct hearings and make investigations of any matter relating to the regulation of surface coal mining and reclamation operations, *and provide for the assessment and payment of civil penalties.*

(j) Provide for variances or exceptions *consistent with KRS 350.450* from or in addition to mining performance standards, recognizing the specific characteristics inherent in:

1. Steep slope mining;
2. Mountaintop removal;
3. Relatively low acreage disturbance or annual coal production;
4. Prime farmland mining as defined by the United States department of agriculture, and to provide for other variances where land uses and watersheds will be improved; and

5. Post mining uses different from and as beneficial as the pre-mining uses.

(k) Receive and expend funds or aid from whatever source to accomplish the purposes of this chapter.

(l) Propose and promulgate regulations to accomplish the purposes of this section.

(4) The department shall not promulgate regulations which are inconsistent with the surface mining control and reclamation act of 1977 (PL 95-87).

(5) Any person who violates a provision of this section or the regulations promulgated pursuant thereto shall be subject to those penalties and remedies set forth in KRS 350.990 except as provided for in subsection (3)(h) herein.

Section 35. KRS 350.990 is amended to read as follows:

(1) Any person or operator who violates any of the provisions of this chapter or regulations adopted pursuant thereto or who fails to perform the duties imposed by these provisions, except the refusal or failure to obtain a permit or other authorization as provided herein, or who violates any determination or order promulgated pursuant to the provisions of this chapter, shall be liable to a civil penalty of not [less than one hundred dollars ($100) nor] more than five thousand dollars ($5,000) for said violation, and an additional civil penalty of not [less than one hundred dollars ($100) nor] more than *five* [one] thousand dollars *($5,000)* [($1,000)] for each day during which such violation continues, and in addition, may be enjoined from continuing such violations as hereinafter provided in this section*; provided, however, that any operator or person who fails to abate a violation noted in a notice of non-compliance within the time period prescribed for such abatement shall be assessed a civil penalty of not less than seven hundred fifty dollars ($750) for each day during which such violation continues. A civil penalty of not less than seven hundred fifty dollars ($750) for each day shall be assessed against any person issued an order pursuant to KRS 350.130(4)*. Such penalties shall be recoverable in an action brought in the name of the Commonwealth of Kentucky by the department's office of general counsel, or upon the secretary's request, by the attorney general. The Franklin Circuit Court shall hold concurrent jurisdiction and venue of all civil and injunctive actions instituted by the department or by the attorney general on its behalf for the enforcement of the provisions of this chapter or the orders, rules, and regulations of the department promulgated pursuant thereto. All sums recovered shall be placed in the state treasury.

(2) Any person who engages in strip mining without first securing a permit, as provided in KRS 350.060, or any person who engages in operations without proper authorization, [which shall not be construed to mean permits,] as required by the department pursuant to KRS 350.151 shall be liable to a civil penalty for damages to the Commonwealth of not less than five thousand dollars ($5,000) nor more than twenty-five thousand dollars ($25,000) and in addition, may be enjoined from continuing such violations as hereinafter provided. Each day shall constitute a separate violation. However, the penalties provided for in subsection (1) of this section shall apply in lieu of the penalties provided for in this subsection where an operator through inadvertence has exceeded the boundaries of the permit in effect at that time.

(3) It shall be the duty of the department's office of general counsel or, upon the secretary's request, of the attorney general to bring an action for the recovery of the penalties herein provided for and to bring an action for a restraining order, temporary or permanent injunction, against any operator or other person violating or threatening to violate any of the provisions of this chapter or violating or threatening to violate any order or determination promulgated pursuant to the provisions of this chapter. The Franklin Circuit Court shall hold concurrent jurisdiction and venue of all civil and injunctive actions instituted by the department or by the attorney general on its behalf for the enforcement of the provisions of this chapter or the orders, rules, and regulations of the department promulgated pursuant thereto.

(4) Any person who shall *knowingly and* wilfully violate any of the provisions of this chapter, except as provided in subsection (5) or any determination or order promulgated pursuant to the sections of this chapter which have become final shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than five hundred dollars ($500) and not more than *ten thousand dollars ($10,000) or by imprisonment for not more than one (1) year, or both* [five thousand dollars ($5,000)]. Each day on which such violation occurs shall constitute a separate offense.

(5) Any person who, in violation of KRS 350.060, wilfully and knowingly engages in strip mining without first obtaining a permit from the department or any person who wilfully and knowingly engages in operations without proper authorization, [which shall not be construed to mean permits,] as required by the department pursuant to KRS 350.151 with the intent to violate such laws shall be guilty of a Class A misdemeanor and upon conviction thereof shall be imprisoned for a term of up to one (1) year.

(6) Any person who knowingly makes any false statement, representation or certification, or knowingly fails to make any statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained by the department, shall upon conviction be guilty of a misdemeanor and shall be imprisoned for a term of up to one (1) year, or be fined not *more than ten thousand dollars ($10,000), or both.*

(7) Nothwithstanding any other provision of law, any person who shall wilfully resist, prevent, impede, or interfere with the secretary or other personnel of the department in the performance of duties

pursuant to this chapter shall, upon conviction, be fined not more than five thousand dollars ($5,000) or imprisoned for not more than one (1) year, or both.

(8) Whenever a corporate permittee violates any provision of this chapter or regulation issued pursuant thereto or fails or refuses to comply with any final order issued by the secretary, any director, officer, or agent of such corporation who wilfully and knowingly authorized, ordered, or carried out such violation, failure or refusal shall be subject to the same civil penalties, fines, and imprisonment as may be imposed upon a person pursuant to this section.

SECTION 36. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) The secretary of the department for natural resources and environmental protection is hereby authorized to establish a planning process enabling objective decisions based upon competent and scientifically sound data as to which, if any, lands of the Commonwealth are unsuitable for all or certain types of surface coal mining operations pursuant to the standards set forth in this Act: Provided, that any such designation shall not prevent coal or other mineral exploration of any area so designated.

(2) Upon petition and hearing pursuant to subsection (5) of this section, the secretary shall designate an area as unsuitable for all or certain types of surface coal mining operations, if the secretary determines that reclamation pursuant to this chapter is not technologically and economically feasible.

(3) Upon petition and hearing pursuant to subsection (5) of this section, a surface area may be designated unsuitable for certain types of surface coal mining operations if such operations will:

(a) Be incompatible with existing state and local land use plans; or

(b) Affect fragile or historic lands in which such operations could result in significant damage to important historic, cultural, scientific, and esthetic values, and natural systems; or

(c) Affect renewable resource lands in which such operations could result in a substantial loss or reduction of long range productivity of water supply or food or fiber products, and such lands to include aquifers and aquifer recharge areas; or

(d) Affect natural hazard lands in which such operations could substantially endanger life and property, such lands to include areas subject to frequent flooding and areas of unstable geology.

(4) Determinations of the unsuitability of land for surface coal mining shall be integrated as closely as possible with present and future land use planning and regulation processes at any appropriate level of government, including but not limited to any valid exercise of authority of a municipality or county, acting independently or jointly, pursuant to KRS Chapter 100.

(5) The requirements of this Act shall not apply to lands on which coal mining operations were being conducted on August 3, 1977 or under a permit issued pursuant to this chapter or where substantial legal and financial commitments in such operation were in existence prior to January 4, 1977.

(6) Other provisions of this chapter relating to hearings to the contrary notwithstanding, any person having an interest which is or may be adversely affected shall have the right to petition the department to the extent such a petition would be consistent with subsections (2) and (3) of this section, to have an area designated as unsuitable for surface coal mining operations, or to have such a designation terminated. Such a petition shall contain allegations of facts with supporting evidence which would tend to establish the allegations. Within ten (10) months after the receipt of the petition, the department shall hold a public hearing in the locality of the affected area, after appropriate notice and publication of the date, time, and location of such hearing, pursuant to regulations promulgated by the department to implement this section. After a person having an interest which is or may be adversely affected has filed a petition and before the hearing, any person may intervene by filing allegations of facts with supporting evidence which would tend to establish the allegations. Within sixty (60) days after such a hearing, the department shall issue and furnish to the petitioner and any other party to the hearing, a written decision regarding the petition, and the reasons therefore. In the event that all petitioners stipulate agreement prior to the requested hearing and withdraw their request, such hearing need not be held.

(7) Prior to designating any land areas as unsuitable for surface coal mining operations, the department shall prepare a detailed statement on:

(a) The potential coal resources of the area; and

(b) The demand for coal resources; and

(c) The impact of such designation on the environment, the economy, and the supply of coal.

(8) Subject to subsection (5) of this section, the department shall not issue a permit to conduct surface coal mining and reclamation operations in controvention of any designation or any decision on any petition pursuant to subsection (6) of this section regarding any surface area designated unsuitable for mining; nor shall the department issue a permit to conduct surface coal mining and reclamation operations in an area under study for such designation in an administrative proceeding already commenced under subsection (6) of this section provided that no petition pursuant to subsection (6) of this section shall be entertained by the department for an area in which a permit application is pending before the department.

SECTION 37. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) Nothing in this chapter shall be construed as affecting in any way the right of any person to enforce or protect, under applicable law, his interest in water resources affected by a surface coal mining operation.

(2) Each operator of a surface coal mine shall replace the water supply of an owner of interest in real property who obtains all or part of his supply of water for domestic, agricultural, industrial or other legitimate use from an underground or surface source where such supply has been affected by contamination, diminution, or interruption proximately resulting from such surface coal mine operation.

SECTION 38. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

Any agency, unit, or instrumentality of federal, state, or local government, including any publicly owned utility or publicly owned corporation of federal, state, or local government, which proposes to engage in surface coal mining operations, as defined by KRS 350.010(1), shall comply with the requirements of this chapter.

Section 39. The general assembly finds and declares that an emergency exists because of the federal requirement that state legislation necessary to comply with the provisions of Public Law 95-87, the "surface mining control and reclamation act of 1977," be a validly enacted law on or before June 15, 1980, in order that the state program filing of March 3, 1980, be deemed complete, and that the state law shall be in effect before the United States secretary of interior can approve the state program, or the state's proposed permanent program would otherwise be disapproved by the United States secretary of interior, thereby causing the installation of a federal program in the Commonwealth. Therefore, this legislation shall become a validly enacted law when signed by the governor, but the provisions of this Act shall not become effective until approval of the state program by the United States secretary of interior pursuant to Public Law 95-87, the surface mining control and reclamation act of 1977.

The Committee Substitute to **HB 566** is as follows:

HB 566, AN ACT relating to surface coal mining.

WHEREAS, the Commonwealth of Kentucky intends to establish a state program pursuant to P.L. 95-87, the "surface mining control and reclamation act of 1977" and thereby obtain primacy to exercise exclusive regulatory authority over surface coal mining and reclamation within the Commonwealth; and

WHEREAS, the laws of the Commonwealth must meet the minimum requirements of and be in accordance with and not inconsistent with the requirements of P.L. 95-87 in order that the state obtain primacy under that Act but shall not be more stringent than is required to obtain primacy considering Kentucky's unique terrain and hydrology; and

WHEREAS, many requirements imposed on the Commonwealth by the United States department of interior, office of surface mining, which must be met before the state can obtain primacy are highly objectionable on constitutional and policy grounds and the state reserves its right to oppose the objectionable requirements in the future; and

WHEREAS, many of the objectionable provisions are the subject of pending litigation which the Commonwealth may elect to join and other objectionable requirements may be challenged in the courts in the future and the state may elect to join or initiate litigation challenging these objectionable requirements; and

WHEREAS, the Commonwealth of Kentucky objects particularly to the mandatory and inflexible requirement that all surface mined land must be returned to its approximate original contour with all highwalls completely covered in all circumstances, the requirement that the state's police powers must be employed to declare lands unsuitable for mining by petition process, the requirement that persons must prepay civil penalty assessments before being allowed to challenge them and the requirements that summary cessation orders must be issued for a bare failure to abate a violation not involving any danger to the health or safety of the public or environment, and if not coerced by the threatened denial of primacy by the federal office of surface mining, the state would choose to address these matters by measures of its own devising; and

WHEREAS, the laws of the Commonwealth must be amended in a number of respects so as to authorize the state to qualify for primacy and implement the requirements of P.L. 95-87 but should not become effective until the United States secretary of interior approves the state program pursuant to P.L. 95-87; and

WHEREAS, the General Assembly of the Commonwealth of Kentucky does hereby request a variance from the position of OSM concerning prepublication in that OSM's position enables the private citizen to file suit for lands unsuitable for mining and effectively stop the permitting process. The General Assembly finds that the permitting procedure could continue during the petitioning process and requests that OSM reconsider on this point; and, further, the General Assembly directs the department for natural resources and environmental protection to preserve and enhance the integrity of the permitting process;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.010 is amended to read as follows:

As used in this chapter unless the context requires otherwise:

(1) "Surface coal mining operations" means activities conducted on the surface of lands in connection with a surface coal mine or subject to the requirements of this chapter and surface impacts incident to an underground coal mine. Such activities include excavation for the purpose of obtaining coal including such common methods as contour, strip, auger, mountaintop removal, box cut, open pit, and area mining, the use of explosives and blasting, and in situ distillation or retorting, leaching or other chemical or physical processing, and cleaning, concentrating or other processing or preparation, and the loading of coal at or near the mine site. Such activities shall not include the extraction of coal by a landowner for his own noncommercial use from land owned or leased by him, or the extraction of coal as an incidental part of federal, state or local government financed highway or other construction under regulations established by the department. Surface coal mining operations shall also include the areas upon which activities occur or where such activities disturb the natural land surface. Such areas shall also include any adjacent land the use of which is incidental to any such activities, all lands affected by the construction of new roads or the improvement or use of existing roads to gain access to the site of such activities and for haulage, and excavations, workings, impoundments, dams, ventilation shafts, entryways, refuse banks, dumps, stockpiles, overburden piles, spoil banks, culm banks, tailings, holes or depressions, repair areas, storage areas, processing areas, shipping areas and other areas upon which are sited structures, facilities, or other property or materials on the surface resulting from or incident to such activities. This definition includes the terms "strip mining" of coal and the "surface effects of underground mining" of coal as used in this chapter.

(2)[(1)] "Strip mining" means the breaking of the surface soil in order to facilitate or accomplish the extraction or removal of minerals, ores, or other solid matter; any activity or process constituting all or part of a process for the extraction or removal of minerals, ores, and other solid matter from its original location; and the preparation, washing, cleaning, or other treatment of minerals, ores, or other solid matter so as to make them suitable for commercial, industrial, or construction use; but shall not include the extraction of coal by a landowner for his own noncommercial use from land owned or leased by him; the extraction of coal as an incidental part of federal, state or local government financed highway or other construction under regulations established by the department nor shall it include the surface effects or surface impacts of underground coal mining;

(3) *"Surface coal mining and reclamation operations" means surface coal mining operations and all activities necessary and incident to the reclamation of such operations as required by this chapter.*

(4)[(2)] "Overburden" means all of the earth and other materials which lie above a natural deposit of coal and also means such earth and other material after removal from their natural state in the process of strip mining;

(5)[(3)] "Area of land affected" means the area of land from which overburden is to be or has been removed and upon which the overburden is to be or has been deposited and shall include all lands affected by the construction of new roads or the improvement or use of existing roads other than public roads, to gain access and to haul coal;

(6)[(4)] "Operations" means *surface coal mining operations,* all of the premises, facilities, roads and equipment used in the process of producing coal from a designated [strip mine] area or removing overburden for the purpose of determining the location, quality or quantity of a natural coal deposit or the activity to facilitate or accomplish the extraction or the removal of coal;

(7)[(5)] "Method of operation" means the method or manner by which the cut or open pit is made, the overburden is placed or handled, water is controlled and other acts are performed by the operator in the process of uncovering and removing the coal;

(8)[(6)] "Operator" means any person, partnership or corporation engaged in *surface coal mining and reclamation operations* [strip mining] who removes or intends to remove more than two hundred fifty (250) tons of coal from the earth by strip mining within twelve (12) successive calendar months or who removes overburden for the purpose of determining the location, quality or quantity of a natural coal deposit;

(9)[(7)] "Person" means any persons, partnership, corporation, association, society, joint stock company, firm, company or other business organization;

(10)[(8)] "Department" means the department for natural resources and environmental protection;

(11)[(9)] "Secretary" means the secretary of the department for natural resources and environmental protection;

(12)[(10)] "Reclamation" means the reconditioning of the area affected by *surface coal* [strip] mining *operations* under a plan approved by the department;

(13)[(11)] "Degree" when used in this chapter shall mean from the horizontal, and in each case shall be subject to a tolerance of five percent (5%) of error;

(14)[(12)] "Bench" means the ledge, shelf or terrace formed in the contour method of strip mining;

(15)[(13)] "Fill bench" means that portion of the bench which is formed by depositing overburden beyond the cut section.

(16)[(14)] "Approximate original contour" means that surface configuration achieved by backfilling and grading of the mined area so that the reclaimed area, including any terracing or access roads [(when not necessary to support its approved postmining use),] closely resembles the general surface configuration of the land prior to mining and blends into and complements the drainage pattern of the surrounding terrain, with all highwalls and spoil piles eliminated; water impoundments may be permitted where the department determines that they are in compliance with KRS 350.455.

Section 2. KRS 350.020 is amended to read as follows:

The general assembly finds that the Commonwealth is the leading producer of coal and that the production of coal in Kentucky contributes significantly to the nation's energy needs. The general assembly further finds that [the] unregulated *surface coal* [strip] mining *operations* [of coal] *cause* [causes] soil erosion, damage from rolling stones and overburden, landslides, stream pollution, the accumulation of stagnant water and the seepage of contaminated water, *increase* [increases] the likelihood of floods, *destroy* [destroys] the value of land for agricultural purposes, *destroy* [destroys] aesthetic values, *counteract* [counteracts] efforts for the conservation of soil, water and other natural resources, *destroy* [destroys] or *impair* [impairs] the property rights of citizens, *create* [creates] fire hazards, and in general *create* [creates] hazards dangerous to life and property, so as to constitute an imminent and inordinate peril to the welfare of the Commonwealth. The general assembly further finds that lands that have been subjected to *surface coal mining operations* [strip mining] and have not been reclaimed and rehabilitated in accordance with modern standards constitute the aforementioned perils to the welfare of the Commonwealth. The general assembly further finds that there are wide variations in the circumstances and conditions surrounding and arising out of *surface* [the strip mining of] coal *mining operations* due primarily to difference in topographical and geological conditions, and by reason thereof it is necessary, in order to provide the most effective, beneficial and equitable solution to the problem, that a broad discretion be vested in the authority designated to administer and enforce the regulatory provisions enacted by the general assembly. *The general assembly further finds that primary governmental responsibility for regulating surface coal mining operations rests with state government and hereby directs the department for natural resources and environmental protection to take all actions necessary to preserve and exercise the Commonwealth's primary authority in regulating surface coal mining operations.* Therefore, it is the purpose of this chapter to provide such regulation and control of *surface* [the strip mining of] coal *mining operations* as to minimize or prevent its injurious effects on the people and resources of the Commonwealth. To that end, the department is directed to rigidly enforce this chapter and to adopt whatever regulations are found necessary to accomplish the purpose of this chapter.

Section 3. KRS 350.028 is amended to read as follows:

The department for natural resources and environmental protection shall have and exercise the following authority and powers:

(1) To adopt rules and regulations *after a hearing* pertaining to *surface coal mining operations including* strip mining *and the surface effects of underground mining* to accomplish the purposes of this chapter;

(2) To conduct investigations and hearings under provisions of this chapter and KRS chapter 224 or regulations adopted pursuant thereto;

(3) To issue after *a show cause* hearing, suspension orders or orders requiring an operator to adopt such remedial measures as are necessary to comply with this chapter and regulations adopted pursuant thereto;

(4) To issue after a hearing, a final order *imposing civil penalties for violations of this chapter or* directing the Kentucky bureau of surface mining reclamation and enforcement to revoke a permit, when the requirements set forth by the notice of noncompliance, order of suspension, or an order of the department requiring remedial measures have not been complied with according to the terms therein, *provided that the secretary or his authorized representatives determine that a pattern of violations of the requirements of this Act or any permit conditions required by this Act exists or has existed and if the secretary or his authorized representatives also finds that such violations are caused by the unwarranted failure of the permittee to comply with any requirements of this Act or any permit conditions or that such violations are willfully caused by the permittee*; and

(5) To adopt rules and regulations to allow the state to administer and enforce the initial *and permanent regulatory programs* [regulation procedure] of Section 502 of Public Law 95-87, "surface mining control and reclamation act of 1977" provided that such rules and regulations shall be no more stringent than required by such law.

Section 4. KRS 350.055 is amended to read as follows:

(1) *An* [A prospective] applicant for a permit required by KRS 350.060 shall publish [at least once a] public notice of his *filing of* [intention to file] an application for that permit. Such publication shall be made by advertisement in a newspaper of largest bona fide circulation, according to the definition in KRS 424.110 to 424.120, in the county wherein the proposed mining site is located.

(2) *The applicant shall publish the notice of intention to mine in the newspaper identified in subsection (1) at least once a week for four consecutive weeks beginning at the time of submission of an application*

for a surface coal mining operation permit, pursuant to regulations promulgated by the department [The publication shall be made not less than ten (10) nor more than thirty (30) days prior to the filing of the permit application with the department].

(3) The public notice of the intention to file an application shall be entitled "Notice of Intention to Mine" and shall be in a manner and form prescribed by the department and shall include, though not be limited to, the following:

(a) The name and address of the applicant;

(b) The location, *ownership and boundaries* of the proposed mining site;

(c) A brief description of the kind of mining activity proposed, together with a statement of the amount of acreage affected by the proposed operation.

(4) The applicant for a permit required by KRS 350.060 shall establish the date and place at which the "Notice of Intention to Mine" was published by attaching to his application a verified affidavit from the publishing newspaper containing the information required by this section.

(5) The department shall notify various local government bodies, planning agencies, and sewage and water treatment authorities and water companies in the locality of the proposed operation notifying them of the operator's or person's intention to mine the land area as set forth in the notice of intention to mine, and identifying the permit application number assigned by the department and where a copy of the permit application may be inspected. The secretary shall promulgate regulations specifying the manner in which such agencies may comment on the application. Any comments put forward pursuant to this section shall immediately be forwarded by the department to the applicant and shall be made available to the public at the same places as the permit application is available.

Section 5. KRS 350.060 is amended to read as follows:

(1) No *person* [operator] shall engage in *surface coal mining and reclamation operations* [strip mining] without having first obtained from the department a permit designating the area of land affected by the operation. Permits shall authorize the operator to engage in *surface coal mining and reclamation operations* [strip mining] upon the area of land described in his application for a period of not *to exceed five (5) years; provided that if an applicant demonstrates that a specified longer term is reasonably needed to obtain necessary financing for equipment and the opening of the operation and if the application is full and complete for such specified longer term, the department may grant a permit for such longer term* [less than two (2) years notwithstanding the date of issuance]. No mining shall be permitted beyond the time period obligations of the initial or extended bond coverage.[;]

(2) All operators who wish to engage in surface coal mining and reclamation operations and who have a valid permit from the department and who are in expectation of operating such mines after the expiration of eight (8) months from the approval by the secretary of the interior of the permanent regulatory program shall within two (2) months of the effective date of such approval apply for a new permit for such mines in compliance with the requirements of this section. The department for natural resources and environmental protection shall establish procedures and programs consistent with this chapter to issue or deny such permits within eight (8) months of such approval. The general assembly finds the fact that, due to the large number of permitted operations within the Commonwealth, the eight-month period may be administratively impracticable, and hereby authorizes the secretary to devise procedures to comply with this section in the most expeditious and reasonable manner possible, and a filing shall be deemed timely for the purposes of this subsection and surface coal mining operations may continue under an existing permit if that filing is in substantially complete form and submitted within the time limits set forth herein.

(3) Any permit validly issued by the department under the interim regulatory program in effect on the effective date of this subsection and which would expire at any time after May 1, 1980 and before eight (8) months after approval of the permanent regulatory program by the United States secretary of the interior, shall be extended and remain in effect until eight (8) months after approval of the permanent regulatory program. Any interim permit so extended shall continue as a valid existing permit for purposes of this subsection if the permittee so requests and files an application for a permit with the department within two (2) months of the date of approval of the permanent regulatory program. The permittee may conduct operations under that existing permit beyond the eight (8) month period if an application has been filed in accordance with this subsection, but the initial administrative decision has not been rendered. The department shall not accept interim permit applications after August 1, 1980 or after December 1, 1980 if the United States Secretary of the Interior has not approved the commonwealth's permanent regulatory program by September 3, 1980. The department shall receive and act on all substantially complete permit applications tendered to it on or before August 1, 1980 or December 1, 1980, whichever date is applicable, under the interim program.

(4) No permit or revision application shall be approved unless the application affirmatively demonstrates and the department finds in writing on the basis of the information set forth in the application or from information otherwise available, that the permit application is accurate and complete and that all the requirements of this chapter have been complied with.

(5)[(2)] An operator desiring a permit *to engage in surface coal mining operations* shall file an application which shall state:

(a) The location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;

(b) The owner or owners of the surface of the area of land to be affected by the permit and the owner or owners of all surface area within five hundred (500) feet of any part of the affected area;

(c) The owner or owners of the coal to be mined;

(d) The source of the applicant's legal right to mine the coal on the land affected by the permit;

(e) The permanent and temporary post-office addresses of the applicant;

(f) Whether the applicant or any person, partnership or corporation associated with the applicant holds or has held any other permits under this chapter, and an identification of such permits;

(g) Whether or not the applicant is in compliance with subsection (3) of KRS 350.130 and whether or not every officer, partner, director or any individual owning of record or beneficially (alone or with associates) if known, ten percent (10%) or more of any class of stock of the applicant, is subject to any of the provisions of subsection (3) of KRS 350.130 and he shall so certify; *and*

(h) A listing of any and all violations of this chapter, P.L. 95-87, and any law, rule or regulation in effect for the protection of air or water resources incurred by the applicant in connection with any surface coal mining and reclamation operation during the three-year period prior to the date of an application. Such a list shall indicate the final resolution of the violations.

(6)[(3)] The application for a permit shall be accompanied by five (5) copies of a United States geological survey topographic map or such other map acceptable to the department on which the operator has indicated the location of the operation, the course which would be taken by drainage from the operation to the stream or streams to which such drainage would normally flow, the name of the applicant and date, and the name of the person who located the operation on the map.[;]

(7)[(4)] The application for a permit shall be accompanied by five (5) copies of an enlarged United States geological survey topographic map or such other map acceptable to the department meeting the requirements of the subsections below. The map shall:

(a) Be prepared and certified by a professional engineer, registered under the provisions of KRS chapter 322. The certification shall be in the form as provided in subsection *(9)* [(5)] below;

(b) Identify the area to correspond with the application;

(c) Show adjacent deep mining and the boundaries of surface properties and names of owners on the affected area and within five hundred (500) feet of any part of the affected area;

(d) Be of a scale of not less than four hundred (400) feet to the inch and not to exceed six hundred and sixty (660) feet to the inch;

(e) Show the names and locations of all streams, creeks, or other bodies of public water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within five hundred (500) feet of such area;

(f) Show by appropriate markings the boundaries of the area of land affected, the cropline of the seam or deposit of coal to be mined, and the total number of acres involved in the area of land affected;

(g) Show the date on which the map was prepared, the north point and the quadrangle name; *and*

(h) Show the drainage plan on and away from the area of land affected. Such plan shall indicate the directional flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.[;]

(8) Each application shall include a determination of the probable hydrologic consequences of the mining and reclamation operations, both on and off the minesite, with respect to the hydrologic regime, quantity and quality of water in surface and groundwater systems, including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the minesite and surrounding areas so that an assessment can be made by the department of the probable cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability; provided, however, that this determination shall not be required until such time as hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. Provided further, that the permit shall not be approved until such information is available and is incorporated into the application.

(9)[(5)] *All certifications required by this chapter to be made* [The certification of the maps] by [the] professional *engineers* [engineer] shall *state that the information or documentation contained in the application is correct,* [read as follows: "I, the undersigned, hereby certify that this map is correct,] and shows to the best of *his or her* [my] knowledge and belief all the information required by the *applicable* [strip mining] laws *and regulations* of this state *is included.*["] The certification shall be signed and notarized. The department may reject any *document or* map as incomplete if its accuracy is not so attested. *The certification shall be done in the form prescribed by the department.*

(10)[(6)] The application [for a permit] shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport

minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the department of transportation attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges.[;]

(11)[(7)] In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time and distance for backfilling, grading work and a reclamation plan for the affected area, which proposals shall meet the requirements of this chapter and rules and regulations adopted pursuant thereto.[;]

[(8) Each application shall also be accompanied by a statement of consent to have strip mining conducted upon the area of land described in the application for a permit. The statement of consent shall be signed by each holder of a freehold interest in such land. Each signature shall be notarized. No permit shall be issued if the application therefor is not accompanied by the statement of consent. This statement of consent shall not be required for coal mined under the provisions of KRS chapters 351 and 352;]

(12) The application for a permit shall be accompanied by proof that the applicant has public liability insurance coverage satisfactory to the department for the surface mining and reclamation operations for which the permit is sought, or proof that the applicant has satisfied self-insurance requirements as provided by regulations of the department. Such coverage shall be maintained in full force and effect during the terms of the permit and any renewal thereof, and until reclamation operations are completed.

(13)[(9)] A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed two hundred fifty dollars ($250) plus a fee set by regulation but not to exceed fifty dollars ($50) for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required herein shall be issued. The operator shall file with the department a bond payable to the Commonwealth of Kentucky with surety satisfactory to the department in the penal sum to be determined by the department [on the recommendation of the secretary of not less than five hundred dollars ($500) nor more than three thousand dollars ($3,000)] for each acre or fraction thereof of the area of land affected, with a minimum bond of *ten thousand dollars ($10,000)* [five thousand dollars ($5,000)], conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations of the department. In determining the amount of the bond [within the above limits,] the department shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading and reclamation to be required *and the probable difficulty of reclamation giving consideration to such factors as topography, geology, hydrology, and revegetation potential. The bond amount shall initially be computed to be sufficient to assure completion of reclamation if the work had to be performed by the department in the event of forfeiture. The department shall promulgate regulations setting forth bonding requirements including, but not limited to, requirements for the amount, duration, release, and forfeiture of such bonds. Where a surface coal mining operation affects two (2) acres or less and* [In a particular instance where] the circumstances are such as to warrant an exception, the department, in its discretion, may reduce the amount of the bond for a particular operation to less than the required minimum.[;]

(14)[(10)] The department shall promulgate rules and regulations setting forth operation requirements for the extraction of coal for commercial purposes where the *surface coal* [strip] mining operation affects two (2) acres or less. Such regulations shall not be more stringent than those imposed on *surface coal* [strip] mining operations affecting more than two (2) acres. All performance, procedural, and notice requirements for strip mining operations which affect two (2) acres or less shall be promulgated by regulation pursuant to this subsection, except the enforcement provisions of KRS 350.130, the penalty provisions of KRS 350.990, the permit requirements in subsection (1) of this section, and the bonding requirements set forth in subsection *(13)* [(9)] of this section.[;]

(15) The department shall promulgate rules and regulations for the permitting of operations with surface effects of underground mining and other surface coal mining and reclamation operations consistent with this section. The department shall recognize the distinct differences between the surface effects of underground mining and strip mining, as also provided in KRS 350.151, in promulgating permitting requirements for these operations; provided, that the department shall require that the areas overlaying underground workings not affected by the operation be permitted only for purposes of subsidence control and shall not be subject to the payment of acreage fees or bond requirements of subsection (13) of this section.

(16)[(11)] Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. The holders of the permit may apply for renewal and such renewal shall be issued (provided that on application for renewal the burden shall be on the opponents of renewal), *subsequent to the fulfillment of* [and] the public notice

requirements of this chapter [shall not apply] unless it is established and written findings by the department are made that:

(a) The terms and conditions of the existing permit are not being satisfactorily met;

(b) The present *surface* [strip] coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;

(c) The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(d) The operator has not provided evidence that the performance bond in effect for *said operation will continue in full force and effect for* any renewal requested in such application as well as any additional bond the department might require; or

(e) Any additional revised or updated information required by the department has not been provided; Prior to the approval of any renewal of permit the department shall provide notice to the appropriate public authorities.[;]

(17)[(12)] If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new [land] areas *of surface disturbance* shall be subject to the full standards applicable to new applications under this chapter.[;]

(18)[(13)] Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made *at least one hundred and twenty (120)* [not later than thirty (30) working] days prior to the expiration of the valid permit.[;]

(19) Notwithstanding any of the provisions of this section, a permit shall terminate if the permittee has not commenced the surface coal mining operations covered by such permit within three (3) years of the issuance of the permit. However, the department may grant reasonable extensions of time upon a showing that such extensions are necessary by reason of litigation precluding commencement of operations, or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface mining operations at such time as the construction of the synthetic fuel or generating facility is initiated.

SECTION 6. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

The secretary of the department for natural resources and environmental protection shall promulgate regulations for the permitting and performance of coal exploration operations which substantially disturb the natural land surface. Such regulations shall include at a minimum provisions for giving notice of intention to explore including a description of the area to be explored and the period of supposed exploration and provisions for reclamation, as required by this chapter, of all land disturbed in the exploration.

(2) Any requirements of public access to records set forth in the Kentucky Revised Statutes to the contrary notwithstanding, the secretary shall order that confidential trade secrets or privileged commercial or financial information in the possession of the department or pursuant to a coal exploration permit remain confidential.

(3) No person or operator shall remove more than two hundred and fifty (250) tons of coal pursuant to a coal exploration permit without the specific written approval of the department.

(4) All persons or operators conducting operations pursuant to this section shall be subject to the applicable provisions of KRS 350.990.

Section 7. KRS 350.070 is amended to read as follows:

(1) Revisions which request extensions of the area covered by the permit, except incidental boundary revisions shall be made by application for another permit. [The department may increase or reduce the area of land affected by an operation under a permit on application by an operator, but an increase shall not extend the period for which an original permit was issued. An operator may, at any time during the term of the permit, apply to the department for an amendment of the permit so as to increase or reduce the acreage affected by it.] The operator shall file an application, [and] map *and revised reclamation plan* in the same form and with the same content as required for an original application under this chapter and shall pay a basic fee set by regulation and bearing a reasonable relationship to the cost of processing the permit application but not to exceed two hundred and fifty dollars ($250), plus a fee set by regulation but not to exceed fifty dollars ($50) for each acre or fraction of an acre for the increase requested, and shall file with the department a supplemental bond in the amount to be determined under the provisions of KRS 350.060 for each acre or fraction of an acre of the increase approved. If the department approves a reduction in the acreage covered by the original or supplemental permit, it shall release the bond for each acre reduced, but in no case shall the bond be reduced below *ten* [five] thousand dollars *($10,000)* [($5,000)], except as provided in subsection *(12)* [(7)] of KRS 350.060. If the department approves a reduction in acreage covered by the original or supplemental permit, it shall transfer the acreage fee for each acre reduced to acreage fees in subsequent permit applications by the operator.

(2) The department shall promulgate regulations specifying the permit application information requirements and procedures, including notice and hearing, which shall apply depending on the scale or extent of a revision; provided, that any permit revisions which propose significant alterations in the reclamation plan shall be subject to the notice and hearing requirements as set forth in the regulations of the department.

Section 8. KRS 350.085 is amended to read as follows:

(1) No application for a permit and no operation shall be approved or allowed by the department if there is found on the basis of the information set forth in the application that the requirements of this chapter or regulations will not be observed or that there is not probable cause to believe that the proposed method of operation, backfilling, grading or reclamation of the affected area can be carried out consistent with the purpose of this chapter;

(2) If the department finds that the overburden on any part of the area of land described in the application for a permit is such that experience in the commonwealth with a similar type of operation upon land with similar overburden shows that substantial deposition of sediment in stream beds, landslides or acid water pollution cannot feasibly be prevented, the department may delete such part of the land described in the application upon which such overburden exists;

(3) Subject to valid existing rights no *surface coal* [strip mining] *operations* [operation] except those which existed on or before August 4, 1977 shall be permitted [to be] within three hundred (300) feet from any occupied dwelling unless waived by the owner thereof, nor within three hundred (300) feet of any public building, school, church, community, or institutional building, public park, or within one hundred (100) feet of a cemetery. Nor shall the department issue a permit if it finds that the operation will constitute a hazard to or do physical damage to a dwelling house, public building, school, church, cemetery, commercial or institutional building, public road, stream, lake or other public property. The department shall delete such areas from the permit application or operation;

(4) *Subject to valid existing rights, no surface coal mining operations except those which existed on or before August 4, 1977, shall be permitted* [The department shall not give approval to strip mine any area which is] within one hundred (100) feet of the outside right-of-way line of any public road, except where mine access roads or haulage roads join such right-of-way line and except that the department *shall* [may] permit such roads to be relocated or the area affected to lie within one hundred (100) feet of such road, if after public notice and opportunity for public hearing in the locality a written finding is made that the interest of the public and the land owner affected thereby will be protected, and shall not approve the application for a permit where the strip mining operation will adversely affect a wild river established pursuant to KRS Chapter 146, [or] a state[, national or interstate] park *or place listed on the national register of historic places* unless adequate screening and other measures as approved by the department are incorporated into the permit application.

(5) Subject to valid existing rights no surface coal mining operations except those which existed on August 4, 1977, shall be permitted on any privately owned lands within the boundaries of units of the national park system, the national wildlife refuge systems, the national system of trails, the national wilderness preservation system, the wild and scenic rivers system, including study rivers designated under section 5(a) of the wild and scenic rivers act and national recreation areas designated by act of congress.

(6) If based on the information provided pursuant to KRS 350.060(5)(h) and other relevant information, the department finds that any surface coal mining and reclamation operation owned or controlled by the applicant is currently in violation of this chapter or other requirements listed pursuant to KRS 350.060(5)(h), the department shall not issue the permit or permit renewal until the applicant submits proof satisfactory to the department that such violation has been corrected or is in the process of being corrected. It shall be grounds to deny a permit or permit renewal if the department, based on any information available to it and after a hearing, makes a finding that the applicant, or the operator specified in the application has demonstrated a pattern of willful violations pursuant to KRS 350.130(3).

Section 9. KRS 350.090 is amended to read as follows:

(1) Under the provisions of this chapter and regulations adopted by the department, an operator shall prepare and carry out a method of operation, plan of grading and backfilling and a reclamation plan for the area of land affected by his operation. In developing a method of operation, and the plans of backfilling, grading and reclamation, all measures shall be taken to eliminate damages to members of the public, their real and personal property, public roads, streams and all other public property from soil erosion, rolling stones and overburden, water pollution and hazards dangerous to life and property. The *permit application containing the required plans and other information as required* [plan] shall be submitted to the department and, *except for applications or renewals submitted in compliance with KRS 350.060(2),* the department shall notify the applicant by certified mail, return receipt requested or by registered mail within *sixty-five (65)* [thirty (30)] working days after receipt of *a* [the plan and] complete application if it is or is not acceptable. *Provided, however, that in the event that applicable notice, hearing and conference procedures prevent a decision from being issued within the sixty-five (65) working day period, the department shall have additional*

reasonable time to issue its decision, but not to exceed twenty (20) days from the completion of the notice, hearing and conference procedures. If the plan is not acceptable, the department shall set forth the reasons for which the *application or plans are* [plan is] not acceptable and it may propose modifications, delete areas or reject the entire *application* [plan]. Should the applicant disagree with the decision of the department, he may, by written notice, request a hearing conducted by the department in the manner provided by KRS 224.083. The department shall notify the applicant by certified mail, return receipt requested or by registered mail within twenty (20) days after the hearing of its decision. Any person aggrieved by a final order of the department may appeal through the courts as set forth in KRS 224.085.

(2) No operator shall throw, dump, pile or permit the dumping, piling or throwing or otherwise placing any overburden, stones, rocks, coal, particles of coal, earth, soil, dirt, debris, trees, wood, logs, or any other materials or substances of any kind or nature beyond or outside of the area of land which is under permit and for which bond has been posted under KRS 350.060 or place such materials herein described in such a way that normal erosion or slides brought about by natural physical causes will permit such materials to go beyond or outside of the area of land which is under permit and for which bond has been posted under KRS 350.060.

Section 10. KRS 350.093 is amended to read as follows:

(1) [Additional restoration work may be required by the department according to regulations adopted by the department;

(2)] As determined by regulations of the department, time limits shall be established requiring backfilling, grading and planting to be kept current, *such that all reclamation efforts proceed in an environmentally sound manner and as contemporaneously as practicable under regulations promulated by the department.* All backfilling and grading shall be completed before necessary equipment is moved from the operation*; provided however that the department may for good cause approve the moving of equipment before all backfilling and grading is completed.*

(2)[(3)] If the operator or other person desires to conduct drift mining *or other underground mining* upon the premises or use the openings for haulageways or other lawful purposes, the operator may designate locations to be used for such purposes at which places it will not be necessary to backfill as herein provided for until such drift *or other underground* mining or other use is completed, during which time the bond on file for that portion of the operation shall not be released. That portion of such locations shall be described and designated on the map attached thereto*; Provided, that where the operator or other person wishes to combine surface operations with underground mining operations to assure maximum practical recovery of coal resources, the department may grant a variance, pursuant to regulations promulgated by the department, for specific areas within the reclamation plan from the requirement that reclamation efforts proceed pursuant to subsection (2) of this section so as to permit underground mining operations prior to reclamation.*

(3) The department may release in whole or in part the reclamation bond or deposit for a particular operation if the department is satisfied that the reclamation covered by the bond or deposit or portion thereof has been accomplished as required by this chapter. Such bond releases shall be made in accordance with the following schedule:

(a) When the operator completes the backfilling, regrading, and drainage control of a bonded area in accordance with his approved reclamation plan, the release of sixty percent (60%) of the bond or collateral for the applicable permit area.

(b) After revegetation has been established on the regraded mined lands in accordance with the approved reclamation plan. When determining the amount of bond to be released after successful revegetation has been established, the department shall retain that amount of the bond for the revegetated area which would be sufficient for a third party to cover the cost of reestablishing revegetation; such amount shall be retained for the period specified for operator responsibility for reestablishing revegetation. No part of the bond or deposit shall be released under this subsection so long as the lands to which the release would be applicable are contributing suspended solids to streamflow or runoff outside the permit area in excess of requirements set by this chapter or until soil productivity for prime farm lands has returned to levels of yield equivalent to those of unmined land of the same soil type in the surrounding area under equivalent management practices as determined from such soil surveys as may be required to be included in the permit application. Where a sedimentation pond is to be retained as a permanent impoundment, the portion of bond may be released under this subsection so long as provisions for sound future maintenance by the operator or the landowner have been made with the department.

(c) When the operator has completed successfully all surface coal mining and reclamation activities, the release of the remaining portion of the bond, but not before the expiration of the period specified for operator responsibility. Provided, however, that no bond shall be fully released until all reclamation requirements of this chapter are fully met.

[(4) When the backfilling and grading have been completed and approved by the department and the soil ph level required by department regulations has been satisfied, the secretary shall release the bond which was filed for that portion of such operation in its full amount less three hundred dollars ($300) per acre, which shall be retained by the department until such time as the planting and revegetation is done according to law and approved by the department, at which time the secretary shall release the bond in the remaining amount of three hundred dollars ($300) per acre.]

(4) Upon application by a permittee for total or partial bond release, the department shall notify the municipality where the surface coal mining operation is located, pursuant to regulations promulgated by the department.

(5)(a) Upon receipt of the notification and request, the department shall within thirty (30) days conduct an inspection and evaluation of the reclamation work involved. Such evaluation shall consider, among other things, the degree of difficulty to complete any remaining reclamation, whether pollution of surface or subsurface water is occurring, the probability of continuance of future occurrence of such pollution, and the estimated cost of abating such pollution. The department shall notify the permittee in writing of its decision to release or not to release all or part of the performance bond or deposit within sixty (60) days from the filing of the request, if no public hearing is held pursuant to subsection (6) of this section, and if there has been a public hearing held pursuant to subsection (6) of this section, within thirty (30) days thereafter.

(5)(b) If the department disapproves the application for release of the bond or portion thereof, the department shall notify the permittee, in writing, stating the reasons for disapproval and recommending corrective actions necessary to serve said release and allowing opportunity for a public hearing.

(6) Any person having a valid legal interest which might be adversely affected by release of the bond, and the responsible officer or head of any governmental agency so designated by department regulations, shall have the right to file written objections to the proposed bond release with the department, and to request a hearing in accordance with procedural regulations promulgated by the department.

Section 11. KRS 350.095 is amended to read as follows:

The operator shall assume responsibility for successful revegetation as required in KRS 350.435 for such a period as defined pursuant to regulations promulgated by the department. Such regulations shall include provisions to assure compliance with KRS 350.435, 350.093 and other applicable provisions. The department may by regulation set forth different requirements when it approves a long-term, intensive, agricultural postmining land use as part of the mining and reclamation plan. [After the operation has been backfilled, graded and approved by the department, the operator shall prepare the soil and plant vegetation upon the area of the land affected in order to provide a suitable vegetative cover. The seed or plant mixtures, quantities, method of planting, type and amount of lime or fertilizer, and any other measures necessary to provide a suitable vegetative cover shall be defined by regulations of the department.]

Section 12. KRS 350.100 is amended to read as follows:

(1) It shall be the duty of an operator to commence the reclamation of the area of land affected by his operation as *contemporaneously as practicable* [soon as possible] after the beginning of *operations on* [strip mining of] that area in accordance with plans previously approved by the department.[, and to complete such reclamation within twelve (12) months after the permit has expired except that] Such grading, backfilling and water management practices that are approved in the plans shall be kept current with the operation as defined by regulations of the department and no permit *renewal or revision* [or supplement to a permit shall] be issued, if *under the regulations* [in the discretion] of the department, these practices are not current;

(2) If an investigation indicates that planting so as to provide vegetative cover of an area of land affected by *surface coal* [strip] mining may not be successful, *consistent with subsection (1)* the department may authorize the operator to defer such planting until the soil *and/or weather* has become suitable for such purposes [and a yearly report shall be filed with the department indicating the soil conditions until a successful planting or seeding has been completed. It may authorize the operator, with the approval of the department, to do planting to provide vegetative cover for a different area of land in lieu of that covered by his permit. Such different area of land must be land affected by strip mining in the past which has soil that has become suitable for planting, of not less acreage than the land covered by the permit. An application by the operator for authority to plant a different area of land shall identify the different area and shall be accompanied by a map showing its location, area and boundaries. The application shall be accompanied by the written consent of the owner of the land covered by the permit to release the operator from his obligation to provide a vegetative cover for the land covered by the permit. If the division grants the application for the planting of a different area of land and the planting is carried out in accordance with its orders, the operator shall be relieved of his obligation to provide a vegetative cover for the area of land affected by his operation for which a different area of land has been substituted].

Section 13. KRS 350.110 is amended to read as follows:

If the department authorizes an operator to defer planting to provide vegetative cover for an area of land, it shall set the time within which such planting shall be carried out. If the operator has carried out on that area of land the method of operation, *drainage control,* backfilling, grading and reclamation plans approved by the department other than the planting, the department shall issue to the operator and to his surety a release of his surety bond or other securities held on deposit for each acre of land for which such method of operation, backfilling, grading, and reclamation have been carried out, *as provided in the schedule for bond release set forth in KRS 350.093* [and the soil ph level required by department regulations has been satisfied, less the sum of three hundred dollars ($300) for each acre, but in no case shall the bond be reduced below two thousand dollars ($2,000) except as provided in KRS 350.060]. The remaining amount of the bond [of three hundred dollars ($300)] for each acre of land affected shall remain in the possession of the department until a satisfactory *reclamation* [planting] plan has been carried out, or until it has been forfeited by the operator. If the remainder is forfeited, it shall be expended by the department in a planting program for the area of land for which it has been posted; unless the surface rights have been severed from the mineral rights, in which case the remainder of the forfeited bond shall be paid to the surface owner for expenditure in a planting program for the area of land for which the bond has been posted; provided, that no payment shall be made until the planting has been accomplished in the manner required by the department, to the extent of available forfeited funds, and no payment shall be made beyond the actual cost of planting. Provided further, that this section shall not apply in cases where the owner does not desire or is unable to accomplish the work in the manner required by the department. If the operator does not meet the planting requirements but does not want his bond forfeited, he may pay to the department a sufficient sum to cover the remaining reclamation costs and the bond filed by him as surety may then be released by the department.

Section 14. KRS 350.130 is amended to read as follows:

(1) *When any of* [If] any of the requirements of this chapter or rules or regulations adopted pursuant thereto or the orders of the department have not been complied with [within the time limits set by the department or by this chapter], the department shall *forthwith* cause a notice of noncompliance to be *issued* [served] upon the operator.[, or] *The department shall set forth in its notice a reasonable time period but not more than ninety (90) days for the abatement of the violation. If any person or operator has not abated the violation within the time prescribed in the notice of noncompliance, the secretary or other authorized personnel of the department shall issue to said operator or person an order for immediate compliance and cessation of any mining activities or operations which are contributing to the violation. Such order shall require the person or operator to abate the violation in the most expeditious manner possible. The secretary is authorized to promulgate reasonable regulations for the implementation of this section.* Where found necessary, the secretary shall after hearing (except as provided in KRS 224.071) order the suspension of a permit or operation. Such notice or order shall be handed to the person in charge of the operation, and the operator in person or *sent* [served] by certified mail, return receipt requested or by registered mail addressed to the permanent address shown on the application for a permit or if no address is shown on the application, then to the address known to the department. The notice of noncompliance or order of suspension shall specify in what respects the operator has failed to comply with this chapter or the regulations or orders of the department. If the operator has not reached an agreement with the department or has not complied with the requirements set forth in the notice of noncompliance or order of suspension within time limits set therein, the permit may be revoked or the operation terminated, after hearing, by order of the department and the performance bond, if any, shall then be forfeited to the department, except as provided in subsection (2) of this section and in KRS 350.110.

(2) When a bond is forfeited pursuant to the provisions of this chapter, the secretary shall give notice to the attorney general, who shall collect the forfeiture. Bond forfeitures collected in cases where the surface rights have been severed from the mineral rights shall be paid to the surface owner for the purpose of reclaiming in accordance with the provisions of this chapter the same area of land included under the bond; provided, that no payment shall be made until the reclamation has been accomplished in the manner required by the department, to the extent of available forfeited funds, and no payment shall be made beyond the actual cost of reclamation. Provided further, that this section shall not apply in cases where the owner *cannot be located, or* does not desire or is unable to accomplish the work in the manner required by the department.

(3) An operator or person whose mining permit or operation has been revoked, suspended, or terminated *or is at the time of the application in violation of this chapter or other applicable requirements as set forth in KRS 350.085* shall not be eligible to receive another permit or begin another operation or to have suspended permits or operations reinstated until he shall have complied with all the requirements of this chapter *or submitted proof satisfactory to the department under Section 8 of this Act that such violation has been corrected or is in the process of being corrected* in respect to all permits issued him, provided, further, that no operator or person shall be eligible to receive another permit or begin another operation who has forfeited any bond unless the land for which the bond was forfeited has been reclaimed without cost to the state or the operator or person has paid such sum as the department finds is adequate to reclaim such lands. The department shall not issue any [additional] permits to or allow future operations by any operator or person who has *demonstrated a pattern of willful violations of this chapter of such nature and duration with such resulting irreparable damage to the environment as to indicate an intent not to comply with the*

provisions [repeatedly been in noncompliance or violation] of this chapter, or who has permits revoked or operations terminated on more than three (3) occasions *provided that no permit shall be denied on this basis without an opportunity for a hearing. The secretary shall promulgate regulations which implement this section. For the purposes of this section, if a corporate permittee has demonstrated a pattern of willful violations, then any subsequent application for a permit by that corporation, or any person who controls or has controlled that corporation, shall be denied.*

(4) Whenever the secretary or authorized representatives of the department, pursuant to the general authority of KRS 224.071, exercises such authority to order the discontinuance, abatement, alleviation, or cessation of conditions or operations which present a danger to the health or welfare of the people or which result in or are likely to result in damage to natural resources or the environment in exercise of the secretary's enforcement powers and authority under this chapter, the secretary, or an authorized representative of the department, after inspection shall immediately order the cessation of such condition or operation when he determines that the condition or operation creates an imminent danger to the health or safety of the public or that the condition or operation is causing or can reasonably be expected to cause significant imminent environmental harm in violation of this chapter or the regulations pursuant to this chapter, or any permit condition. For purposes of this subsection, "imminent danger to the health and safety of the public" means the existence of any condition or practice, or any violation of a permit or other requirement of this Act in a surface coal mining and reclamation operation, which condition, practice, or violation could reasonably be expected to cause substantial physical harm to persons outside the permit area before such condition, practice, or violation can be abated. A reasonable expectation of death or serious injury before abatement exists if a rational person, subjected to the same conditions or practices giving rise to the peril, would not expose himself or herself to the danger during the time necessary for abatement.

(5) Each provision of this section shall be interpreted and applied consistently with due process of law.

(6) The secretary, or authorized representatives of the department, shall have the power to vacate, amend, modify, or terminate notices of noncompliance and cessation orders, pursuant to regulations promulgated by the department.

Section 15. KRS 350.135 is amended to read as follows:

(1) *No permit issued pursuant to this chapter shall be transferred by sale, assignment, lease, or otherwise except upon the written approval of the department.* [Where one operator succeeds another at any uncompleted operation, either by sale, assignment, lease or otherwise,] The department may release the first operator from all liability under this chapter as to that particular operation: Provided, however, That the successor operator has been issued a permit and has otherwise complied with the requirements of this chapter, and the successor operator assumes as part of his obligation under this chapter, all liability for the reclamation of the area of land affected by the former operator.

(2) *If the department has given its written approval to the transfer, a* successor in interest to a permittee who applies for a new permit within *one hundred and twenty (120)*[thirty (30)] days of succeeding to such interest and who is able to obtain the bond coverage of the original permittee may continue *surface coal* [strip] mining and reclamation operations according to the approved mining and reclamation plan of the original permittee until such successor's application is granted or denied.

(3) The department may promulgate reasonable regulations and administrative procedures to implement this section.

Section 16. KRS 350.150 is amended to read as follows:

(1) In the reclamation of land affected by *surface coal* [strip] mining *operations* for which it has funds available, the department may avail itself of any services which may be provided by other state agencies or by agencies of the federal government, and may compensate them for such services. The department may also receive any federal funds, state funds or any other funds for the reclamation of land affected by *surface coal* [strip] mining *operations*. The department may cause the reclamation work to be done by its own employes or by employes of other governmental agencies, soil conservation districts, or through contracts with qualified persons. Such contracts shall be awarded to the lowest responsible bidder upon competitive bids after reasonable advertisement. The department and any other agency and any contractor under a contract with the department shall have the right of access to the land affected to carry out such reclamation.

(2) Any funds available to the department and any public works program (both funds and services) may be used and expended to reclaim and rehabilitate any lands that have been subjected to *surface coal* [strip] mining *operations* that have not been reclaimed and rehabilitated in accordance with standards set by this chapter or regulations thereunder and which are not covered by bond to guarantee such reclamation.

(3) A person or organization, having qualifications acceptable to the department, may post bond or a cash deposit, in a sum determined by the department, and assume the liability for carrying out the reclamation plan approved by the department in areas where the mining operation and any necessary grading and backfilling have been completed. The department shall then release the bond posted by the operator for such area.

Section 17. KRS 350.151 is amended to read as follows:

(1) The department for natural resources and environmental protection shall promulgate *permanent program* rules and regulations for the *mining and* reclamation of land disturbed or removed by operations resulting from or incident to a mine as defined in KRS 352.010(1)(t). Such regulations shall recognize the distinct differences between the surface effects of underground mining and strip mining, and shall be promulgated pursuant to this *chapter* [section only], and shall be enforced as provided in KRS 350.130 and 350.990. Those activities may include, but not be limited to, the construction of new roads or the improvement or use of existing roads to gain access to the site of such activities and all lands affected by haulage, excavations, workings, impoundments, dams, ventilation shafts, entryways, refuse banks, dumps, stockpiles, overburden piles, spoil banks, culm banks, tailings, holes or depressions, repair areas, storage areas, processing areas, shipping areas and other areas upon which are sited structures, facilities, or other property or materials on the surface but said regulations shall not be more stringent than those applied to strip mining.

(2) The operator shall file with the department a bond payable to the Commonwealth of Kentucky with surety satisfactory to the department in the penal sum to be determined by the department [on the recommendation of the secretary of not less than five hundred dollars ($500) nor more than three thousand dollars ($3,000)] for each acre or fraction thereof of the area of land affected, with a minimum bond of *ten thousand dollars ($10,000)* [five thousand dollars ($5,000)] conditioned upon the faithful performance of the requirements set forth in this section and of the rules and regulations of the department. The department shall accept, in lieu of the surety provided herein, the deposit by the operator of United States government securities, cash, or its equivalent in a sum equal to the principal amount of the required bond, *or a self bond pursuant to regulations promulgated by the department.*

(3) In order to protect the stability of the land, the department shall suspend underground mining activities under urbanized areas, and adjacent to industrial or commercial buildings, major impoundments, or permanent streams, if the department finds imminent danger to inhabitants of said urbanized areas.

SECTION 18. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby created within the Commonwealth of Kentucky an abandoned mine lands program, to be administered within the department for natural resources and environmental protection. The secretary of the department for natural resources and environmental protection is authorized to promulgate regulations necessary to implement this program. The provisions of KRS 350.150, 350.152, 350.154, 350.156(1) and (2), 350.158, 350.161, and 350.163 shall not be applicable to this program.

(2) The department of finance is hereby directed to establish a fund to be known as the abandoned mine reclamation fund (hereinafter referred to as the "fund").

(3) The fund shall consist of amounts deposited in the fund from time to time, including but not limited to:

(a) The reclamation fees levied pursuant to Section 402 of P.L. 95-87 and allocated to the Commonwealth of Kentucky;

(b) Any income derived from or any user charge imposed on or for land reclaimed pursuant to the abandoned mine lands program after the expenses of the program have been deducted;

(c) Donations by persons, corporations, associations, governmental entities and foundations for the purposes of the abandoned mine lands program; and

(d) All other monies as provided for consistent with this chapter.

(4) Monies in the fund may be used for the following purposes:

(b) Acquisition and filling of voids and sealing of tunnels, shafts, and entryways;

(c) Acquisition of land as provided for in this Act;

(d) Studies by state agencies, by contract with public and private organizations to provide information, advice, and technical assistance, including research and demonstration projects, conducted for the purposes of this program;

(e) Restoration, reclamation, abatement, control, or prevention of adverse effects of coal mining which constitute an emergency as provided for in this program;

(f) Administrative expenses of the program to accomplish the purposes of this program; and

(g) All other necessary expenses to accomplish the purposes of this program.

SECTION 19. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

Expenditure of monies from the fund on lands and water eligible pursuant to Section 21 for the purposes of the abandoned mine lands program shall reflect the following priorities in the order stated:

(1) The protection of public health, safety, general welfare, and property from extreme danger of adverse effects of coal mining practices;

(2) The protection of public health, safety, and general welfare from adverse effects of coal mining practices;

(3) The restoration of land and water resources and the environment previously degraded by adverse effects of coal mining practices, including measures for the conservation and development of soil, water (excluding channelization), and woodland resources, fish and wildlife, recreation resources, and economic productivity;

(4) Research and demonstration projects relating to the development of surface mining reclamation and water quality control program methods and techniques;

(5) The protection, repair, replacement, construction, or enhancement of public facilities such as utilities, roads, and recreation and conservation facilities adversely affected by coal mining practices; and

(6) The development of publicly owned land adversely affected by coal mining practices, including land acquired for reclamation as provided in the abandoned mine lands program for recreation and historic purposes, conservation, and open space benefits.

SECTION 20. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

Lands and water eligible for reclamation or drainage abatement expenditures under the abandoned mine lands program are those which were mined for coal or which were affected by such mining, wastebanks, coal processing, or other coal mining processes, and were abandoned or left in an inadequate reclamation status prior to August 3, 1977, and for which there is no continuing reclamation responsibility under the provisions of this chapter.

SECTION 21. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

The department for natural resources and environmental protection shall have the authority to prepare and submit to the secretary, United State department of the interior, reclamation plans, annual projects, applications for federal support, and any other reports or plans which are provided for or required pursuant to title IV of the surface mining control and reclamation act of 1977 (P.L. 95-87).

SECTION 22. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) If the department makes a finding of fact pursuant to the abandoned mine lands program that:

(a) Land or water resources have been adversely affected by past coal mining practices; and

(b) The adverse effects are at a stage where, in the public interest, action to restore, reclaim, abate, control, or prevent should be taken; and

(c) The owners of the land or water resources where entry must be made to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices are not known or readily available; or

(d) The owners will not give permission for the United States, the Commonwealth, political subdivisions, or their agents, employes, or contractors to enter upon such property to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices; then, upon giving notice by mail to the owners if known, or if not known, by posting notice upon the premises and advertising once in a newspaper of general circulation in the municipality or county in which the land lies, the department and its authorized representatives, agents, and contractors shall have the right to enter upon the property adversley affected by past coal mining practices, and any other property to have access to such property to do all things necessary or expedient to restore, reclaim, abate, control, or prevent the adverse effects. Such entry shall be construed as an exercise of the police power for the protection of public health, safety, and general welfare and shall not be construed as an act of condemnation of property nor of trespass thereon. The monies expended for such work and the benefits accruing to any such premises so entered upon shall be chargeable against such land and shall mitigate or offset any claim in or any action brought by any owner of any interest in such premises for any alleged damages by virtue of such entry: provided, however, that this provision is not intended to create new rights of action or eliminate existing immunities.

(2) The department and its authorized representatives, agents, and contractors shall have the right to enter upon any property for the purpose of conducting studies or exploratory work to determine the existence of adverse effects of past coal mining practices and to determine the feasibility of restoration, reclamation, abatement, control, or prevention of such adverse effects. Such entry shall be construed as an exercise of the police power for the protection of public health, safety, and general welfare, and shall not be construed an an act of condemnation of property nor trespass thereon.

(3) The Commonwealth shall have the power to acquire, by purchase, donation, devise, or condemnation, any land which is adversely affected by past coal mining practices if acquisition of such land is necessary for successful reclamation and that:

(a) The acquired land, after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices, will serve recreation and historic purposes, conservation and reclamation purposes or provide open space benefits; or

(b) Permanent facilities such as a treatment plant or a relocated stream channel will be constructed on the land for the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices; or

(c) Acquisition of coal refuse disposal sites and all coal refuse thereon will serve the purposes of this Act or that public ownership is desirable to meet emergency situations and prevent recurrences of the adverse effects of past coal mining practices.

(4) Title to all lands acquired pursuant to this section shall be in the name of the Commonwealth. The price paid for the land acquired under this section shall reflect the market value of the land as adversely affected by past coal mining practices. The Commonwealth may exercise the power of eminent domain against such land by filing a condemnation suit under the procedure of the eminent domain act of Kentucky. Provided, that when the Commonwealth acquires land adversely affected by past coal mining practices pursuant to the abandoned mine lands program and when such abandoned mine reclamation fund monies are less than the purchase price, the Commonwealth shall be authorized to use whatever funds are available pursuant to KRS 350.156(3).

(5) The department for natural resources and environmental protection may receive any federal, state, or other funds for the purpose of reclaiming lands affected by past coal mining practices, including federal funds made available to it pursuant to title IV of the surface mining control and reclamation act of 1977 (P.L. 95-87). The department may avail itself of any services which may be provided by other state agencies or the federal government, and may compensate them for such services.

(6) The department shall have the power to backfill, grade, revegetate, and perform other acts of restoration and reclamation on lands acquired pursuant to this section. The department may cause the reclamation work to be done by its own employes or by employes of other governmental agencies or soil conservation districts, or through contracts with qualified persons. Such contracts shall be awarded pursuant to regulation promulgated by the department. The department and any other agency and any contractor under a contract with the department shall have the right of access to the land affected to carry out such reclamation.

(7) Where land acquired pursuant to this section is deemed to be suitable for industrial, commercial, residential, or recreational development, the Commonwealth shall have the power to sell such land by public sale under a system of competitive bidding, at not less than fair market value and under such regulations as may be promulgated to insure that such lands are put to proper use consistent with local and state land use plans, if any. The proceeds of any such sale shall be credited to the abandoned mine reclamation fund. The department, when requested after appropriate public notice, shall hold a public hearing, with the appropriate notice, in the county or counties in which lands acquired pursuant to this section are located. The hearings shall be held at a time which shall afford local citizens and governments the maximum opportunity to participate in the decision concerning the use or disposition of the lands after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices.

(8) In addition to the authority to acquire and reclaim land for the purposes set forth in subsection (3) of this section, the Commonwealth is given authority to use money in the fund to acquire land by purchase, donation, devise, or condemnation and to reclaim such land and to transfer it to any political subdivision of the Commonwealth or to any person, firm, association, or corporation, if such is an integral and necessary element of an economically feasible plan for a project to construct or rehabilitate housing for persons disabled as the result of employment in the mines or work incidental thereto, persons displaced by acquisition of land pursuant to this section, persons dislocated as the result of adverse effects of coal mining practices which constitute an emergency as provided in Section 25 of this Act, or persons dislocated as the result of natural disasters or catastrophic failures from any cause, or any related commercial, industrial, agricultural, recreational, or governmental use facilities. Such activities shall be accomplished under such terms and conditions as the Commonwealth shall require, which may include transfers of land with or without monetary consideration. Provided, that to the extent that the consideration is below the fair market value of the land transferred, no portion of the difference between the fair market value and the consideration shall accrue as a profit to such persons, firm, association, or corporation. No part of the funds provided under the abandoned mine reclamation fund may be used to pay the actual construction costs of housing.

(9) All acquisitions and disposals of land or any interests therein pursuant to the authority granted by this section shall be governed by the applicable provisions of KRS Chapters 45 and 56.

SECTION 23. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) Within six (6) months after the completion of projects to restore, reclaim, abate, control, or prevent adverse effects of past coal mining practices on privately owned land, the department shall itemize the monies so expended and may file a statement thereof in the office of the county in which the land lies which

has the responsibility under local law for the recording of judgments against land, together with a notarized appraisal by an independent appraiser of the value of the land before the restoration, reclamation, abatement, control, or prevention of adverse effects of past coal mining practices if the monies so expended shall result in a significant increase in property value. Such statement shall constitute a lien upon the said land. The lien shall not exceed the amount determined by the appraisal to be the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices. No lien shall be filed against the property of any person, in accordance with this section, who owned the surface prior to May 2, 1977, and who neither consented to nor participated in nor exercised control over the mining operation which necessitated the reclamation performed hereunder. The department may waive the lien consistent with its regulations.

(2) The landowner may proceed as provided by local law to petition within sixty (60) days of the filing of the lien, to determine the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices. The amount reported to be the increase in value of the premises shall constitute the amount of the lien and shall be recorded with the statement herein provided. Any party aggrieved by the decision may appeal as provided by local law.

(3) The lien provided in this section shall be entered in the county office in which the land lies and which has responsibility under local law for the recording of judgments against land. Such statement shall constitute a lien upon the said land as of the date of the expenditure of the monies and shall have priority as a lien second only to the lien of real estate taxes imposed upon said land.

SECTION 24. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) The department is authorized to fill voids, seal abandoned tunnels, shafts, and entryways, and reclaim surface impacts of underground or surface mines which the secretary determines could endanger life and property, constitute a hazard to the public health and safety, or degrade the environment, with such monies as may become available under the abandoned mine reclamation fund.

(2) The Commonwealth may acquire by purchase, donation, devise, easement, or otherwise such interest in land as necessary to carry out the provisions of this section and may dispose of acquired land in a manner consistent with the purposes of the abandoned mine lands program.

SECTION 25. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) The department is authorized to expend monies from the fund for the emergency restoration, reclamation, abatement, control, or prevention of adverse effects of coal mining practices, on eligible lands, if the department makes finding of fact that:

(a) An emergency exists constituting a danger to the public health, safety, or general welfare; and

(b) No other person or agency will act expeditiously to restore, reclaim, abate, control, or prevent the adverse effects of coal mining practices.

(2) The department, its agents, employes, and contractors shall have the right to enter upon any land where the emergency exists and any other land to have access to the land where the emergency exists to restore, reclaim, abate, control, or prevent the the adverse effects of coal mining practices and to do all things necessary or expedient to protect the public health, safety, or general welfare. Such entry shall be construed as an exercise of the police power and shall not be construed an an act of condemnation of property nor of trespass thereof. The monies expended for such work and the benefits accruing to any such premises so entered upon shall be chargeable against such land and shall mitigate or offset any claim in or any action brought by any owner of any interest in such premises for any alleged damages by virtue of such entry. Provided, however, that this provision is not intended to create new rights of action or eliminate existing immunities.

SECTION 26. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) The department shall have the power and authority, if not granted it otherwise, to engage in any work and to do all things necessary or expedient, including promulgation of rules and regulations, to implement and administer the provisions of the abandoned mine lands program.

(2) The department shall have the power and authority to engage in cooperative projects under the program with any agency of the United States, any state and their governmental agencies.

(3) The department may initiate, in addition to any other remedies provided for in this chapter, in any court of competent jurisdiction, an action in equity for an injunction to restrain any interference with the exercise of the right to enter or to conduct any work provided in the abandoned mine lands program.

(4) The department shall have the power and authority to construct and operate facilities for the control and treatment of water pollution resulting from mine drainage. The extent of this control and treatment may be dependent upon the ultimate use of the water: provided, that the above provisions of this subsection shall not be deemed in any way to repeal or supersede any portion of the federal water pollution control

act (33 U.S.C.A. 1151, et seq. as amended) and no control or treatment under this subsection shall in any way be less than that required under the federal water pollution control act. The construction of facilities may include major interceptors and other facilities appurtenant thereto.

(5) The department may transfer funds to other appropriate state agencies, in order to carry out the reclamation activities authorized by the abandoned mine lands program.

Section 27. KRS 350.156 is amended to read as follows:

(1) After restoration of the acquired land, the department of environmental protection may, with the approval of the governor, transfer jurisdiction of such land, or any portion thereof, to any state agency that can best utilize such land for public purposes.

(2) If the retention of such land is determined to be impractical, the department of environmental protection, may, with the approval of the governor, sell such land to political subdivisions of the commonwealth at the cost of acquisition and restoration or public sale to the highest bidder. Such land shall be sold subject to the condition that no strip mining shall be carried on thereon at any time thereafter. The proceeds of any such sale shall be credited to a revolving fund within the department.

(3) Whenever the department expends funds pursuant to this section in order to satisfy the total purchase price for lands purchased pursuant to Section 22 of this Act, the department may return to the revolving fund any monies so used upon resale or other transfer of such land.

Section 28. KRS 350.200 is amended to read as follows:

All *surface coal mining operations* [strip mines] operating under a permit from the division shall display appropriate signs *at the entrances, clearly setting forth the name, business address, phone number of the permittee and the permit number of the surface coal mining and reclamation operations, as required by regulations of the department* [at the points of access to each operation adjacent to the nearest public highway. These signs shall be at least two (2) feet by four (4) feet, constructed of a wooden or other durable material, and clearly identify the name of the operator and number of his strip mining permit]. Such signs shall be maintained during the life of the operation. [Failure to post such sign shall be grounds for the revocation of the permit.]

Section 29. KRS 350.250 is amended to read as follows:

Any citizen of this Commonwealth having knowledge that any of the provisions of this chapter or regulations adopted thereunder are [wilfully and deliberately] not being enforced by any public officer or employe, whose duty it is to enforce such provisions of this chapter and regulations thereunder, may bring such failure to enforce the law to the attention of such public officer or employe. To provide against unreasonable and irresponsible demands being made, all such demands to enforce the law must be in writing, under oath, with facts set forth specifically stating the nature of the failure to enforce the law. [Any person who wilfully and knowingly states false facts and charges in such affidavit shall be subject to penalties provided under the law for perjury.] If such public officer or employe neglects or refuses for any unreasonable time *but in no event longer than sixty (60) days* after demand to enforce such provision, any such citizen shall have the right to bring an action of mandamus in the circuit court of the county in which the operation which relates to the alleged lack of enforcement is being conducted*; Provided, that any action pursuant to this section may be brought immediately after a demand for enforcement when the violation or order complained of constitutes an imminent threat to the health or safety of the complaining citizen or would immediately affect a legal interest of the complaining citizen.* The court, if satisfied that any provision of this chapter or regulation thereunder is not being enforced, shall make an appropriate order compelling the public officer or employe, whose duty it is to enforce such provision, to perform his duties, and upon failure to do so such public officer or employe shall be held in contempt of court and shall be subject to the penalties provided by the laws of the Commonwealth in such cases.

(2) The court having jurisdiction of a complaint made pursuant to subsection (1) of this section may in its final order award costs of litigation (including attorney and expert witness fees) to any party, whenever the court determines such an award is appropriate.

(3) Any person who is or may be adversely affected by the violation by any person of any rule, regulation, order or permit issued pursuant to this chapter may bring a civil action (including reasonable attorney and expert witness fees) in the circuit court of the county in which the surface coal mining operation complained of is located.

Section 30. KRS 350.410 is amended to read as follows:

Except as provided in KRS 350.450(2)(a) to (e), the operator shall with respect to all *surface coal* [strip] mining operations backfill compact, (where advisable to insure stability or to prevent leaching of toxic materials), and grade in order to restore the approximate original contour of the land with all highwalls, spoil piles, and depressions eliminated (unless small depressions are needed in order to retain moisture to assist revegetation or as otherwise authorized pursuant to this chapter); provided, however, that in *surface coal* [strip] mining which is carried out at the same location over a substantial period of time where the operation transects the coal deposit, and the thickness of the coal deposits relative to the volume of the overburden is large and where the operator demonstrates that the overburden and other spoil and waste materials at a particular point in the permit area or otherwise available from the entire permit area is insufficient, giving due consideration to volumetric expansion, to restore the approximate original contour, the operator, at a minimum, shall backfill, grade, and compact (where advisable) using all available overburden and other spoil and waste materials to attain the lowest practicable grade but not more than the angle of repose, to provide adequate drainage and to cover all acid-forming and other toxic materials, in order to achieve an ecologically sound land use compatible with the surrounding region; and, provided further, that in *surface coal* [strip] mining where the volume of overburden is large relative to the thickness of the coal deposit and where the operator demonstrates that due to volumetric expansion the amount of overburden and other spoil and waste materials removed in the course of the mining operation is more than sufficient to restore the approximate original contour, the operator shall after restoring the approximate contour, backfill, grade, and compact (where advisable) the excess overburden and other spoil and waste materials to attain the lowest grade but not more than the angle of repose, and to cover all acid-forming and other toxic materials, in order to achieve an ecologically sound land use compatible with the surrounding region and that such overburden or spoil shall be shaped and graded in such a way as to prevent slides, erosion, and water pollution and shall be revegetated in accordance with the requirements of this chapter.

Section 31. KRS 350.420 is amended to read as follows:

The operator shall minimize disturbances to the prevailing hydrologic balance at the mine-site and in associated offsite areas and to the quality and quantity of water in surface and ground water systems both during and after *surface coal* [strip] mining operations and during reclamation by:

(1) Avoiding acid or other toxic mine drainage by such measures as, but not limited to:

(a) Preventing or removing water from contact with toxic producing deposits;

(b) Treating drainage to reduce toxic content which adversely affects downstream water upon being released to water courses; and

(c) Casing, sealing, or otherwise managing boreholes, shafts, and wells and keeping acid or other toxic drainage from entering ground and surface waters;

(2) Conducting *surface coal* [strip] mining operations so as to prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow, or runoff outside the permit area, but in no event shall contributions be in excess of requirements set by applicable state or federal law;

(3) Constructing any siltation structures pursuant to subsection (2) of this section prior to commencement of *surface coal* [strip] mining operations, such structures to be certified by a qualified registered engineer to be constructed as designed and as approved in the reclamation plan;

(4) Cleaning out and removing temporary or large settling ponds or other siltation structures from drainways after disturbed areas are revegetated and stabilized, and depositing the silt and debris at a site and in a manner approved by the department;

(5) Restoring recharge capacity of the mined area to approximate premining conditions;

(6) Avoiding channel deepening or enlargement in operations requiring the discharge of water from mines; and

(7) Such other actions as the department may prescribe.

Section 32. KRS 350.440 is amended to read as follows:

The operator shall place all excess spoil material resulting from *surface coal* [strip] mining and reclamation *operations* [activities] pursuant to *this chapter* [KRS 350.445(2)] in the following manner:

(1) Spoil is transported and placed in a controlled manner in position for concurrent compaction and in such a way as to assure mass stability and to prevent mass movement;

(2) The areas of disposal are within the bonded permit areas and all organic matter shall be removed immediately prior to spoil placement;

(3) Appropriate surface and internal drainage systems and diversion ditches are used so as to prevent spoil erosion and movement;

(4) The disposal area does not contain springs, natural water courses, or wet-weather seeps unless lateral drains are constructed from the wet area to the main underdrains in such a manner that filtration of the water into the spoil pile will be prevented;

(5) If placed on a slope, the spoil is placed upon the most moderate slope among those upon which, in the judgment of the department, the spoil could be placed in compliance with all the requirements of this chapter and shall be placed, where possible, upon, or above, a natural terrace, bench, or berm, if such placement provides additional stability and prevents mass movement;

(6) Where the toe of the spoil rests on a downslope, a rock toe buttress of sufficient size to prevent mass movement is constructed;

(7) The final configuration is compatible with the natural drainage pattern and surroundings and suitable for intended uses;

(8) Design of the spoil disposal area is certified by a qualified registered professional engineer in conformance with professional standards; and

(9) All other provisions of this chapter are met.

Section 33. KRS 350.450 is amended to read as follows:

(1) If the area proposed to be mined contains prime farmland as defined in Public Law 95-87, "surface mining control and reclamation act of 1977," then no permit shall be issued unless it complies with Section 510(d)(1) therein. Nothing in this subsection shall apply to any permit issued prior to August 3, 1977, or to any revisions or renewals thereof, or to any existing *surface coal* [strip] mining operations for which a permit was issued prior to August 3, 1977. Nothing herein shall be construed as authorizing the department to promulgate regulations more stringent than those promulgated pursuant to PL 95-87 relating to prime farmland.

(2) Where a strip mining operation will remove an entire coal seam or seams running through the upper fraction of a mountain, ridge, or hill by removing all of the overburden and creating a level plateau or a gently rolling contour with no highwalls remaining, the operation shall comply with the requirements of subsections (2)(c) and (d) of this section without regard to the requirements of KRS 350.410 or 350.445(2) and (3) with respect to lands from which overburden and the coal seam being mined have not been removed; provided, however, the department shall establish internal procedures pursuant to which it shall permit strip mining operations for the purposes set forth in subsection (2)(b) of this section.

(a) Where an applicant meets the requirements of subsections (2)(b) and (c) of this section a permit without regard to the requirements to restore to approximate original contour set forth in KRS 350.410 or 350.445(2) and (3) may be granted for the *surface coal* [strip] mining *operations* [of coal] where the mining operation will remove an entire coal seam or seams running through the upper fraction of a mountain, ridge, or hill, except as provided in subsection *(c)(1)* [(3)(d)] of this section, by removing all of the overburden and creating a level plateau or a gently rolling contour with no highwalls remaining and capable of supporting postmining uses in accord with the requirements of this subsection.

(b) In cases where an industrial, commercial, agricultural, residential, or public facility *(*[,]including recreational facilities*)*[,] use is proposed for the postmining use of the affected land, the department may grant a permit for a *surface coal* [strip] mining operation of the nature described in subsection (2)(a) of this section where:

1. After consultation with the appropriate land use planning agencies, if any, the proposed postmining land use is deemed by the department to constitute an equal or better economic or public use of the affected land as compared with premining use;

2. The applicant presents specific plans for the proposed postmining land use and appropriate assurances that the land use will be:

a. Compatible with adjacent land uses;
b. Obtainable according to data regarding expected need and market;
c. Assured of investment in necessary public facilities;
d. Supported by commitments from public agencies where appropriate;
e. Practicable with respect to private financial capability for completion of the proposed use;
f. Planned pursuant to a schedule attached to the reclamation plan so as to integrate the mining operation and reclamation with the postmining land use; and
g. Designed by a registered engineer in conformance with professional standards established to assure the stability, drainage, and configuration necessary for the intended use of the site;

3. The proposed use would be consistent with adjacent land uses and existing state and local land use plans; and

4. The department provides the governing body of the unit of general-purpose government in which the land is located, and any state or federal agency which the department in its discretion determines to have an interest in the proposed use, an opportunity of not more than thirty (30) days to review and comment on the proposed use; and

5. All other requirements of this chapter will be met.

(c) In granting any permit pursuant to this subsection the following requirements apply:

1. The toe of the lowest coal seam and the overburden associated with it are retained in place as a barrier to slides and erosion;

2. The reclaimed area is stable;

3. The resulting plateau or rolling contour drains inward from the outslopes except at specified points;

4. No damage will be done to natural watercourses;

5. Spoil will be placed on the mountaintop bench as is necessary to achieve the planned postmining land use; provided, that all excess spoil material not retained on the mountaintop shall be placed in accordance with the provisions of KRS 350.440; and

6. Insure stability of the spoil retained on the mountaintop and meet the other requirements of this chapter.

(d) The *regulatory authority shall promulgate specific regulations to govern the granting of permits in accord with the provisions of this subsection* [requirements of all regulations promulgated under this subsection are met].

(e) All permits granted under the provisions of this subsection shall be reviewed not more than three (3) years from the date of issuance of the permit, unless the applicant affirmatively demonstrates that the proposed development is proceeding in accordance with the terms of the approved schedule and reclamation plan.

(3) (a) The department shall adopt procedures pursuant to which it may permit variances *from the requirements of KRS 350.410* for the purposes set forth in subsection (3)(c) of this section, provided that the watershed control of the area is improved, and further provided, complete backfilling with spoil material shall be required to cover completely the highwall, which material will maintain stability following mining and reclamation.

(b) Where an applicant meets the requirements of subsection (3)(c) of this section, a variance from the requirement to restore the approximate original contour set forth in KRS *350.410 and* 350.445(2) may be granted for *surface coal mining operations* [the strip mining of coal] where the owner of the surface knowingly requests in writing, as a part of the permit application, that such a variance be granted so as to render the land, after reclamation, suitable for an industrial, commercial, residential, or public use, including recreational facilities[, in accord with the further provisions of subsections (3)(c) and (d) of this section].

(c) After consultation with the appropriate land use planning agencies, if any, the potential use of the affected land shall:

1. Be deemed by the department to constitute an equal or better economic or public use;
2. Be designed and certified by a qualified registered professional engineer in conformance with professional standards established to assure the stability, drainage, and configuration necessary for the intended use of the site; and
3. The watershed of the affected land be deemed by the department to be improved.

(d) In granting a variance pursuant to subsection (3)*(b)* of this section, the department shall require that only such amount of spoil will be placed off the mine bench as is necessary to achieve the planned postmining land use, insure stability of the spoil retained on the bench, meet all other requirements of this chapter, and require all spoil placement off the mine bench to comply with KRS 350.440.

(e) The department shall promulgate specific regulations as it deems necessary, if any, to govern the granting of variances in accord with the provisions of this subsection and may impose such additional requirements as it deems to be necessary.

(f) All exceptions granted under the provisions of this subsection shall be reviewed not more than three (3) years from the date of issuance of the permit, unless the permittee affirmatively demonstrates that the proposed development is proceeding in accordance with the terms of the reclamation plan.

(4) Strip and underground coal mining operations in operation pursuant to a permit issued before August 4, 1977, issued to a person as defined in KRS 350.010(7) in existence prior to May 2, 1977, and operated by a person whose total annual production of coal from surface [and underground] coal mining operations does not exceed one hundred thousand (100,000) tons shall not be subject to the provisions set forth in KRS 350.400 and subsection (2) of this section, except with reference to the provision of KRS 350.445(1), until January 1, 1979. The department shall certify qualified applicants pursuant to this subsection.

(5) The department shall adopt programs, regulations, and procedures designed to provide technical assistance to assist the small coal operator with the permitting and environmental protection performance standards for *surface* [strip and underground] coal mining operations within the Commonwealth. Such programs shall be directed towards eliminating delays in the processing of permits by establishing a special administrative program to review small operator's permit applications and by establishing a procedure for providing the small operator access to special technical services necessary for completing the permit application. For the purposes of this subsection, a small coal operator is one who is anticipated to mine less than 200,000 tons per year, and the department in determining tonnage for qualification shall consider all production from common ownership of other corporations or operations. Upon written notification by the small coal operator to the department stating that no more mining will take place under a permit, the department shall release a portion of the bond in accordance with KRS 350.070. In making its determinations pursuant to KRS 350.070 the department shall:

(a) Determine the percentage of the permitted acreage in the area of reduction in relation to the initial acreage of the permit;

(b) Examine the land which has been disturbed and estimate the cost of reclamation;

(c) When the estimated cost of reclamation does not exceed *ten* [five] thousand dollars *($10,000)* [($5,000)] then the department shall return all bond money in excess of the *ten* [five] thousand dollars *($10,000)* [($5,000)];

(d) When the estimated cost of reclamation exceeds *ten* [five] thousand dollars *($10,000)* [($5,000)] the department shall retain the amount estimated and shall return all bond money in excess of the estimated amount but in no case shall the department return more than the amount determined by multiplying the percentage determined under paragraph (a) of this subsection times the original total bond amount.

Section 34. KRS 350.465 is amended to read as follows:

(1) The provisions of this section and regulations promulgated pursuant thereto (except with regard to the mining of clay, limestone, sand, gravel, fluorspar, stone, and rock asphalt) shall apply to the regulation of all surface coal mining and reclamation operations in the Commonwealth in the event that the Commonwealth receives from the United States department of interior and pursuant to the surface mining control and reclamation act of 1977 (PL 95-87) approval of a permanent state regulatory program, and the Commonwealth has promulgated regulations pursuant to this section.

(2) The department for natural resources and environmental protection is hereby authorized and directed to prepare, develop and promulgate a comprehensive permanent regulatory program for the implementation of the surface mining control and reclamation act of 1977 (PL 95-87) for the purpose of accepting and administering primary enforcement responsibilities pursuant to that act. The implementation of this section shall contain procedures similar to the surface mining control and reclamation act of 1977 (PL 95-87) and shall require surface coal mining operation performance standards no more stringent than provided for in that act. Nothing herein shall be construed to empower the department to adopt a regulatory program in conflict with the policy and purposes of the surface mining control and reclamation act of 1977 (PL 95-87). To that end, the department for natural resources and environmental protection shall include in its permanent regulatory program:

(a) Environmental protection performance standards to prevent or minimize the adverse environmental effects of surface coal mining and reclamation operations on the land and water resources of the Commonwealth.

(b) A procedure for designating as being unsuitable for mining certain lands because of their topographical, geological, hydrological, climatological, biological, or chemical characteristics or historical, cultural, scientific or aesthetic values.

(c) Procedures *and regulations* for the allowance of those persons having *an* [a valid legal] interest which is or may be adversely affected to have the opportunity to be heard at every significant or critical part of the administrative and judicial process, *including, but not limited to, the permit review and issuance process, the general enforcement process and hearings incident thereto, and the rulemaking procedures conducted by the department; and procedures and regulations for persons having a valid legal interest which is or may be adversely affected by the setting, release, and inspection of bonds to have an opportunity to be heard at every significant or critical part of the administrative and judicial process relating to bonds. Such regulations shall provide reasonable procedures for notice and an opportunity to be heard, access to minesites, access to records, and other reasonable procedures to accomplish the purposes of this chapter.*

(d) Procedures for the administrative and judicial review of all actions of the department to administer and enforce the provisions of this chapter, *including the award of costs and expenses (including attorney's fees and expert witness fees) by the department or the court.*

(e) Plans and procedures for the reclamation and restoration of land and water resources affected by mining which have been abandoned or inadequately reclaimed to the standards imposed by this section and for which no bond is held or legal obligation to reclaim continues. Such plan shall include provisions for the imposition of liens for necessary reclamation expenditures made on private property.

(f) Procedures for the assumption of the small operator assistance program pursuant to the surface mining control and reclamation act of 1977 (PL 95-87). The department shall assume and implement that program and apply for and administer funds as may be provided pursuant to that act *and such state funds as may be provided for the program.*

(3) In addition to any other authority, power and duty vested in it by law, the department shall have and exercise broad authority, power and duty to:

(a) Require those persons who wish to engage in surface coal mining and reclamation operations to submit application for a permit from the department to conduct such operations, and to include in that application all information required by the department pertaining to that operation.

(b) Issue, deny, *or* modify [or suspend] under such conditions as the department may prescribe, permits to conduct surface coal mining and reclamation operations within the Commonwealth.

(c) Enter and inspect any permitted surface coal mining and reclamation operation or any known or suspected unpermitted mining operation for the purpose of ascertaining compliance with any provision of this section or of the permit.

(d) Order the cessation of mining activities, and if necessary impose affirmative abatement obligations, upon the operator when, upon inspection, the department determines that this section or any permit condition is being or has been violated so as to constitute an imminent and inordinate peril to the welfare of the Commonwealth.

(e) Order an operator to comply with the requirements of this section or his permit if inspection reveals a violation of the conditions of his permit or of any provision of this section.

(f) Order an operator to appear and show cause why his permit should not be *suspended or* revoked and his bond forfeited if the department determines that the operator or the permitted operation has a pattern of violations of this section or permit conditions, and has wilfully violated this section or permit conditions or a pattern of violations exists and that such violations are caused by the permittees' unwarranted failure to comply with this section or permit conditions.

(g) Require, increase, release or decrease, under such conditions as the department may prescribe reclamation performance bonds and cause the forfeiture and collection of those bonds where the permittee has abandoned the operation or for which the permit under which the bond was given has been revoked or has expired without the required reclamation.

(h) To administratively impose, in lieu of those civil penalties provided for in KRS 350.990, civil penalties of up to five thousand dollars ($5,000) per day for violations of permit conditions, this section, or any orders of the department and enforce the administrative assessment of such penalties by initiating civil action in the Franklin circuit court or in any court having jurisdiction of the defendant.

(i) Conduct hearings and make investigations of any matter relating to the regulation of surface coal mining and reclamation operations, *and provide for the assessment and payment of civil penalties including the placement of proposed civil penalty assessments into an escrow account prior to a contest on the amount of the assessment, consistent with the process of law.*

(j) Provide for variances or exceptions *consistent with KRS 350.450* from or in addition to mining performance standards, recognizing the specific characteristics inherent in:

1. Steep slope mining;
2. Mountaintop removal;
3. Relatively low acreage disturbance or annual coal production;
4. Prime farmland mining as defined by the United States department of agriculture, and to provide for other variances where land uses and watersheds will be improved; and
5. Post mining uses different from and as beneficial as the pre-mining uses.

(k) Receive and expend funds or aid from whatever source to accomplish the purposes of this chapter.

(l) Propose and promulgate regulations to accomplish the purposes of this section.

(4) The department shall not promulgate regulations which are inconsistent with the surface mining control and reclamation act of 1977 (PL 95-87).

(5) Any person who violates a provision of this section or the regulations promulgated pursuant thereto shall be subject to those penalties and remedies set forth in KRS 350.990 except as provided for in subsection (3)(h) herein.

Section 35. KRS 350.990 is amended to read as follows:

(1) Any person or operator who violates any of the provisions of this chapter or regulations adopted pursuant thereto or who fails to perform the duties imposed by these provisions, except the refusal or failure to obtain a permit or other authorization as provided herein, or who violates any determination or order promulgated pursuant to the provisions of this chapter, *may* [shall] be liable to a civil penalty of not [less than one hundred dollars ($100) nor] more than five thousand dollars ($5,000) for said violation, and an additional civil penalty of not [less than one hundred dollars ($100) nor] more than *five* [one] thousand dollars *($5,000)* [($1,000)] for each day during which such violation continues, and in addition, may be enjoined from continuing such violations as hereinafter provided in this section*; provided, however, that any operator or person who fails to abate a violation noted in a notice of non-compliance within the time period prescribed for such abatement shall be assessed a civil penalty of not less than seven hundred fifty dollars ($750) for each day during which such violation continues. A civil penalty of not more than five thousand dollars ($5,000) for each day shall be assessed against any person issued an order pursuant to KRS 350.130(4). Each day of continuing violation may be deemed a separate violation for purposes of penalty assessment.* Such penalties shall be recoverable in an action brought in the name of the Commonwealth of Kentucky by the department's office of general counsel, or upon the secretary's request, by the attorney general. The Franklin Circuit Court shall hold concurrent jurisdiction and venue of all civil and injunctive actions instituted by the department or by the attorney general on its behalf for the enforcement of the provisions of this chapter or the orders, rules, and regulations of the department promulgated pursuant thereto. All sums recovered shall be placed in the state treasury.

(2) Any person who engages in strip mining without first securing a permit, as provided in KRS 350.060, or any person who engages in operations without proper authorization, [which shall not be construed to mean permits,] as required by the department pursuant to KRS 350.151 shall be liable to a civil penalty for damages to the Commonwealth of not less than five thousand dollars ($5,000) nor more than twenty-five thousand dollars ($25,000) and in addition, may be enjoined from continuing such violations as hereinafter provided. Each day shall constitute a separate violation. However, the penalties provided for in subsection (1) of this section shall apply in lieu of the penalties provided for in this subsection where an operator through inadvertence has exceeded the boundaries of the permit in effect at that time.

(3) It shall be the duty of the department's office of general counsel or, upon the secretary's request, of the attorney general to bring an action for the recovery of the penalties herein provided for and to bring

an action for a restraining order, temporary or permanent injunction, against any operator or other person violating or threatening to violate any of the provisions of this chapter or violating or threatening to violate any order or determination promulgated pursuant to the provisions of this chapter. The Franklin Circuit Court shall hold concurrent jurisdiction and venue of all civil and injunctive actions instituted by the department or by the attorney general on its behalf for the enforcement of the provisions of this chapter or the orders, rules, and regulations of the department promulgated pursuant thereto.

(4) Any person who shall *knowingly and* wilfully violate any of the provisions of this chapter, except as provided in subsection (5) or any determination or order promulgated pursuant to the sections of this chapter which have become final shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of [not less than five hundred dollars ($500) and] not more than *ten thousand dollars ($10,000) or by imprisonment for not more than one (1) year, or both* [five thousand dollars ($5,000)]. Each day on which such violation occurs *may* [shall] constitute a separate offense.

(5) Any person who, in violation of KRS 350.060, wilfully and knowingly engages in strip mining without first obtaining a permit from the department or any person who wilfully and knowingly engages in operations without proper authorization, [which shall not be construed to mean permits,] as required by the department pursuant to KRS 350.151 with the intent to violate such laws shall be guilty of a Class A misdemeanor and upon conviction thereof shall be imprisoned for a term of up to one (1) year.

(6) Any person who knowingly makes any false statement, representation or certification, or knowingly fails to make any statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained by the department, shall upon conviction be guilty of a misdemeanor and shall be imprisoned for a term of up to one (1) year, or be fined not more than ten thousand dollars ($10,000), or both.

(7) Except as permitted by law, any person who shall wilfully resist, prevent, impede, or interfere with the secretary or other personnel of the department in the performance of duties pursuant to this chapter shall, upon conviction, be fined not more than five thousand dollars ($5,000) or imprisoned for not more than one (1) year, or both.

(8) Whenever a corporate permittee violates any provision of this chapter or regulation issued pursuant thereto or fails or refuses to comply with any final order issued by the secretary, any director, officer, or agent of such corporation who wilfully and knowingly authorized, ordered, or carried out such violation, failure or refusal shall be subject to the same civil penalties, fines, and imprisonment as may be imposed upon a person pursuant to this section.

SECTION 36. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) The secretary of the department for natural resources and environmental protection is hereby authorized to establish a planning process enabling objective decisions based upon competent and scientifically sound data as to which, if any, lands of the Commonwealth are unsuitable for all or certain types of surface coal mining operations pursuant to the standards set forth in this Act: Provided, that any such designation shall not prevent coal or other mineral exploration of any area so designated.

(2) Upon petition and hearing pursuant to subsection (5) of this section, the secretary shall designate an area as unsuitable for all or certain types of surface coal mining operations, if the secretary determines that reclamation pursuant to this chapter is not technologically and economically feasible.

(3) Upon petition and hearing pursuant to subsection (6) of this section, a surface area may be designated unsuitable for certain types of surface coal mining operations if such operations will:

(a) Be incompatible with existing state and local land use plans; or

(b) Affect fragile or historic lands in which such operations could result in significant damage to important historic, cultural, scientific, and esthetic values, and natural systems; or

(c) Affect renewable resource lands in which such operations could result in a substantial loss or reduction of long range productivity of water supply or food or fiber products, and such lands to include aquifers and aquifer recharge areas; or

(d) Affect natural hazard lands in which such operations could substantially endanger life and property, such lands to include areas subject to frequent flooding and areas of unstable geology.

(4) Determinations of the unsuitability of land for surface coal mining shall be integrated as closely as possible with present and future land use planning and regulation processes at any appropriate level of government, including but not limited to any valid exercise of authority of a municipality or county, acting independently or jointly, pursuant to KRS Chapter 100.

(5) The requirements of this Act shall not apply to lands on which coal mining operations were being conducted on August 3, 1977 or under a permit issued pursuant to this chapter or where substantial legal and financial commitments in such operation were in existence prior to January 4, 1977.

(6) Other provisions of this chapter relating to hearings to the contrary notwithstanding, any person having an interest which is or may be adversely affected shall have the right to petition the department to the extent such a petition would be consistent with subsections (2) and (3) of this section, to have an area

designated as unsuitable for surface coal mining operations, or to have such a designation terminated. Such a petition shall contain allegations of facts with supporting evidence which would tend to establish the allegations. Within ten (10) months after the receipt of the petition, the department shall hold a public hearing in the locality of the affected area, after appropriate notice and publication of the date, time, and location of such hearing, pursuant to regulations promulgated by the department to implement this section provided that when a permit application is pending before the department and such application involves an area in a designation petition, the department shall hold the hearing on the petition within ninety (90) days of its receipt. After a person having an interest which is or may be adversely affected has filed a petition and before the hearing, any person may intervene by filing allegations of facts with supporting evidence which would tend to establish the allegations. Within sixty (60) days after such a hearing, the department shall issue and furnish to the petitioner and any other party to the hearing, a written decision regarding the petition, and the reasons therefore. In the event that all petitioners stipulate agreement prior to the requested hearing and withdraw their request, such hearing need not be held.

(7) Prior to designating any land areas as unsuitable for surface coal mining operations, the department shall prepare a detailed statement on:

(a) The potential coal resources of the area; and

(b) The demand for coal resources; and

(c) The impact of such designation on the environment, the economy, and the supply of coal.

(8) Subject to subsection (5) of this section, the department shall not issue a permit to conduct surface coal mining and reclamation operations in contravention of any designation or any decision on any petition pursuant to subsection (6) of this section regarding any surface area designated unsuitable for mining; nor shall the department issue a permit to conduct surface coal mining and reclamation operations in an area under study for such designation in an administrative proceeding already commenced under subsection (6) of this section.

SECTION 37. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) Nothing in this chapter shall be construed as affecting in any way the right of any person to enforce or protect, under applicable law, his interest in water resources affected by a surface coal mining operation.

(2) Each operator of a surface coal mine shall replace the water supply of an owner of interest in real property who obtains all or part of his supply of water for domestic, agricultural, industrial or other legitimate use from an underground or surface source where such supply has been affected by contamination, dimunition, or interruption proximately resulting from such surface coal mine operation.

SECTION 38. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

Any agency, unit, or instrumentality of federal, state, or local government, including any publicly owned utility or publicly owned corporation of federal, state, or local government, which proposes to engage in surface coal mining operations, as defined by KRS 350.010(1), shall comply with the requirements of this chapter.

Section 39. The general assembly finds and declares that an emergency exists because of the federal requirement that state legislation necessary to comply with the provisions of Public Law 95-87, the "surface mining control and reclamation act of 1977," be a validly enacted law on or before June 15, 1980, in order that the state program filing of March 3, 1980, be deemed complete, and that the state law shall be in effect before the United States secretary of interior can approve the state program, or the state's proposed permanent program would otherwise be disapproved by the United States secretary of interior, thereby causing the installation of a federal program in the Commonwealth. Therefore, this legislation shall become a validly enacted law when signed by the governor, and the provisions of this Act, except subsection (3) of KRS 350.060, shall become effective simultaneously with approval of the state program by the United States secretary of interior pursuant to Public Law 95-87, the surface mining control and reclamation act of 1977.

The general assembly further finds and declares that, since it is vitally important to the Commonwealth that the permitting process for surface coal mining operations remains administratively workable an emergency exists and therefore subsection (3) of KRS 350.060 shall become effective immediately upon its passage and approval by the governor.

HB 555, AN ACT relating to alcoholic beverage control.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 242.050 is amended to read as follows:

The proposition to be voted upon shall be stated on the ballot without emblems and two (2) spaces shall be left upon the right side of the ballot, one (1) for votes favoring the proposition, to be designated by the word "Yes," and one (1) for votes opposing it, to be designated by the word "No." The voter shall designate his vote by a cross mark placed opposite the word "Yes" or the word "No." In any election the form of the proposition shall be:

(a) "Are you in favor of the sale of alcoholic beverages by the drink for consumption on the licensed premises in (name of county, city or precinct)?"

(b) "Are you in favor of the sale of alcoholic beverages by the package only for consumption off the licensed premises in (name of county, city or precinct)?"

(c) "Are you in favor of the sale of alcoholic beverages by the package for consumption off the licensed premises and by the drink for consumption on the premises in (name of county, city or precinct)?"

(d) "Are you in favor of the sale of distilled spirits, wine and malt beverages by the drink for consumption on the premises in (name of county or city) by hotels, motels and inns containing not less than fifty (50) sleeping units and having dining facilities for not less than one hundred (100) persons and in restaurants having dining facilities for not less than one hundred (100) persons?"

(e) "Are you in favor of the prohibition of the sale of alcoholic beverages in (name of county, city or precinct)?" [, "Are you in favor of the sale of alcoholic beverages in (name of county or city)?"].

Section 2. KRS 242.125 is amended to read as follows:

(1) In any county in which the provisions of KRS 242.220 to 242.430 are applicable by reason of an election for the entire county having heretofore resulted in favor of prohibition, an election may be held in any city of the first four (4) classes in such county to take the sense of the people of the city as to the discontinuance of prohibition in the city. For this purpose, the election in the city shall not be deemed to be an election in the "same territory" as that in which the county-wide election was held, within the meaning of subsection (5) of KRS 242.030. If, at the election for a city, the majority of the votes cast are against prohibition, the vote makes KRS 242.220 to 242.430 inapplicable to the entire city, but this does not prevent an election from thereafter being held in any precinct of the city, subject to the provisions of KRS chapter 242, to take the sense of the people of the precinct as to the application of KRS 242.220 to 242.430 in the precinct.

(2) In any election hereafter held for an entire county, which county is not at the time of the election dry territory by reason of a county-wide election heretofore held, for the purpose of taking the sense of the voters as to the application of KRS 242.220 to 242.430 in the county, the voters within each city of the first four (4) classes in the county shall be furnished a ballot upon which the question shall be *that prescribed by KRS 242.050*[, "Are you in favor of the sale of alcoholic beverages in (name of city)?"]. No ballot shall be furnished to the voters of any city of such class, if, less than three (3) years prior to the date of the proposed county-wide election a city-wide election was held in the city at which a majority of the votes cast were against prohibition. The status of such a city is not affected by the result of the county-wide election. The voters outside of the cities of such classes shall be furnished a ballot upon which the question shall be *that prescribed by KRS 242.050*[, "Are you in favor of the sale of alcoholic beverages in (name of county), outside of the corporate limits of the cities of the first four classes?"]. The ballots of each such city shall be separately tabulated, and the ballots of the voters outside such cities shall be separately tabulated. If the majority of votes cast in any such city are for prohibition, KRS 242.220 to 242.430 shall apply to the entire city. If the majority of votes cast in any such city are against prohibition, then KRS 242.220 to 242.430 shall be inapplicable, except, that if, that at the time of the election any number of precincts of the city, less than the entire city were dry territories, the votes shall not make KRS 242.220 to 242.430 inapplicable in such precinct. If the majority of votes cast in any city are against prohibition, and if, at the time of such election, the entire city was dry territory, KRS 242.220 to 242.430 shall be inapplicable to the entire city. If the majority of votes cast in the county outside of such cities of the first four (4) classes are for prohibition, KRS 242.220 to 242.430 shall apply to all of the county outside of the cities. If the majority of the votes cast in the county outside of the cities are against prohibition, the votes shall not make KRS 242.220 to 242.430 inapplicable to any district or precinct outside of the cities that was dry territory at the time of the election.

(3) If, in any city-wide election held in a city of the first four (4) classes for the purpose of taking the sense of the voters as to the adoption or discontinuance of the application of KRS 242.220 to 242.430 to the city, other than an election coming within the provisions of subsection (1) or (2) of this section, the majority of the votes cast are for prohibition, KRS 242.220 to 242.430 applies to every portion of the city. If, in any city-wide election, the majority of the votes cast are against prohibition, and if, at the time of the election, any number of precincts in the city less than the entire city were dry territories, the votes do not make KRS 242.220 to 242.430 inapplicable to such precincts. If, in any city-wide election, the majority of votes cast are against prohibition, and if, at the time of the election, the entire city was dry territory, KRS 242.220 to 242.430 is inapplicable to the entire city.

(4) In any county in which prohibition is in effect, an election may be held in any precinct in the manner prescribed in KRS 242.010 to 242.040 and KRS 242.060 to 242.120 to take the sense of the people

of the precinct as to discontinuance of prohibition in the precinct. If the majority of votes cast in any such precinct are against prohibition, then KRS 242.220 to 242.430 shall be inapplicable to that precinct.

Section 3. KRS 243.030 is amended to read as follows:

The city legislative body of any city in which traffic in alcoholic beverages is not prohibited under KRS Chapter 242 may impose license fees for the privilege of manufacturing and trafficking in alcoholic beverages. The fees imposed shall not exceed twice the amount of the fees imposed in KRS 243.030 and 243.040 for such licenses, except that the fee for a Sunday distilled spirits and wine retail drink license shall not exceed three hundred dollars ($300), the fee for a malt beverage retailer's license may be fixed at not exceeding two hundred dollars ($200), the fee for a brewer's license shall not exceed five hundred dollars ($500), and the fee for a distiller's license shall not exceed five hundred dollars ($500).

Section 5. KRS 243.220 is amended to read as follows:

(1) No license for the sale of alcoholic beverages at retail shall be issued for any premises unless the applicant for the license is the owner of the premises or is in possession of the premises under a written lease for a term of not less than the license period.

(2) (a) No premises shall be licensed for the sale of alcoholic beverages at retail except where the licensed premises and the entrance to the premises are on the street level and located in a business center or on a main thoroughfare.

(b) Paragraph (a) of this subsection shall not apply to a hotel, club or restaurant, provided the club or restaurant receives a minimum of forty per cent (40%) of its income from the sale of food and has a minimum seating capacity of fifty (50) people at tables. In the class of cases described in this paragraph the administrator to whom the application is made may, in the exercise of his sound discretion, decide whether the premises are to be licensed.

(3) (a) Except as provided in paragraphs (b) and (c) of this subsection, no license for the sale of alcoholic beverages at retail shall be issued for any premises that are located within two hundred (200) feet of a building used primarily as a church or for class rooms of a school, if the governing authority of the church or school, within ten (10) days after receiving notice of the application for the license, files written protest with the state administrator against the issuance of the license. The measurement shall be taken in a straight line from the nearest outside wall of the building on the licensed premises to the nearest outside wall of the church or school building. Proof of the giving of notice to the governing authority of the church or school must be furnished to the state administrator before the license is issued.

(b) A hotel, drug store, private club or other retail licensee which or who has been bona fide in business as a licensee at a particular location for not less than one (1) year preceding the passage of Acts 1978 or the establishment of the church or school, may be issued a license by the administrator, in the exercise of his sound discretion, regardless of protest, even though the premises are within less than two hundred (200) feet of a building occupied primarily as a church or for class rooms of a school.

(c) In cities of the first *four classes*[, second or third class], the city administrator, with the approval of the state alcoholic beverage control board, may issue a regulation in such city requiring written permission by the governing authority of the church or school for the licensing of retail premises within two hundred (200) feet of the church or school building, in which case the state administrator may not issue the license without such permission, except under the circumstances set forth in paragraph (b) of this subsection.

Section 6. KRS 243.230 is amended to read as follows:

(1) Licenses to sell distilled spirits and wine by the drink for consumption on the premises may be issued only for premises located within cities of the first *four classes*[, second or third class], or elsewhere in counties containing a city of the first *four classes*[, second or third class] if those counties maintain an adequate police force under KRS 70.540 to 70.570 and KRS 70.150 to 70.170.

(2) [Notwithstanding any other provision of law, a special license to sell distilled spirits and wine by the drink for consumption on the premises may be issued for premises located within a city of the fourth class in which the majority of votes cast in the most recent election held pursuant to KRS 242.127 and 242.129 were in favor of the proposition voted upon provided the city has an adequate police force under KRS 95.700 to 95.710 and KRS 95.720 to 95.787.

(3)] Licenses to sell distilled spirits or wine by the package may be issued only for premises located within incorporated cities, or elsewhere in counties containing a city of the first *four classes*[, second or third class] if those counties maintain an adequate police force under KRS 70.540 to 70.570 and KRS 70.150 to 70.170.

(3)[(4)] Notwithstanding subsection *(2)*[(3)], the board may, after a field investigation, issue a license to sell distilled spirits and wine by the package at premises not located within any city if:

(a) Substantial aggregations of population would otherwise not have reasonable access to a licensed vendor;

(b) The premises to be licensed under this subsection shall be used exclusively for the sale of distilled spirits and wine by the package and shall not be used in any manner, in connection with a dance hall, roadhouse, restaurant, store or any other commercial enterprise, except as a drug store in which a registered pharmacist is employed; and

(c) The part of any premises to be licensed under this subsection which is available to the public shall not, except in the case of a drug store, exceed one hundred square feet of floor space and shall not contain any chairs, benches, stools or similar furniture or fixtures.

(4)[(5)] No retail package or drink license for the sale of distilled spirits or wine shall be issued for any premises used as or in connection with the operation of any business in which a substantial part of the commercial transaction consists of selling at retail staple groceries or gasoline and lubricating oil.

If the sense of the people in an election held pursuant to the provisions of *Section 1 of this Act and* KRS 242.1293 [and 242.1294] is "yes", no other local option election shall be held in that county or city, unless an additional election is first held pursuant to the provisions of *Section 1 of this Act and* KRS 242.1293 and 242.1294 in which the sense of the people is "no".

Section 8. The following KRS sections are repealed:

242.127 Sale of distilled spirits in city of the fourth class — Local option election.
242.129 Statement of proposition submitted in election.
242.1294 Statement of proposition submitted in election.

The Committee Substitute to **HB 555** is as follows:

HB 555, AN ACT relating to alcoholic beverage control.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 242.050 is amended to read as follows:

(1) The proposition to be voted upon shall be stated on the ballot without emblems and two (2) spaces shall be left upon the right side of the ballot, one (1) for votes favoring the proposition, to be designated by the word "Yes," and one (1) for votes opposing it, to be designated by the word "No." The voter shall designate his vote by a cross mark placed opposite the word "Yes" or the word "No."

(2) The voters shall be able to vote on any of the following propositions but only one (1) such proposition may be offered in each election.

(a) "Are you in favor of the sale of alcoholic beverages by the drink for consumption on the licensed premises in (name of county, city or precinct)?"

(b) "Are you in favor of the sale of alcoholic beverages by the package only for consumption off the licensed premises in (name of county, city or precinct)?"

(c) "Are you in favor of the sale of alcoholic beverages by the package for consumption off the licensed premises and by the drink for consumption on the premises in (name of county, city or precinct)?"

(d) "Are you in favor of the sale of distilled spirits, wine and malt beverages by the drink for consumption on the premises in (name of county, city or precinct) by hotels, motels and inns containing not less than fifty (50) sleeping units and having dining facilities for not less than one hundred (100) persons and in restaurants having dining facilities for not less than one hundred (100) persons?" [In any election the form of the proposition shall be, "Are you in favor of the sale of alcoholic beverages in (name of county or city)?"].

Section 2. KRS 242.125 is amended to read as follows:

(1) In any county in which the provisions of KRS 242.220 to 242.430 are applicable by reason of an election for the entire county having heretofore resulted in favor of prohibition, an election may be held in any city of the first four (4) classes in such county to take the sense of the people of the city as to the discontinuance of prohibition in the city. For this purpose, the election in the city shall not be deemed to be an election in the "same territory" as that in which the county-wide election was held, within the meaning of subsection (5) of KRS 242.030. If, at the election for a city, the majority of the votes cast are against prohibition, the vote makes KRS 242.220 to 242.430 inapplicable to the entire city, but this does not prevent an election from thereafter being held in any precinct of the city, subject to the provisions of KRS chapter 242, to take the sense of the people of the precinct as to the application of KRS 242.220 to 242.430 in the precinct.

(2) In any election hereafter held for an entire county, which county is not at the time of the election dry territory by reason of a county-wide election heretofore held, for the purpose of taking the sense of the voters as to the application of KRS 242.220 to 242.430 in the county, the voters within each city of the first four (4) classes in the county shall be furnished a ballot upon which the question shall be *that prescribed by KRS 242.050*[, "Are you in favor of the sale of alcoholic beverages in (name of city)?"]. No ballot shall be furnished to the voters of any city of such class, if, less than three (3) years prior to the date of the proposed county-wide election a city-wide election was held in the city at which a majority of the votes cast were against prohibition. The status of such a city is not affected by the result of the county-wide election. The voters outside of the cities of such classes shall be furnished a ballot upon which the question shall be *that prescribed by KRS 242.050*[, "Are you in favor of the sale of alcoholic beverages in (name of county), outside of the corporate limits of the cities of the first four classes?"]. The ballots of each such city shall be separately tabulated, and the ballots of the voters outside such cities shall be separately tabulated. If the majority of votes cast in any such city are for prohibition, KRS 242.220 to 242.430 shall apply to the entire city. If the majority of votes cast in any such city are against prohibition, then KRS 242.220 to 242.430 shall be inapplicable, except, that if, that at the time of the election any number of precincts of the city, less than the entire city were dry territories, the votes shall not make KRS 242.220 to 242.430 inapplicable in such precinct. If the majority of votes cast in any city are against prohibition, and if, at the time of such election, the entire city was dry territory, KRS 242.220 to 242.430 shall be inapplicable to the entire city. If the majority of votes cast in the county outside of such cities of the first four (4) classes are for prohibition, KRS 242.220 to 242.430 shall apply to all of the county outside of the cities. If the majority of the votes cast in the county outside of the cities are against prohibition, the votes shall not make KRS 242.220 to 242.430 inapplicable to any district or precinct outside of the cities that was dry territory at the time of the election.

(3) If, in any city-wide election held in a city of the first four (4) classes for the purpose of taking the sense of the voters as to the adoption or discontinuance of the application of KRS 242.220 to 242.430 to the city, other than an election coming within the provisions of subsection (1) or (2) of this section, the majority of the votes cast are for prohibition, KRS 242.220 to 242.430 applies to every portion of the city. If, in any city-wide election, the majority of the votes cast are against prohibition, and if, at the time of the election, any number of precincts in the city less than the entire city were dry territories, the votes do not make KRS 242.220 to 242.430 inapplicable to such precincts. If, in any city-wide election, the majority of votes cast are against prohibition, and if, at the time of the election, the entire city was dry territory, KRS 242.220 to 242.430 is inapplicable to the entire city.

(4) In any county in which prohibition is in effect, an election may be held in any precinct in the manner prescribed in KRS 242.010 to 242.040 and KRS 242.060 to 242.120 to take the sense of the people of the precinct as to discontinuance of prohibition in the precinct. If the majority of votes cast in any such precinct are against prohibition, then KRS 242.220 to 242.430 shall be inapplicable to that precinct.

Section 3. KRS 243.030 is amended to read as follows:

HB 726, AN ACT relating to juvenile proceedings.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 208.194 is amended to read as follows:

(1) If a child is sixteen (16) years of age or older, and is adjudicated delinquent in the commission of a Class A felony, Class B felony, or capital offense or found guilty of a Class A felony, Class B felony, or capital offense, the sentencing court in its discretion may commit the child to the department for purposes of institutionalization for an indeterminate period of time of not less than six (6) months.

(2) If a child is sixteen (16) years of age or older, and is adjudicated delinquent in the commission of a felony offense or found guilty of a felony offense and has previously been adjudicated delinquent of a felony offense or found guilty of a felony offense in two or more separate adjudications, the sentencing court in its discretion may commit the child to the department for purposes of institutionalization for an indeterminate period of time of not less than six (6) months.

(3) The department shall maintain jurisdiction over the child during the period of the commitment.

(4) The department shall notify the committing court prior to the termination of institutionalization as to the future intentions of the department as they relate to continued treatment of the child.

(5) *In lieu of the above listed dispositions the court may commit a child coming within the purview of subsection (1) or (2) of this section to a juvenile detention facility or to the county jail (if the jail meets the requirements of KRS 208.120) for an indeterminate period of time of not less than six (6) months.*

(6) The committing court may, with the consent of the department and upon motion of the child, grant shock probation to any child committed under this section after the child has been committed for a minimum of thirty (30) days.

Section 2. KRS 208.200 is amended to read as follows:

(1) If in its decree the juvenile court finds that the child comes within the purview of subsections (1) or (2) of KRS 208.020, the court may, by order:

(a) Place the child on probation or under supervision in his own home or in a suitable family home or boarding home, upon such conditions as the court shall determine. Probation or supervision shall not be ordered or administered as a punishment, but as a measure for the protection, guidance and well-being of the child and his family. A child so placed on probation or supervision shall be subject to the visitation and supervision of a probation officer or a child welfare worker. Probation and supervision methods shall be directed to the discovery and correction of the basic causes of maladjustment and to the development of the child's personality and character, with the aid of the social resources of the community. A child so placed on probation or supervision shall remain subject to the jurisdiction of the court until he becomes eighteen (18) years of age, unless he is discharged prior thereto by the court.

(b) Commit the child to the custody or guardianship of the department or of a private institution or public agency authorized to care for such children, or place the child under the custody and the supervision of a suitable person. All orders of commitment may include such advisory recommendations as the court may deem proper in the best interests of the child and of the public. Such commitment or placement shall be until the age of eighteen (18) subject to the power of the court to terminate the order and discharge the child prior thereto. The governing authorities of said department, agency or institution may likewise discharge the child unless the court directs otherwise. Prior to said discharge two weeks' notice must be given to the committing court, to the legal representative of the child and to the county attorney of the county in which committing court presides. During the period of commitment or placement, the court may review a dispositional order and may modify or terminate such order as the court deems essential to the best interests of the child. In committing a child to a private institution or agency the court shall select one that is approved by the department for human resources and children committed to such an institution or agency shall be subject to the visitation and supervision of a probation officer or child welfare worker.

(2) In the event a child who has not reached his eighteenth birthday commits a new offense while under the jurisdiction of the court or during the period of commitment the court shall have exclusive, original jurisdiction of the new offense.

(3) After a child has been disposed of as provided in paragraph (a) or (b) of subsection (1) of this section he may not then be transferred to the circuit court as provided for in KRS 208.170.

(4) If a child sixteen (16) years of age or older has been adjudicated delinquent in the commission of an offense classified as a misdemeanor or violation, the court in its discretion may order as follows:

(a) Participation in a community services work program. The work program shall be of a constructive nature designed to promote the rehabilitation of the child. The program shall be appropriate to the age level and physical ability of the child and shall be combined with counseling from a probation officer or other responsible person. The work program shall not be scheduled during such times that would interfere with educational, occupational, or religious obligations of the child. Assignment to a community services work program shall be made to a governmental or nonprofit community organization for a specified period of time, not to exceed one hundred and twenty (120) hours for a child adjudicated delinquent in the commission of a Class A misdemeanor, not to exceed eighty (80) hours for a child adjudicated delinquent in the commission of a Class B misdemeanor, and not to exceed forty (40) hours for a child adjudicated delinquent in the commission of an offense classified as a violation under the penal code. A child may be directed to participate in a community services work program as provided in this subsection for the purposes of restitution authorized by KRS 208.240.

(b) The court may impose a fine for a misdemeanor or violation offense. The imposition of a fine for a misdemeanor or violation offense committed by a child shall be based upon a determination that such disposition is in the best interest of the child and to aid in his rehabilitation. Any such order shall include a finding that the child is financially able to pay such fine.

(c) Fines shall be levied consistent with the schedule set forth below:

For a Class A misdemeanor, not to exceed $150;
For a Class B misdemeanor, not to exceed $75; and
For a violation, not to exceed fifty dollars ($50).

When a child is directed by the court to pay a fine, the court may provide for payment to be made within a specified period of time or in specified installments. If such provision is not made a part of the court's disposition, the fine shall be payable immediately.

(5) When a child has been ordered to comply with the provisions in subsection (4) above and fails to do so, the court upon motion of the prosecuting attorney or upon its own motion may require the child to show cause why he should not be held in detention for noncompliance with the court order. The court may issue an order of custody or a summons for his appearance.

(6) Following issuance of a show cause order pursuant to subsection (5) above, unless the child can show that noncompliance was not the result of an intentional refusal to comply with the court order or not the result of a failure to make a good faith effort to comply with the court order, the court may order the child detained as follows:

(a) For a period not to exceed five (5) days if the order is imposed for the commission of a Class A misdemeanor;

(b) For a period not to exceed three (3) days if the order is imposed for the commission of a Class B misdemeanor;

(c) For a period not to exceed two (2) days if the order is imposed for the commission of a violation.

Any detention imposed for failure to comply with the court order shall not be scheduled for a time that would interfere with the educational obligations of the child, and shall be in an approved detention facility as provided in KRS 208.130.

(7) When in the judgment of the court a disposition stated above in subsection (4) is inadequate to aid in the rehabilitation of a misdemeanor offender, the court in its discretion may order a child sixteen (16) years of age or older who has been adjudicated delinquent in the commission of an offense classified as a misdemeanor to detention in an approved detention facility as provided in KRS 208.130 based upon the schedule set forth below:

Class A misdemeanor, 1 to 30 days;
Class B misdemeanor, 1 to 15 days;

provided, that, the court shall advise the child prior to entering its order under this subsection that the child upon demand may receive a trial by jury in the regular session of district court, which trial and any appeal therefrom shall be conducted in accordance with the Rules of Criminal Procedure.

The detention of a juvenile misdemeanor offender shall not be scheduled to interfere with the educational obligations of the child. Detention may be scheduled during periods such as weekends, after school, or overnight. Any portion of a day spent in detention shall be deemed as one day for the purposes of serving a detention term.

(8) *If a child sixteen (16) years of age or older has been adjudicated delinquent in the commission of an offense classified as a class C or D felony, the court in its discretion may order as follows:*

(a) For a class C felony, detention in a juvenile detention facility or the county jail (if the jail meets the requirements of KRS 208.120) for not less than six (6) months nor more than twelve (12) months;

(b) For a class D felony, detention in a juvenile detention facility or the county jail (if the jail meets the requirements of KRS 208.120) for not less than thirty (30) days nor more than six (6) months;

(c) The order shall state whether or not work, educational or other forms of release from jail during the term of confinement shall be permitted and the terms and conditions thereof if granted.

(9) The committing court may, with the consent of the department and upon motion of the child, grant shock probation to any child committed under subsection (8) of this section after the child has been committed for a minimum of thirty (30) days.

(10) No adjudication by a juvenile court of the status of any child shall be deemed a conviction, nor shall such adjudication operate to impose any of the civil disabilities ordinarily resulting from a criminal conviction, nor shall any child be found guilty or be deemed a criminal by reason of such adjudication.

SB 42, AN ACT relating to child custody.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) The general purposes of this Act are to:

(a) Avoid jurisdictional competition and conflict with courts of other states in matters of child custody which have in the past resulted in the shifting of children from state to state with harmful effects on their well-being;

(b) Promote cooperation with the courts of other states to the end that a custody decree is rendered in that state which can best decide the case in the interest of the child;

(c) Assure that litigation concerning the custody of a child take place ordinarily in the state with which the child and his family have the closest connection and where significant evidence concerning his care, protection, training, and personal relationships is most readily available, and that courts of this state decline the exercise of jurisdiction when the child and his family have a closer connection with another state;

(d) Discourage continuing controversies over child custody in the interest of greater stability of home environment and of secure family relationships for the child;

(e) Deter abductions and other unilateral removals of children undertaken to obtain custody awards;

(f) Avoid re-litigation of custody decisions of other states in this state insofar as feasible;

(g) Facilitate the enforcement of custody decrees of other states;

(h) Promote and expand the exchange of information and other forms of mutual assistance between the courts of this state and those of other states concerned with the same child; and

(i) Make uniform the law of those states which enact it.

(2) This Act shall be construed to promote the general purposes stated in this section.

SECTION 2. A NEW SECTION KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

As used in this Act:

(1) "Contestant" means a person, including a parent, who claims a right to custody or visitation rights with respect to a child;

(2) "Custody determination" means a court decision and court orders and instructions providing for the custody of a child, including visitation rights; it does not include a decision relating to child support or any other monetary obligation of any person;

(3) "Custody proceeding" includes proceedings in which a custody determination is one of several issues, such as an action for divorce or separation, and includes child neglect and dependency proceedings;

(4) "Decree" or "custody decree" means a custody determination contained in a judicial decree or order made in a custody proceeding, and includes an initial decree and a modification decree;

(5) "Home state" means the state in which the child immediately preceding the time involved lived with his parents, a parent, or a person acting as parent, for at least six (6) consecutive months, and in the case of a child less than six (6) months old the state in which the child lived from birth with any of the persons mentioned. Periods of temporary absence of any of the named persons are counted as part of the six (6)-month or other period;

(6) "Initial decree" means the first custody decree concerning a particular child;

(7) "Modification decree" means a custody decree which modifies or replaces a prior decree, whether made by the court which rendered the prior decree or by another court;

(8) "Physical custody" means actual possession and control of a child;

(9) "Person acting as parent" means a person, other than a parent, who has physical custody of a child and who has either been awarded custody by a court or claims a right to custody; and

(10) "State" means any state, territory, or possession of the United States, the Commonwealth of Puerto Rico, and the District of Columbia.

SECTION 3. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) A court of this state which is competent to decide child custody matters has jurisdiction to make a child custody determination by initial or modification decree if:

(a) This state is the home state of the child at the time of commencement of the proceeding, or had been the child's home state within six (6) months before commencement of the proceeding and the child is absent from this state because of his removal or retention by a person claiming his custody or for other reasons, and a parent or person acting as parent continues to live in this state; or

(b) It is in the best interest of the child that a court of this state assume jurisdiction because the child and his parents, or the child and at least one contestant, have a significant connection with this state, and there is available in this state substantial evidence concerning the child's present or future care, protection, training, and personal relationships; or

(c) The child is physically present in this state and the child has been abandoned or it is necessary in an emergency to protect the child because he has been subjected to or threatened with mistreatment or abuse or is otherwise neglected or dependent; or

(d) It appears that no other state would have jurisdiction under prerequisites substantially in accordance with paragraphs (a), (b), or (c), or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to determine the custody of the child, and it is in the best interest of the child that this court assume jurisdiction.

(2) Except under paragraphs (c) and (d) of subsection (1) of this section, physical presence in this state of the child, or of the child and one of the contestants, is not alone sufficient to confer jurisdiction on a court of this state to make a child custody determination.

(3) Physical presence of the child, while desirable, is not a prerequisite for jurisdiction to determine his custody.

(4) A child custody proceeding is commenced in the circuit court:

(a) By a parent, by filing a petition:

1. For dissolution or legal separation; or

(4) Notice is not required if a person submits to the jurisdiction of the court.

SECTION 6. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) A court of this state shall not exercise its jurisdiction under this Act if at the time of filing the petition a proceeding concerning the custody of the child was pending in a court of another state exercising jurisdiction substantially in conformity with this Act, unless the proceeding is stayed by the court of the other state because this state is a more appropriate forum or for other reasons.

(2) Before hearing the petition in a custody proceeding the court shall examine the pleadings and other information supplied by the parties under Section 9 of this Act and shall consult the child custody registry established under Section 16 of this Act concerning the pendency of proceedings with respect to the child in other states. If the court has reason to believe that proceedings may be pending in another state it shall direct an inquiry to the state court administrator or other appropriate official of the other state.

(3) If the court is informed during the course of the proceeding that a proceeding concerning the custody of the child was pending in another state before the court assumed jurisdiction it shall stay the proceeding and communicate with the court in which the other proceeding is pending to the end that the issue may be litigated in the more appropriate forum and that information be exchanged in accordance with Sections 19 through 22 of this Act. If a court of this state has made a custody decree before being informed of a pending proceeding in a court of another state it shall immediately inform that court of the fact. If the court is informed that a proceeding was commenced in another state after it assumed jurisdiction it shall likewise inform the other court to the end that the issues may be litigated in the more appropriate forum.

SECTION 7. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) A court which has jurisdiction under this Act to make an initial or modification decree may decline to exercise its jurisdiction any time before making a decree if it finds that it is an inconvenient forum to make a custody determination under the circumstances of the case and that a court of another state is a more appropriate forum.

(2) A finding of inconvenient forum may be made upon the court's own motion or upon motion of a party or a guardian ad litem or other representative of the child.

(3) In determining if it is an inconvenient forum, the court shall consider if it is in the interest of the child that another state assume jurisdiction. For this purpose it may take into account the following factors, among others:

(a) If another state is or recently was the child's home state;

(b) If another state has a closer connection with the child and his family or with the child and one or more of the contestants;

(c) If substantial evidence concerning the child's present or future care, protection, training, and personal relationships is more readily available in another state;

(d) If the parties have agreed on another forum which is no less appropriate; and

(e) If the exercise of jurisdiction by a court of this state would contravene any of the purposes stated in Section 1.

(4) Before determining whether to decline or retain jurisdiction the court may communicate with a court of another state and exchange information pertinent to the assumption of jurisdiction by either court with a view to assuring that jurisdiction will be exercised by the more appropriate court and that a forum will be available to the parties.

(5) If the court finds that it is an inconvenient forum and that a court of another state is a more appropriate forum, it may dismiss the proceedings, or it may stay the proceedings upon condition that a custody proceeding be promptly commenced in another named state or upon any other conditions which may be just and proper, including the condition that a moving party stipulate his consent and submission to the jurisdiction of the other forum.

(6) The court may decline to exercise its jurisdiction under this Act if a custody determination is incidental to an action for divorce or another proceeding while retaining jurisdiction over the divorce or other proceeding.

(7) If it appears to the court that it is clearly an inappropriate forum it may require the party who commenced the proceedings to pay, in addition to the costs of the proceedings in this state, necessary travel and other expenses, including attorneys' fees, incurred by other parties or their witnesses. Payment is to be made to the clerk of the court for remittance to the proper party.

(8) Upon dismissal or stay of proceedings under this section the court shall inform the court found to be the more appropriate forum of this fact or, if the court which would have jurisdiction in the other state is not certainly known, shall transmit the information to the court administrator or other appropriate official for forwarding to the appropriate court.

(9) Any communication received from another state informing this state of a finding of inconvenient forum because a court of this state is the more appropriate forum shall be filed in the custody registry of the appropriate court. Upon assuming jurisdiction the court of this state shall inform the original court of this fact.

SECTION 8. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

If the petitioner has violated any other provision of a custody decree of another state the court may decline to exercise its jurisdiction if this is just and proper under the circumstances.

(1) The legislative body of each city or urban-county government which is authorized to impose and collect license fees or taxes upon insurance companies for the privilege of engaging in the business of insurance shall file with the commissioner of insurance a copy of all ordinances and amendments thereto which impose any such license fee or tax.

(2) Any license fee or tax imposed by such a city or urban-county government upon any fire insurance company shall be based upon a percentage of the premiums received by the company within the preceding calendar year, for insurance on property located within the corporate limits of the city or urban-county government, less all premiums returned to policyholders. A fire insurance company entering a city or urban-county government during a license year shall at the end thereof promptly pay to such city or urban-county government the full additional tax due on such percentage basis.

(3) Any license fee or tax imposed by such a city or urban-county government upon a life insurance company may be based upon premiums received, and if so based shall be applied to premiums from new policies written within the preceding calendar year upon the lives of persons residing within the corporate limits of such city or urban-county government.

(4) Any license fee or tax imposed by such a city or urban-county government upon any insurance company other than those specified in subsections (2) and (3) shall be based upon a percentage of the premiums received by such company within the preceding calendar year on risks located within the corporate limits of the city or urban-county government on those classes of business which such company is authorized to transact, less all premiums returned to policyholders; provided, however, that any license fee or tax imposed upon premium receipts on a percentage basis shall not include premiums received for insuring employers against liability for personal injuries to their employes, or death caused thereby, under the provisions of the workmen's compensation act.

(5) The department of insurance shall, by regulation, provide for a reasonable collection fee to be retained by the insurance company or its agent as compensation for collecting such tax; provided, however, that the collection fee shall not be more than thirty percent of the fee or tax collected and remitted to the city or urban-county government or two percent of the premiums subject to the tax, whichever is less. *The insurance company shall retain its collection fee out of the license fee or tax collected and shall remit the remainder of the license fee or tax to the city or urban-county government. The insurance company shall not charge a collection fee in addition to the license fee or tax. The insurer shall submit to the policyholder an itemized statement showing the amount of the premium, all taxes and fees charged, and by whom such taxes and fees were levied.* To facilitate computation, collection and remittance of the fee or tax and collection fee provided herein, the fees or taxes set out in subsections (1), (2), (3) or (4) of this section, together with the collection fee herein may be rounded off to the nearest dollar amount.

(6) Accounting and reporting procedures for collection and reporting of the fees or taxes and the collection fee herein provided shall be determined by regulations promulgated by the department of insurance.

(7) Upon written request of the legislative body of any city or urban-county government, at the expense of the requesting city or urban-county government which shall be paid in advance by such city or urban-county government to the department of insurance the department of insurance shall examine or cause to be examined by contract with qualified auditors the books or records of the insurance companies or agents subject to such fee or tax to determine whether the fee or tax is being properly collected and remitted, and the findings of such examination shall be reported to such city or urban-county government. Willful failure to properly collect and remit the fee or tax imposed by a city or urban-county government pursuant to the authority granted by this section shall constitute grounds for the revocation of the license issued to an insurance company or agent under the provisions of KRS Chapter 304.

(8) The license fees or taxes provided for by subsections (2), (3) and (4) of this section shall be due at the beginning of the tax year. (2) Any five (5) qualified voters of the city may commence petition proceedings by filing with the county clerk an affidavit stating they constitute the petition committee and will be responsible for circulating the petition and filing it in proper form. The affidavit shall state their names and addresses and specify the address to which all notices to the committee are to be sent. It shall set out in full the proposal to be considered by the voters. HB 838, AN ACT relating to gasohol production.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 247 IS CREATED TO READ AS FOLLOWS:

It is declared to be in the interest of the public welfare that Kentucky farmers who are producers of grain which may be fermented to produce ethanol to be mixed with gasoline to make the fuel known as gasohol shall be permitted and encouraged to act jointly and in cooperation with all producers, handlers, dealers, and processors of grain in promoting and stimulating, by research, market development, and education, the increased production, use and sale, domestic and foreign, of grain for the aforementioned purpose of gasohol production.

SECTION 2. A NEW SECTION OF KRS CHAPTER 247 IS CREATED TO READ AS FOLLOWS:

For purposes of this Act:

(1) "Alcohol production facility" shall mean and include any property or any facility which is not fueled by petroleum but fueled by Kentucky coal, or in the process of converting to the use of coal, and designed, installed, or constructed as a component part of any commercial or industrial premises for the primary purpose of producing ethanol derived from agricultural products or by-products for use as a motor fuel;

(2) "Gasohol" means a fuel containing a mixture of gasoline and at least ten percent (10%) ethanol which is at least one hundred ninety-eight (198) degrees Fahrenheit for use in motor vehicles;

(3) "Department" shall mean the Kentucky department of energy;

(4) "Alcohol production tax exemption certificate" shall mean that certificate issued by the department of revenue pursuant to Section 3 of this Act;

(5) "Ethanol" means ethyl alcohol produced from grain or other agricultural products or by-products for use as a motor fuel.

SECTION 3. A NEW SECTION OF KRS CHAPTER 247 IS CREATED TO READ AS FOLLOWS:

(1) Application for an alcohol production exemption certificate shall be filed with the department of revenue in such manner and in such form as may be prescribed by regulations issued by the department of revenue and shall contain plans and specifications of the structure or structures including all materials incorporated and to be incorporated therein and a descriptive list of all equipment acquired or to be acquired by the applicant for the purpose of producing ethanol for fuel use and any additional information deemed necessary by the department of revenue for the proper administration of this Act. The department shall provide technical assistance and factual information as requested in writing by the department of revenue. If the department of revenue finds that the facility qualifies as an alcohol production facility as defined by this Act, it shall enter a finding and issue a certificate to that effect. The effective date of said certificate shall be the date of issuance of said certificate.

(2) Before issuing an alcohol production tax exemption certificate, the department of revenue shall give notice in writing by mail to the secretary of the department, and shall afford to the applicant and to the secretary of the department an opportunity for a hearing. On like notice and opportunity for a hearing, the department of revenue shall on its own initiative revoke such certificate whenever any of the following appears:

(a) The certificate was obtained by fraud or misrepresentation;

(b) The holder of the certificate has failed substantially to proceed with the construction, reconstruction, installation, or acquisition of the alcohol production facilities;

(c) The structure or equipment or both to which the certificate relates has ceased to be used for the primary purpose of alcohol production for fuel use and is being used for different purpose.

(3) Where the circumstances so require, the department of revenue, in lieu of revoking such certificate, may modify the same.

(4) On mailing of notice of the action of the department of revenue revoking or modifying a certificate as provided in subsection (5) of this section, such certificate shall cease to be in force or shall remain in force only as modified as the case may require.

(5) An alcohol production tax exemption certificate, when issued, shall be sent by certified mail to the applicant and the notice of such issuance in the form of certified copies thereof shall be sent to the secretary of the department. Notice of an order of the department of revenue denying, revoking, or modifying a certificate in the form of certified copies thereof shall be sent by certified mail to the applicant or the holder and shall be sent to the secretary of the department. The applicant or holder and the secretary of the department are deemed parties for the purpose of the review afforded by subsection (6) of this section.

(6) Any party aggrieved by the issuance, refusal to issue, revocation, or modification of an alcohol production tax exemption certificate may appeal from the final ruling of the department of revenue to the Kentucky board of tax appeals as provided in KRS 131.340.

(7) In the event of the sale, lease, or other transfer of an alcohol production facility, not involving a different location or use, the holder of an alcohol production tax exemption certificate for such facility may transfer the certificate by written instrument to the person who, except for the transfer of the certificate, would be obligated to pay taxes on such facility. The transferee shall become the holder of the certificate and shall have all rights pertaining thereto, effective as of the date of transfer of the certificate, whichever is earlier. The transferee shall give written notice of the effective date of the transfer, together with a copy of the instrument of transfer to the department and the department of revenue.

(8) In the event an alcohol production facility for which an exemption certificate is held ceases to be used for the primary purpose of alcohol production for fuel use or is used for a different purpose other than that for which the exemption certificate was granted, the holder of the certificate shall give written notice by certified mail of such change to the department and to the department of revenue.

(9) The alcohol production facility exemption certificate, upon approval, shall exempt said facilities from taxes outlined in the provisions of this Act and included in KRS chapters 132, 136, 138, and 139. Each exemption certificate shall remain in force for a period of eight (8) years from the date of issuance and at the end of said period shall lapse. Any alcohol production facility previously exempted under the terms of this Act shall not be eligible for re-certification upon completion of the six (6) year certificate period.

Section 4. KRS 139.480 is amended to read as follows:

Any other provision of this chapter to the contrary notwithstanding, the terms "sale at retail," "retail sale," "use," "storage," and "consumption," as used in this chapter do not include the sale, use, storage, or other consumption of:

(1) Locomotives or rolling stock, including materials for the construction, repair, or modification thereof, or fuel or supplies for the direct operation of locomotives and trains, used or to be used in interstate commerce;

(2) Coal for the manufacture of electricity;

(3) All energy or energy-producing fuels used in the course of manufacturing, processing, mining, or refining to the extent that the cost of the energy or energy-producing fuels used exceeds three per cent (3%) of the cost of production. Cost of production shall be computed on the basis of plant facilities which shall mean all permanent structures affixed to real property at one (1) location;

(4) Livestock of a kind the products of which ordinarily constitute food for human consumption provided the sales are made for breeding or dairy purposes and by or to a person regularly engaged in the business of farming;

(5) Poultry for use in breeding or egg production;

(6) Farm work stock for use in farming operations;

(7) Seeds, the products of which ordinarily constitute food for human consumption or are to be sold in the regular course of business, feed for livestock or poultry of a kind the products of which ordinarily constitute food for human consumption, and commercial fertilizer to be applied on land the products from which are to be used for food for human consumption or are to be sold in the regular course of business; Provided such sales are made to farmers who are regularly engaged in the occupation of tilling and cultivating the soil for the production of crops as a business, or who are regularly engaged in the occupation of raising and feeding livestock or poultry or producing milk for sale; and provided further that such tangible personal property so sold is to be used only by those persons designated above who are so purchasing;

(8) Machinery for new and expanded industry;

(9) Farm machinery. As used in this section the term "farm machinery" means machinery used exclusively and directly in the occupation of tilling the soil for the production of crops as a business, or in the occupation of raising and feeding livestock or poultry or of producing milk for sale. The term "farm machinery" as used in this section includes machinery, attachments, and replacements therefor, repair parts,

and replacement parts which are used or manufactured for use on, or in the operation of farm machinery and which are necessary to the operation of such machinery, and are customarily so used; but this exemption shall not include automobiles, trucks, trailers, and truck-trailer combinations;

(10) Property which has been certified as a pollution control facility as defined in KRS 224.850;

(11) Tombstones and other memorial grave markers; and

(12) On-farm facilities used exclusively for grain or soybean storing, drying, processing, or handling. The exemption applies to the equipment, machinery, attachments, repair and replacement parts, and any materials incorporated into the construction, renovation, or repair of such facilities;

(13) Gasoline, special fuels, and liquefied petroleum gas used to operate or propel stationary engines or tractors for agricultural purposes. As used in this subsection:

(a) "Gasoline" is defined as in KRS 138.210(4);

(b) "Special fuels" is defined as in KRS 138.560(3);

(c) "Liquefied petroleum gas" is defined as in KRS 234.100(1); and

(d) "Agricultural purposes" is defined as in KRS 138.343(4);

(14) Textbooks, including related workbooks and other course materials, purchased for use in a course of study conducted by an institution which qualifies as a nonprofit educational institution under KRS 139.495. The term "course materials" means only those items specifically required of all students for a particular course but does not include notebooks, paper, pencils, calculators, tape recorders, or similar student aids;

(15) Any property which has been certified as an alcohol production facility as defined in Section 2 of this Act.

Section 5. KRS 136.070 is amended to read as follows:

(1) Every corporation organized under the laws of this state, every corporation having its commercial domicile in this state, and every foreign corporation owning or leasing property located in this state or having one or more individuals receiving compensation in this state, except state and national banks and trust companies, savings and loan associations organized under the laws of this state and under the laws of the United States and making loans to members only, production credit associations, insurance companies, including farmers' or other mutual hail, cyclone, windstorm or fire insurance companies, insurers and reciprocal underwriters, public service companies subject to taxation under KRS 136.120, those corporations exempted by section 501 of the Internal Revenue Code, *any property or facility which has been certified as an alcohol production facility as defined in Section 2 of this Act,* and any other religious, educational, charitable or like corporations not organized or conducted for pecuniary profit, shall pay to the state an annual license tax of seventy cents on each one thousand dollars of the capital employed in the business as computed under the provisions of subsections (2) and (3) of this section.

(2) (a) The term "capital" as used in this section means capital stock, surplus, advances by affiliated companies, intercompany accounts, borrowed monies or any other accounts representing additional capital used and employed in the business. Accounts properly defined as "capital" in this section shall be reported at the value reflected on financial statements prepared for book purposes as of the last day of the calendar or fiscal year.

(b) "Capital employed," in the case of corporations having property or payroll only in this state, means "capital" as defined above.

(c) "Capital employed," in the case of corporations having property or payroll both within and without this state means "capital" as defined above and as apportioned under subsection (3) of this section.

(d) Property means either real property or tangible personal property which is either owned or leased. Payroll means compensation, paid to one or more individuals, as described in subsection (3) of this section. Property and pay roll are deemed to be entirely within this state if all other states are prohibited by Public Law 86-272, as it existed on December 31, 1975, from enforcing income tax jurisdiction.

(3) The total capital, as determined under subsection (2) of this section, shall be apportioned as follows:

(a) The total capital shall be multiplied by a fraction, the numerator of which is the property factor plus the payroll factor, plus the sales factor, and the denominator of which is three (3).

(b) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period; provided, however, that property which has been certified as a pollution control facility as defined in KRS 224.850 shall be excluded from the property factor.

1. Property owned by the taxpayer is valued at its original cost. If the original cost of any property is not determinable or is nominal or zero such property shall be valued by the department under regulations promulgated by the department. Property rented by the taxpayer is valued at eight (8) times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals, provided that such rental and such subrentals are reasonable. If the department determines that the annual rental or subrental rate is unreasonable, or if nominal or zero

rate is charged, the department may determine and apply such rental rate as will reasonably reflect the value of the property rented by the taxpayer.

2. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the department may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

(c) The payroll factor is a fraction, the numerator of which is the total amount paid or payable in this state during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid or payable everywhere during the tax period. Compensation is paid or payable in this state if:

1. The individual's service is performed entirely within the state; or

2. The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or

3. Some of the service is performed in the state and the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

(d) The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period. Sales of tangible personal property are in this state if:

1. The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within this state regardless of the f.o.b. point or other conditions of the sale; or

2. The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and the purchaser is the United States government.

3. Sales, other than sales of tangible personal property, are in this state if the income-producing activity is performed in this state; or the income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

(4) If the apportionment provisions of this section do not fairly measure the taxpayer's capital in this state, the taxpayer may petition for or the department may require:

(a) The exclusion of any one or more of the factors;

(b) The inclusion of one or more additional factors which will fairly measure the taxpayer's capital in this state; or

(c) The employment of any other method to produce an equitable apportionment of the taxpayer's capital.

(5) No corporation required to pay an annual license tax under this section shall pay less than ten dollars.

Section 6. KRS 132.020 is amended to read as follows:

Provided, however, that the certificate holder may request, as collateral for any loan, and collect premiums for:

(1) Notwithstanding the provisions of this or any other law:

(a) A certificate holder may request a borrower to insure tangible personal property, except household goods, offered as security for a loan not exceeding *ten thousand dollars ($10,000)* [seven thousand five hundred dollars ($7,500)] under KRS 291.410 to 291.600 against any substantial risk of loss, damage or destruction for any amount not to exceed the actual value of such property or the approximate amount of the loan, whichever is lesser, and for a term and upon conditions which are reasonable and appropriate considering the nature of the property and the maturity and other circumstances of the loan; provided, such insurance is sold by a licensed agent, broker or solicitor.

(b) A certificate holder may also request as security for any loan obligation insurance on the life of the borrower, or one of them if there are two or more. The initial amount of credit life insurance shall not exceed the total amount repayable under the contract of indebtedness and, where an indebtedness is repayable in substantially equal installments, the amount of insurance shall at no time exceed the scheduled or actual amount of unpaid indebtedness, whichever is greater. Not more than one policy of life insurance may be written in connection with any loan transaction under KRS 291.410 to 291.600.

(c) In accepting any insurance provided for by KRS 291.410 to 291.600 as security for a loan the certificate holder, its officers, agents or employes may deduct the premiums or identifiable charge therefor from the proceeds of the loan, and remit such premiums to the insurance company writing such insurance and any gain or advantage to the certificate holder or any employe, officer, director, agent, affiliate or associate from such insurance or its sale, shall not be considered as additional or further charge in connection with any loan made under KRS 291.410 to 291.600. The arranging for and collecting of an identifiable charge shall not be deemed the sale of insurance.

(d) Every insurance policy or certificate written in connection with a loan transaction pursuant to paragraph (b) of this subsection shall provide for cancellation of coverage and a refund of the premium or identifiable charge unearned upon the discharge of the loan obligation for which such insurance is security without prejudice to any claim.

(e) Whenever insurance is written in connection with a loan transaction pursuant to KRS 291.410 to 291.600, the certificate holder shall deliver or cause to be delivered to the borrower a policy, certificate or other memorandum which shall show the coverages and the costs thereof, if any, to the borrower within thirty days from the date of the loan.

(f) All such insurance shall be written by a company authorized to conduct such business in this state and the certificate holder shall not require the purchase of such insurance from any agent or broker designated by the certificate holder nor shall the certificate holder decline existing coverages which equal or exceed the standards of KRS 291.410 to 291.600.

(2) Insurance on real property pledged as security for a loan in an amount not to exceed the actual value of such property or the approximate amount of the loan whichever is lesser.

(3) Accident and health insurance on not less than a fourteen-day retroactive basis, covering one borrower in aggregate amount not to exceed the approximate amount of the loan with each periodic indemnity payment not to exceed the original indebtedness divided by the number of periodic installments; all subject to the general provisions and limitations of KRS 291.410 to 291.600. Premium rates for accident and health insurance written pursuant to KRS 291.410 to 291.600 shall be reasonable in relation to benefits, and shall be filed with the Commissioner of Insurance.

Section 3. KRS 291.500 is amended to read as follows:

(1) Delinquency charges may be made not to exceed five cents for each dollar of each installment more than ten days in arrears, and only one delinquency charge shall be made on any one installment. No delinquency charge shall exceed five dollars on any one installment. [A certificate holder and borrower may agree in writing to a deferral of all or part of one or more unpaid installments, and the certificate holder may make and collect a charge not exceeding a rate of seven dollars per one hundred dollars per annum. In addition to such charges attorneys' fees not exceeding fifteen percent of the unpaid balance and court costs may be collected, provided that the note is referred to an attorney not a salaried employe of the holder for collection.] *No delinquency charge may be collected with respect to a deferred installment unless the installment is not paid in full within ten (10) days after its deferred due date. A delinquency charge may be collected at the time it accrues or at any time thereafter.*

(2) *If two (2) installments or parts thereof of a loan are in default for ten (10) days or more, the certificate holder may elect to convert the loan at any installment due date to a loan in which interest is based upon unpaid balances. The contract balance shall be reduced by the rebate which would be required for prepayment in full on such installment due date, the amount remaining to be deemed the unpaid principal balance. Thereafter the certificate holder may charge interest at a rate not in excess of that disclosed to the borrower in accordance with the truth in lending act, 15USCA1601 et. seq., computed on the unpaid principal balances from time to time outstanding, applying all payments first to charges and the remainder, if any, to principal, until the loan is paid in full. When a contract has been so adjusted, the charges shall not be subject to further rebate nor shall any further delinquency or deferral charges be made on such contract.*

(3) A certificate holder and borrower may agree in writing in the original contract of loan or by a separate agreement to a deferral of all or part of all wholly unpaid installments, and the certificate holder

may make and collect a charge not exceeding the rate of finance charge required to be disclosed to the borrower pursuant to law applied to each amount deferred for the period for which it is deferred computed without regard to differences in lengths of months, but proportionately for a part of a month, counting each day as one-thirtieth (1/30th) of a month. No installment on which a delinquency charge has been collected or on account of which any partial payment has been made, shall be deferred or included in the computation of a deferral charge unless the delinquency charge or partial payment is refunded to the borrower or credited to the deferral charge. Any payment received at the time of deferment may be applied first to the deferral charge and the remainder, if any, applied to the unpaid balance of the contract. The deferral charge shall be excluded in computing any required rebate; however, if a rebate of charges originally added to the principal of the loan is required during a deferment period, then the borrower shall receive a rebate of the portion of the deferral charge applicable to any unexpired full months of the deferment period. The deferral charge may be collected at the time of deferment or at any time thereafter. After a deferment has been made the installment so deferred shall fall due in the same order as provided for by the contract originally and the portion of the charges originally added to the principal of the loan attributable to any such deferred installment shall be the same as was attributable to such installment originally.

(4) In addition to such charges attorneys' fees not exceeding fifteen percent (15%) of the unpaid balance and court costs may be collected, provided that the note is referred to an attorney not a salaried employe of the holder for collection.

(5) The certificate holder shall permit the borrower to repay his loan in whole or in part at any time. If a loan is paid in full prior to maturity, the certificate holder shall make a rebate at a rate not less than in accordance with the Rule of 78s if the maximum financing charge permitted under KRS 291.410 to 291.600 has been taken. If a lesser charge has been taken, the rebate shall be at not less than a proportional rate. Provided, however, the certificate holder shall be permitted in computing rebates to retain a minimum charge of ten dollars to cover its acquisition costs and where the amount of credit for anticipation of repayment is less than one dollar, no rebate need be made.

The terms of the refinancing shall be no less favorable to the debtor than the terms of the original loan or consumer credit transaction. These provisions do not apply to the extent that the payment schedule is adjusted to the seasonal or irregular income of the debtor.

(2) Notwithstanding any other provision of this section, this section shall not apply to a consumer loan or consumer credit transaction directly between a debtor and a financial institution in connection with the purchase or construction of residential property where payment of such loan or transaction is secured by a mortgage lien upon such property.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.24-410 is amended to read as follows:

(1) Any person proposing to acquire the controlling capital stock of any domestic stock insurer and thereby to change the control of the insurer, other than through merger or consolidation or affiliation as provided for in this subtitle, shall first apply to the commissioner in writing for approval of such proposed change of control. The application shall state the names and addresses of the proposed new owners of the controlling stock or shares and contain such additional information as the commissioner may reasonably require. *As used in this section "domestic stock insurer" means:*

(b) That as a result of the proposed change of control the insurer may not be qualified for a certificate of authority under the provisions of subtitle 3; or

(c) That the interests of the insurer or other stockholders of the insurer or policyholders would be impaired through the proposed change of control; or

(d) That the proposed change of control would tend materially to lessen competition, or to create any monopoly, as to kinds of insurance involved, in this state or elsewhere.

(3) If the commissioner does not by affirmative action approve or disapprove the proposed change of control within thirty (30) days after the date such application was so filed with him, the proposed change may be made without such approval. But if the commissioner gives notice to the parties of a hearing to be held by him with respect to the proposed change of control, and the hearing is held within such thirty (30) days or on a date mutually acceptable to the commissioner and the parties, the commissioner shall have ten (10) days after the conclusion of the hearing within which to so approve or disapprove the proposed change; and if not so approved or disapproved, the change may thereafter be made without the commissioner's approval.

(4) If the commissioner disapproves the proposed change he shall give written notice thereof to the parties, setting forth in detail the reasons for disapproval.

(5) The commissioner may suspend or revoke the certificate of authority of any insurer the control of which has been changed in violation of this section.

To the extent the secondary or excess coverage applies to liability within the minimum security required by this subtitle it must be subject to conditions consistent with the system of required liability insurance established by this subtitle.

(3) Security for a motorcycle is fulfilled by providing only the coverages set forth in subsections (1)(a), (b) and (c) of this section.

HB 711, AN ACT relating to motor vehicle insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.39-060 is amended to read as follows:

(1) Any person who registers, operates, maintains or uses a motor vehicle on the public roadways of this Commonwealth shall, as a condition of such registration, operation, maintenance or use of such motor vehicle and use of the public roadways, be deemed to have accepted the provisions of this subtitle, and in particular those provisions which are contained in this section.

(2) (a) Tort liability with respect to accidents occurring in this Commonwealth and arising from the ownership, maintenance, or use of a motor vehicle is "abolished" for damages because of bodily injury, sickness or disease to the extent the basic reparation benefits provided in this subtitle are *paid* [payable] therefor, or that would be *paid* [payable] but for any deductible authorized by this subtitle, under any insurance policy or other method of security complying with the requirements of this subtitle, except to the extent noneconomic detriment qualifies under subsection (2)(b) hereof.

(b) In any action of tort brought against the owner, registrant, operator or occupant of a motor vehicle with respect to which security has been provided as required in this subtitle, or against any person or organization legally responsible for his acts or omissions, a plaintiff may recover damages in tort for pain, suffering, mental anguish and inconvenience because of bodily injury, sickness or disease arising out of the ownership, maintenance, operation or use of such motor vehicle [only in the event that the benefits which are payable for such injury as "medical expense" or which would be payable but for any exclusion or deductible authorized by this subtitle exceed one thousand dollars ($1,000), or the injury or disease consists in whole or in part of permanent disfigurement, a fracture to a weight-bearing bone, a compound, comminuted, displaced or compressed fracture, loss of a body member, permanent injury within reasonable medical probability, permanent loss of bodily function or death. Any person who is entitled to receive free medical and surgical benefits shall be deemed in compliance with the requirements of this subsection upon a showing that the medical treatment received has an equivalent value of at least one thousand dollars ($1,000)].

(c) Tort liability is not so limited for injury to a person who is not an owner, operator, maintainer or user of a motor vehicle within subsection (1) of this section, nor for injury to the passenger of a motorcycle arising out of the maintenance or use of such motorcycle.

(3) For purposes of this section and the provisions on reparation obligor's rights of reimbursement, subrogation, and indemnity, a person does not intentionally cause harm merely because his act or failure to act is intentional or done with his realization that it creates a grave risk of harm.

(4) *In any action of tort brought against the owner, registrant, operator, or occupant of a motor vehicle with respect to which security has been provided as required in this subtitle, any person injured may claim his full damages, including nonpecuniary damages. He may also claim basic reparation benefits from the appropriate security on the vehicle as established under KRS 304.39-050. Such provider shall be subrogated to the rights of the injured person to the extent of reparation benefits paid against the owner and operator of the vehicle* [Any person may refuse to consent to the limitations of his tort rights and liabilities as contained in this section. Such rejection must be in writing in a form to be prescribed by the department of insurance and must have been executed and filed with the department at a time prior to any motor vehicle accident for which such rejection is to apply. Such rejection form together with a reasonable explanation thereof shall be furnished by the reparation obligor with each policy to each prospective insurance applicant. Such rejection form shall affirmatively state in bold print that acceptance of this form of insurance denies the applicant the right to sue a negligent motorist unless certain requirements contained in the policy of insurance are met. Rejection by a person who is under legal disability shall be made on behalf of such person by his legal guardian or his natural parent. The failure of such guardian or a natural parent of a person under legal disability to file a rejection, within six (6) months from the date that this subtitle would otherwise become applicable to such person, shall be deemed to be an affirmative acceptance of all provisions of this subtitle. Provided, however, any person who, at the time of an accident, who does not have basic reparation insurance but has not formally rejected such limitations of his tort rights and liabilities and has at such time in effect security equivalent to that required by KRS 304.39-110 shall be deemed to have fully rejected such limitations within meaning of this section for that accident only.

(5) Any rejection must be filed with the department of insurance and shall be for a period of five (5) years from the date of its execution unless revoked in writing. A copy of such rejection or revocation must be filed with each insurance company providing an automobile policy under which the individual is a named insured as defined in the policy.

(6) Every insurance company when issuing an automobile policy to a resident of this Commonwealth must inform the buyer in writing in a form to be prescribed by the insurance commissioner of his right to reject the limitations of his tort rights and liabilities under this subtitle in the manner provided in subsections (4) and (7) of this section.

(7) Any rejection shall result in the full retention by the individual of his tort rights and his tort liabilities. Any person injured by a motor vehicle operator who has such rejection on file may claim his full damages, including nonpecuniary damages, or, if such injured person has not rejected his own tort limitations, he may also claim basic reparation benefits from the appropriate security on the vehicle as established under KRS 304.39-050. If such provider of security is other than the one providing security for the operator who has rejected the limitations, such provider shall be subrogated to the rights of the injured person to the extent of reparation benefits paid against the owner and operator of the vehicle.

(8) No person who has rejected the tort limitations under this section, except as provided in subsection (9) of this section or KRS 304.39-140(5), may collect basic reparation benefits.

(9) Any owner or operator of a motorcycle, as defined in Kentucky Revised Statutes, may file a rejection as described in subsections (4) and (5), which will apply solely to the ownership and operation of a motorcycle but will not apply to injury resulting from the ownership, operation or use of any other type of motor vehicle].

HB 713, AN ACT relating to motor vehicle insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.39-050 is amended to read as follows:

(1) The basic reparation insurance applicable to bodily injury to which this subtitle applies is the security covering the vehicle occupied by the injured person at the time of the accident or, if the injured person is a pedestrian, the security covering the vehicle which struck such pedestrian. If the reparation obligor providing such insurance fails to make payment for loss within thirty (30) days after receipt of reasonable proof of the fact and the amount of loss sustained, the injured person shall be entitled to payment under any contract of basic reparation insurance under which he is a basic reparation insured and the insurer making such payments shall be entitled to full reimbursement from the reparation obligor providing the security covering the vehicle. A pedestrian, as used herein, means any person who is not making "use of a motor vehicle" at the time his injury occurs.

(2) If there is no security covering the vehicle, any contract of basic reparation insurance under which the injured person is a basic reparation insured shall apply.

[(3) No person shall recover basic reparation benefits from more than one reparation obligor as a result of the same accident, except as provided in KRS 304.39-140(4) nor in excess of ten thousand dollars ($10,000) as the result of the same accident.]

SECTION 1. A NEW SECTION OF KRS CHAPTER 304 SUBTITLE 2 IS CREATED TO READ AS FOLLOWS:

(1) The commissioner shall review all written complaints that a health insurer doing business in Kentucky has denied a claim of an insured.

(2) The commissioner shall send a copy of the complaint to the insurer and request a written reply be sent to the commissioner within ten (10) days.

(3) Upon review of a complaint the commissioner shall notify in writing the insurer and the insured that:

(a) the insurer shall pay the claim, or

(b) the insurer rightfully denied the claim.

HB 818, AN ACT relating to petty loan companies.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 288.420 is amended to read as follows:

No person shall, without first obtaining a license from the commissioner, engage in the business of making loans in the amount or of the value of *$2,000* [$1,200] or less at a greater rate of interest, or consideration therefor than 6 per cent per annum.

Section 2. KRS 288.530 is amended to read as follows:

(1) Every licensee may lend any sum of money not exceeding *$2,000* [$1,500], excluding charges, and may charge, contract for and receive thereon charges not in excess of three percent (3%) per month on that part of the unpaid principal balance not in excess of *$600* [$500] and two percent (2%) per month on that part of the unpaid principal balance exceeding *$600* [$500] but not exceeding *$1,500* [$1,200] and one and one-half percent (1 ½%) per month on that part of the unpaid principal balance exceeding *$1,500* [$1,200] but not exceeding *$2,000* [$1,500]. Such *charges* [rates] shall be computed *in advance at the agreed rate* on scheduled unpaid principal balances of the cash advance *on the assumption that all scheduled payments will be made when due* [for the full term of the loan contract]. *The total amount of such precomputed* [Such] charges shall be added to the *original* cash advance and the resulting sum shall become the face amount of the note. *Every payment may be applied to the combined total of the cash advance and precomputed charges until the contract is paid in full.*

(2) For the purposes of computation, whether at the maximum rate or less, a month shall be that period of time from any date in a month to the corresponding date in the next month and if there is no such corresponding date then to the last day of such month, and a day shall be considered one-thirtieth (1/30) of a month when such computation is made for a fraction of a month. The portion of the charges applicable to any particular monthly instalment period, as originally scheduled or following a deferment, shall bear the same ratio to the total charges, excluding any adjustments made pursuant to subsection (3) of this section, as the balance scheduled to be outstanding during that monthly period bears to the sum of all monthly balances scheduled originally by the contract of loan.

(3) A licensee and borrower may agree that the first instalment date may be not more than fifteen (15) days more than one (1) month and the amount of such instalment may be increased by one-thirtieth (1/30) of the portion of the charges applicable to a first instalment period of one (1) month for each extra day.

(4) If one-half (½) or more of any instalment remains unpaid more than seven (7) days after it is due, the licensee may charge and collect a default charge not exceeding two cents (2¢) for each dollar of the scheduled instalment, and such charge may be collected for each full month thereafter the instalment remains unpaid.

(5) If the payment of all wholly unpaid instalments on which no default charge has been collected is deferred one or more full months, the licensee may charge and collect a deferment charge not exceeding two cents (2¢) for each one dollar ($1.00) of the sum of the instalment so deferred, multiplied by the number of months the maturity of the contract is extended; Provided, however, That such number of months shall not exceed the number of instalments which are due and wholly unpaid or due within fifteen (15) days from the date of deferment. The deferment charge may be collected at the time of deferment or at any time thereafter. Any payment received at the time of deferment may be applied first to the deferment charge and the remainder, if any, applied to the unpaid balance of the contract, provided, however, that if such payment is sufficient to pay, in addition to the appropriate deferment charge, any instalment which is in default and the applicable default charge, it shall be first so applied and any such instalment shall not be deferred or subject to the deferment charge. At the time a deferment is made the borrower shall be given a statement or receipt showing the amount of the deferment charge, the date and amount of the next scheduled payment and the number of remaining scheduled payments.

(6) If the contract of loan is prepaid in full by cash, a new loan or otherwise before the final instalment date, the portion of the charges applicable to the full instalment periods following the instalment date nearest the date of prepayment shall be refunded. Any default or deferment charges which are due and unpaid may be deducted from such refund. The tender by the borrower or at his request of an amount equal to the unpaid balance less the required refund must be accepted by the licensee in full payment of the contract. If judgment is obtained before the final instalment date the contract balance shall be reduced by the refund which would be required for prepayment in full as of the date judgment is obtained. No refund of less than one dollar ($1.00) need be made; no refund for partial prepayments need be made.

(7) If two (2) or more full instalments are in default for one (1) full month or more at any instalment date and if the contract so provides, the licensee may reduce the contract balance by the refund or credit which would be required for prepayment in full on such instalment date. Thereafter, in lieu of charging, collecting or receiving charges as provided in subsections (1) to (6) inclusive of this section, charges may be charged, collected and received as provided by subsection (8) of this section until the contract is fully paid.

(8) In lieu of computing and collecting charges as provided in subsections (1) to (6) inclusive of this section a licensee may contract for, collect and receive on loans of *$2,000* [$1,500] or less charges as permitted in subsection (1) computed on the unpaid principal balance of the loan *from time to time outstanding*

[at the time of payment]. Such charges shall not be paid, deducted, received in advance or compounded but shall be computed, collected and received only on unpaid principal balances for the time actually outstanding. The definition of a month and of a day in subsection (2) of this section shall apply for the purposes of such computations.

(9) If part or all of the consideration for a contract of loan is the unpaid principal balance of a prior loan with the same licensee then the principal amount payable under such contract of loan shall not include any unpaid charges on the prior loan except such charges which have accrued within sixty (60) days before the *making* [mailing] of such new contract of loan and may include the balance remaining after giving the refund required by subsection (6) of this section.

(10) In addition to the charges provided for in this chapter no further charge or amount whatsoever for any examination, service, brokerage, commission, expense, fee, or bonus or other thing shall be directly or indirectly charged, contracted for, or received, except the lawful fees actually and necessarily paid out by the licensee to any public official for filing, recording or releasing in any public office any instrument securing the loan; the identifiable charge of premium for insurance provided for in KRS 288.560; or fees for noting or releasing a lien on or transferring a certificate of title to any motor vehicle offered as security for a loan made under this chapter. If any amount in excess of the amounts authorized by this chapter is charged, contracted for or received, except as the result of an accidental or bona fide error, [the contract of loan shall be void and] the lender shall have no right to collect or receive any [principal,] charges [or recompense] whatsoever.

(11) No licensee shall induce or permit any borrower to split up or divide any loan nor permit any one borrower [or any husband or wife individually or together] to become indebted to him under more than one contract of loan at the same time if the actual amount of the indebtedness on any one of such contracts is in the amount or of the value of *$2,000* [$1,500] or less and there is charged, contracted for, or received thereon, directly or indirectly, by any device, subterfuge, or pretense whatsoever, any interest, or consideration therefor greater than would otherwise be permitted by this chapter.

(12) No licensee shall directly or indirectly charge, contract for or receive any interest or consideration greater than the lender would be permitted by law to charge if he were not a licensee hereunder upon any loan in the amount or of the value of more than *$2,000* [$1,500] excluding charges, or in any case in which the licensee permits any individual as borrower, indorser, guarantor, or surety for any borrower, or otherwise, to owe on any loan or loans directly or contingently, or both, to the licensee at any time the sum of more than *$2,000* [$1,500] for principal, excluding charges.

Section 3. KRS 288.570 is amended to read as follows:

(1) The payment of *$2,000* [$1,200] or less in money, credit, goods, or things in action, as consideration for any sale, assignment, or order for the payment of wages, salary, commissions, or other compensation for services, whether earned or to be earned, shall be deemed for the purposes of regulation under this chapter, a loan secured by such assignment, and the amount by which such assigned compensation exceeds the amount of such consideration actually paid shall be deemed for the purposes of regulation under this chapter interest or charges upon such loans from the date of payment to the date such compensation is payable. Such transaction shall be governed by and subject to the provisions of this chapter.

(2) No assignment of or order for payment of any salary, wages, commissions, or other compensation for services, earned or to be earned, when taken as security for any loan made under this chapter, shall be valid unless the amount of the loan is paid to the borrower simultaneously with its execution. Under any assignment of or order for the payment of future salary, wages, commissions, or other compensation for services given as security for a loan made under this chapter, there shall not at any time be collectible from the employer of the borrower more than ten per cent (10%) of the amount then owing the borrower for any such salary, wages, commissions or other compensation for services.

Section 4. KRS 288.620 is amended to read as follows:

(1) No person, except as authorized by statute shall directly or indirectly by any device, subterfuge or pretense whatsoever, charge, contract for or receive or participate as agent, broker or in any other capacity in charging, contracting for or receiving any interest, discount or consideration greater than 6 per cent per annum upon any loan in the amount of or the value of *$2,000* [$1,200].

(2) Any loan in the amount of *$2,000* [$1,200] or less for which there has been charged, contracted for or received a greater rate of interest, discount or consideration, except as provided for by statute, is against the public policy of this state.

(3) No such loan made outside this state shall be enforced in the state and every person participating therein in this state shall be subject to the provisions of this chapter, but this section does not apply to loans legally made in any state, country, commonwealth, territory or district.

(1) With respect to lectures, visual aids, textbooks, other prepared subject matter, curricula, course guides, course outlines, and other administrative curricular matter used in all public elementary and secondary schools within the Commonwealth, references to any theory of evolution shall be presented only with references to scientific creationism which are equal in content and context.

(2) Nothing in this Act shall be construed as a control on discussion, nor so as to prevent the use of dual textbooks or teaching materials, or both, to achieve the equal content requirements of this Act.

(3) The requirements of this Act shall be applicable to all presentations of the theory of evolution and scientific creationism beginning with the 1982-83 school year.

SECTION 3. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

Such approval shall be evidenced by the adoption by the general assembly of a specific act or the adoption by the general assembly of the biennial budget report and the biennial appropriation act which shall specify the purposes for such financing.

(2) The biennial appropriation act and budget report shall also establish a ceiling for revenue bonds which require a general fund appropriation to retire.

Such certification shall be made in writing by the Secretary of Finance to the statutory head of the issuing agency or authority with a copy to the governor and the legislative research commission.

SECTION 2. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

(2) In the event the cost of an authorized bond project exceeds its estimated cost, as approved by the General Assembly, the financing of such project may be authorized upon approval by the Secretary of Finance, so long as such cost does not exceed the estimated cost by more than twenty-five percent (25%). Notwithstanding any statutory provision to the contrary, no individual, agency, authority, board, cabinet, commission, corporation, or other entity of, or representing the Commonwealth of Kentucky shall enter into any contract with any instrumentality of the Federal Government for the acquisition or construction of any flood control project, when the satisfaction of said contract requires, or could require, the appropriation of state funds not yet appropriated, without first obtaining approval of the general assembly sitting in regular or special session.

Your loyalty and devotion to your church—the Church of Christ is admirably reflected in your regular attendance. You have influenced the lives of many and have been a great inspiration, especially to the youth of your county and the Commonwealth of Kentucky. God has showered his manifold blessings upon you in enabling you to continue to drive your car, to read the Courier-Journal Newspaper from cover to cover, to enjoy the KET programs daily and visit with the officials and friends at the Court House due to your political interest and influence. Representative Williams moved the adoption of the following Legislative Citation No. 51:

The House of Representatives of the Commonwealth of Kentucky hereby congratulates the University of Louisville Cardinal Basketball Team, Coach Denny Crum, the Metro Conference Coach of the year, and staff on a truly great basketball season. You not only won the Metro Conference regular season with a perfect 12-0 record but continued on to win the Metro Conference Tournament. With a young squad consisting mostly of freshmen and sophomores, you exceeded the expectations of even your most ardent supporters by compiling an enviable 26-3 record. This body recognizes senior Tony Branch for his outstanding contribution to the Cardinal Team and we especially salute senior Darrell Griffith, who not only led the team in scoring, but was selected as player of the year in the Metro Conference. The House of Representatives of the Commonwealth of Kentucky hereby offers our sincere congratulations to the University of Louisville basketball coach Denny Crum as you complete what must be one of the most, if not *the* most, satisfying year in your tenure as a head coach. You have had many truly outstanding teams at the University but this year with but two seniors and a host of freshmen and sophomores - and without great size - you astounded basketball fans everywhere with one of the best records in the nation and a high national ranking. It is with admiration and respect that this body wishes you much continued success as the Cardinals enter the NCAA Tournament. (Sponsored by Representative Wright)

Representative Williams moved the adoption of the following Legislative Citation No. 53:

The House of Representatives of the Commonwealth of Kentucky hereby extends to Senior Tony Branch our sincere appreciation for the contribution you have made to the success of the University of Louisville Cardinal Basketball Team for the past four years. While diminutive in size and participating in a game dominated by "giants", you are living testimony that success can be achieved by displaying a bigness of heart, a cooperative attitude, dedication to a goal and perseverance. This body wishes you much happiness and success in the future. (Sponsored by Representative Wright)

Agreed.

Representative Williams moved the adoption of the following Legislative Citation No. 54:

The House of Representatives of the Commonwealth of Kentucky hereby expresses our appreciation and gratitude to Darrell Griffith as you complete an outstanding basketball career at the University of Louisville with a truly fabulous senior year. Your selection as Metro Conference Player of the year reflects your leadership, your dedication and your consistently brilliant play as you led an inexperienced but spirited group of teammates to a phenominally successful season. College basketball fans will surely miss the variety of "dunks" you so expertly performed but more importantly, they will miss the excitement generated just by your presence on the court. HB 766, AN ACT relating to teachers' retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 161.340 is amended to read as follows:

(1) The board of trustees shall elect from its membership a chairperson and a vice chairperson on an annual basis as prescribed by the rules and regulations of the board of trustees. It shall appoint an executive secretary and fix the compensation for this position without limitation of the provisions of KRS Chapter 18 and KRS 64.640, except that such compensation shall not exceed the maximum set for Commissioners by KRS 64.640(2). The compensation set by the board of trustees for the position of executive secretary may provide for the same annual leave, sick leave, insurance and similar benefits as provided for other employees of the retirement system. The executive secretary, at the time of appointment or selection, shall be a graduate of a standard four-year college, and shall possess such other qualifications as the board of trustees may require by regulation. The executive secretary shall not have held by appointment or election an elective public office within the five-year period next preceding the date of appointment or selection.

(2) The board shall employ such clerical, administrative, and other personnel as are required to transact the business of the retirement system. The compensation of all such persons employed by the board shall be paid at such rates and in such amounts as the board approves subject to the approval of the commissioner of personnel.

(3) The board shall contract for such actuarial, auditing, medical, investment counseling, and other professional or technical services as are required to carry out the obligations of the board without limitations of KRS Chapter 56 and KRS Chapter 45A, and shall provide for legal counsel and such other legal services as may be required in defense of trustees, officers and employes of the system who may be subjected to civil action arising from the performance of their legally assigned duties in the event such counsel and services are not provided by the attorney general.

(4) The board shall require the trustees, executive secretary and such employes as it thinks proper to execute bonds for the faithful performance of their duties notwithstanding the limitations of KRS Chapter 62.

Section 2. KRS 161.470 is amended to read as follows:

(1) The membership of the retirement system shall consist of all new teachers and all present teachers except as provided in Acts 1938 (1st Ex. Sess.), ch. 1, paragraph 29. No person without previous Kentucky service who was age sixty-five or older on July 1, next preceding employment may become a member of the teachers' retirement system.

(2) Service credit shall be forfeited upon withdrawal. If a teacher again enters service it shall be as a new teacher, except that any teacher who withdraws by claiming his deposits may repay the system the amount withdrawn plus interest and re-establish his service credit as provided in KRS 161.470(3).

(3) Effective July 1, 1974, and thereafter, an active contributing member of the retirement system with contributing service equal to two (2) years or the number of years subsequent to the withdrawal of contributions, whichever is the lesser number may regain such service credit by depositing in the teachers' savings fund the amount withdrawn with interest at the rate to be set by the board of trustees, and computed from the first of the month of withdrawal and including the month of redeposit.

(4) Effective July 1, 1974, any active contributing member with at least two (2) years of contributing service credit who declined membership as provided in Acts 1938 (1st Ex. Sess.), ch. 1, paragraph 29, may secure service credit for prior service, and for any subsequent service prior to date of membership, by depositing in the teachers' savings fund contributions for each year of subsequent service prior to date of membership, with interest at the rate of six percent (6%) compounded annually to the date of deposit.

(5) Membership in the retirement system shall be terminated:

(a) By retirement for service;

(b) By death; or

(c) By withdrawal of the member's accumulated contributions.

(6) In case of withdrawal from service prior to eligibility for retirement, the board of trustees shall on request of the teacher return all of his accumulated contributions with regular interest including any payments made by the teacher to the state accumulation fund, but the teacher shall have no claim on any contributions made by the state with a view to his retirement or to contributions made to the survivor, death and

medical insurance fund. If the member is eligible for an immediate service retirement allowance as provided in KRS 161.600 no withdrawal and refund shall be permitted, *unless the allowance would prohibit the member from qualifying for social security benefits* [but in lieu thereof the teacher shall be entitled to a retirement allowance].

(7) Except as provided in KRS 161.520 and 161.525 in case of death prior to retirement the board of trustees shall pay to the estate of the deceased member or to his assigns all of his accumulated contributions, with regular interest, including any payments made by the teacher to the state accumulation fund, but the estate or assigns shall have no claim on any contributions made by the state with a view to the retirement of the teacher or to contributions made to the survivor, death and medical insurance fund.

(8) Any active contributing member of the Kentucky employes retirement system, the county employes retirement system, the state police retirement system, or the judicial retirement system may use service, under such retirement system for the purpose of meeting the service requirement of subsections (3) and (4) of this section.

Section 3. KRS 161.507 is amended to read as follows:

(1) *An active contributing* [A] member of the teachers' retirement system may receive credit for active service rendered in the armed forces of the United States subject to regulations established by the board of trustees. Such service may be credited only if discharge was other than dishonorable. Service shall be considered as Kentucky teaching service, except that it may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1). A maximum of six years of such service may be credited but in no case a greater number of years than the actual years of contributing service in Kentucky.

(2) A member having twenty years or more of active duty in the military service, and who is qualified for regular federal retirement benefits based on such service, may not receive credit for any such service in the teachers' retirement system. This subsection shall apply to service presented for credit on July 1, 1975, and thereafter.

(3) A member receiving retirement credit for active duty in the armed services of the United States shall contribute to the retirement system an amount equal to thirty-five percent of the actuarial cost for each year of service so credited [if the active duty was performed after July 1, 1976]. In purchasing retirement credit for active duty in the armed services the latest years of service shall be considered first in allowing credit toward retirement. The board of trustees shall adopt a table of actuarial factors to be used in calculating the amount of contribution required for crediting such service.

Section 4. KRS 161.520 is amended to read as follows:

Upon death of an active contributing member or upon the death of a member retired for disability, except as provided in KRS 161.661(6), the survivors of the deceased member in the following named order, may elect to receive a survivor's benefit payable as follows:

(1) Where there is a surviving widow or a widower who is named as beneficiary of the member's retirement account, the benefit shall be:

(a) One hundred sixty dollars ($160) per month with no restriction on other income; or

(b) *Two hundred dollars ($200)* [One hundred ninety dollars ($190)] per month when the surviving widow or widower's total income from all sources does not exceed six thousand dollars ($6,000) per year or five hundred dollars ($500) per month; or

(c) If the deceased member has a minimum of ten (10) years of service credit with the teachers' retirement system, the surviving widow or widower may apply for an annuity actuarially equivalent to the annuity that would have been paid to the deceased member when eligibility conditions were met. Eligibility for payments would begin at the time the age of the deceased member would have met the requirements of KRS 161.600(1). In exercising this right, the surviving widow or widower shall be entitled to receive an annuity for life except that eligibility for this benefit shall cease upon remarriage. This subsection applies to surviving spouses of members who die on or after July 1, 1978.

(2) Where there are surviving unmarried children under age eighteen (18) or under age nineteen (19) if a full-time student in high school, the benefit shall be one hundred *sixty-five dollars ($165)* [fifty-five dollars ($155)] per month in the case of one (1) such child, two hundred *ninety dollars ($290)* [seventy dollars ($270)] per month in the case of two (2) such children, three hundred *forty dollars ($340)* [twenty-five dollars ($325)] per month in the case of three (3) such children, and three hundred *seventy dollars ($370)* [fifty ($350) dollars] per month in the case of four (4) or more such children. Benefits under this subsection shall apply notwithstanding benefits which may be payable under subsections (1) and (3).

(3) Where the survivor is a child age eighteen (18) or older whose mental or physical condition is sufficient to cause his dependency on the deceased member at the time of the member's death the benefit shall be *two hundred dollars ($200)* [one hundred ninety ($190) dollars] per month, payable for the life of such child or until such time as the mental or physical condition creating the dependency no longer exists. Benefits under this subsection and subsection (2) shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one year prior to the death of the member. Benefits under this subsection shall apply notwithstanding benefits which may be payable under subsections (1) and (2) and shall be in addition to such benefits.

(4) Where the sole eligible survivors are dependent parents aged sixty-five (65) or over, the benefit shall be *two hundred dollars ($200)* [one hundred ninety dollars ($190)] per month for one (1) parent or two hundred *ninety dollars ($290)* [sixty ($260) dollars] per month for two (2) parents. Dependency of a parent shall be established as of the date of the death of the member.

(5) Where the sole eligible survivor is a dependent brother or sister, the benefit shall be one hundred *sixty five dollars ($165)* [fifty-five dollars ($155)] per month. In order to qualify the brother or sister must have been a resident of the deceased member's household for at least one (1) full year prior to the member's death or must have been receiving care in a hospital, nursing home or other institution at the member's expense for a like period.

(6) The benefit to a child as defined in subsection (2) of this section shall terminate upon the attainment of age eighteen (18) or upon reaching age nineteen (19) if a full-time student in high school or upon marriage, except that benefits shall continue until the attainment of age twenty-three (23) for an unmarried child who is a full-time student in a recognized educational program beyond the high school level. The benefit to a widow, widower, dependent parent or dependent brother or sister or dependent child age eighteen (18) or older shall terminate upon marriage, or upon termination of the condition creating the dependency.

(7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating thereto, including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems such action necessary.

(8) No payments of benefits shall be made unless the board of trustees shall have authorized such payments. The board shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amounts of benefit payable.

(9) In the event that there are no eligible survivors as defined in subsections (1), (2), (3), (4), and (5) of this section, the board of trustees shall pay to the estate or assigns of the deceased member a refund of his accumulated contributions as provided in KRS 161.470(7). If the benefits paid or payable under subsections (1), (2), (3), (4), and (5) of this section and KRS 161.661 shall amount to a sum less than the member's accumulated contributions at the time of death, the board of trustees shall pay to the estate or assigns of the deceased member the balance of such accumulated contributions.

Section 5. KRS 161.595 is amended to read as follows:

(1) Upon service retirement, a member of the teachers' retirement system may obtain credit for all or any part of the service otherwise creditable under the Kentucky employes' retirement system, the county employes' retirement system, or in the service of the United States government for which service credit is not otherwise given, upon the payment by the member of such amount or amounts as are actuarially determined to be equal to the increased liability of the teachers' retirement system by virtue of such additional service credit.

(2) The amount paid under this section shall be considered as accumulated contributions of the individual member.

(3) No person shall be allowed credit for the same period of service in more than one (1) of these three (3) retirement systems.

(4) An active member of the teachers' retirement system may obtain service credit for all or any part of full-time teaching service that was performed in a Kentucky correctional institution prior to 1956, upon the payment by the member of the required percentage based on the salary received for the initial year of employment after 1956 in a position covered by the teachers' retirement system with interest at the rate of six percent (6%) compounded annually from the date of the pre-1956 service, and by depositing in the state accumulation fund an amount equal to the above sum. Member payments for this service must be made prior to July 1, 1982.

Section 6. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective *July 1, 1980, and thereafter* [during the 1978-79 and 1979-80 fiscal years], the annual allowance for each year of service performed prior to July 1, 1941, shall be *one hundred dollars ($100)* [eighty-eight dollars ($88)] and the annual allowance for each year of service performed after July 1, 1941, shall be two percent (2%) of the final average salary. Actuarial discounts due to age at retirement may be applied as provided in this section.

(b) For retirements effective July 1, 1980, and thereafter the annual allowance shall be determined as set out in subsection (1)(a) of this section, except that the allowance for service performed after July 1, 1980, shall be valued at two and one-half percent (2 ½%) of the final average salary for all members not employed by a state university or college.

(c) If the member has five (5) years or more of Kentucky service, but less than thirty (30) years of such service credit, the allowance shall be reduced actuarially for the number of years the member is less than sixty (60) years of age or by the number of years the service credit is less than thirty (30) years, whichever is the lesser number. The board of trustees shall adopt an actuarial table of discounts for the purpose of calculating these allowances.

(2) *Effective July 1, 1980, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option shall be increased in the amount of one percent (1%)* [Effective July 1, 1970, and annually on July 1 thereafter the annual retirement allowance of each retired teacher and of each beneficiary of a retirement option shall be increased in the amount of one percent (1%) of the retirement allowance in effect on July 1, 1970, or the date of retirement, whichever occurs later].

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than eighty-eight dollars ($88) multiplied by the service credit years of the teacher, except that no retired teacher who was sixty (60) years of age or older at retirement, and who has five (5) years or more service credit in a position covered by the teachers' retirement system shall receive a monthly benefit of less than seventy-five dollars ($75). The above minimums shall be effective July 1, 1978, and shall apply to those members retiring on or subsequent to that date.

(4) The minimum provided in this section shall apply in the case of teachers retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the teacher and his beneficiary or beneficiaries as provided in the duly adopted option tables at the time of the member's retirement.

(5) *Effective July 1, 1980, the monthly allowance of each member retired on or before July 1, 1979, and of each recipient of a retirement option of such retired member shall be increased in the amount of three percent (3%) of the monthly allowance. Effective July 1, 1980, the monthly allowance of each member retired on or before July 1, 1975, and of each recipient of a retirement option of such retired member shall be increased in the amount of two percent (2%) of the monthly allowance. Effective July 1, 1981, the monthly allowance of each member retired on or before July 1, 1980, and of each recipient of a retirement option of such retired member shall be increased in the amount of three percent (3%) of the monthly allowance. Effective July 1, 1981, the monthly allowance of each member retired on or before July 1, 1976, and of each recipient of a retirement option of such retired member shall be increased in the amount of two percent (2%) of the monthly allowance. The above percentages shall be based on an assumed minimum allowance of two hundred dollars ($200) per month and an assumed maximum allowance of seven hundred and fifty dollars ($750) per month of annuity in effect the previous month.*

(6) Effective July 1, 1980, each member retired prior to that date and each recipient of a retirement option of such member shall receive an increase in monthly benefits equal to one dollar ($1.00) for each year, up to a maximum of fifteen (15) years, of credited service prior to July 1, 1941. Effective July 1, 1980, each member who retired prior to that date and each recipient of a retirement option of such member shall receive an increase in monthly benefits equal to five dollars ($5.00) for each year, after the first fifteen (15) years, of credited service prior to July 1, 1941. [Effective July 1, 1978, the monthly allowance of each member retired on or before July 1, 1976, and of each recipient of a retirement option of such retired member shall be increased in the amount of two percent (2%) of the monthly allowance. Effective July 1, 1978, the monthly allowance of each member retired on or before July 1, 1977, and of each recipient of a retirement option of such retired member shall be increased in the amount of two percent (2%) of the monthly allowance. Effective July 1, 1979, the monthly allowance of each member retired on or before July 1, 1978, and of each recipient of a retirement option of such retired member shall be increased in the amount of two percent (2%) of the monthly allowance. The above percentages shall be based on an assumed minimum allowance of two hundred dollars ($200) per month and an assumed maximum of six hundred dollars ($600) per month of annuity in effect the previous month.]

Section 7. KRS 161.640 is amended to read as follows:

(1) Retirement annuities shall be payable monthly. The first payment to an annuitant shall be made at the payment date at the end of one full payment period after his retirement and shall consist of one regular monthly payment. Retirement for a member receiving one full year of service credit during a fiscal year, shall be no earlier than July 1 next following the end of such fiscal year.

(2) The board of trustees may enter into agreements with retired members for payroll deduction when it is deemed in the best interest of the retired members and the retirement system.

Section 8. KRS 161.655 is amended to read as follows:

(1) Upon the death of a member retired for service or disability, a death benefit of two thousand and *five hundred dollars ($2,500)* [two hundred dollars ($2,200)] shall be paid to the member's estate. Upon the death of an active contributing member, a death benefit of two thousand dollars ($2,000) shall be paid to the member's estate. Application for the death benefit shall be made to the teachers' retirement system together with acceptable evidence of death and eligibility.

(2) Suit or civil action shall not be required for the collection of the death benefit provided herein, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the death benefit.

Section 9. KRS 161.661 is amended to read as follows:

(1) Any member who has completed five (5) or more years of accredited service in the public schools of Kentucky after July 1, 1941, may retire for disability and be granted a disability allowance if found to be eligible as provided below. Application for disability benefits must be made within one (1) year of the last contributing service in Kentucky, and the disability must have occurred during the most recent period of employment in a position covered by the teachers' retirement system and subsequent to the completion of five (5) years of teaching service in Kentucky. A disability occurring during the regular vacation immediately following the last period of active service in Kentucky or during an official leave for which the member is entitled to make regular contributions to the retirement system, shall be considered as having occurred during a period of active service. The annual disability allowance shall be equal to sixty percent (60%) of the member's final average salary, except that a member retiring for disability who is also eligible for service retirement may elect to have the benefit calculated on the service retirement formula and may choose any of the retirement options provided for service retirement.

(2) No member who has reached the age of sixty (60) years and who is otherwise qualified for retirement may retire by reason of disability, with the disability allowance of sixty percent (60%) of the member's final average salary as set out in subsection (1) above. A member who is sixty (60) years of age or older may retire for disability with the benefit calculated on the service retirement formula and the choice of retirement options as provided for service retirement. Provisions of KRS 161.520, 161.525, and subsections (3), (4) and (5) of this section shall not apply to disability retirees whose benefits were calculated on the service retirement formula nor to survivors of such members.

(3) Members shall earn one year of entitlement to disability retirement, at sixty percent (60%) of the member's final average salary, for each four years of service in a covered position but any member meeting the service requirement for disability retirement shall be credited with no less than five (5) years of such eligibility.

(4) A member retired by reason of disability shall continue to earn service credit at the rate of one (1) year for each year so retired. Such service shall be credited to the member's account at the expiration of entitlement as defined in subsection (3) of this section, or when the member's eligibility for disability benefits is terminated upon recommendation of the medical review board, and shall be used in calculating benefits as provided in subsection (5) of this section.

(5) Any member retired by reason of disability and remaining disabled at the expiration of the eligibility period shall have such disability benefits recalculated using the service retirement formula with service credit as set out in subsection (4) above. The retirement allowance shall be calculated as set forth in KRS 161.620 except that those persons less than sixty (60) years of age shall be considered as sixty (60).

(6) Members who have their disability retirement allowance recalculated at the expiration of the entitlement period shall continue to have coverage under the post-retirement medical insurance program. Restrictions on employment shall remain in effect until the member attains age seventy (70) or until the member's eligibility is discontinued. KRS 161.520 and 161.525 shall not apply to survivors of disability retirees whose retirement allowances have been recalculated at the expiration of the entitlement period. *Members who have their disability retirement allowance recalculated at the expiration of their entitlement period shall be entitled to a minimum monthly allowance of three hundred dollars ($300) as the basic straight life annuity. The minimum allowance shall be effective July 1, 1980, and shall apply to those members who have had their allowance recalculated prior to that date and to disability retirees who will have their benefit allowance recalculated on or after that date.*

(7) Any member retired by reason of disability may voluntarily waive disability benefits and return to teaching or such member, who is age sixty (60) years or older, may elect to waive disability benefits and retire for service on the basis of service credited to the member on the effective date of the disability retirement.

(8) In order to qualify for retirement by reason of disability a teacher must suffer from a physical or mental condition presumed to be permanent in duration and of such a nature as to render him incapable of being gainfully employed as a teacher. Such incapability must be revealed by a competent examination by a licensed physician or physicians and must be approved by a majority of the medical review board.

(9) A member retired by reason of disability shall be required to undergo periodic examinations at the discretion of the board of trustees to determine whether the disability allowance shall be continued. When examination and recommendation of the medical review board indicate the disability no longer exists, the allowance shall be discontinued.

(10) Eligibility for payment shall begin on the first day of the month following receipt of the application in the teachers' retirement system office, or the first of the month next following the last payment of salary or sick leave benefits by the employer, whichever is the later date.

(11) No person who receives a disability allowance may serve as a teacher either within or without the state of Kentucky. So doing shall constitute a misdemeanor; and shall result in loss of such allowance from the first date of such service. The recipient of a disability allowance who engages in any gainful occupation other than teaching must make a report of the duties involved, compensation received and any other

pertinent information required by the board of trustees. If the annual income from other employment plus the disability benefit exceed the sum of *twelve thousand dollars ($12,000)* [nine thousand dollars ($9,000)] or the last earned compensation, whichever is the greater amount, the benefit shall be reduced to an amount which with earned income will not exceed the last earned compensation or *twelve thousand dollars ($12,000)* [nine thousand dollars ($9,000)], whichever is the greater amount. In no case shall the benefit be reduced to less than seventy-five dollars ($75) per month, if the member has five (5) or more years of contributing service in the teachers' retirement system.

(12) The board of trustees shall designate a medical review board consisting of three or more licensed physicians and may designate physicians in various areas of the commonwealth to conduct examinations as needed. The medical review board shall pass upon all applications for disability retirement and upon all statements, certifications, and examinations submitted in connection with such applications. The disposition of each case shall be recommended by the medical review board in writing to the board of trustees. Members of the medical review board shall follow such rules and regulations regarding procedures as the board of trustees may enact and shall be paid reasonable fees and expenses as authorized by the board of trustees in compliance with the provisions of KRS 161.330 and 161.340. The board of trustees may secure such additional medical service and information as it deems necessary.

(13) A disability may be presumed to be permanent if the condition creating such disability may be reasonably expected to continue for one (1) year or more from the date of application for disability benefits.

(14) Any member who has voluntarily waived disability benefits or whose disability benefits have been discontinued on recommendation of the medical review board, may apply for reinstatement of disability benefits. The application for reinstatement must be made to the retirement system within twelve (12) months of the date disability benefits terminated. If the termination of benefits were voluntary the reinstatement may be made without medical examination if application is made within three months of the termination date. Other applications for reinstatement will be processed in the same manner as new applications for benefits.

Section 10. KRS 161.675 is amended to read as follows:

(1) The board of trustees is empowered to enter into contracts with insurance carriers for the purpose of providing a broad program of hospital and medical insurance coverage to members retired for service or disability. Coverage may be extended to the spouses and minor children of said retired members, provided the member began participating in the teachers' retirement system prior to July 1, 1978. Coverage may also be extended to spouses and to minor children of members in active contributing status who are deceased prior to retirement if the surviving spouse is eligible to receive the member's retirement benefit as provided in KRS 161.525 and elects to do so.

(2) The coverage provided shall be as set forth in the contracts and the regulations of the board of trustees. The contracts and regulations shall provide for, but not be limited to, hospital room and board, surgical procedures, doctors' care in the hospital and miscellaneous hospital costs. A retiree whose effective date of retirement is July 1, 1974, and thereafter, must have a minimum of five (5) years creditable Kentucky service in the teachers' retirement system or of combined services in the Kentucky employes retirement system, of which at least two (2) years was creditable service under KRS 161.510 and 161.607(2), to qualify for such coverage.

(3) The board of trustees is empowered to pay premiums for insurance coverage from the hospital and medical insurance fund. It may provide such insurance coverage as is deemed desirable by making payment to institutions and individuals for services performed, or the board of trustees may elect to provide such insurance protection on a "self-insurance" basis.

(4) Contracts negotiated may include the provision that a stated amount of hospital cost or period of hospitalization shall incur no obligation on the part of the insurance carrier or the retirement system.

(5) The board of trustees is empowered to adopt such rules and regulations as are necessary to assure efficient operation of the hospital and medical insurance program.

(6) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient.

Section 11. KRS 161.700 is amended to read as follows:

(1) The right of a teacher to a retirement allowance and to the return of contributions, any benefit or right accrued or accruing to any person under the retirement system, and the money in the various funds of the retirement system are exempt from any state or municipal tax, are not subject to execution, garnishment, attachment or other process, and are unassignable except as provided in this chapter.

(2) Retirement allowance, disability allowance, accumulated contributions or any other benefit under the retirement system shall not be classified as marital property pursuant to KRS 403.190(1). Retirement allowance, disability allowance, accumulated contributions or any other benefit under the retirement system shall not be considered as an economic circumstance during the division of marital property in an action for dissolution of marriage pursuant to KRS 403.190(1)(d).

SECTION 12. A NEW SECTION OF KRS CHAPTER 161 IS CREATED TO READ AS FOLLOWS:

(1) Any person who was employed as a certified teacher in the public schools or state universities of the Commonwealth of Kentucky, now covered by the teachers' retirement system, as a regular, full-time teacher for a period of twenty (20) or more years prior to July 1, 1940, and who is not otherwise qualified to receive a pension or annuity from the teachers' retirement system, shall be entitled to a payment of seventy-five dollars ($75) per month.

(2) Persons qualifying for this payment shall not be eligible for any other benefit provided for in this chapter.

(3) The terms of this section shall become effective on July 1, 1980, and payment to qualified persons shall begin at such time following that date as applications are received on forms adopted by the board of trustees of the teachers' retirement system. No payments shall be made retroactive to the receipt of such application.

(4) Persons attempting to qualify for payment under the terms of this section shall furnish such proof of age, employment and other qualifications as the board of trustees may require. The board of trustees shall be empowered to determine the eligibility of all applicants.

SECTION 13. A NEW SECTION OF KRS CHAPTER 161 IS CREATED TO READ AS FOLLOWS:

Each member's account shall be administered in a confidential manner and specific data regarding a member shall not be released for publication unless authorized by the member; however, the board of trustees may release member account information to the employer or to other state and federal agencies as it deems necessary.

Section 14. Whereas, retirement annuity adjustments are implemented at the beginning of a fiscal year, an emergency is declared to exist and the provisions of this Act shall become effective July 1, 1980.

Section 1. KRS 304.39-320 is amended to read as follows:

(1) No automobile liability or motor vehicle liability policy of insurance insuring against loss resulting from liability imposed by law for bodily injury or death suffered by any person arising out of the ownership, maintenance or use of a motor vehicle shall be delivered or issued for delivery in this state with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto, in limits for bodily injury or death set forth in KRS 304.39-110 under provisions approved by the commissioner, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of underinsured motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom; provided that the named insured shall have the right to reject in writing such coverage; and provided further that, unless the named insured requests such coverage in writing, such coverage need not be provided in or supplemental to a renewal policy where the named insured had rejected the coverage in connection with a policy previously issued to him by the same insurer.

His insurance company shall be subrogated to any amounts it so pays, and upon payment shall have an assignment of the judgment against the other party to the extent of the money it pays.

(3) In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment shall, to the extent thereof, be entitled to the proceeds of any settlement or judgment resulting from the exercise of any rights of recovery of such person against any person or organization legally responsible for the bodily injury for which such payment is made, including the proceeds recoverable from the assets of the insolvent insurer. [Every insurer shall make available upon request to its insureds underinsured motorist coverage, whereby subject to the terms and conditions of such coverage the insurance company agrees to pay its own insured for such uncompensated damages as he may recover on account of injury due to a motor vehicle accident because the judgment recovered against the owner of the other vehicle exceeds the policy limits thereon, to the extent of the policy limits on the vehicle of the party recovering less the amount paid by the liability insurer of the party recovered against. SECTION 1. A NEW SECTION OF KRS CHAPTER 413 IS CREATED TO READ AS FOLLOWS:

(1) It is the declared policy of the Commonwealth to conserve and protect and encourage the development and improvement of its agricultural land for the production of food and other agricultural products. When nonagricultural land uses extend into agricultural areas, agricultural operations often become the subject of nuisance suits. As a result, agricultural operations are sometimes forced to cease operations. Many others are discouraged from making investments in farm improvements. It is the purpose of this section to reduce the loss to the state of its agricultural resources by limiting the circumstances under which agricultural operations may be deemed to be a nuisance.

(2) No agricultural operation or any of its appurtenances shall be or become a nuisance, private or public, by any changed conditions in or about the locality thereof after the same has been in operation for more than one year, when such operation was not a nuisance at the time the operation began; provided, that the provisions of this subsection shall not apply whenever a nuisance results from the negligent operation of any such agricultural operation or its appurtenances.

(3) For the purposes of this section "agricultural operation" includes, without limitation, any facility for the production of crops, livestock, poultry, livestock products,or poultry products including horticultural and growing of timber.

(4) The provisions of subsection (1) of this section shall not affect the right of any person, firm, or corporation to recover damages for any injuries or damages sustained by them on account of pollution of the waters of any stream of any such person, firm, or corporation.

(5) Any and all ordinances of any unit of local government now in effect or hereafter adopted that would make the operation of any such agricultural operation or its appurtenances a nuisance or providing for abatement thereof as a nuisance in the circumstance set forth in this section are and shall be null and void; provided, however, that the provisions of this subsection shall not apply whenever a nuisance results from the negligent operation of any such agricultural operation or any of its appurtenances.

Section 2. This Act does not affect actions commenced prior to the effective date hereof.

In this connection all persons, firms, corporations, associations, or the agents for same, responsible under the terms and meaning of KRS 260.775 to 260.845, to collect, assemble, and make payments to the *director of the university of Kentucky agricultural* experiment station, are also required to submit certified reports with moneys paid, on forms prescribed by the *director* [experiment station], covering the milk and *milkfat* [butterfat] in cream converted to milk equivalent.

HB 704, AN ACT relating to used oil recovery.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) It is the findings of the general assembly that almost nineteen (19) million gallons of used automotive and industrial oil are generated each year in the state; that used oil is a valuable petroleum resource which can be recycled; and that, in spite of this potential for recycling, significant quantities of used oil are wastefully disposed of or improperly used by means which pollute the water, land, and air and endanger the public health and welfare; and that the inflationary impact of increased oil costs and an accompanying shortage of lubrication oil necessitate that waste oil be recycled.

(2) As used in this section:

(a) "Used oil" means a petroleum based or synthetic oil such as an engine lubricant, engine oil, motor oil, or lubricating oil for use in an internal combustion engine, or a lubricant for motor transmissions, gears, or axles which through use, storage or handling has become unsuitable for its original purpose due to the presence of impurities or loss of original properties.

(b) "Recycle" means to prepare used oil as a petroleum product or petroleum product substitute by refining, re-refining, reclaiming, reprocessing, or other means or to use used oil in a manner that substitutes for a petroleum product or petroleum product substitute made from new oil, provided that the preparation or use is operationally safe, environmentally sound, and complies with all laws and regulations.

(c) "Re-refined oil" means used oil which is re-refined to remove the physical and chemical contaminants acquired through use which by itself or when blended with new oil or additives, is substantially identical or superior to new oil intended for the same purposes, as specified by rules prescribed by the federal trade commission under section 383 (d) (1) of the energy policy and conservation act (P.L. 94-163).

(3) No person shall collect, transport, transfer, store, recycle, use, or dispose of used oil in any manner which endangers the public health or welfare or violates any law or regulation.

(4) No person shall dispose of used oil by discharge into sewers, drainage systems, surface or groundwaters, or incineration other than for energy generating purposes.

(5) The general assembly declares that used oil shall be collected and recycled to the maximum extent possible by means which are economically feasible and environmentally sound in order to conserve irreplaceable petroleum resources, preserve and enhance the quality of natural and human environments, and protect public health and welfare.

(6) All officials of this state and any of its agencies or political subdivisions and persons holding contracts with the state or any of its political subdivisions shall encourage and, to the extent possible, require the procurement and purchase of recycled oil products represented as substantially equivalent to products made from new oil in accordance with this section whenever such products are available at prices competitive with those of new oil produced for the same purposes.

(7) The department shall encourage the establishment of voluntary used oil collection and recycling programs and provide technical assistance to persons organizing such programs.

(8) The department shall establish a list of used oil collectors and the specific counties or areas within the Commonwealth in which each collector has by written agreement or contract with the department agreed to serve. The department shall make arrangements with each waste oil collector for routing schedules to assure that all persons required by subsection (10) of this section to provide collection tanks are regularly served by a used oil collector.

(9) The department shall notify all persons who sell automotive or industrial oils to consumers in an amount in excess of five hundred (500) gallons per year in containers for use off the premises of the used oil collector or collectors who have agreed to serve that area and the proposed collection and routing schedules.

(10) Upon notification that arrangements have been made to collect waste oil in that area, any person who sells automotive or industrial oils to a consumer in an amount in excess of five hundred (500) gallons per year in containers for use off the premises shall either provide a collection tank at the point of sale or inform purchasers by posting at the point of purchase durable and legible signs not less than eight and one-half (8 ½) by eleven (11) inches in size detailing the locations of conveniently located collection facilities within ten (10) miles of that establishment.

(11) A person may represent any product made in whole or in part from used oil to be substantially equivalent to a product made from new oil for a particular end use if the product conforms fully with the specifications applicable to that product made from new oil or if substantial equivalency has been determined in accordance with rules prescribed by the federal trade commission under section 383 (d) (1) of the energy policy and conservation act (P.L. 94-163). Otherwise, the product must be represented as made from previously used oil.

(12) The department shall encourage the use of labeling for oil containers to inform the user of the importance of proper collection and disposal of used oil.

(13) No person, except a person collecting solely from sources owned and operated by that person, shall transport more than five hundred (500) gallons of used oil annually over public highways or maintain any storage facility that receives more than ten thousand (10,000) gallons of used oil annually without first registering as a used oil collector with the department. A registered used oil collector shall:

(a) Transfer used oil only to another registered used oil collector, a recycler registered with the department, or a person outside the state;

(b) Provide a receipt to any person to whom used oil is tranferred; maintain a complete record of all such transactions, documented by reproducible receipts, for two (2) years; and make available to the department, upon request, all records and copies of receipts for the purpose of review and audit;

(c) Submit an annual report to the department on its activities during the calendar year based on the records kept in accordance with this section. The report shall state the quantities of used oil possessed at the beginning and end of the reporting period, the total amount collected, and the amounts transferred during the reporting period. The amounts transferred shall be itemized as to used oil collectors, used oil recyclers, and by the state or foreign country for those persons outside the state.

(14) No person, except a person recycling solely from sources owned and operated by that person, shall recycle more than five thousand (5,000) gallons of used oil annually without first registering as a used oil recycler with the department. A registered used oil recycler shall:

(a) Provide a receipt to any person from whom used oil is received; maintain a complete record of all such transactions, documented by reproducible receipts, for two (2) years; maintain records on the quantities of used oil recycled; and make available to the department, upon request, all records and copies of receipts for the purpose of review and audit;

(b) Submit an annual report to the department on its activities during the calendar year based upon the records kept in accordance with this section. The report shall state the quantities of used oil possessed at the beginning and end of the reporting period, the total amount received, and the amounts recycled during the reporting period. The amounts recycled shall be itemized as follows: prepared for reuse as a petroleum product; consumed in the process of preparing for reuse, including wastes generated; and other uses specifying each type of use.

HCR 81, A CONCURRENT RESOLUTION requesting a review of statutes relating to waste.

WHEREAS, since 1978 major revisions have been made in the statutes of the Commonwealth in relationship to the management of wastes; and

WHEREAS, the urgency with which such changes have been made has not allowed for a thorough review of the format and consistency of these changes; and

WHEREAS, such a review would provide an opportunity to improve the clarity, completeness, and organization of the statutes and to examine the manner in which they have been implemented, their comprehensiveness, and their effectiveness;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That the Interim Joint Committee on Agriculture and Natural Resources or its successor committee be requested to conduct a review of the waste statutes of the Commonwealth during the 1980-81 interim; and

Section 2. That the committee submit its recommendations for statutory revision to the 1982 General Assembly.

Section 3. It is estimated that this review and staff services will cost approximately $6,000, such monies to be provided from the regular budget of the Legislative Research Commission.

The Committee on State Government reported **HB 74, HB 457** with Committee Amendment attached thereto, **HB 717, HB 796, HB 851, HB 887, HCR 83, HJR 34,** and **SB 134** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

SECTION 11. A NEW SECTION OF KRS CHAPTER 40 IS CREATED TO READ AS FOLLOWS:

(1) If a claim is disapproved, the administrator shall send a notice of such decision to the claimant by mail at the address shown in the application. The notice shall be in such form as the administrator may determine, shall contain a designation of the reason for disapproval, shall inform the claimant of his right to seek review, shall have attached such form of request for review as the administrator may prescribe, and shall give information as to procedure for review.

(2) Application for review of the administrator's disapproval shall be made only on the forms prescribed and furnished by the administrator; and shall be received in the office of the administrator by the closing hour in the thirtieth (30th) day after the day upon which the notice of the disapproval is mailed by the administrator, or be forever barred.

(4) The board of review shall promptly consider the same evidence which was available to the administrator, and shall promptly enter in the case file its decision either finally affirming the administrator's decision, or finally determining the claim and the amount thereof.

(2) The administrator, upon receiving advice of the decision, shall note the same in a permanent book or record in his office; shall forthwith return to the claimant the copies of any official records submitted in support of the application; shall finally close the claim file; and may destroy all other papers except the application.

SECTION 14. A NEW SECTION OF KRS CHAPTER 40 IS CREATED TO READ AS FOLLOWS:

(1) If a claim is approved by the administrator or finally approved upon resort to the board of review, the administrator shall promptly certify to the secretary for finance and administration the names and addresses of persons found entitled to be paid, as shown in the application, and the amount payable to each.

(a) A copy of each such certificate shall be sent to the commissioner of revenue, who shall promptly ascertain from the records of his department whether any person proposed to be paid a bonus is delinquent in the payment of any tax liability to the Commonwealth. No delinquency shall be deemed to exist as to any asserted tax liability which is the subject of a bona fide dispute. If any delinquency be found to exist, the commissioner of revenue shall within three working days after this receipt of the certificate, furnish the details thereof to the secretary for finance and administration; and if no advice of tax delinquency is received by the secretary before the end of the fourth working day after his receipt of certification from the administrator, he shall, for the purposes of this Act, conclusively presume that no delinquency of tax liability to the Commonwealth exists, but such presumption shall apply only to the existence or absence of a set-off by the Commonwealth against a certified claim for a bonus, and shall not alter the facts as between the Commonwealth and any taxpayer.

(b) If no advice of tax delinquency is received within such allowed time, the secretary for finance and administration may approve payment in accordance with the certificate of the administrator, and may immediately draw a warrant on the state treasury for a check in payment.

(c) Upon receipt of such warrant the state treasurer shall issue a check in accordance therewith payable from funds made available in accordance with this Act, and the same shall promptly be mailed to the payee thereof at the address shown in the certificate.

(2) If the secretary for finance and administration shall, within the allowed time, receive advice from the commissioner of revenue of the existence of a delinquency on the part of any person having an approved claim for a bonus, as to any tax liability to the Commonwealth, the secretary shall note the same on the certificate of the administrator, withhold payment, and forthwith send to the claimant by registered mail a notice of the asserted delinquency, and the amount thereof, and that it is proposed that the same be set off against the bonus payment.

(a) If the secretary for finance and administration receives no protest in his office within ten (10) working days after recording such notice, he shall conclusively presume that the proposed set off is just, shall apply the amount thereof in reduction or extinguishment of the payment certified by the administrator, and shall advise the commissioner of revenue of the amount set off against the bonus, which advice shall be noted by the commissioner of revenue on the records of his office as a credit upon the delinquent tax liability.

(b) If the tax set-off does not consume the entire amount of the bonus as certified by the administrator, the commissioner shall draw a warrant upon the state treasury for a check in the amount of the remainder, and upon receiving such check from the state treasurer shall send the same, together with advice of the set-off, by mail, to the payee at the address shown in the certificate of the director.

(3) If the secretary for finance and administration receives from the claimant a protest of the asserted tax delinquency, within the allowed time, the secretary shall withhold approval for payment, and shall refer the protest to the commissioner of revenue for disposition.

(4) If a tax set-off is made, and the claimant shall assert error with regard thereto, the exclusive remedy shall be by seeking refund from the commissioner of revenue.

SECTION 15. A NEW SECTION OF KRS CHAPTER 40 IS CREATED TO READ AS FOLLOWS:

(1) Claims for payment of a bonus shall not be assignable before or after approval thereof; and any attempted or purported assignment received by or tendered to any officer of the Commonwealth shall be void, need not be acknowledged or returned, and may be disregarded.

(2) Payments of the bonus shall be exempt from all taxation by the Commonwealth, its political subdivisions and taxing districts.

(3) No claim for payment of a bonus and no payment made by the Commonwealth under this Act shall give rise to a cause of action against the Commonwealth or any of its officers, agents, or employes, and no claim for payment shall be subject to attachment, levy, garnishment or seizure by or under any legal or equitable process whatever; but this provision shall not extend exemption from legal process to the proceeds of any bonus payment after the same has been received from the Commonwealth.

(4) The Commonwealth does not consent to be sued in any court with regard to any matter connected with or arising out of claims for payment of the bonus herein authorized.

SECTION 16. A NEW SECTION OF KRS CHAPTER 40 IS CREATED TO READ AS FOLLOWS:

The name of said board shall be "The Viet Nam Veterans' Bonus Board of Review." The governor shall designate a chairman and a secretary from among the membership.

(2) Three (3) members and no more shall constitute a board of review, and shall by concurrence of two (2) members decide any claim which comes before the board in the manner provided in this Act. The chairman of the board shall designate three (3) members to consider and decide each claim, having due regard for availability for service so that delay may be avoided.

(3) The chairman and secretary shall devote their full time to the affairs of the board and shall receive compensation at the rate to be fixed in accordance with personnel standards fixed by the commissioner of personnel until the functions of the board are performed and the board is dissolved as hereinafter provided. Other members of the board shall be compensated twenty-five dollars ($25.00) per diem, but only for actual time served in considering and deciding claims for veterans' bonuses pursuant to designation by the chairman. All members of the board shall be reimbursed for necessary travel to and from their places of residence, and in performance of duties pursuant to assignment, at the rate of eight cents per mile.

(4) Each claim coming before the board shall promptly be considered and decided by the three (3) members designated for that purpose. In every case the board shall either (a) affirm the decision of the administrator, or (b) determine that a veterans' bonus should be paid, and to what persons and in what amounts. No written opinions or recitations of reasons for any decision need be made. A statement of the decision made shall be signed by at least two (2) of the three (3) members designated to decide the claim; and upon concurrence of two (2) members a decision shall be final and not subject to reconsideration.

(5) When, after April 1, 1982, the board of review shall have decided all cases coming before it for decision, the chairman shall report such fact to the governor in writing. The governor shall thereupon declare that the board of review is dissolved, and shall so notify the members, and the functions and duties of the board shall be deemed to have been fully performed.

(2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency *shall* [may] cancel or terminate the contract[, conditioned upon a program for future compliance approved by the contracting agency and the department]. The contracting agency *shall* [may] declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 to 45.640.

(3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority contractor or subcontractor. Title to all property acquired by the authority shall be taken in the corporate name of the authority.

(2) (a) An authority in a city of the first class shall disclose to the public the location of any land, structures or interests in such property being considered for the building or operation of low cost housing projects at least thirty (30) days prior to adopting any resolution to proceed with the acquisition of such land, structures or interests in such property. (1) The executive department for finance and administration shall purchase, or shall delegate and control the purchase of, the combined requirements of all spending agencies of the state including, but not limited to, interests in real property, contractual services, rentals of all types, supplies, materials, equipment, and services, except that competitive bids may not be required:

(a) For contractual services where no competition exists, such as telephone service, electrical energy, and other public utility services;

(b) When in the judgment of the executive department for finance and administration food, clothing, equipment, supplies, or other materials to be used in laboratory and experimental studies can be purchased otherwise to the best advantage of the state; and instructional materials available from only one (1) source;

(c) Where rates are fixed by law or ordinance;

(d) For library books;

(e) For commercial items that are purchased for resale;

(f) For professional, technical, scientific, or artistic services (Contracts exempted by this provision shall be reviewed and approved in accordance with KRS 45.535);

(g) For all other commodities, equipment and services which, in the reasonable discretion of the executive department for finance and administration, are available from only one (1) source; and

(h) Interests in real property.

(2) Nothing in this section shall deprive the executive department for finance and administration from negotiating with vendors who maintain a general service administration price agreement with the United States of America or any agency thereof, provided, however, that no contract executed under this provision shall authorize a price higher than is contained in the contract between general service administration and the vendor affected.

(3) The executive department for finance and administration shall have supervision over all purchases by the various spending agencies, except as otherwise provided by law, and shall prescribe rules and regulations to govern purchasing by or for all such agencies, subject to the approval of the secretary of the executive department for finance and administration, and shall publish a manual of procedures to be distributed to agencies and to be revised upon issuance of amendments to such procedures. No purchase or contract shall be binding on the state or any agency thereof unless approved by the department or made under general regulations which the executive department for finance and administration may prescribe.

(4) The executive department for finance and administration shall adopt regulations to require agencies to take and maintain inventories of plant and equipment. The executive department for finance and administration shall conduct periodic physical audits of inventories.

(5) The executive department for finance and administration shall require all agencies to furnish an estimate of specific needs for supplies, materials, and equipment to be purchased by competitive bidding for the purpose of permitting scheduling of purchasing in large volume. It shall establish and enforce schedules for purchasing supplies, materials, and equipment. In addition, all agencies shall submit to the executive department for finance and administration prior to the beginning of each fiscal year an estimate of all needs for supplies, materials, and equipment during that year which will have to be acquired through competitive bidding.

(6) The executive department for finance and administration shall have power, with the approval of the secretary of the executive department for finance and administration, to transfer between departments, to salvage, to exchange, and to condemn supplies, equipment, and real property.

(7) The executive department for finance and administration shall sell or otherwise dispose of all property (including any interest in real property) of the state which is not needed or has become unsuitable for public use, or would be more suitable consistent with the public interest for some other use, as determined by the secretary of the executive department for finance and administration. The determination of the secretary of the executive department for finance and administration shall be set forth in an order, and shall be reached only after review of a written request by the agency desiring to dispose of the property. Such request shall describe the property and state the reasons why the agency believes disposal should be effected. All instruments required by law to be recorded which convey any interest in any such real property so disposed of shall be executed and signed by the secretary of the executive department for finance and administration and approved by the governor. Unless the secretary of the executive department for finance and administration deems it in the best interest of the state to proceed otherwise, all such property (including any interests in real property) shall be sold either by invitation of sealed bids or by public auction, provided however that the selling price of any interest in real property shall not be less than the appraised value thereof as determined by the department, or the department of transportation for such requirements of that department.

(8) Except as provided in KRS Chapters 175, 176, 177 and 180, and subject to the provisions of KRS Chapter 45A, the executive department for finance and administration shall purchase or otherwise acquire all real property determined to be needed for state use, upon the approval of the secretary of the executive department for finance and administration as to the determination of need and as to the action of purchase or other acquisition, provided that the amount paid shall not exceed the appraised value as determined by the department, or the department of transportation (for such requirements of that department), or value set by eminent domain procedure.

(9) Real property or any interest therein may, subject to the provisions of KRS Chapter 45A, be purchased, leased, or otherwise acquired from any officer or employe of any agency of the state upon a finding by the executive department for finance and administration, based upon a written application by the head of the agency requesting the purchase, and approved by the secretary of the executive department for finance and administration and the governor, that the employe has not either himself or through any other person influenced or attempted to influence either the agency requesting the purchase of the property or the executive department for finance and administration in connection with such acquisition. In any case in which such an acquisition is consummated, the said request and finding shall be recorded and kept by the secretary of state along with the other documents recorded pursuant to the provisions of KRS Chapter 56.

(10) The executive department for finance and administration shall maintain records of all purchases and sales made under its authority and shall make periodic summary reports of all transactions to the secretary of the executive department for finance and administration, the governor, and the general assembly. The executive department for finance and administration shall also report trends in costs and prices, including savings realized through improved practices, to the above authorities.

(11) For capital construction projects, subject to the provisions of KRS Chapter 45A, the bidding may be on a *single and separate bid* [total design-bid] basis; a package system commonly referred to as "turnkey"; phase bidding commonly referred to as "fast track"; or construction management, whichever in the judgment of the secretary of the executive department for finance and administration offers the lowest real cost to the taxpayer. Bids shall be reviewed by the engineering staff to assure quality and value, and compliance with bid procedures. All specifications shall be written to promote competition.

(12) The executive department for finance and administration shall attempt in every practicable way to insure the state's supplying its real needs at the lowest possible cost.

(13) The executive department for finance and administration shall have control and supervision over all purchases of energy consuming equipment, supplies and related equipment purchased or acquired by any agency of the state as provided in KRS 45.360 to 45.990, and shall designate by regulation the manner in which an energy consuming item will be purchased so as to promote energy conservation and acquisition of energy efficient products.

HCR 83, A CONCURRENT RESOLUTION urging Congress and President Carter to support Senate Bill 2050.

WHEREAS, the United States Government, in 1942, condemned some 36,000 acres of rural farm land in Henderson, Union, and Webster Counties, Kentucky for the establishment of a military training camp known as Camp Breckinridge, causing the displacement of one thousand five hundred (1,500) families from an area of fertile farmland with the necessary buildings and accoutrements to provide them with a living by farming; and

WHEREAS, the area involved had been the site of coal mining and oil production activity for years, with oil leases outstanding on approximately seventy percent of the property; and

WHEREAS, the federal government managed to acquire the property at an unreasonably low price of 3.1 million dollars ($3,100,000) through refusing to pay the owners for the oil, gas, and mineral rights they were justly entitled to, ignoring the possibility of substantial continued income to owners of property on which wells might in the future be located, and intentionally misleading property owners into believing they would be allowed to repurchase their property at the end of the war; and

WHEREAS, the federal government sold the land, oil, and coal rights to the property in the 1960's for approximately forty million dollars ($40,000,000), and presently in excess of sixty million dollars ($60,000,000) worth of oil has been extracted from the Camp Breckinridge land; and

WHEREAS, there has not been just compensation for the original property holders as required by the fifth amendment of the U. S. Constitution;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That the Congress and President Carter be urged to support Senate Bill 2050, introduced by the Honorable Senators Walter D. Huddleston and Wendell H. Ford, to provide compensation in the amount of thirty-two million dollars ($32,000,000) in payment for the oil, gas, and mineral rights for which the owners of land condemned in 1942 for Camp Breckinridge were never paid.

Section 2. That the Clerk of the House of Representatives deliver a copy of this resolution to the Honorable Jimmy Carter, President of the United States, the members of the Kentucky Congressional Delegation, and all other members of the United States Congress.

HJR 34, A JOINT RESOLUTION relating to the Kentucky Public Employes Deferred Compensation System.

WHEREAS, the Committee for Program Review and Investigation of the Kentucky General Assembly has reviewed the Kentucky Public Employes Deferred Compensation System and has recommended several changes in the administration of the System to assure that it is more effectively and efficiently administered in the best interests of the plan participants; and

WHEREAS, the General Assembly desires to express its support for said recommendations;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Board of Trustees of the Kentucky Public Employes Deferred Compensation System should:

(1) Prior to awarding any contract for the administration of the system, evaluate all proposed contracts to assure that they compare favorably with plan administration agreements or procedures of deferred compensation systems in other states;

(2) Review sales charges presently in effect to determine whether they serve the best financial interests of the plan participants or whether an alternative structure would better serve said participants;

(3) Prior to awarding or approving contracts relating to investment products to be offered through the System, evaluate the proposed products actuarially to determine which products will provide the best return to plan participants;

(4) Promptly notify each plan participant of any change in plan provisions or participant agreements and ensure that any revised plan is promptly provided to participants;

(5) Continually monitor and periodically review computer services, employe performance, and other factors affecting the production of statements of participants' accounts to ensure that statements are produced and delivered to participants in a timely manner; and

(6) Monitor the program administrator's marketing and promotional activities on a regular basis to ensure that all eligible employes are provided with an explanation of the deferred compensation program and receive an opportunity to participate therein.

Section 2. That a copy of this resolution shall be sent to the members of the Board of Trustees of the Kentucky Employes Deferred Compensation System and to the Governor.

WHEREAS, the Louisville Zoological Garden is a living classroom which complements the programs developed in conjunction with the existing school curriculum and serves the students of the Commonwealth, as well as all Kentuckians as a source of recreation; and

WHEREAS, the Louisville Zoological Garden has endeavored to reach as many citizens of Kentucky as possible outside of the Zoo's physical boundaries through such means as the Kentucky State Fair, the Zoomobile, school visitation programs and special presentations to senior citizen centers, nursing homes, hospitals, service organizations and garden clubs; and

WHEREAS, the Louisville Zoological Garden has contributed to the growth of the cultural arts in Kentucky with such programs as its innovative "Arts with the Animals" series which annually in September showcases the season debut of various major performing arts organizations of the Commonwealth; and

HB 612, AN ACT relating to the unemployment insurance program.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 341.270 is amended to read as follows:

(1) Each subject employer's contribution rate shall be two and seven-tenths percent (2.7%) except as otherwise provided in this section.

(2) No subject employer's contribution rate shall be less than two and seven-tenths percent (2.7%) unless benefits were chargeable to his account with respect to the thirty-six (36) consecutive months immediately preceding the computation date.

(3) For the calendar year *1980* [1978] and each calendar year thereafter, employer contribution rates shall be determined in accordance with "Table A" set out in subsection (4) of this section. For each calendar year, the secretary shall determine the fund solvency factor, as of the 31st day of October immediately preceding the calendar year for which contribution rates are determined, by dividing the "benefit cost rate" into the "statewide reserve rate." If such factor:

(a) Equals or exceeds 1.8, the rates listed in "Schedule A" of "Table A" shall be in effect.

(b) Equals or exceeds 1.5 but is less than 1.8, the rates listed in "Schedule B" of "Table A" shall be in effect.

(c) Equals or exceeds 1.2 but is less than 1.5, the rates listed in "Schedule C" of "Table A" shall be in effect.

(4) For the calendar year *1980*[, 1978] and each calendar year thereafter, contribution rates shall be determined upon the basis of an individual employer's reserve ratio as of the computation date and the schedule of rates established under subsection (3) of this section. Except as otherwise provided in this section, the contribution rate for each subject employer for the calendar year immediately following the computation date shall be the rate in that "Schedule" of "Table A", as set out below, effective with respect to such calendar year, which appears on the same line as his reserve ratio as shown in the "Employer Reserve Ratio" column of the same table.

(5) As used in this section and elsewhere in this chapter, unless the context clearly requires otherwise:

(a) "Trust fund balance" means the amount of money in the unemployment insurance fund, less any unpaid advances made to the state under section 1201 of the social security act. In determining the amount in the fund as of a given date all money received by the department as of such date shall be considered as being in the fund on such date.

(b) "Total wages" means all remuneration for services, as defined in subsections (1) to (5) of KRS 341.030, paid by subject employers.

(c) "Statewide reserve rate" means the percentage ratio obtained by dividing the total wages for the four calendar quarters ending on the 30th day of September, which have been reported to the department on or before the immediately following 31st day of October, into the "trust fund balance" as of that same date.

(d) "Benefit cost rate" means the percentage ratio obtained by dividing the total amount of benefits paid during the highest twelve consecutive calendar-month period since 1956 by the total wages reported to the department for the four (4) quarters ending immediately prior to the end of such twelve-month period.

(e) An employer's "reserve ratio" means the percentage ratio of his reserve account balance as of the computation date to his taxable payrolls for the thirty-six (36) months last preceding such computation date.

(f) An employer's "reserve account balance" means the amount by which contributions credited to his reserve account exceed benefits charged to such account. If benefits charged to an account exceed contributions credited to such account as of the computation date, such account shall be considered as having a debit balance and a reserve ratio of "less than zero."

(g) "Computation date" means the date, occurring at least once in each calendar year and within twenty-seven (27) weeks prior to the effective date of new rates of contributions, as of which individual employer contribution rates are computed. The secretary shall by regulation prescribe the computation date.

Section 2. Whereas, a great inequity has resulted in the rates in Schedules D, E, and F for employer reserve ratios of 4.2 per centum but under 4.6 per centum which was due to a clerical error in the preparation of Senate Amendment Number three to Chapter 389 of the 1978 Kentucky Acts, an emergency is declared to exist and the provisions of this Act shall be effective January 1, 1980.

HB 636, AN ACT relating to workmen's compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 342.990 is amended to read as follows:

(1) Any employer subject to this chapter who refuses or willfully neglects to make the report required by KRS *342.038* [342.330] shall be fined not more than twenty-five dollars for each offense.

(2) Any person who violates KRS 342.335, 342.040, and 342.630 shall be fined not less than fifty dollars nor more than five hundred dollars or imprisoned for not less than ten nor more than ninety days.

(3) Any person who violates subsection (2) of KRS 342.400 shall be fined not less than fifty dollars nor more than two hundred dollars or imprisoned for not less than ten nor more than ninety days.

(4) Any employer who violates KRS 342.420 shall be fined not more than one hundred dollars for each offense.

(5) Any person who violates any of the provisions of KRS 342.445 to 342.475 shall be fined not less than one hundred dollars nor more than one thousand dollars or imprisoned for not less than ten nor more than ninety days, or both.

HB 637, AN ACT relating to wages and hours.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 337.355 is amended to read as follows:

Employers, except those subject to the federal railway labor act, shall grant their employes a [reasonable] period for lunch *of no less than twenty (20) minutes* [,] and such time shall be as close to the middle of the employe's scheduled work shift as possible. In no case shall an employe be required to take a lunch period sooner than three (3) hours after his work shift commences, nor more than five (5) hours from the time his work shift commences. This section shall not be construed to negate any provision of a collective bargaining agreement or mutual agreement between the employe and employer.

HB 639, AN ACT relating to payment of wages.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 337.020 is amended to read as follows:

(1) Every employer doing business in this state shall, as often as semimonthly, pay to each of its employes all wages or salary earned to a day not more than eighteen (18) days prior to the date of that payment. Any employe who is absent at the time fixed for payment, or who, for any other reason, is not paid at that time, shall be paid thereafter at any time upon six (6) days' demand. No employer subject to this section shall, by any means, secure exemption from it. Every such employe shall have a right of action against any such employer for the full amount of his wages due on each regular pay day.

Any employe who is absent at the time fixed for payment by any employer, or who, for any other reason, is not paid at that time shall be paid thereafter at any time upon fourteen (14) days' demand. Every such employe shall have a right of action against any such employer for the full amount of his wages due on each regular pay day. (6) "Exhaustee" means a worker who, with respect to any week of unemployment in his eligibility period:

(a) Has received, prior to such week, all of the regular benefits that were available to him under this chapter or any other state law (including dependents' allowances and benefits payable to federal civilian employes and ex-servicemen under 5 U.S.C. chapter 85) in his current benefit year that includes such week;

provided, that, for the purposes of this paragraph, an individual shall be deemed to have received all of the regular benefits that were available to him although, as a result of a pending appeal with respect to wages and/or employment that were not considered in the original monetary determination in his benefit year, he may subsequently be determined to be entitled to added regular benefits; or

(b) His benefit year having expired prior to such week, has no, or insufficient, wages and/or employment on the basis of which he could establish a new benefit year that would include such week; and

(c) Has no right to unemployment benefits or allowances, as the case may be, under the railroad unemployment insurance act or under such other federal laws as are specified in regulations issued by the U.S. secretary of labor; and has not received and is not seeking unemployment benefits under the unemployment compensation law of Canada or the Virgin Islands; but if the individual is seeking such benefits and the appropriate agency finally determines that the individual is not entitled to benefits under such law, the individual shall be considered an exhaustee if the other provisions of this definition are met[: provided, that, the reference in this subparagraph to the Virgin Islands shall be inapplicable effective on the day on which the U.S. secretary of labor approved under section 3304(a) of the Internal Revenue Code of 1954, an unemployment compensation law submitted to the U.S. secretary of labor by the Virgin Islands for approval].

Section 3. KRS 341.270 is amended to read as follows:

(1) *Except as otherwise provided in this section, each employer's contribution rate shall be two and seven-tenths percent (2.7%) provided the fund solvency factor, as defined in this section, equals or exceeds 0.4 and shall be three percent (3.0%) if the fund solvency factor is less than 0.4* [Each subject employer's contribution rate shall be two and seven-tenths percent (2.7%) except as otherwise provided in this section].

(2) No subject employer's contribution rate shall be less than two and seven-tenths percent (2.7%) *provided the fund solvency factor equals or exceeds 0.4 nor less than three percent (3.0%) if the fund solvency factor is less than 0.4,* unless benefits were chargeable to his account with respect to the thirty-six (36) consecutive months immediately preceding the computation date.

(3) For the calendar year *1981* [1978] and each calendar year thereafter, employer contribution rates shall be determined in accordance with "Table A" set out in subsection (4) of this section. For each calendar year, the secretary shall determine the fund solvency factor, as of the 31st day of October immediately preceding the calendar year for which contribution rates are determined, by dividing the "benefit cost rate" into the "statewide reserve rate." If such factor:

(a) Equals or exceeds 1.8, the rates listed in "Schedule A" of "Table A" shall be in effect.

(b) Equals or exceeds 1.5 but is less than 1.8, the rates listed in "Schedule B" of "Table A" shall be in effect.

(c) Equals or exceeds 1.2 but is less than 1.5, the rates listed in "Schedule C" of "Table A" shall be in effect.

(d) Equals or exceeds 1.0 but is less than 1.2, the rates listed in "Schedule D" of "Table A" shall be in effect.

(e) Equals or exceeds 0.8 but is less than 1.0, the rates listed in "Schedule E" of "Table A" shall be in effect.

(f) Equals or exceeds *0.6* [0.4] but is less than 0.8, the rates listed in "Schedule F" of "Table A" shall be in effect.

(g) Equals or exceeds 0.4 but is less than 0.6, the rates in "Schedule G" of "Table A" shall be in effect.

(h) Less than 0.4, the rates listed in "Schedule G" of "Table A" shall be in effect.

(4) For the calendar year, *1981* [1978] and each calendar year thereafter, contribution rates shall be determined upon the basis of an individual employer's reserve ratio as of the computation date and the schedule of rates established under subsection (3) of this section. Except as otherwise provided in this section, the contribution rate for each subject employer for the calendar year immediately following the computation date shall be the rate in that "Schedule" of "Table A", as set out below, effective with respect to such calendar year, which appears on the same line as his reserve ratio as shown in the "Employer Reserve Ratio" column of the same table.

(5) As used in this section and elsewhere in this chapter, unless the context clearly requires otherwise:

(a) "Trust fund balance" means the amount of money in the unemployment insurance fund, less any unpaid advances made to the state under section 1201 of the social security act. In determining the amount in the fund as of a given date all money received by the department as of such date shall be considered as being in the fund on such date.

(b) "Total wages" means all remuneration for services, as defined in subsections (1) to (5) of KRS 341.030, paid by subject employers.

(c) "Statewide reserve rate" means the percentage ratio obtained by dividing the total wages for the four calendar quarters ending on the 30th day of September, which have been reported to the department on or before the immediately following 31st day of October, into the "trust fund balance" as of that same date.

(d) "Benefit cost rate" means the percentage ratio obtained by dividing the total amount of benefits paid during the highest twelve consecutive calendar-month period since 1956 by the total wages reported to the department for the four (4) quarters ending immediately prior to the end of such twelve-month period.

(e) An employer's "reserve ratio" means the percentage ratio of his reserve account balance as of the computation date to his taxable payrolls for the thirty-six (36) months last preceding such computation date.

(f) An employer's "reserve account balance" means the amount by which contributions credited to his reserve account exceed benefits charged to such account. If benefits charged to an account exceed contributions credited to such account as of the computation date, such account shall be considered as having a debit balance and a reserve ratio of "less than zero."

(g) "Computation date" means the date, occurring at least once in each calendar year and within twenty-seven (27) weeks prior to the effective date of new rates of contributions, as of which individual employer contribution rates are computed. The secretary shall by regulation prescribe the computation date.

Section 4. KRS 341.360 is amended to read as follows:

No worker may be paid benefits for any week of unemployment:

(1) With respect to which a strike or other bona fide labor dispute which caused him to leave or lose his employment is in active progress in the establishment in which he is or was employed, except that benefits may be paid unless the employer notifies the division in writing within seven (7) days after the beginning of such alleged strike or labor dispute of the alleged existence of such strike or labor dispute. For the purpose of this subsection a lockout shall not be deemed to be a strike or a bona fide labor dispute and no worker shall be denied benefits by reason of a lockout;

(2) For which he has received or is seeking unemployment compensation under an unemployment compensation law of another state or of the United States, except as otherwise provided by an arrangement between this state and such other state or the United States. But if the appropriate agency of such state or of the United States finally determines that he is not entitled to such unemployment compensation, this subsection shall not apply; or

(3) (a) Which, when based on service in an instructional, research, or principal administrative capacity in an institution of higher education as defined in subsection (2) of KRS 341.067 or in an educational institution as defined in subsection (4) of KRS 341.067, begins during the period between two (2) successive academic years, or during a similar period between two (2) regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, if the worker performs such services in the first of such academic years or terms and if there is a contract or a reasonable assurance that the worker will perform such services in any such capacity for any institution or institutions of higher education or an educational institution in the second of such academic years or such terms; or

(b) Which, when based on service other than as defined in subsection (3)(a) of this section, in an educational institution, as defined in subsection (4) of KRS 341.067, other than an institution of higher education, begins during the period between two (2) successive academic years or terms, if the worker performs such services in the first such academic years or terms and there is a reasonable assurance that the worker will perform such services in the second of such academic years or terms; or

(c) Which, when based on service in any capacity defined in paragraphs (a) and (b) of this subsection, begins during an established and customary vacation period or holiday recess if the worker performs any such services in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such worker will perform *any* [many] such services in the period immediately following such vacation period or holiday recess.

(4) Benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two (2) successive sport seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

(5) [Any professional employe of any educational institution who is prevented from reaching his work station due to inclement weather or a state of emergency shall not be paid benefits for any week during which he otherwise would have been engaged in his professional duties, provided that the denial of such benefits is not inconsistent with Section 3304(a)(6)(A) of the Internal Revenue Code.

(6)] (a) Benefits shall not be paid on the basis of services performed by an alien unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was residing in the United States under color of law at the time such services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of section 203(a)(7) or section 212(d)(5) of the immigration and nationality act).

(b) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(c) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of his alien status shall be made except upon a preponderance of the evidence.

Section 5. KRS 341.370 is amended to read as follows:

(1) [According to the circumstances in each case, a worker shall be disqualified from receiving benefits:

(a) For not less than one (1) nor more than sixteen (16) weeks immediately following the commission of the disqualifying act, if, subsequent to his most recent work, he has failed without good cause either to apply for available, suitable work when so directed by the employment office or the secretary or to accept suitable work when offered him, or to return to his customary self-employment when so directed by the secretary; or

(b) For not less than six (6) nor more than sixteen (16) weeks immediately following the commission of the disqualifying act, if he has been discharged for misconduct connected with his most recent work, but legitimate activity in connection with labor organizations or failure to join a company union shall not be construed as misconduct.

(2)] A worker shall be disqualified from receiving benefits for the duration of any period of unemployment with respect to which:

(a) *He has failed without good cause either to apply for available, suitable work when so directed by the employment office or the secretary or to accept suitable work when offered him, or to return to his customary self-employment when so directed by the secretary; or* [He was discharged for dishonesty in connection with his most recent work;]

(b) *He has been discharged for misconduct or dishonesty connected with his most recent work, but legitimate activity in connection with labor organizations or failure to join a company union shall not be construed as misconduct* [He voluntarily quit his most recent work to marry or for the purpose of attending school, or to become self-employed]; or

(c) He has left his most recent suitable work voluntarily without good cause *attributable to the employment.*

(2)[(3)] A worker shall be disqualified from receiving benefits for any week with respect to which he knowingly made a false statement to establish his right to or the amount of his benefits, and, within the succeeding twenty-four (24) months, for such additional weeks immediately following the date of discovery, not to exceed a total of fifty-two (52), as may be determined by the secretary.

(3)[(4)] No worker shall be disqualified under paragraph (b) *or (c)* of *subsection* [subsections] (1) [or (2)] of this section unless the employer, within a reasonable time as prescribed by secretary's regulation, notifies the department for human resources and the worker in writing of the alleged voluntary quitting or the discharge for misconduct; Provided, however, That nothing in this subsection shall restrict the right of the secretary for human resources to disqualify a worker whose employer has refused or failed to notify the department for human resources of the alleged voluntary quitting or discharge for misconduct if such alleged voluntary quitting or discharge for misconduct is known to the secretary for human resources prior to the

time benefits are paid to such worker; Provided, further, That the exercise of such right by the secretary for human resources, in the absence of timely notice from the employer, shall not relieve the employer's reserve account of benefit charges under the provisions of subsection (3) of KRS 341.530.

(4)[(5)] As used in this section and in subsection (3) of KRS 341.530, "most recent" work shall be construed as that work which occurred after the first day of the worker's base period and which last preceded the week of unemployment with respect to which benefits are claimed; except that, if the work last preceding such week of unemployment was *seasonal,* intermittent or temporary in nature, most recent work may be construed as that work last preceding such *seasonal,* intermittent or temporary work.

Section 6. KRS 341.380 is amended to read as follows:

(1) All benefits shall be paid through employment offices, or such other agencies as may be designated by regulations of the secretary. Claims for all payments of benefits shall be made in accordance with regulations of the secretary.

(2) The weekly benefit rate payable to an eligible worker for weeks of unemployment shall, except as provided in KRS 341.390, be an amount equal to one twenty-third of his base-period wages in that calendar quarter of his base period in which such wages were highest[, except that no worker's weekly benefit rate shall be less than twelve dollars nor more than the maximum rate as determined in accordance with subsection (3) of this section].

(3) Prior to the first day of July of each year the secretary shall determine the average weekly wage for insured employment by dividing the average monthly employment, as obtained by dividing the total monthly employment reported by subject employers for the preceding calendar year by twelve, into the total wages reported by such employers for such calendar year and dividing by fifty-two. Fifty-five percent (55%) of the amount thus obtained, adjusted to the nearest multiple of one dollar, shall constitute the maximum weekly benefit rate for those workers whose benefit year commences on or after the first day of July of such year and prior to the first day of July of the next following year.

(4) The maximum amount of benefits payable to any worker within any benefit year shall be the amount equal to whichever is the lesser of (a) twenty-six times his weekly benefit rate or (b) one-third of his base-period wages, except that no worker's maximum amount shall be less than fifteen times his weekly benefit rate. Such maximum amount, if not a multiple of one dollar, shall be adjusted to the nearest multiple of one dollar.

Section 7. KRS 341.390 is amended to read as follows:

There shall be deducted from the benefit rate determined for a worker in accordance with subsection (2) of KRS 341.380:

(1) Eighty percent, adjusted to the nearest multiple of one dollar, of the amount of wages earned by such worker during the week of unemployment with respect to which he claims benefits; [and]

(2) The amount of remuneration which the worker has received or is receiving with respect to such week of unemployment (adjusted to the nearest multiple of one dollar) in the form of remuneration in lieu of notice*; and*

(3) (a) The amount of compensation payable to an individual for any week which begins after March 31, 1980, and which begins in a period with respect to which such individual is receiving a governmental or other pension, retirement or retired pay, annuity, or any other similar periodic payment which is based on the previous work of such individual shall be reduced (but not below zero) by an amount equal to the amount of such pension, retirement or retired pay, annuity, or other payment which is reasonably attributable to such week;

(b) If Public Law 94-566 or the federal act which it amends for any cause shall become inoperative in its application, or stayed pendente lite, as to deductions of such compensation, then, subsection (3) of this section, by virtue of that fact, shall likewise and to the same extent, become inoperative as to such deductions.

Section 8. KRS 341.415 is amended to read as follows:

(1) Any person who has received any sum as benefits under this chapter while any condition for the receipt of such benefits was not fulfilled in his case, or while he was disqualified from receiving benefits, shall, in the discretion of the secretary, either have such sum deducted from any future benefits payable to him under this chapter or repay the department for the fund a sum equal to the amount so received by him. If after due notice the recipient of such sum fails to remit or arrange for remittance of the sum, the sum may be collected in the manner provided in subsection (2) of KRS 341.300 for collection of past due contributions and any sums so collected shall be credited to the pooled account.

This lien shall be for a sum equal to the amount of the overpayment finally determined. The lien shall commence from such time

as the recipient has exhausted or abandoned the appeal procedure set forth in this chapter and the amount of the overpayment is finally fixed. A notice of lien may be filed in the same manner as that provided for in KRS 341.310.

(4) Any amount paid to a person as benefits, which he has been found liable to repay or to have deducted from future benefits under subsections (1), (2) and (3) of this section, which has neither been repaid nor so deducted within a period of *five (5)* [three (3)] years following the last day of the benefit year within which it was paid, *may* [shall] be deemed to be uncollectible and shall be permanently charged to the pooled account, except that if such payment was made by reason of fraudulent representations, no future benefits shall be paid such person *within a period of ten (10) years of the last day of the benefit year within which such payments were made at which time these amounts may be declared uncollectible* [until such amount has been repaid or deducted from such future benefits without respect to time].

(a) Nothing in this sub-chapter shall be deemed to affect collection of improperly paid benefits pursuant to a judgment or other legal remedy.

(7)[(6)] The application for a permit shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the department of transportation attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges;

(8)[(7)] In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time and distance for backfilling, grading work and a reclamation plan for the affected area, which proposals shall meet the requirements of this chapter and rules and regulations adopted pursuant thereto;

(9)[(8)] Each application shall also be accompanied by a statement of consent to have strip mining conducted upon the area of land described in the application for a permit. The statement of consent shall be signed by each holder of a freehold interest in such land. Each signature shall be notarized. No permit shall be issued if the application therefor is not accompanied by the statement of consent. This statement of consent shall not be required for coal mined under the provisions of KRS Chapters 351 and 352;

(10)[(9)] A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed two hundred fifty dollars ($250) plus a fee set by regulation but not to exceed fifty dollars ($50) for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required herein shall be issued. The operator shall file with the department a bond payable to the Commonwealth of Kentucky with surety satisfactory to the department in the penal sum to be determined by the department on the recommendation of the secretary of not less than five hundred dollars ($500) nor more than three thousand dollars ($3,000) for each acre or fraction thereof of the area of land affected, with a minimum bond of five thousand dollars ($5,000), conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations of the department. In determining the amount of the bond within the above limits, the department shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading and reclamation to be required. In a particular instance where the circumstances are such as to warrant an exception, the department, in its discretion, may reduce the amount of the bond for a particular operation to less than the required minimum;

(11)[(10)] The department shall promulgate rules and regulations setting forth operation requirements for the extraction of coal for commercial purposes where the strip mining operation affects two (2) acres or less. Such regulations shall not be more stringent than those imposed on strip mining operations affecting more than two (2) acres. All performance, procedural, and notice requirements for strip mining operations which affect two (2) acres or less shall be promulgated by regulation pursuant to this subsection, except the enforcement provisions of KRS 350.130, the penalty provisions of KRS 350.990, the permit requirements in subsection (1) of this section, and the bonding requirements set forth in subsection *(10)* [(9)] of this section;

(12)[(11)] Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. The holders of the permit may apply for renewal and such renewal shall be issued (provided that on application for renewal the burden shall be on the opponents of renewal), and the public notice requirements of this chapter shall not apply unless it is established and written findings by the department are made that:

(a) The terms and conditions of the existing permit are not being satisfactorily met;

(b) The present strip coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;

(c) The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(d) The operator has not provided evidence that the performance bond in effect for any renewal requested in such application as well as any additional bond the department might require; or

(e) Any additional revised or updated information required by the department has not been provided;

Prior to the approval of any renewal of permit the department shall provide notice to the appropriate public authorities;

(13)[(12)] If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new land areas shall be subject to the full standards applicable to new applications under this chapter;

(14)[(13)] Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made not later than thirty (30) working days prior to the expiration of the valid permit.

Section 2. KRS 350.090 is amended to read as follows:

(1) Under the provisions of this chapter and regulations adopted by the department, an operator shall prepare and carry out a method of operation, plan of grading and backfilling and a reclamation plan for the area of land affected by his operation. In developing a method of operation, and the plans of backfilling, grading and reclamation, all measures shall be taken to eliminate damages to members of the public, their real and personal property, public roads, streams and all other public property from soil erosion, rolling stones and overburden, water pollution and hazards dangerous to life and property. The plan shall be submitted to the department and the department shall notify the applicant by certified mail, return receipt requested or by registered mail within *sixty-five (65)* [thirty (30)] working days after receipt of the plan and complete application if it is or is not acceptable. *In the event that the notice, hearing, and conference procedures as mandated by this chapter prevent a decision from being issued within the sixty-five (65) working day period, the department shall have additional reasonable time to issue its decision, but not to exceed thirty (30) days from the completion of the notice, hearing and conference procedures.* If the plan is not acceptable, the department shall set forth the reasons for which the plan is not acceptable and it may propose modifications, delete areas or reject the entire plan. Should the applicant disagree with the decision of the department, he may, by written notice, request a hearing conducted by the department in the manner provided by KRS 224.083. The department shall notify the applicant by certified mail, return receipt requested or by registered

mail within twenty (20) days after the hearing of its decision. Any person aggrieved by a final order of the department may appeal through the courts as set forth in KRS 224.085.

(2) No operator shall throw, dump, pile or permit the dumping, piling or throwing or otherwise placing any overburden, stones, rocks, coal, particles of coal, earth, soil, dirt, debris, trees, wood, logs, or any other materials or substances of any kind or nature beyond or outside of the area of land which is under permit and for which bond has been posted under KRS 350.060 or place such materials herein described in such a way that normal erosion or slides brought about by natural physical causes will permit such materials to go beyond or outside of the area of land which is under permit and for which bond has been posted under KRS 350.060.

SECTION 3. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) When the secretary has reason to believe that a person has engaged in or is about to engage in any knowing violation of KRS Chapter 350 or regulations adopted pursuant thereto, he may execute in writing and cause to be served upon any person who is believed to have information, documentary material or physical evidence relevant to the alleged or suspected violation, an investigative demand requiring such person to furnish, under oath or otherwise, a report in writing setting forth the relevant facts and circumstances of which he has knowledge, or to appear and testify or to produce relevant documentary material or physical evidence for examination, at such reasonable time and place as may be stated in the investigative demand, concerning the purchasing, sale, or offering for purchase any coal or services or the conduct of any trade or commerce that is relevant to the subject matter of the investigation. No person who has a place of business in Kentucky shall be required to appear or present documentary material or physical evidence pursuant to this section outside of the county where he has his principal place of business within the Commonwealth.

(2) At any time before the return date specified in an investigative demand, or within twenty (20) days after the demand has been served, whichever period is shorter, a petition to extend the return date, or to modify or set aside the demand, stating good cause, may be filed in the Franklin Circuit Court or any other circuit court with concurrent jurisdiction.

(3) Whenever the secretary has probable cause to believe that a person has engaged in, or is engaging in, a knowing violation of KRS Chapter 350 or regulations adopted pursuant thereto, and whenever the secretary has probable cause to believe that information will not be obtainable by means of a proper investigative demand issued pursuant to this chapter, he may apply to Franklin Circuit Court or any other circuit court with concurrent jurisdiction for an ex parte order impounding any record, book, document, account, paper or other evidence which is material to the suspected violation under investigation. Such motion shall state in writing the grounds which the secretary believes constitute probable cause. The circuit court shall specify by order the length of time for copy or inspection.

Section 4. KRS 350.139 is amended to read as follows:

(1) All prior enactments of this general assembly to the contrary notwithstanding, all funds received by the department for natural resources and environmental protection through the payment of fees *and civil penalties* shall be deposited in the state treasury to the credit of the general fund effective July 1, 1972. All funds from the forfeiture of bonds shall be placed in the state treasury and credited to a special agency account. As far as is practicable, this fund shall be expended upon the lands for which the bond was given. All unexpended funds in the department for natural resources and environmental protection trust and agency accounts established by KRS 350.140 shall lapse to the general fund at the close of the 1971-72 fiscal year, provided however, that an amount not exceeding $400,000 may be transferred to a revolving fund to be used for interim financing of federal grant-in-aid projects.

(2) The state treasurer shall on or before August 1 of each year transfer fifty percent (50%) of all funds paid during the preceding fiscal year as fees for the issuance of any permit *for surface coal mining operations* [to strip mine] to the fiscal courts of the county in which the permitted operation is located for the general purposes of that fiscal court.

Section 5. KRS 350.152 is amended to read as follows:

(1) The Commonwealth, acting by and through its department for natural resources and environmental protection, shall have the power to acquire, either by negotiation or by exercise of the power of eminent domain, land which has been affected or disturbed by strip or auger mining, *or by other surface coal mining operations* which consists of orphan banks or unreclaimed spoil piles.

(2) Prior to acquiring any land pursuant to KRS 350.152 to 350.163 and 350.240, the department for natural resources and environmental protection shall extend to the owners thereof an opportunity to backfill, grade, plant and do other acts of restoration thereon to the same extent and within the same time limits as prescribed by KRS Chapter 350 and regulations adopted pursuant thereto. If the owner or owners agree in writing to perform such restoration and, weather permitting, start such restoration within a period of thirty (30) days, the land shall not be acquired by the commonwealth.

(3) The department for natural resources and environmental protection shall attempt to purchase any land which it has determined should be acquired for the purpose of restoration and which the owners have

not agreed to restore as provided in subsection (2) above. In any case where the department and the owners of the land are unable to agree upon the amount to be paid for the land, the department may exercise the power of eminent domain against such land by filing a condemnation suit under the procedure of the Eminent Domain Act of Kentucky.

(4) The purchase price, in the case of a negotiated acquisition, or the damages as finally determined, in the case of acquisition by condemnation, and the necessary expenses incidental thereto, shall be paid from appropriations made by the general assembly for such purposes and appropriations to which federal funds made available for such purposes have been credited.

Section 6. KRS 350.470 is amended to read as follows:

For the purposes of regulations promulgated under the provisions of KRS 350.465, *and pursuant to any other section which confers authority on the department to promulgate regulations for the permanent regulatory program consistent with P.L. 95-87,* the interim joint committee *of jurisdiction* [on agriculture and natural resources] shall have the same authority and responsibility as the administrative regulations review subcommittee has under KRS Chapter 13. Following the regulations review by the interim committee the same shall be reviewed by the administrative regulations review subcommittee for the purposes of KRS Chapter 13.

SECTION 7. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) After the approval and implementation of the permanent regulatory program, any person may petition the secretary to initiate a proceeding for the issuance, amendment, or repeal of any regulation under this chapter.

(2) Such petitions shall be filed in Frankfort, Kentucky at the regular business office of the department for natural resources and environmental protection. The petition shall set forth a simple and precise statement of the facts, law, and reasons why the secretary should initiate a rulemaking proceeding.

(3) Within thirty (30) days of the receipt of the petition, the secretary may hold, and if requested by the petitioner, shall hold a public hearing in which the petitioner and any other person wishing to participate may comment on the petition. The department shall receive comments on any facts, scientific or technical data, or law that relate to the petition. The secretary shall grant or deny the petition within ninety (90) days after the hearing. If the secretary grants the petition, the secretary shall promptly commence rulemaking procedures pursuant to KRS Chapter 13. If the secretary denies the petition, he shall so notify the petitioner in writing setting forth the reasons for such denial.

Section 8. KRS 350.455 is amended to read as follows:

If authorized in the approved [strip] mining and reclamation plan and permit, the operator may create permanent impoundments of water on mining sites as part of reclamation activities only when it is adequately demonstrated that:

(1) The size of the impoundment is adequate for its intended purposes;

(2) The impoundment dam construction will be so designed as to achieve necessary stability with an adequate margin of safety compatible with that of structures constructed under Public Law 83-566 (16 U.S.C. 1006);

(3) The quality of impounded water will be suitable on a permanent basis for its intended use and that discharges from the impoundment will not degrade the water quality below water quality standards established pursuant to applicable federal and state law in the receiving stream;

(4) The level of water will be reasonably stable;

(5) Final grading will provide adequate safety and access for proposed water users; and

(6) Such water impoundments will not result in the diminution of the quality or quantity of water utilized by adjacent or surrounding landowners for agricultural, industrial, recreational, or domestic uses.

Section 9. KRS 224.033 is amended to read as follows:

In addition to any other powers and duties vested in it by law, the department shall have the authority, power, and duty to:

As far as is practicable, this fund shall be expended upon the lands for which the bond was given. All unexpended funds in the department for natural resources and environmental protection trust and agency accounts established by KRS 350.140 shall lapse to the general fund at the close of the 1971-72 fiscal year, provided however, that an amount not exceeding $400,000 may be transferred to a revolving fund to be used for interim financing of federal grant-in-aid projects.

(2) The state treasurer shall on or before August 1 of each year transfer fifty percent (50%) of all funds paid during the preceding fiscal year as fees for the issuance of any permit *for surface coal mining operations* [to strip mine] to the fiscal courts of the county in which the permitted operation is located for the general purposes of that fiscal court.

Section 5. KRS 350.152 is amended to read as follows:

(1) The Commonwealth, acting by and through its department for natural resources and environmental protection, shall have the power to acquire, either by negotiation or by exercise of the power of eminent domain, land which has been affected or disturbed by strip or auger mining, *or by other surface coal mining operations* which consists of orphan banks or unreclaimed spoil piles.

(2) Prior to acquiring any land pursuant to KRS 350.152 to 350.163 and 350.240, the department for natural resources and environmental protection shall extend to the owners thereof an opportunity to backfill, grade, plant and do other acts of restoration thereon to the same extent and within the same time limits

as prescribed by KRS Chapter 350 and regulations adopted pursuant thereto. If the owner or owners agree in writing to perform such restoration and, weather permitting, start such restoration within a period of thirty (30) days, the land shall not be acquired by the commonwealth.

(3) The department for natural resources and environmental protection shall attempt to purchase any land which it has determined should be acquired for the purpose of restoration and which the owners have not agreed to restore as provided in subsection (2) above. In any case where the department and the owners of the land are unable to agree upon the amount to be paid for the land, the department may exercise the power of eminent domain against such land by filing a condemnation suit under the procedure of the Eminent Domain Act of Kentucky.

(4) The purchase price, in the case of a negotiated acquisition, or the damages as finally determined, in the case of acquisition by condemnation, and the necessary expenses incidental thereto, shall be paid from appropriations made by the general assembly for such purposes and appropriations to which federal funds made available for such purposes have been credited.

Section 6. KRS 350.470 is amended to read as follows:

For the purposes of regulations promulgated under the provisions of KRS 350.465, *and pursuant to any other section which confers authority on the department to promulgate regulations for the permanent regulatory program consistent with P.L. 95-87,* the interim joint committee *of jurisdiction* [on agriculture and natural resources] shall have the same authority and responsibility as the administrative regulations review subcommittee has under KRS Chapter 13. Following *acceptance or rejection of* the regulations [review] by the interim committee the same shall be reviewed by the administrative regulations review subcommittee for the purposes of KRS Chapter 13, *provided that: (1) review by the administrative regulation review subcommittee may begin before acceptance or rejection of the regulations by the interim committee; and (2) the interim committee must accept or reject the regulations within twenty (20) days of the date the regulations are submitted to the legislative research commission for purposes of legislative review. The governor shall have the same authority to issue emergency regulations under this section that he has under KRS Chapter 13.*

SECTION 7. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) Any person may petition the secretary of the department for natural resources and environmental protection to initiate a proceeding for the issuance, amendment or repeal of any regulation under this chapter.

(2) Notice and an opportunity shall be provided for the petitioner and any person wishing to participate to be heard at a public hearing within thirty (30) days following the filing of the petition on the facts, technical justification and law alleged in the petition.

(3) The secretary shall render a final order in writing within thirty (30) days after the hearing granting or denying the petition on grounds that there is a reasonable basis for the petitioned rule change, or is not, or that it is required or prohibited by law and setting forth the reasons for the decision.

(4) The secretary shall initiate a rulemaking proceeding pursuant to KRS Chapter 13 within thirty (30) days after a petition is granted proposing the issuance, amendment or repeal of the petitioned regulations in conformity with the final order.

(5) Any participant in the petition proceedings may seek review in the circuit court of Franklin County of a final order of the secretary denying all or any portion of the action requested in a petition.

Section 8. KRS 350.455 is amended to read as follows:

If authorized in the approved [strip] mining and reclamation plan and permit, the operator may create permanent impoundments of water on mining sites as part of reclamation activities only when it is adequately demonstrated that:

(1) The size of the impoundment is adequate for its intended purposes;

(2) The impoundment dam construction will be so designed as to achieve necessary stability with an adequate margin of safety compatible with that of structures constructed under Public Law 83-566 (16 U.S.C. 1006);

(3) The quality of impounded water will be suitable on a permanent basis for its intended use and that discharges from the impoundment will not degrade the water quality below water quality standards established pursuant to applicable federal and state law in the receiving stream;

(4) The level of water will be reasonably stable;

(5) Final grading will provide adequate safety and access for proposed water users; and

(6) Such water impoundments will not result in the diminution of the quality or quantity of water utilized by adjacent or surrounding landowners for agricultural, industrial, recreational, or domestic uses.

Section 9. KRS 350.230 is amended to read as follows:

Irrespective of date of issuance of a permit, all operators shall immediately conform to any statutes enacted or regulations adopted on the effective date of such statute or regulation. This section shall not require the regrading or replanting of any area on which such work was satisfactorily performed prior to the effective date of the statute or regulation. *The department shall specify for every regulation promulgated pursuant to this chapter the effective date of such regulation. However, the department may specify a reasonable period of time in which operators shall conform to any regulations adopted when it finds that such conformance time is reasonably necessary.*

Section 10. KRS 224.033 is amended to read as follows:

In addition to any other powers and duties vested in it by law, the department shall have the authority, power, and duty to:

(1) Exercise general supervision of the administration and enforcement of Acts 1972 (1st Ex. Sess.), ch. 3, and all rules, regulations and orders promulgated thereunder;

(2) Prepare and develop a comprehensive plan or plans related to the environment of the Commonwealth;

(3) Encourage industrial, commercial, residential and community development which provides the best usage of land areas, maximizes environmental benefits and minimizes the effects of less desirable environmental conditions;

Sess.), ch. 3, or any rule or regulation which may be promulgated thereunder;

(11) Conduct investigations and hold hearings and compel the attendance of witnesses and the production of accounts, books and records by the issuance of subpoenas;

(12) Accept, receive, and administer grants or other funds or gifts from public and private agencies including the federal government for the purpose of carrying out any of the functions of the department. Such funds received by the department shall be deposited in the state treasury to the account of the department;

(13) Request and receive the assistance of any state or municipal educational institution, experiment station, laboratory, or other agency when it is deemed necessary or beneficial by the department in the performance of its duties;

(14) Advise, consult, and cooperate with other agencies of the Commonwealth, other states, the federal government, and interstate and interlocal agencies, and affected persons, groups and industries;

(15) Formulate guides for measuring presently unidentified environmental values and relationships so they can be given appropriate consideration along with social, economic, and technical considerations in decision making;

(16) Monitor the environment to afford more effective and efficient control practices, to identify changes and conditions in ecological systems and to warn of emergency conditions;

(17) Adopt, modify or repeal with the recommendation of the commission any standard, rule, regulation or plan specified in subsections (5) and (6) of KRS 224.045;

(19) Issue, continue in effect, revoke, modify, suspend or deny under such conditions as the department may prescribe, permits to discharge into any waters of the Commonwealth, and for the installation, alteration, expansion, or operation of any sewage system; the installation, alteration, or use of any machine, equipment, device or other article that may cause or contribute to air pollution or is intended primarily to prevent or control the emission of air pollution; or the establishment or construction and the operation or maintenance of waste disposal sites and facilities; and require that applications for such permits be accompanied by plans, specifications, and such other information as the department deems necessary;

(20) May establish, by regulation, a fee or schedule of fees for the cost of processing applications for permits authorized by this chapter, and for the cost of processing applications for exemptions or partial

exemptions which may include but not be limited to the administrative costs of a hearing held as a result of such exemption application, except that applicants for existing or proposed publicly owned facilities shall be exempt from any such charge;

(21) May require for persons discharging into the waters or onto the land of the Commonwealth, by regulation, order or permit, technological levels of treatment and effluent limitations;

(22) Require, by regulation, that any person engaged in any operation regulated pursuant to this chapter install, maintain, and use at such locations and intervals as the department may prescribe any equipment, device or test and the methodologies and procedures for the use of such equipment, device or test to monitor the nature and amount of any substance emitted or discharged into the ambient air or waters or land of the Commonwealth and to provide any information concerning such monitoring to the department in accordance with the provisions of subsection (23) of this section;

(23) Require by regulation that any person engaged in any operation regulated pursuant to this chapter file with the department reports containing information as to location, size, height, rate of emission or discharge, and composition of any substance discharged or emitted into the ambient air or into the waters or onto the land of the Commonwealth, and such other information as the department may require;

(24) Establish a comprehensive waste management plan in order to ensure that wastes are properly collected, stored, processed, transported, disposed, and recycled;

(25) Perform such other and further acts as may be necessary to carry out the duties and responsibilities herein described; and

(26) Preserve existing clean air resources while ensuring economic growth by issuing regulations, which shall be no more stringent than federal requirements, setting maximum allowable increases from stationary sources over baseline concentrations of air contaminants to prevent significant deterioration in areas meeting the state and national ambient air quality standards.

Section 11. KRS 350.210, Monuments marking permit areas, is repealed.

Section 12. The general assembly finds and declares that an emergency exists because of the federal requirement that state legislation necessary to comply with the provisions of Public Law 95-87, the "surface mining control and reclamation act of 1977," be a validly enacted law on or before June 15, 1980, in order that the state program filing of March 3, 1980, be deemed complete, and that the state law shall be in effect before the United States secretary of interior can approve the state program, or the state's proposed permanent program would otherwise be disapproved by the United States secretary of the interior, thereby causing the installation of a federal program in the Commonwealth and because this Act is in aid of and supplemental to that primacy legislation. Therefore, this legislation shall become a validly enacted law when signed by the governor, and the provisions of this Act shall become effective simultaneously with approval of the state program by the United States secretary of interior pursuant to Public Law 95-87, the surface mining control and reclamation act of 1977.

HB 703, AN ACT relating to solid and hazardous waste.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 224.212 is amended to read as follows:

(1) It shall be the policy of the Commonwealth of Kentucky to encourage and promote the development and demonstration of efficient, environmentally acceptable and commercially feasible technologies, techniques, processes and markets for resource recovery and energy generation from solid *and hazardous* waste in Kentucky.

(2) This policy may be implemented by contracts and agreements with the federal government and its agencies and with other organizations, including private industry, and through organizations that may be formed jointly by the state, the federal government or its agencies, and private industry to conduct developmental and demonstration projects in such organizational form or legal entity deemed appropriate by the participants.

(3) This policy may be implemented by the expenditure of state funds for the preliminary engineering and planning, design, construction and operation of developmental and demonstrative projects in Kentucky, including pilot and demonstration plants, and for the acquisition and improvement of land, construction of roads, and provision of other public facilities incidental and necessary to the accomplishment of developmental and demonstrative projects in Kentucky[; provided that the expenditure of state funds for the construction and operation of projects shall be limited to projects for which funds of the federal government have also been committed by grant, loan or other contractual agreement with the Commonwealth, or one or more of its political subdivisions, or one or more corporations doing business in the Commonwealth of Kentucky].

(4) This policy may be implemented by the sale or lease of state property or property rights to organizations engaged in developmental and demonstrative projects in Kentucky, either for a fair and reasonable

consideration or solely or partly as all or a portion of the state's participation in developmental and demonstrative projects.

(5) This policy may be implemented by acquisition, by purchase, or by option to purchase and if the Commonwealth is unable to contract or agree with the owner after a good faith effort to do so, by the exercise of eminent domain the fee simple title to, or any acceptable lesser interest in such lands, rights of way, franchises, or easements, including submerged lands and riparian rights that are necessary for the construction, use or operation of any authorized demonstration project or projects and for the construction and operation of a line of railroad, truck road, overhead conveyor, or other transportation facilities together with the necessary rights of ingress and egress to construct, examine, alter, repair, maintain, operate, or remove such transportation facilities. The proceedings for condemnation shall be as provided in KRS 416.540 to 416.670.

(6) This policy may be implemented by contracts and agreements for the Commonwealth to purchase all or a portion of the usable output of developmental and demonstration projects, either for a fair and reasonable consideration or solely or partly as all or a portion of the state's participation in developmental and demonstrative projects, and to dispose of this output by use in state facilities or by resale at fair market value.

Section 2. KRS 224.216 is amended to read as follows:

To be eligible for assistance under KRS 224.212 to 224.217, projects *shall* [must]:

(1) Conform with the state *plans* [plan] for [solid] waste management;

(2) Be consistent with a regionalized approach to [solid] waste management and designate the area to be affected initially and potentially by the project;

(3) Designate specific project responsibilities at the state, district and local level;

(4) Demonstrate that private industry would not otherwise develop and demonstrate such a project in a timely fashion;

(5) Show that adequate research has preceded the application by including at least the following information:

(a) Methods for waste collection, storage, processing and residue disposal;

(b) Consideration of alternative small-scale, low-level technology;

(c) Letters of intent from potential purchasers of recovered materials and energy generated;

(d) Potential for eventual self-sufficiency in project operation.

(6) Show that there is substantial support for the proposal by including at least the following information:

(a) Steps which have been taken to guarantee the waste stream;

(b) Steps which have been taken to enact long-term contracts for sale of recovered products and energy generated, and for the supply of waste products;

(c) Sources of other committed funds;

(7) *Demonstrate that full consideration has been given to the coordination of the proposed facility with an industrial park development;*

(8) Demonstrate that the proposed project is consistent with the state policy of encouraging the reuse and treatment of waste and of minimizing land disposal. Toward this end the development of fully integrated facilities shall be the preferred approach in all cases. An integrated facility includes a variety of treatment and disposal systems at one site so that wastes can be recycled, exchanged, neutralized, detoxified, reduced in volume, incinerated and only as a last resort landfilled;

(9) Demonstrate that all other statutory requirements and regulations relating to the permitting of the proposed facility can be met;

(10) Conform to other requirements set down by regulations issued by the center for energy research.

SECTION 3. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The commissioner of the department of commerce shall cooperate with the secretary of the department of energy in examining the feasibility of a hazardous waste treatment-industrial park complex approach to the siting of hazardous waste management facilities and the promotion of industrial development. Consistent with the state policy of encouraging reuse and treatment of hazardous waste and of minimizing land disposal such study shall be based on development of integrated facilities consisting of a variety of treatment and disposal systems at a given site associated with industrial plants. Such study shall at a minimum:

(1) Survey the attitudes of various industries towards this approach;

(2) Identify the advantages and disadvantages to industry, the Commonwealth, and local communities;

(3) Survey the degree to which the availability of hazardous waste management facilities has a bearing on the location of new industry;

(4) Develop a list of industry types with compatible waste streams for exchange, neutralization, or incineration;

(5) Identify economic or technical barriers to this approach; and

(6) Report its findings and recommendations to the 1982 General Assembly.

SECTION 4. A NEW SECTION OF KRS CHAPTER 68 IS CREATED TO READ AS FOLLOWS:

The fiscal court of any county may license off-site waste management facilities located within the county with the imposition of a license fee at a percentage rate not to exceed two percent (2%) per annum of the gross receipts of such a waste management facility owned or operated by self-employed individuals, partnerships, or corporations. The proceeds from the license fee shall be used to defray the general revenue requirements of the county where the facility is located. For purposes of assessing the licensing fee provided for in this section, off-site waste management shall consist of establishing and operating a facility whose principal purpose is treatment, storage, disposal, or a combination of these activities but shall not include those treatment, storage, or disposal activities which occur incidental to or which are not otherwise distinguishable from a broader manufacturing operation at the site of said operation.

HB 719, AN ACT relating to mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 352.190 is amended to read as follows:

(1) For every fifty men and fraction thereof employed underground, the operator of each mine shall keep on hand at the mine one properly constructed stretcher, one waterproof and one woolen blanket, and all other necessary equipment advised by the department.

[(2) Each operator shall see that all employes are offered the necessary first-aid training at least once each year for the safety of themselves and their fellow workmen as recommended by the department.]

HB 752, AN ACT relating to mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 352.150 is amended to read as follows:

(1) After June 16, 1972, on single-track haulage roads in mines, which the persons employed in the mine must use while performing their work or while traveling on foot to and from their work, there shall be places of refuge on one (1) side not less than five (5) feet in depth from the side of the mine car, and five (5) feet wide, and not more than ninety (90) feet apart. Refuge holes of the same dimensions shall also be provided at switch throws.

(2) Special places of refuge are not required on haulage roads on which room necks or breakthroughs occur at regular intervals not exceeding ninety (90) feet, and thus furnish places of refuge, or on haulage roads in which the track is so laid as to give a minimum clearance on one (1) side of not less than thirty (30) inches from the side of any haulage engine or any mine car, the clearance to be on the side of the road opposite that upon which electric wires are strung, if electric wires are strung in the road.

(3) No unauthorized person shall travel on foot to or from work upon any haulage road or slope where transportation is by track, when other roads in proper condition for travel are available.

(4) On all main haulage roads where hauling is done by machinery the mine foreman shall provide a proper system of signals, and a conspicuous light or marker approved by the commissioner on the front and rear of every trip or train of cars when in motion in the mine.

(5) Man-trips shall be operated at safe speeds consistent with the condition of roads and type of equipment used and shall be so controlled that they can be stopped within the limits of visibility, in no event at a speed in excess of twelve (12) miles per hour.

(6) [Each man-trip consisting of more than one (1) mine car of men shall be under the charge of a certified official, and it shall be operated independently of any loaded trip of coal or other material.

(7)] Cars on the man-trip shall not be overloaded, and sufficient cars in good mechanical condition shall be provided.

(7)[(8)] No person shall ride under the trolley wire unless suitably covered man-cars are used.

(8)[(9)] No material or tools except small hand tools shall be transported in the same car with men on any man-trip unless in a separate, enclosed compartment of the car, and all persons shall ride inside of man-trip cars, except the motorman and brakeman or trip rider.

(9)[(10)] Men shall not load or unload before the cars in which they are to ride or are riding come to a full stop, and men shall proceed in an orderly manner to and from man-trips.

(10)[(11)] A waiting station shall be provided where men are required to wait for man-trips or man-cages. It shall have sufficient room, ample clearance from moving equipment, and adequate seating facilities.

(11)[(12)] Trolley and power wires shall be guarded effectively at man-trip stations where there is a possibility of any person coming in contact with energized electric wiring while loading or unloading from the man-trip.

(12)[(13)] Cars used for transporting men on slopes shall be equipped with a safety device capable of stopping the trip in event of failure of the rope or couplings. Such device shall be approved by the commissioner.

(13)[(14)] Where belts are used for transporting men, a minimum clearance of eighteen (18) inches shall be maintained between the belt and the roof or cross bars, projecting equipment, cap pieces, overhead cables, wiring, and other objects; but where the height of the coal bed permits, the clearance shall not be less than twenty-four (24) inches.

(14)[(15)] Unless a greater speed is allowed by special permission from the commissioner, in which event the conditions, limitations and rules imposed in connection with the grant of such permission shall be observed, the belt speed shall not exceed two hundred fifty (250) feet per minute where the minimum overhead clearance is eighteen (18) inches, or three hundred (300) feet per minute when the minimum overhead clearance is twenty-four (24) inches, while men are loading, unloading, or being transported.

(15)[(16)] The space between men riding on a belt line shall not be less than six (6) feet.

(16)[(17)] Loading and unloading stations shall be illuminated properly.

(17)[(18)] A certified official or some other supervisory personnel appointed by the mine foreman shall supervise all man-trips.

(18)[(19)] Efficient equipment, either mobile or self-propelled, equipped with sufficient first-aid equipment and supplies, shall be available on all underground sections where men are present to transport injured workers to the surface.

(19)[(20)] The commissioner shall be empowered to draft additional rules and regulations providing for transportation of men when necessary.

HB 753, AN ACT relating to mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 352.241 is amended to read as follows:

(1) Explosives or detonators carried anywhere underground by any person shall be in containers constructed substantially of nonconductive material, maintained in good condition and kept closed.

(2) When explosives or detonators are transported underground in cars moved by means of a locomotive or rope, or in shuttle cars, they shall be in substantial covered cars or in special substantial covered containers used specifically for transporting detonators or explosives:

(a) The bodies and covers of such cars and containers shall be constructed or lined with nonconductive material;

(b) If explosives and detonators are hauled in the same explosives car or in the same special container, they shall be separated by at least a four-inch substantially fastened hardwood partition or the equivalent;

(c) Explosives, detonators, or other explosive items shall not be transported on the same trip with men;

(d) When explosives or detonators are transported in special cars or containers in cars, they shall be hauled in special trips not connected to any other trip; provided, however, that this does not prohibit the use of such additional cars as needed to lower a rope trip, or to haul supplies including timbers; and provided further that materials so transported shall not project above the top of the car. Exposed highly flammable materials such as hay, oil, or grease shall not be hauled on the same trip with explosives;

(e) Explosives or detonators shall not be hauled into or out of a mine within five minutes preceding or following a man trip or any other trip.

(3) Explosives and detonators shall be transported underground by belt only under the following conditions:

(a) In the original and unopened case, in special closed cases constructed of nonconductive material, or in suitable individual containers;

(b) Clearance requirements shall be the same as those for transporting men on belts;

(c) Suitable loading and unloading stations shall be provided;

(d) Stop controls shall be provided at loading and unloading points, and an attendant shall supervise the loading and unloading of explosives and detonators.

(4) Neither explosives nor detonators shall be transported on flight or shaking conveyors, scrapers, mechanical loading machines, locomotives, cutting machines, drill tracks, or any self-propelled mobile equipment; provided, however, that this does not prohibit the transportation of explosives or detonators in special substantial covered containers as used in subsection (2) of this section in shuttle cars or in equipment designed especially to transport such explosives or detonators.

(5) When supplies of explosives and detonators for use in one or more sections are stored underground, they shall be kept in section boxes or magazines of substantial construction with no metal exposed on the inside, located at least twenty-five feet from roadways and power wires, and in a reasonably dry, well-rock-dusted location protected from falls of roof. In pitching beds, where it is not possible to comply with the location requirement, such boxes shall be placed in niches cut into the solid coal or rock.

(6) When explosives or detonators are stored in the section, they shall be kept preferably in separate boxes or magazines not less than five feet apart; if kept in the same box or magazine, they shall be separated by at least a four-inch substantially fastened hardwood partition or the equivalent. Not more than a forty-eight hour supply of explosives or detonators shall be stored underground *in any one section* in such boxes or magazines.

(7) Explosives and detonators stored near the working faces shall be in separate closed containers, and shall be in a location out of line of blast not less than fifty feet from the face and fifteen feet from any pipeline, powerline, rail or conveyor; except that if kept in niches in the rib, the distance from pipeline, powerline, rail or conveyor shall be at least fifteen feet. Such explosives and detonators, when stored, shall be separated by a distance of at least ten feet.

(8) Explosives and detonators shall be kept in their containers until immediately before use at the working faces.

(9) Only nonmetallic tools shall be used for opening wooden explosives containers. Tools or other materials shall not be stored with explosives or detonators.

(10) All explosives used underground in underground mines except in sinking shafts and slopes from the surface shall be of the permissible type, specifically designed and manufactured for underground use, and shall be used as follows:

(a) Fired only with electric detonators of proper strength;

(b) Fired with permissible shot-firing units, unless firing is done from the surface when all men are out of the mine;

(c) Where the coal or clay is cut, shots shall not be fired if the blast hole is drilled beyond the limits of the cut;

(d) Boreholes shall be cleaned, and they shall be checked to see that they are placed properly and are of correct depth, in relation to the cut, before being charged;

(e) All blasting charges shall have a burden of at least eighteen inches in all directions if the height of the seam permits.

(f) Boreholes shall be stemmed with at least twenty-four inches of incombustible material, or at least one-half of the length of the hole shall be stemmed if the hole is less than four feet in depth unless other permissible stemming devices or methods are used;

(g) Examinations for gas shall be made immediately before firing each shot or group of multiple shots and after blasting is completed;

(h) Shots shall not be fired in any place where methane can be detected with a flame safety lamp when tested at a point not less than twelve inches from the roof, face or rib;

(i) Charges exceeding one and one-half pounds, but not exceeding three pounds, shall be used only if boreholes are six feet or more in depth, the explosives are charged in a continuous train, with no cartridges deliberately deformed or crushed, with all cartridges in contact with each other and with the end cartridges touching the back of the hole and the stemming respectively; provided, however, that the three pound limit does not apply to special solid rock work if the mine is evacuated or if approved by the department;

(j) Shots shall be charged and fired by *certified* [qualified] shot firers designated by the mine foreman;

(k) Boreholes shall not be charged while any other work is being done at the face, and the shot or shots shall be fired before any other work is done in the zone of danger from blasting except that which is necessary to safeguard the employes;

(l) Only nonmetallic tamping bars shall be used for charging and tamping boreholes. This does not prohibit the use of a nonmetallic tamping bar with a nonsparking metallic scraper on one end;

(m) The leg wires of electric detonators shall be kept shunted until ready to connect to the firing cable;

(n) Shots shall not be fired from the power of signal circuit while any men are in the mine;

(o) The roof and ribs of working places shall be tested before and after firing each shot or group of multiple shots;

(p) Ample warning shall be given before shots are fired, and care shall be taken to ascertain that all persons are in the clear. Men shall be removed from adjoining working places when there is danger of a shot blowing through;

(q) Mixed types or brands of explosives shall not be charged or fired in any borehole;

(r) Mudcaps (adobes) or other unconfined shots shall not be fired underground in a mine.

(11) Blasting cables shall be:

(a) Well insulated and as long as may be necessary to permit the shot firer to get in a safe place around a corner;

(b) Short-circuited at the battery end until ready to attach to the blasting unit;

(c) Staggered as to length or the ends kept well separated when attached to the detonator leg wires;

(d) Kept clear of power wires and all other possible sources of active or stray electric current.

(12) Where misfires occur with electric detonators, a waiting period of at least five minutes shall elapse before anyone returns to the shot. After such failure, the blasting cable shall be disconnected from the source of power and the battery ends short-circuited before electric connections are examined.

(13) Explosives shall be removed by firing a separate charge at least two feet away from, and parallel to, the misfired charge or by washing the stemming and the charge from the borehole with water, or by inserting and firing a new primer after the stemming has been washed out.

(14) A very careful search of the working place, and, if necessary, of the blasted material after it reaches the surface shall be made after blasting a misfired hole, to recover any undetonated explosive.

(15) The handling of a misfired shot shall be under the direct supervision of the mine foreman or a competent person designated by him.

(16) Where compressed air is used for blasting or breaking coal or clay, the following shall apply:

(a) Compressed air shall be conducted from the compressor to within a practical working distance of the face by steel airlines tested to withstand an approximate pressure of twenty thousand pounds per square inch;

(b) Airlines shall be grounded at the compressor and, if possible, at other low-resistance ground connections along the lines, such as at borehole casings. They shall not be connected in any way to tracks, waterlines, or other electric power return conductors and shall be suitably insulated where they cross electric wires or underneath the track;

(c) Shutoff valves shall be installed every one thousand (1,000) feet in all compressed-air blasting lines and in all branch lines at a point near the main lines;

HCR 87, A CONCURRENT RESOLUTION directing the formation of a special coal utilization task force to propose policy for the development of coal resources in the Commonwealth and recommend legislation concerning coal for the 1982 General Assembly.

WHEREAS, the nation continues to face a serious energy crisis, and a dangerous dependence on other countries which supply us with oil; and

WHEREAS, this crisis and this dependence need not continue if we take steps now to develop and utilize our abundant domestic energy resources; and

WHEREAS, Kentucky's coal is a tremendous asset to the state and the nation, which as yet, has not been developed to its full potential; and

WHEREAS, stockpiles of coal continue to mount and coal mines are closing at a time when this nation should be relying more on its own energy resources;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. The Legislative Research Commission is directed to appoint a Special Coal Utilization Task Force. Two (2) members shall be appointed from the Senate and two (2) members from the House of Representatives to serve on the task force. The lay members of the task force shall be reimbursed for ordinary travel expenses, including meals and lodging, incurred in the performance of his duties, but no lay member shall receive compensation for his services as a member of the task force.

Section 2. The task force shall propose policy and recommend legislation for the development of coal resources in the Commonwealth. Policy areas to be considered by the task force shall include, but not necessarily be limited to, the following:

(1) The conversion of oil and gas fired boilers to coal by Kentucky industry and by Kentucky government; and

(2) The short and long range problems of transporting coal in the Commonwealth; and

(3) The conversion of coal to liquid fuels and the development potential of this process for the state during the next five (5) to ten (10) years.

Section 3. The task force shall make available to the General Assembly and the Legislative Research Commission its findings and any recommendations not later than September, 1981.

Section 4. It is estimated that the operation of the committee and the provision of staff services will cost approximately $25,000, such monies to be provided from the regular budget of the Legislative Research Commission.

The Committee on Business Organizations and Professions reported **HB 414** with Committee Substitute attached thereto, and **HB 936** with Committee Amendment attached thereto, with the expression of opinion that the same should pass. HB 507, AN ACT relating to court facilities and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 26A.090 is amended to read as follows:

As used in KRS 26A.090 to 26A.115 unless the context otherwise requires:

(1) "Operating costs allowance" means compensation equivalent to the annual expenses borne by the unit of government for utilities, janitorial service, rent, insurance and necessary maintenance, repair and upkeep of the court facility which do not increase the permanent value or expected life of the court facility, but keeps it in efficient operating condition, *and, at the election of the administrative office of the courts, capital costs of not more than fifteen thousand dollars ($15,000).*

(2) "Use allowance" means compensation equal to four percentum (4%) annually of the total original capital costs and the cost of capitalized renovation of the court facility *but in no instance less than one dollar ($1) per net square foot of space occupied by the court of justice.*

(3) *"Value of money allowance" means:*

(a) In the case of capital costs incurred prior to July 15, 1980, annual compensation equal to seven percentum (7%) per annum of such capital costs less one percentum (1%) for each year or partial year elapsing since construction. The percentum shall continue to decline by one percentum (1%) each year except that the aggregate decrease shall not in combination with the four percentum (4%) use allowance, reduce the percent applied to such capital costs to a figure less than the rate of interest on any bonded indebtedness incurred in connection with such capital costs. At such time as the bonded indebtedness is retired the value of money allowance shall cease.

(b) In the case of capital costs incurred after July 15, 1980, annual compensation equal to the interest rate paid in conjunction with bonded indebtedness incurred with respect to such capital costs, or in absence of bonded indebtedness the prevailing interest rate, applied to the portion of such capital costs which has not been reimbursed by the use allowance, resulting in the reduction of capital costs to which the interest rate or prevailing interest rate is applied by four percentum (4%) per annum.

(4) "Capital costs" means the costs borne by the unit of government, *including* [excluding] grants, for acquisition of property and for construction and capitalized renovation including interest accruing during construction or renovation, but no other interest of each court facility. If capital costs are not documented, reasonable estimates provided by qualified appraisers will suffice.

(5)[(4)] "Capitalized renovation" means all remodeling involving the structural or mechanical systems, except for remodeling that involves substantial demolition of the original structure. Remodeling involving substantial demolition of the original structure shall constitute construction resulting in a new court facility.

(6)[(5)] "Unit of government" means *any agency of state government or* a county, city, urban-county government, special district or corporate entity created for the purpose of constructing or holding title to a court facility.

(7)[(6)] "Court facility" means the land and buildings owned or operated by a unit of government in which space for the court of justice is provided. Judges' benches, jury and witness boxes, and fixed seating shall be considered as permanent building fixtures.

(8)[(7)] "Court facilities standards committee" means a committee consisting of the chief justice or his designee, one judge each of the court of appeals, the circuit court and the district court appointed by the supreme court, the president of the circuit clerks' association, the chairman of the judiciary-courts committees of the general assembly, the secretary of the executive department for finance and administration, and a county judge/executive appointed by the governor. Each appointed member shall serve for a term of

four (4) years from the date of his appointment or until he vacates the office in respect to which he was appointed, whichever is earlier.

(9) "Prevailing interest rate" means the average rate of interest on municipal or tax exempt bonds indicated by the national bond buyers index as of July 1 in the year in which construction is completed as determined by the administrative office of the courts.

(10) "Direct costs" means any cost which is attributable exclusively to an identifiable portion or portions of net space occupied by the court of justice or the unit of government.

(11) "Indirect costs" means any cost which is not attributable exclusively to an identifiable portion or portions of the net space occupied by the court of justice or the unit of government.

Section 2. KRS 26A.100 is amended to read as follows:

(1) The circuit and the district court shall be held in the county courthouse of each county unless otherwise ordered by the supreme court in which case it may be held at any other location made available by the county and owned, leased, or controlled by the county. Circuit or district court may also be held in such other locations in the county as may be convenient and approved by the supreme court.

(2) Every county or urban-county government shall provide such reasonably available space which would not disrupt the operation of county government as necessary in the county courthouse, or in other county facilities as permitted in subsection (1), for:

(a) A courtroom or courtrooms for the circuit and the district court;

(b) Chambers for the circuit judge and district judge or judges;

(c) Office space for the circuit and district court staffs;

(g) Such other facilities necessary for the operation of the circuit and the district court as may be agreed upon by the county or urban-county government and the administrative office of the courts.

(3) If all necessary facilities for the holding of circuit or district court, for the clerk's operations, or for the operation of the court or its ancillary functions, are not available in county facilities, every city shall, upon request of the administrative office of the courts, provide such reasonably available space which would not disrupt the operation of city government as necessary in the city's facilities for the operations of circuit or district court, or both. The city shall be responsible for providing space for the operations listed in subsection (2) of this section.

(4) If all necessary facilities for the holding of circuit or district court, for the clerk's operations, or for the operation of the court or its ancillary functions, are not available in county or city facilities, every agency of state government, special district, and independent agency of local government, other than a city, may, upon the request of the administrative office of the courts, provide such space as necessary in facilities owned, leased, or controlled by such organization for the operations of circuit or district court, or both. The agency may provide space for the operations listed in subsection (2) of this section.

(5) If all necessary facilities for the holding of circuit or district court, for the clerk's operations, or for the operation of the court or its ancillary functions, are not available in public facilities, private facilities may be rented, leased, purchased, or otherwise acquired, by the *administrative office of the courts* [executive department for finance and administration] pursuant to permission granted by the chief justice for such acquisition and in compliance with the *procedures* [provisions] of KRS Chapters 45 and 56.

(6) Notwithstanding the provisions of subsection (2), space provided in public facilities in respect to which a value of money allowance has been paid for two (2) years or longer by the court of justice in accordance with KRS 26A.115, shall not be reoccupied by the unit of government unless space which is in all respects comparable and agreeable to the court of justice is provided in its place.

Section 3. KRS 26A.107 is amended to read as follows:

(1) The court facilities standards committee shall provide for periodic review of each court facility and may make recommendations for improvements.

(2) No use allowance *or value of money allowance* shall be paid respecting any capital costs contracted for any court facility after July 1, 1978, unless the construction or renovation receives prior concurrence by the court facilities standards committee.

Section 4. KRS 26A.115 is amended to read as follows:

(1) Each unit of government providing space in a court facility to the court of justice under the provisions of KRS 26A.100 shall be paid an operating costs allowance, [plus] a use allowance, *and if applicable a value of money allowance* to be administered by the *administrative office of the courts* [executive department for finance and administration]. *No value of money allowance shall be paid in respect to capital costs derived from grants and other funds for which no repayment is required and which have not been locally generated.*

(2) The precise amount paid *as the* [for] operating costs allowance, [and] use allowance *and value of money allowance* shall be computed by allocating to the court of justice *the direct operating and capital*

costs respecting the net space which it occupies and allotting indirect operating and capital costs to the court of justice [its proportionate share of each category] according to the relative portion of the floor space in the facility which is occupied by the court of justice. Compensation shall be calculated on an annualized basis, [may be in the form of rental per square footage,] and shall be paid quarterly. Should the availability of space provided to the court of justice be limited by the governmental unit to a part-time basis, the compensation shall be apportioned according to the number of days or partial days per week in which it is made available, one (1) day or partial day per week being considered as one-fifth (1/5) of the time.

(3) Every applicant shall make oath to the circuit clerk as to the truthfulness of the statements contained in the form.

(4) The clerk may, after determining that the applicant has fully complied with the law governing applications, issue a temporary operator's license to be valid for not more than ninety (90) days. Such temporary license shall be valid in lieu of the permanent license during the certification period and must be destroyed upon receipt of the permanent operator's license.

HB 767, AN ACT relating to emergency vehicles.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 189.940 is amended to read as follows:

(1) The speed limitations set forth in the Kentucky Revised Statutes do not apply to emergency vehicles*:*

(b) To police vehicles when in pursuit of an actual or suspected violator of the law; or

(c) To ambulances when transporting a patient to medical care facilities; and

[when responding to emergency calls or to police vehicles when in pursuit of an actual or suspected violator of the law and when the drivers thereof are operating the vehicle's warning lights and are giving audible signals by siren, bell, or exhaust whistle.]

(2) The driver of an emergency vehicle, when responding to an emergency call, or of a police vehicle in pursuit of an actual or suspected violator of the law, *or of an ambulance transporting a patient to a medical care facility* and giving the warning required by subsection *(5)* [(1)] of this section, upon approaching any red light or stop signal or any stop sign shall slow down as necessary for safety to traffic, but may proceed past such red or stop light or stop sign with due regard for the safety of persons using the street or highway.

In the event the driver of an ambulance elects not to use the siren, bell, or exhaust whistle he shall not proceed past red lights or drive in the opposite direction on a one-way street or in oncoming lanes of traffic unless no other vehicles are within five hundred (500) feet of the front of the ambulance. The driver shall not extinguish the warning lights during the period of the emergency.

(6)[(5)] No driver or operator of any emergency or public safety or other vehicle shall use the warning lights or siren, bell, or exhaust whistle of his vehicle for any purposes or under any circumstances other than those permitted by KRS 189.910 to 189.950.

(7)[(6)] KRS 189.910 to 189.950 does not relieve the driver of any emergency or public safety vehicle from the duty to drive with due regard for the safety of all persons and property upon the highway.

Section 2. KRS 189.930 is amended to read as follows:

HB 863, AN ACT relating to hazardous materials.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 174 IS CREATED TO READ AS FOLLOWS:

Due to the central geographical location of the Commonwealth with respect to the hazardous materials industry, and since most predictions indicate that the amount of hazardous material in transport should substantially increase in the future, it is the intent of this Act to provide for the public health and safety of the citizens and to protect the environment of the Commonwealth when any hazardous material is being transported within or through this state.

SECTION 2. A NEW SECTION OF KRS CHAPTER 174 IS CREATED TO READ AS FOLLOWS:

As used in this Act:

(1) "Carrier" means a person engaged in the transportation of passengers or property by:

(a) Land or water, as a common, contract, or private carrier; or

(b) Civil aircraft.

(2) "General permit" means written authorization issued under this Act to persons for the transport of hazardous material in the Commonwealth, who are not required to obtain a certificate or permit from the department pursuant to KRS Chapter 281.

(3) "Hazardous material" means a substance designated hazardous by the federal hazardous materials transportation act (49 U.S.C. 1801, et. seq.) and regulations issued pursuant thereto, including but not limited to hazardous and radioactive waste.

(4) "Hazardous waste" means a substance or material defined as hazardous waste by KRS Chapter 224 and regulations issued pursuant thereto.

(5) "Radioactive material" means any material or combination of material, which spontaneously emits ionizing radiation. Materials in which the estimated specific activity is not greater than 0.002 microcuries per gram of material, and in which the radioactivity is essentially uniformly distributed, are not considered to be radioactive materials.

(6) "Radioactive waste" means any waste substance or combination of substances, in any form which because of its radioactive material content may create a threat to public health or to animal, plant, and aquatic life forms.

(7) "Specific permit" means written authorization issued under this Act to persons for any specific shipment of spent nuclear fuel, high level radioactive waste or other hazardous material which the secretary has determined by regulation to represent an unusually high risk to the citizens of the Commonwealth while in transport. A specific permit shall expire when the specifically permitted shipment has completed its movement through the Commonwealth.

(8) "Vehicle" means any device or contrivance for carrying or conveying persons, property, or substances, including conveyance by highways, railway, waterway, airway, or by pipeline.

SECTION 3. A NEW SECTION OF KRS CHAPTER 174 IS CREATED TO READ AS FOLLOWS:

(1) The secretary shall be responsible for controlling and regulating the movement of all hazardous materials transported by all common carrier modes, including pipelines, within the Commonwealth.

(2) The secretary, in consultation with the secretary of the department for natural resources and environmental protection and the secretary of the department for human resources, shall adopt by reference or in entirety, the federal hazardous materials transportation regulations, 49 C.F.R. (1978), as amended, to effectively carry out the intent of this Act.

(3) The department shall cooperate with and assist the department for natural resources and environmental protection in implementing and enforcing the transportation provisions of any state hazardous waste regulations promulgated pursuant to KRS Chapter 224. The specific nature and details of the assistance effort shall be established by a formal cooperative agreement acceptable to both departments, and all activities shall occur in accordance with the terms of the agreement. The agreement shall address and include, but not necessarily be limited to, the following items:

(a) The department shall, as a part of routine and periodic transportation checks and inspections, ensure that shipments of hazardous waste do not present a threat to the public or the environment; are accompanied by the required hazardous waste manifest or such other shipping or delivery documents as may be acceptable to the department for natural resources and environmental protection; and comply with applicable shipping standards;

(b) The department shall, upon receipt of a written request from the secretary or general counsel of the department for natural resources and environmental protection, actively conduct field investigations relating to the illegal, improper, or unauthorized transport of hazardous waste in the state. Such investigations may, at a minimum, include passive and active surveillance, apprehension, and reporting, with the scope and extent of each investigation to be previously agreed to by the involved departments;

(c) The department shall compile and maintain such necessary records as may normally be required to carry out the provisions of this subsection and shall for minor violations report quarterly, and for major violations report weekly, to the department for natural resources and environmental protection on the status of the inter-agency hazardous waste transportation monitoring and enforcement activity for irregularities or violations;

(d) The department shall provide such information, evidence, and other support, either in written form or in the form of oral testimony during a legal proceeding or both, as may be required by the department for natural resources and environmental protection to fully carry out its statutory responsibility under the appropriate sections of KRS Chapter 224;

(e) The department for natural resources and environmental protection shall, unless specifically agreed otherwise, have primary responsibility for initiating and conducting all legal proceedings arising from the terms and provisions of this subsection; and

(f) The department for natural resources and environmental protection shall provide sufficient training, technical assistance, and other support to the department to prepare representatives of the department to adequately carry out the responsibilities set forth in this subsection.

SECTION 4. A NEW SECTION OF KRS CHAPTER 174 IS CREATED TO READ AS FOLLOWS:

(1) Effective January 1, 1981, no person shall haul, transport, or cause to be transported into, out of, within, or through the Commonwealth any material designated as a hazardous material unless such person holds a valid permit or certificate issued by the department or its designated agent.

(2) Carriers of hazardous materials required to obtain permits or certificates pursuant to KRS Chapter 281 shall be required to provide in the permit or certificate application and renewal the following information in a form designated by the department:

(a) Name of carrier, and the individual associated with the carrier who can be immediately contacted in the event of emergencies;

(b) A description of emergency procedures which the carrier will follow in the event of an accident;

(c) Identification of the types, quantity, and forms of hazardous material transported by the carrier;

(d) Identification of routes routinely used in the Commonwealth when transporting hazardous material.

(3) All carriers of hazardous materials not subject to permits or certificates pursuant to KRS Chapter 281 shall be required to:

(a) Comply with the regulations adopted pursuant to Section 3 of this Act;

(4) The secretary shall transmit any information contained in an application, permit or certificate renewal, needed to make decisions for proper emergency response, to other state and local agencies having emergency action responsibilities.

(5) The following shall apply to specific permits:

(a) In making a determination of an unusually high risk, and therefore the need for a specific permit, the secretary shall consider, but not be limited to: the proposed routing, especially if such proposed routing will cause hazardous material to be transported through high density populated areas, and the road or rail conditions on which the vehicle travels.

(b) If the secretary has determined that the material identified in the application constitutes an unusually high risk and thus establishes the need for a specific permit, the applicant shall include the proposed date and time of shipment, the starting point, specific scheduled route, and destination, and the anticipated delivery time or time of departure from the Commonwealth.

(c) Specific permits shall be granted or denied within three (3) working days after an application has been received for such a permit, except that if the secretary determines that additional time is required to evaluate such application, the secretary shall notify such person not later than such three (3) working day period that additional time is required. The secretary may require changes in dates, routes, or time, or the use of escorts for the transporting of hazardous material which requires a specific permit, provided such action is consistent with the federal hazardous materials transportation act (49 U.S.C. 1801 et seq.), as amended.

(6) The secretary shall establish an inspection and enforcement program to determine compliance with the provisions of this Act, and any regulations promulgated under this Act.

SECTION 5. A NEW SECTION OF KRS CHAPTER 174 IS CREATED TO READ AS FOLLOWS:

(2) In the event of an accident involving hazardous material, the operator of the vehicle shall:

(a) Notify the Kentucky state police of the accident within one (1) hour, who shall then notify the local jurisdiction and any other appropriate state agency with emergency action responsibility, and

(b) Provide the shipping papers to state and local emergency response authorities, and immediately bring to their attention the fact that the vehicle is transporting hazardous materials.

(3) In addition to the other requirements of this section, any person transporting hazardous wastes shall carry in the transporting vehicle a copy of a manifest in a form approved by the department for natural resources and environmental protection.

SECTION 6. A NEW SECTION OF KRS CHAPTER 174 IS CREATED TO READ AS FOLLOWS:

(3) In the event of a hazardous material discharge, or threat thereof, resulting from the transport of such material in the Commonwealth, the department may recover from any shipper, carrier, or agent responsible for the transport of such material, the cost incurred by the Commonwealth for the prevention or abatement of such discharge, the removal of the effects of the discharge, or for other cost, associated with the discharge or threat thereof.

(2) All fees collected by the department under the provisions of this Act shall be paid into the state treasury and credited to a trust and agency fund to be used in carrying out the provisions of this Act.

Section 8. KRS 281.655 is amended to read as follows:

c. School Foundation Program
1980-81 .... $720,987,200
1981-82 .... $780,182,100

Accumulated earnings for the Common School Fund shall each fiscal year be transferred to the School Foundation Program.

The amount to be included for the 1980-81 school year in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following schedule, for a term of 185 days for each rank:

Rank	I	II	III	IV	V
Experience					
0-3 years	$14,356	$12,386	$10,416	$8,360	$7,370
4-9 years	16,316	14,356	12,386	8,360	7,370
10 years & over	18,094	16,124	14,154	8,360	7,370

Beginning with the school year 1981-82, the amount to be included in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following allotment schedule, for a term of 185 days, for

Rank	I	II	III	IV	V
Experience					
0-3 years	$15,576	$13,439	$11,301	$9,071	$7,996
4-9 years	17,703	15,576	13,439	9,071	7,996
10 years & over	19,632	17,495	15,357	9,071	7,996

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the School Foundation Program allotment for that rank, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board for Elementary and Secondary Education shall certify such contention to the Department of Revenue. Said department shall then determine whether or not there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Department of Revenue shall then certify its determination to the State Board for Elementary and Secondary Education, and said Board shall accept such certified determination as final.

The State Board for Elementary and Secondary Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1980-81 and 1981-82 in which the total amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries received by the district under this appropriation for a 185 day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year in each local school district.

The allotment to any school district of classroom units, pursuant to KRS 157.360(1) shall not exceed the number of teachers employed by that school district.

Entitlement for basic classroom units obtained in schools of one classification shall not be allocated to schools of another classification. For the purposes of determining such entitlement, classification shall be as follows:

(1) One-teacher schools;

(2) Schools, other than one-teacher schools, with less than one hundred pupils in average daily attendance; and

(3) Schools, other than one-teacher schools, with more than one hundred pupils in average daily attendance.

In the determination of allotments pursuant to KRS 157.360(2), there shall not be allotted a full classroom unit for any non-isolated one-teacher school with fewer than 27 pupils in average daily attendance or for any isolated one-teacher school which has fewer than 12 pupils in average daily attendance.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

	1980-81	1981-82
Vocational Education	2,857	2,900
Exceptional Children	4,210	4,310
Kindergarten	1,100	1,100

Provided, however, that if the budgeted units in any category of classroom units — Vocational Education, Exceptional Children, Kindergarten, classroom units for elementary and secondary schools, and units related to school administration — prove to be excessive, the surplus not to exceed (100) such classroom units may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board for Elementary and Secondary Education and the Secretary of the Department of Finance.

The allotments of classroom units shall be made on the average daily attendance for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions: (a) an average daily attendance of eight and four-tenths (8.4) in 1980-81 and nine and six-tenths (9.6) in 1981-82 shall be deducted for each vocational education unit allotted and (b) an average daily attendance of six and three-tenths (6.3) in 1980-81 and seven and two-tenths (7.2) in 1981-82 shall be deducted for each exceptional children unit allotted. The average daily attendance deductions for vocational education units and exceptional children units, described above, shall be used in the calculation of administrative and special instructional services (ASIS) units, as ASIS units relate to vocational education and exceptional children units allotted after 1975-76.

Allotments for classroom units pursuant to KRS 157.360(7) shall only be for those personnel enumerated under said section who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1980-82 biennium shall be determined by multiplying the number of classroom units by: $3,250 in the 1980-81 school year and $3,580 in the 1981-82 school year. At least 5% of the increase in value of the current expense category per unit from the preceding year over the 1980-82 biennium shall be utilized for purposes of improving salaries for the classified personnel of local school districts.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units by: $1,900 in the 1980-81 school year and $2,000 in the 1981-82 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the Superintendent of Public Instruction. The State Board for Elementary and Secondary Education may adopt regulations for the housing of school children. No facilities shall be approved for classroom use which are detrimental to the health of or dangerous to the safety of school children.

If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070 or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units.

Any undistributed balance in the Foundation Program fund at the end of the fiscal year 1980-81 and 1981-82 shall lapse to the General Fund except where provisions to the contrary are provided in this Act. No unexpended portions of the School Foundation Program fund shall be expended at any time for the purpose of KRS 156.610 through 156.650 except as identified in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et. seq. If the required expenditures exceed these estimates, the Secretary of the Department of Finance, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase, of the total appropriation to the Foundation Program is subject to Part V, General Provisions, Section 8, of this Act, and the provisions of KRS 45.160.

Those projects listed by title in this Act but for which no funds are shown are previously authorized projects for which there is sufficient funding available for completion in the absence of any additional funding in the 1980-82 biennium. Those projects set forth under the sub-heading "higher education" are subject to the action and approval of the Council on Higher Education and subject to the approval of the Department of Finance. Any funds remaining in projects no longer authorized on July 1, 1980, under the provisions of KRS 45.750 through 45.990 shall lapse to the Emergency Repair, Maintenance, and Replacement Fund to be expended in accordance with the provisions of KRS 45.780. Notwithstanding the provisions of KRS 45.770, the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for projects which may be contemplated for future funding.

Included in the above appropriation is a $50,000,000 Economic Development bond authorization for each fiscal year. This funding is recommended for projects that are associated with economic development and will be identified during the 1980-82 biennium by the Secretary of the Development Cabinet. Examples of projects that may be included are riverports, parks, economic development, energy development and tourism. No bonds may be issued for these projects in the absence of prior consultation with the Capital Construction and Equipment Purchase Oversight Committee.

Inasmuch as the identification of specific projects in a variety of areas of the State Government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly, the provisions of KRS 45.750 through 45.990 notwithstanding, to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Community Flood Damage Abatement, Local Health Construction, Riverport Development, Repair of State-Owned Dams, School Building Authority, Economic Development Projects, Coal Severance Economic Aid Fund and Area Development Fund.

All monies transferred to the Department of Finance for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Department of Finance for capital construction.

If at end of any fiscal year the monies and securities to the credit of the State Fire and Tornado Insurance Fund exceed $2,000,000 and if conditions with respect to life and fire safety in state properties are such as not to require the expenditure of all excess funds for improvements to said conditions, then the Secretary of the Department of Finance, with the concurrence of the Commissioner of Insurance, shall transfer up to $1,200,000 in fiscal year 1980-81 and $1,300,000 in fiscal year 1981-82 of the amount of such excess not so required and may authorize its transfer to the Capital Construction Fund, for expenditure in accordance with the provisions of Chapter 56 of the Kentucky Revised Statutes.

General Revenue Sharing funds are appropriated in accordance with the provisions of the Federal State and Local Fiscal Assistance Act of 1972 and extension thereof. In the event these monies, or any portion thereof, are not made available to the Commonwealth, the Secretary of the Department of Finance may take appropriate action as required by Part V, General Provisions, Section 8 of this Act. In addition, in the event that General Revenue Sharing funds may not become available, the Secretary of the Department of Finance is also empowered to substitute other sources of funding, except General Fund monies, as may be available in order to finance capital construction projects as specified herein not to exceed the individual project recommended appropriation amount. Prior to substituting funding for a project identified herein to be funded with General Revenue Sharing funds that may not have become available, the Department of Finance shall present to the Capital Construction and Equipment Oversight Committee, for its review, the specification of the new source of funding and its amount.

In the event a state-level commission to review local government finances is a requirement for continued state participation in the General Revenue Sharing program, the Secretary of the Department of Finance is hereby authorized to allocate up to $500,000 from the Commonwealth's revenue sharing entitlement for expenditure by this commission in fulfilling its required duties as may be specified under federal law.

PART V
GENERAL PROVISIONS

1. Nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1980 and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42 and 45 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Department of Finance. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Department of Finance in accordance with the detailed estimates embodied in the Executive Budget 1980-82 and supporting work papers, as considered by the 1980 Regular Session and the decision of the Secretary of the Department of Finance shall be final and conclusive.

2. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3. The Secretary of the Department of Finance is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Department of Personnel, Department of Finance, Treasury, and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

4. All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act, notwithstanding any provisions of the Kentucky Revised Statutes to the contrary, except as provided by Chapters 12, 42, 56, 152, 177 and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed.

5. No state agency, cabinet, department, office or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the Governor's budget proposal and is supported by appropriate work papers and other records pertaining thereto.

6. Any General Fund appropriation made herein in anticipation of a lack, loss or reduction of Federal grants shall lapse to the General Fund to the extent such Federal funds otherwise become available.

7. In the event that Federal monies become available to the Commonwealth under Title IV of Public Law 95-87, it is the intent of the General Assembly that these monies be appropriated to the Department of Finance to be used for nonrecurring projects in accordance with the intent of the Federal law.

8. Whereas, inasmuch as the finances of the Commonwealth cannot be ascertained with absolute certainty at this time, and since the actual needs of each officer, cabinet, department, board, commission, institution, agency or other activity or subdivision of state government can only be anticipated and not finally determined by the General Assembly, and since the total amount of revenue accruing to the General Fund and to the Transportation Fund and accruing from various fees or from Federal funds from which appropriations are made can only be anticipated as being produced through existing laws and those that may hereafter be enacted, and recognizing the complex nature of the economy, it is the purpose and intention of this Act that the expenditures for each fiscal year shall not exceed the total financial resources accruing to any Fund, as defined in KRS Chapter 45, for the same fiscal year. As the conditions cannot be fully determined until after the adjournment of the 1980 General Assembly, and as the needs of each officer, cabinet, department, board, agency, commission, institution, subdivision or activity of state government, together with the total financial resources accruing to the General Fund and the Transportation Fund cannot be fully determined at this time, it is the intention and purpose of this General Assembly that the Secretary of the Department of Finance, with the advice of the Commissioner of the Department of Revenue, upon approval of the Governor of the Commonwealth, is authorized, empowered and directed to ascertain and determine the needs of each officer, cabinet, department, board, commission, institution, subdivision, agency or other activity of state government and to ascertain the total financial resources anticipated to be accrued to the General Fund and the Transportation Fund of the Commonwealth, and upon the ascertainment and determination of said facts, he, the Secretary of the Department of Finance, in the manner set forth as provided by general law, is authorized, empowered, and directed by the General Assembly to prevent an overdraft or deficit in any fiscal year for which appropriations are herein made, by equitably reducing, according to needs, without discrimination, the appropriations herein made from the General Fund and Transportation Fund to each officer, cabinet, department, board, commission, institution, subdivision, agency or other activity in state government, provided, however, that the power invested shall not permit any reduction of the appropriations of any officer, cabinet, department, board, commission, institution, subdivision, agency or other activity of state government that will actually impair the necessary constitutional functions of such agency or activity, the operations and functions of which are determined to be necessary constitutional functions of state government.

9. In the event that actual General Fund receipts exceed $1,830,000,000 in fiscal year 1979-80 or $2,035,000,000 in fiscal year 1980-81, the excess up to a maximum of $25,000,000 each fiscal year is hereby appropriated to the Department of Finance to be held as a reserve for emergencies, for state legislation mandating programs for which there is no appropriation, for increased funding mandated by the Federal government, including the Federal Courts, for feasibility studies related to projects being considered for inclusion in the 1982-84 biennial budget, and for any other expenditure deemed by the Governor to be necessary in carrying out his constitutional and statutory duties. Of the $25,000,000 identified herein, up to a maximum of $3,000,000 each fiscal year is hereby appropriated to the Kentucky School Building Authority for debt service payments. No funds may be expended under this section in the absence of prior consultation with the Interim Joint Committee on Appropriations and Revenue. No funds may be expended under this section if such expenditure would result in an estimated General Fund surplus at the end of each fiscal year of less than one percent of the Department of Revenue's official General Fund revenue estimate for that fiscal year.

HB 968, AN ACT relating to revenue and taxation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. KRS CHAPTER 143A IS HEREBY ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

(1) "Department" means the department of revenue.

(2) "Natural resource" means all forms of minerals including but not limited to rock, stone, limestone, shale, gravel, sand, clay, fluorspar, zinc, natural gas, and natural gas liquids which are contained in or on the soils or waters of this state. For purposes of this chapter, "natural resource" does not include coal and oil which are taxed under KRS 143.020 and 137.120.

(3) "Severing" or "severed" means the physical removal, withdrawal or extraction of the natural resource from the earth or waters of this state by any means, and shall include the preparation by the taxpayer of the natural resource for transporting to a customer or for use by the taxpayer.

(4) "Taxpayer" means and includes any individual, partnership, joint venture, association, corporation, receiver, trustee, guardian, executor, administrator, fiduciary, or representative of any kind engaged in the business of severing natural resources in this state for sale or use. In instances where contracts, either oral or written, are entered into whereby persons, organizations or businesses are engaged in the business of severing a natural resource but do not obtain title to or do not have an economic interest therein, the party who owns the natural resource or has an economic interest is the taxpayer.

(5) "Gross value" means the amount received or receivable by the taxpayer from the sale of the natural resource severed, or, if the natural resource is not sold, "gross value" means the fair market value for a similar grade and quality of that natural resource when used by the taxpayer. Charges for transporting the natural resource to the taxpayer's customers, whether or not by common carrier, are not to be included in "gross value". In a transaction involving related parties, "gross value" shall not be less than the fair market value for that type of natural resource of similar grade and quality. In no instance shall "gross value" be reduced by any taxes, including the tax levied in Section 2 of this Act, royalties, sales commissions or any other expense.

(6) "Related parties" means two (2) or more persons, organizations or businesses owned or controlled directly or indirectly by the same interests.

(7) "Economic interest" for the purpose of this chapter is synonymous with the economic interest ownership required by internal revenue code, section 611 in effect on December 31, 1977, entitling the taxpayer to a depletion deduction for income tax purposes with the exception that a party who only receives an arm's length royalty shall not be considered as having an economic interest.

(8) "Charges for transporting" or "transportation expense" shall mean:

(a) The amount paid by a taxpayer to a third party for transporting to a customer natural resources taxed in Section 2 of this Act;

(b) The cost incurred by a taxpayer using his own facilities in transporting to a customer natural resources taxed under Section 2 of this Act;

(2) The tax shall apply to all taxpayers severing natural resources in this state, and shall be in addition to all other taxes imposed by law.

SECTION 3. A NEW SECTION OF KRS CHAPTER 143A IS CREATED TO READ AS FOLLOWS:

Such action may be brought in the Franklin circuit court or in the circuit court having jurisdiction of the taxpayer.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 138.210 is amended to read as follows:

As used in KRS 138.220 to 138.340, unless the context requires otherwise:

[(1) "Accountable loss" of gasoline means loss or destruction of "received" gasoline through wrecking of transportation conveyance, explosion, fire, flood or other casualty loss, or "received" gasoline contaminated and returned to storage; Provided That any such loss shall have been reported within ten (10) days after discovery of such loss to the department in a manner and form prescribed by the department, supported by proper evidence which in the sole judgment of the department substantiates the alleged loss or contamination and which is confirmed in writing to the reporting dealer by the department. The department may make any investigation deemed necessary to establish the bona fide claim of the loss.

(2) "Dealer" means any person who:

(a) Imports into this state and stores, or causes to be imported into and stored in this state, gasoline for use, distribution or sale and delivery in this state after it has been stored in this state; Provided That the term "dealer" as used in KRS 138.220 to 138.340 shall not include any person who imports gasoline acquired from a refiner or other supplier who, at the time of such importation, is a duly licensed dealer in this state, except as may otherwise be provided under regulations of the department.

(b) Receives or accepts delivery of gasoline within this state into bulk storage facilities owned or operated for the storage of gasoline for transshipment within or without this state.

(c) Refines, produces, distills, manufactures, blends or compounds gasoline in this state.

(d) Receives or accepts delivery within this state of gasoline for resale within this state in amounts of not less than an average of 100,000 gallons per month during any prior consecutive twelve (12) months' period, when in the opinion of the department, such person has sufficient financial rating and reputation to justify the conclusion that he will pay all taxes and comply with all other obligations imposed upon a dealer.

(1)[3)] "Department" means the department of revenue.

(2)[(4)] "Gasoline" means all liquid fuels, including liquids ordinarily, practically and commercially usable in internal combustion engines for the generation of power, and all distillates of and condensates from petroleum, natural gas, coal, coal tar, vegetable ferments and all other products so usable except propane, butane or other liquefied petroleum gases, kerosene, cleaner solvent, fuel oil, diesel fuel and crude oil.

(3) "Wholesale price" means the price charged for gasoline on the last sale (commonly known as a sale to a retail service station) prior to the sale to the final consumer. In the absence of such a sale or in the case of a sale from the refinery directly to the consumer, "wholesale price" shall be the same as the price of gasoline sold to retail outlets as determined in accordance with procedure established by the department.

(4) "Wholesaler" means any person who sells gasoline at the wholesale price.

[(5) "Received" or "received gasoline" shall have the following meanings:

(a) Gasoline produced, manufactured or compounded at any refinery in this state or gasoline acquired by any dealer and delivered into or stored in refinery, marine or pipeline terminal storage facilities in this state shall be deemed to be received when it has been loaded for bulk delivery into tank cars or tank trucks consigned to destinations within this state. For the purpose of the proper administration of this chapter and to prevent the evasion of the tax and to enforce the duty of the dealer to collect the tax, it shall be presumed that all gasoline loaded by any licensed dealer within this state into tank cars or tank trucks is consigned to destinations within this state unless the contrary is established by the dealer pursuant to rules and regulations prescribed by the department.

(b) Gasoline acquired by any dealer in this state, and not delivered into refinery, marine or pipeline terminal storage facilities, shall be deemed to be received when it has been placed into storage tanks or other containers for use or subject to withdrawal for use, delivery, sale or other distribution. Dealers may sell gasoline to licensed bonded dealers in this state in transport truckload, carload or cargo lots, withdrawing such gasoline from refinery, marine, pipeline terminal or bulk storage tanks, without paying the tax on such gasoline. In such instances the licensed bonded dealer purchasing such gasoline shall be deemed to have received such gasoline at the time of withdrawal from the seller's storage facility and shall be responsible to the state for the payment of the tax thereon and shall report and pay the tax on such gasoline purchased and received.

(6) "Refinery" means any place where gasoline is refined, manufactured, compounded or otherwise prepared for use.

(7) "Storage" means all gasoline produced, refined, distilled, manufactured, blended or compounded and stored at a refinery storage or delivered by boat at a marine terminal for storage or delivered by pipeline at a pipeline terminal, delivery station or tank farm for storage.

(8) "Transporter" means any person who transports gasoline on which the tax has not been paid or assumed.

(9) "Bulk storage facility" means gasoline storage facilities of not less than twenty thousand (20,000) gallons owned or operated at one (1) location by a single owner or operator for the purpose of storing gasoline for resale or delivery to retail outlets or consumers.]

No other excise or license tax shall be levied or assessed on gasoline by the state or any political subdivision of the state. The tax herein imposed shall be paid *to the department* by the *wholesaler selling* [dealer receiving] the gasoline [to the state treasurer] in the manner and within the time specified in KRS 138.230 to 138.340. Nothing herein contained shall authorize or require the collection of the tax upon any gasoline after it has been once taxed under the provisions of this section.

[(2) In the event that, on or after January 1, 1977, the federal government enacts a law whereby the federal tax on gasoline is reduced, by tax credits, or reduced rate, in any state which increases its own tax by the minimum specified amount, the rate in subsection (1) of this section shall automatically increase by the minimum amount required to pick up the federal credit or decrease in federal tax.

(3) However, in the event that the federal government enacts a law whereby the federal tax on gasoline is reduced and this tax reduction could be passed down as a net savings to the consumer, the provisions in subsection (2) of this section would not be operative.]

Section 3. KRS 138.230 is amended to read as follows:

Every *wholesaler selling* [dealer receiving] gasoline in this state shall keep, and preserve for *five (5)* [two (2)] years, an accurate record of all receipts and of all production, refining, manufacture, compounding, use, sale, distribution and delivery of gasoline, together with invoices, bills of lading and other pertinent records and papers required by the department of revenue. [Every person purchasing gasoline from a dealer for resale shall keep, and preserve for a period of one (1) year, a record of all such gasoline so purchased and sold or used, and the amount of tax paid to the dealers as part of the purchase price, together with delivery tickets, invoices, bills of lading and such other records as the department shall require.]

Section 5. KRS 138.280 is amended to read as follows:

[(1)] The reports required by KRS 138.240 shall be accompanied by a certified or cashier's check, payable to the state treasurer, for the amount of tax due for the preceding calendar month, [computed as provided in KRS 138.270;] except that the department may waive this requirement and accept the *wholesaler's* [dealer's] check where the *wholesaler* [dealer] is of sound financial condition and has established a good record of compliance with the requirements of KRS 138.210 to 138.340.

[(2) By virtue of the allowance provided by KRS 138.270 to dealers for collecting and remitting the tax, every dealer is a trust officer of the state.]

Section 6. KRS 138.290 is amended to read as follows:

(1) If any *wholesaler* [dealer] neglects or refuses to make the return required by KRS 138.240 or to pay the tax at the time provided, a penalty of twenty per cent (20%) thereof and interest at *ten percent (10%)* [six per cent (6%)] per annum from the date when due shall be paid as a part of the tax. If collected by proceedings in court, an additional penalty of twenty per cent (20%) shall be collected and distributed as is authorized by KRS 134.400 and 135.060.

(2) If any taxpayer subject to the penalty provided in subsection (1) of this section submits in writing to the department, his reasons for failure to comply with KRS 138.240, and if the department finds the reasons evidence of justifiable cause for modifying the penalty provided in subsection (1) of this section, it may modify the penalty exacted therein to five per cent (5%) of the amount of the tax due and delinquent, provided that the department may reduce or waive the penalty when in the sole discretion of the department the exaction of the penalties provided above would be inequitable or unjust.

(3) Any *wholesaler* [dealer or transporter] who fails to make any report or return required under KRS 138.240 or KRS 138.260 within the time required shall pay a penalty of ten dollars ($10.00) to be assessed and collected in the manner provided for the assessment and collection of taxes under KRS 138.210 to KRS 138.340 inclusive or in a civil action, at the instance of the department. In addition such delinquent may be compelled to make the required report or return.

Section 7. KRS 138.300 is amended to read as follows:

No *wholesaler* [dealer] or other person shall fail or refuse to make the returns and pay the tax prescribed by KRS 138.220 to 138.280, or refuse to permit the department of revenue or its representatives appointed by the commissioner of revenue in writing to examine his records, papers, files and equipment pertaining to the taxable business. No person shall make an incomplete, false or fraudulent return, or do or attempt to do anything to avoid a full disclosure of the amount of business done or to avoid the payment of the whole or any part of the tax or penalties due. No person shall fail to keep and preserve records of gasoline manufactured, transported, received, used, sold or delivered or to make reports as required by KRS 138.230 to 138.280.

Section 8. KRS 138.310 is amended to read as follows:

(1) No person shall receive, use, sell, transport, store or distribute any gasoline upon which the tax has not been paid or assumed or engage in the sale, storage or transportation of any gasoline within this state upon which the tax has not been paid unless he is the holder of an uncanceled license issued by the department of revenue to engage in such business.

(2) [Any licensed transporter other than a regularly licensed gasoline dealer transporting gasoline upon which the tax has not been paid or assumed by motor vehicle shall have plainly painted thereon name, address, and permit number of licensed transporter.

(3)] Any person who engages in the business of [receiving,] using, selling, transporting, storing or distributing gasoline in this state as a *wholesaler* [dealer, storage operator or transporter without holding an uncanceled license to engage in such business, or who without such license, [receives,] uses, sells, transports, stores, or distributes any gasoline upon which the tax imposed by KRS 138.220 has not been reported and paid, shall pay a penalty equal to twenty per cent (20%) of the amount of the tax on such gasoline so [received,] used, sold, transported, stored or distributed.

Section 9. KRS 138.320 is amended to read as follows:

(1) To procure the license required by KRS 138.310, every *wholesaler* [dealer or transporter] so required shall file with the department of revenue an application under oath or affirmation, in such form and containing such information as the department may deem necessary.

(2) [If the dealer or transporter is a corporation organized under the laws of another state, it shall file with its application a certified copy of the certificate or license issued by the secretary of state of this state showing that the corporation is authorized to transact business in this state.

(3)] At the time of filing application for a license, a bond of the character stipulated and in the amount provided for in KRS 138.330 shall be filed with the department. No license shall be issued upon any application unless accompanied by this bond.

(3)[(4)] If application for such a license is filed by any person whose license has at any time previously been canceled for cause by the department, or if the department is of the opinion that the application is not filed in good faith, or that the application is filed by some person as a subterfuge for the real person in interest whose license or registration has previously been canceled for cause by the department, the department may, after a hearing of which the applicant has been given five (5) days' notice in writing, and in which the applicant shall have the right to appear in person or by counsel and present testimony, refuse to issue a license to that person.

(4)[(5)] The application in proper form having been accepted for filing, and the bond having been accepted and approved, the department shall issue to the applicant a license, subject to cancellation as provided by KRS 138.340. The license shall not be assignable, and shall be valid only for the person in whose name it is issued, and shall be displayed conspicuously in the principal place of business of the dealer in this state.

(5)[(6)] The department shall keep and file all applications and bonds, with an alphabetical index thereof, together with a record of all licensed *wholesalers* [dealers or transporters]. The department shall publish and keep currently up to date a list of licensed *wholesalers* [dealers and transporters], and transmit a copy of list and all revisions thereof to all licensed *wholesalers* [dealers and transporters].

Section 10. KRS 138.330 is amended to read as follows:

(1) Every *wholesaler* [dealer or transporter] required to be licensed under KRS 138.310 shall file with the department of revenue a bond, issued by a corporation authorized to do surety business in Kentucky, in an amount not to exceed three (3) months' estimated liability as computed by the department or five thousand dollars ($5,000) whichever is greater, or in the case of a new licensee in the minimum amount of five thousand dollars ($5,000) until such time as an estimated three (3) months' liability can be established, provided that the maximum amount of any such bond may be reduced to an amount sufficient in the opinion of the department, considering the financial rating and reputation of the company, to insure payment to the department of the amount of tax, penalties and interest for which the *wholesaler* [dealer or transporter] may become liable. The bond shall be on a form and with a surety approved by the department. The *wholesaler* [dealer or transporter] shall be the principal obligor and the state the obligee. The bond shall be conditioned upon the prompt filing of true reports by the dealer and transporter and the payment by the *wholesaler* [dealer] to the state treasurer of all gasoline excise taxes now or hereafter imposed by the state, together with all penalties and interest thereon, and generally upon faithful compliance with the provisions of KRS 138.210 to 138.340.

(2) If liability upon the bond is discharged or reduced, whether by judgment rendered, payment made or otherwise, or if in the opinion of the department any surety on the bond has become unsatisfactory or unacceptable, the department may require the licensee to file a new bond with satisfactory sureties in the same amount, failing which the department shall forthwith cancel the license of such licensee. If a new bond is furnished as provided above, the department shall cancel and surrender the bond for which the new bond is substituted.

(3) If upon hearing, of which the licensee shall be given five (5) days' notice in writing, the department decides that the amount of the existing bond is insufficient to insure payment to the state of the amount of tax, penalties and interest for which the licensee is or may become liable, said licensee shall forthwith, upon the written demand of the department, file an additional bond in the same manner and form with a surety thereon approved by the department, in any amount determined by the department to be necessary, failing which the department shall forthwith cancel the license of the licensee.

(4) Any surety on a bond furnished as required by this section shall be released from all liability to the state accruing on such bond after the expiration of sixty (60) days from the date upon which the surety has lodged with the department a written request to be released, but this request shall not operate to release the surety from any liability already accrued or which shall accrue before the expiration of the sixty (60) day period. The department shall promptly, upon receipt of such request, notify the licensee who furnished the bond, and unless said licensee, before the expiration of the sixty (60) day period, files with the department a new bond with a surety satisfactory to the department in the amount and form hereinbefore provided, the department shall forthwith cancel the license of the licensee. If approved new bond is furnished the department shall cancel and surrender the bond for which the new bond is substituted.

Section 11. KRS 138.340 is amended to read as follows:

(1) If any *wholesaler* [dealer or transporter] required to be licensed under KRS 138.310 files a false monthly report of the data or information required by KRS 138.220 to 138.280, or fails, refuses or neglects

to file the monthly report required by those sections, even though no tax is due, or to pay the full amount of tax as required by those sections, [or fails to meet the qualifications of a dealer as set out in KRS 138.210 (2),] or violates any other provision of this chapter, said *wholesaler* [dealer or transporter] may be cited by the department of revenue to show cause at a public hearing before the Kentucky board of tax appeals why his license should not be revoked. Such licensee shall be notified by registered letter or summons. The letter or summons shall apprise the licensee of the charge or charges made against him and he shall have a reasonable opportunity to be heard before his license may be revoked. The summons may be served in the same manner and by the same officers or persons as provided by the Rules of Civil Procedure, or it may be served in said manner by an employe of the department of revenue. The hearing shall be set at least five (5) days after the summons is served or the letter delivered. Any aggrieved licensee may appeal from an order of revocation of the Kentucky board of tax appeals as provided by law, subject to the condition that the licensee has made bond sufficient in the opinion of the department of revenue to protect the commonwealth from loss of revenue.

(2) The department is hereby given the power to cancel the license upon request in writing from licensee such cancellation to become effective sixty (60) days from the date of receipt of the request. But no license shall be canceled upon the request of any licensee until and unless said licensee, prior to the date of such cancellation, pays to the state all excise taxes payable under the laws of the state together with any and all penalties and fines accruing by reason of any failure on the part of such licensee to make accurate reports as required or pay such taxes and penalties.

Section 12. KRS 138.343 is amended to read as follows:

As used in KRS 138.343 to 138.355, unless the context requires otherwise:

(1) "Gasoline" is defined as in KRS 138.210 *(2)*[(4)].

(2) *"Wholesaler* ["Dealer"] is defined as in KRS 138.210 *(4)*[(2)].

(3) "Department" means the department of revenue.

(4) "Agricultural purposes" means purposes directly related to the production of agricultural commodities and the conducting of ordinary activities on the farm.

(5) "Public highways" means every way or place generally open to the use of the public as a matter of right for the purpose of vehicular travel.

Section 13. KRS 138.347 is amended to read as follows:

(1) Each licensed gasoline *wholesaler* [dealer] shall, in accordance with the department's requirements, keep at his principal place of business in this state a complete record of all such gasoline sold by him under gasoline refund invoices provided for in KRS 138.351, which records shall give the date of each such sale, the number of gallons sold, the name of the person to whom sold and the sale price.

(2) Every person to whom a refund permit has been issued under KRS 138.345 shall, in accordance with the department's requirements, keep at his residence or principal place of business in this state a record of each purchase of gasoline from a licensed *wholesaler* [dealer] or the *wholesaler's* [dealer's] authorized agent, the number of gallons purchased, the name of the seller, and the date of purchase.

(3) The records required to be kept under subsections (1) and (2) of this section shall at all reasonable hours be subject to inspection by the department or by any person duly authorized by it. Such records shall be preserved and shall not be destroyed until one (1) year after the date the gasoline to which they relate was sold and purchased.

Section 14. KRS 138.348 is amended to read as follows:

(1) The department may require any *wholesaler* [dealer] or any *wholesaler's* [dealer's] authorized agent to identify refund gasoline sold by him by adding thereto any chemical or substance, which shall be furnished by the department and used in the manner as prescribed by the department.

(2) Refund gasoline shall not be sold in quantities of less than fifty (50) gallons. The refund permit holder shall receive and store all such gasoline in containers plainly marked with distinguishing letters "Refund Gasoline," and shall keep such containers on his premises accessible to agents of the department and separate from other gasoline stored on his premises.

(3) Agents of the department are authorized to go upon the premises of any permit holder or of any licensed gasoline *wholesaler* [dealer] or his authorized agent as defined in KRS 138.343 to make inspections to ascertain any matter connected with the operation of KRS 138.343 to 138.355 or the enforcement thereof; Provided, however, That no agent shall enter the dwelling of any person without the occupant's consent or the authority from a court of competent jurisdiction.

Section 15. KRS 138.349 is amended to read as follows:

No person shall execute a gasoline refund invoice, as described in KRS 138.351, who is not a *wholesaler* [dealer], as defined in subsection *(4)*[(2)] of KRS 138.210 or a sub-jobber duly authorized by a licensed *wholesaler* [dealer], to execute gasoline refund invoices as his agent. In no instance shall refund invoices be executed for purchases from retail filling stations.

Section 16. KRS 138.355 is amended to read as follows:

If the department reasonably believes that any *wholesaler* [dealer] or refund permit holder has been guilty of a violation of KRS 138.343 to 138.355, which would subject the *wholesaler* [dealer] or permit holder to a suspension or revocation of his license or permit under the provisions of subsections (2), (3) or (4) of KRS 138.354, said *wholesaler* [dealer] or permit holder may be cited by the department to show cause at a public hearing before the department of revenue why his license or permit should not be suspended or revoked. The *wholesaler* [dealer] or refund permit holder shall be notified by registered letter. The letter shall inform the *wholesaler* [dealer] or refund permit holder of the charge or charges made against him and he shall have a reasonable opportunity to be heard before his license or permit may be revoked or suspended. The hearing shall be set at least five (5) days after the receipt of the letter. Any aggrieved *wholesaler* [dealer] or refund permit holder may appeal any order entered to the Kentucky board of tax appeals as provided by law, subject to the condition that he make bond sufficient in the opinion of the department to protect the commonwealth from loss of revenue.

Section 17. KRS 138.560 is amended to read as follows:

As used in KRS 138.560 to 138.640 and subsection (16) of KRS 138.990, unless the context otherwise requires:

(1) "Department" means the department of revenue;

(2) "Person" includes every natural person, fiduciary, association, state or political subdivision, or corporation. Whenever used in any clause prescribing and imposing imprisonment the term "person" as applied to an association means and includes the partners or members thereof, and as applied to corporations, the officers thereof;

(3) "Special fuels" means and includes all combustible gases and liquids capable of being used for the generation of power in an internal combustion engine to propel vehicles of any kind upon the public highways, except that it does not include gasoline as defined in KRS 138.210, and liquefied petroleum gas as defined in KRS 234.100;

(4) "Motor vehicle" means any vehicle, machine or mechanical contrivance propelled by an internal combustion engine and licensed for operation and operated upon the public highways and any trailer or semi-trailer attached to or having its front end supported by such motor vehicle;

(5) "Public highways" means every way or place generally open to the use of the public as a matter of right for the purpose of vehicular travel, notwithstanding that they may be temporarily closed or travel thereon restricted for the purpose of construction, maintenance, repair, or reconstruction;

(6) *"Wholesale price" means the price charged for special fuels on the last sale (commonly known as a sale to a retail service station) prior to the sale to the final consumer. In the absence of such a sale or in the case of a sale from the refinery directly to the consumer, "wholesale price" shall be the same as the price of special fuels sold to retail outlets as determined in accordance with procedure established by the department* ["Special fuels dealer" means any person who delivers special fuels into tanks or other containers equipped with a hose or other apparatus by which such fuel can be dispensed therefrom into the fuel tank of a motor vehicle].

(7) "Wholesaler" means any person who sells special fuels at the wholesale price.

Section 18. KRS 138.565 is amended to read as follows:

(1) [Except as provided in subsection (3) of this section,] An excise tax of nine *percent (9%) of the wholesale price* [cents per gallon] is hereby levied and shall be paid *to the department* by the special fuels *wholesaler* [dealer to the department]:

(a) For all special fuels delivered into any tank or other container equipped with a hose or other apparatus designed to dispense such fuels into the fuel supply tank of a motor vehicle except when such deliveries are made to another licensed special fuels *wholesaler* [dealer]. The tax imposed by this section shall not apply to special fuels delivered into storage facilities of consumers or persons engaged in the business of selling special fuels for use in motor vehicles when such special fuels are to be sold or used for nonhighway purposes and provided that the storage facilities for such special fuels have been approved and identified as nontaxable storage pursuant to regulations of the department provided that the department may not refuse to approve such nontaxable storage except for adequate cause.

(b) For all special fuels withdrawn by any special fuels *wholesaler* [dealer] and dispensed into the fuel supply tank of a motor vehicle. [An allowance of one percent of the tax shall be made to the special fuels dealer to cover unaccountable losses, bad debts, and handling and reporting the tax.] For the purpose of the proper administration of this chapter and to prevent the evasion of the tax and to enforce the duty of the special fuels *wholesaler* [dealer] to collect the tax, it shall be presumed that all special fuels delivered by any special fuels *wholesaler* [dealer] within this state are taxable unless the contrary is established by the special fuels *wholesaler* [dealer] pursuant to regulations prescribed by the department.

(2) No other excise or license tax shall be levied or assessed on special fuels by any political subdivision of the state.

[(3) In the event that, on or after January 1, 1977, the federal government enacts a law whereby the federal tax on diesel fuel and other special motor fuels is reduced, by tax credits, or reduced rate, in any state which increases its own tax by the minimum specified amount, the rate in subsection (1) of this section shall automatically increase by the minimum amount required to pick up the federal credit or decrease in federal tax.

(4) However, in the event that the federal government enacts a law whereby the federal tax on gasoline is reduced and this tax reduction could be passed down as a net savings to the consumer, the provisions in subsection (3) of this section would not be operative.]

Section 19. KRS 138.570 is amended to read as follows:

(1) A license shall be required of each special fuels *wholesaler* [dealer and each special fuels user-seller].

(2) Application for a license shall be made to the department upon forms prepared and furnished by the department. The application shall contain such information as the department deems necessary.

(3) Concurrently with the filing of an application for a license, the special fuels *wholesaler* [dealer] shall file with the department a bond as required under KRS 138.575. No license shall be issued to any person unless such person has furnished a bond as provided in KRS 138.575 to secure payment of taxes, penalties and interest imposed by KRS 138.560 to 138.640. [No bond shall be filed with an application for special fuels user-seller license.]

(4) The application in proper form having been accepted for filing, the bond, if required, having been accepted and approved and the other conditions and requirements of this section having been complied with, the department shall issue a license. However, if an application for a license is filed by any person whose license has at any time previously been revoked for cause by the department, or if the department is of the opinion that the person who makes the application as a subterfuge for the real party in interest whose license, prior to the time of filing the application, has been revoked for cause, or that the application is not for any other reason filed in good faith or is not for sufficient cause, the department may, after a hearing of which the applicant shall be given ten (10) days' notice in writing and in which he shall have the right to appear in person or by counsel and present testimony, refuse to issue a license to that person.

(5) All licenses shall be valid and remain in full force and effect until suspended or revoked for cause or otherwise canceled.

(6) A license shall not be assignable or transferable and shall be valid only for the person in whose name it is issued.

(7) The department shall keep and file all applications and bonds, with an alphabetical index thereof.

Section 20. KRS 138.575 is amended to read as follows:

(1) Every special fuels *wholesaler* [dealer] shall file with the department a corporate bond, cash bond or securities approved by the department in a minimum amount of five hundred dollars ($500) and in a maximum amount of four (4) months' liability for taxes imposed under KRS 138.560 to 138.640 but not to exceed fifty thousand dollars ($50,000). If however, a special fuels *wholesaler* [dealer] is bonded as provided in KRS 138.330 the department may waive the bonding requirement in this section provided a rider is attached to such bond to guarantee payment of all special fuels taxes together with all penalties and interest thereon and secure faithful compliance with the provisions of KRS 138.560 to 138.640. The applicant for a license shall be the principal obligor and this state shall be the obligee. The bond shall be conditioned upon the prompt filing of true reports and the payment by the licensee to the department of all taxes levied under KRS 138.560 to 138.640, together with all penalties and interest thereon and generally upon faithful compliance with the provisions of KRS 138.560 to 138.640.

(2) If the liability upon the bond is discharged or reduced, whether by judgment rendered, payment made, or otherwise or if in the opinion of the department any surety has become unsatisfactory or unacceptable, the department may require the licensee to file a new bond with satisfactory surety in the same form and amount, failing which the department shall forthwith cancel the license. If a new bond is furnished by the licensee as above provided, the department shall cancel the bond for which the new bond is substituted.

(3) If upon hearing, of which the licensee shall be given ten (10) days' notice in writing, the department decides that the amount of the existing bond is insufficient to insure payment to this state of the amount of the tax, penalties and interest for which the licensee is or may become liable, the licensee shall forthwith, upon the written demand of the department, file an additional bond in the same manner and form with surety thereon approved by the department, in any amount determined by the department to be necessary, failing which the department shall forthwith cancel the license.

(4) Any surety on a bond furnished by a licensee shall be released from all liability to this state accruing on such bond after the expiration of sixty (60) days from the date upon which the surety has lodged with the department a written request to be released, but this request shall not operate to release the surety from any liability already accrued or which shall accrue before the expiration of the sixty (60) day period. The department shall promptly on the receipt of the request, notify the licensee who furnished the bond, and unless the licensee shall, before the expiration of the sixty (60) day period, file with the department a new bond with surety satisfactory to the department in the amount and form hereinbefore provided, the department shall forthwith cancel the license. If the new bond is furnished by the licensee as above provided, the department shall cancel the bond for which the new bond is substituted.

Section 21. KRS 138.580 is amended to read as follows:

(1) If a licensee at any time files a false monthly report of the information required, or fails or refuses to file the monthly report or to pay the full amount of the tax or violates any other provision of KRS 138.560

to 138.640, inclusive, without a showing that such failure was due to reasonable cause, the department may cancel the license and suspend the privilege of acting as a special fuels *wholesaler* [dealer].

(2) Upon voluntary surrender of the license or upon receipt of a written request by a licensee, the department may cancel his license, effective sixty (60) days from the date of request, but no such license shall be canceled upon surrender or request unless the licensee has, prior to the date of cancellation, paid to this state all taxes, penalties, interest and fines that are due or have accrued, and unless the licensee has surrendered to the department his license.

(3) If upon investigation the department ascertains that any person to whom a license has been issued is no longer engaged as a special fuels *wholesaler* [dealer or special fuels user-seller], and has not been so engaged for a period of six (6) months, the department may cancel such license by giving the person sixty (60) days' notice of cancellation, mailed to his last known address, in which event the license shall be surrendered to the department.

(4) Whenever a licensee ceases to engage in business within this state, he shall notify the department in writing within fifteen (15) days after discontinuance. All taxes that have accrued under KRS 138.560 to 138.640, inclusive, whether or not then due, shall become due and payable concurrently with such discontinuance. The licensee shall make a report and pay all such taxes and any interest and penalties thereon, and shall surrender to the department his license.

(5) If the license is canceled by the department as provided in this section, and if the licensee has paid to this state all taxes, interest and penalties due under KRS 138.560 to 138.640 and 138.990, the department shall cancel the bond filed by the licensee.

Section 22. KRS 138.585 is amended to read as follows:

Every special fuels *wholesaler* [dealer] licensee shall maintain complete records of inventories, purchases, sales, use and other dispositions of special fuels. Such records, together with manifests of lading, invoices, correspondence and other papers pertaining to special fuels shall be retained for a minimum period of *five (5)* [two (2)] years, and, if requested by the department, shall be made available for examination by the department.

Section 23. KRS 138.590 is amended to read as follows:

(1) Every special fuels *wholesaler* [dealer] licensee shall file with the department, on forms prescribed by the department, a monthly tax return. The return shall be made under penalty of perjury and shall show such information as the department may require. The licensee shall file the return on or before the twenty-fifth day of the next succeeding calendar month following the month to which it relates.

(2) The monthly tax return shall be accompanied by remittance covering the tax due.

Section 24. KRS 138.625 is amended to read as follows:

(1) If any special fuels *wholesaler* [dealer] neglects or refuses to make the return required by KRS 138.590 or to pay the tax at the time provided, a penalty of twenty per cent (20%) thereof and interest at *ten percent (10%)* [six per cent (6%)] per annum from the date when due shall be paid as a part of the tax. If collected by proceedings in court, an additional penalty of twenty per cent (20%) shall be collected and distributed as is authorized by KRS 134.400 and 135.060.

(2) If any taxpayer subject to the penalty provided in subsection (1) of this section submits in writing to the department, his reasons for failure to comply with KRS 138.590, and if the department finds the reasons evidence of justifiable cause for modifying the penalty provided in subsection (1) of this section, it may modify the penalty exacted therein to five per cent (5%) of the amount of the tax due and delinquent, provided the five per cent (5%) penalty may be reduced to a one per cent (1%) penalty if the violation is the first violation by the taxpayer within twelve (12) months.

(3) Any special fuels *wholesaler* [dealer] who fails to make any return required under KRS 138.590 within the time required shall pay a penalty of ten dollars ($10.00) to be assessed and collected in the manner provided for the assessment and collection of taxes under KRS 138.560 to 138.640 inclusive or in a civil action initiated by the department. In addition such delinquent taxpayer may be compelled to make the required report or return.

Section 25. KRS 138.630 is amended to read as follows:

With respect to KRS 138.560 to 138.640, it is unlawful for any person to:

(1) Fail to pay the taxes due;

(2) Fail, neglect or refuse to make and file any statement required in the manner or within the time required;

(3) Make any false statement or conceal any material fact in any record, report or affidavit;

(4) Conduct any activities requiring a license without a license or after a license has been surrendered, canceled or revoked;

(5) Assign or attempt to assign a license to act as a special fuels *wholesaler* [dealer];

(1) [Except as provided in subsection (2) of this section,] Every motor carrier shall pay a tax of nine *percent (9%) of the wholesale price* [cents per gallon] on the amount of gasoline and [nine cents per gallon on the amount of special fuels] used in operations on the public highways of this state.

(2) [In the event that, on or after January 1, 1977, the federal government enacts a law whereby the federal tax on gasoline, or diesel and other special motor fuels is reduced, by tax credits, or reduced rate, in any state which increases its own tax by the minimum specified amount, the rate in subsection (1) of this section shall automatically increase by the minimum amount required to pick up the federal credit or decrease in federal tax.

(3) However, in the event that the federal government enacts a law whereby the federal tax on gasoline is reduced and this tax reduction could be passed down as a net savings to the consumer, the provisions in subsection (2) of this section would not be operative.]

(2)[(4)] In addition to the tax imposed in subsection (1) of this section, if the motor carrier is a heavy equipment motor carrier as defined in KRS 138.655, he shall pay a surtax of two cents per gallon on the amount of gasoline and special fuels used in operations on public highways of this state.

(1) City and suburban bus companies and taxicab companies operating under a certificate of convenience and necessity issued pursuant to KRS Chapter 281 shall be entitled to a refund of seven-ninths of the amount of KRS Chapter 138 taxes paid on motor fuels used in their regularly scheduled operations in Kentucky.

(2) No person shall be entitled to a refund hereunder unless he shall have first filed with the department of revenue a bond issued by a surety company authorized to do business in Kentucky in an amount of not less than one thousand dollars ($1,000) nor more than five thousand dollars ($5,000) to be determined by the department of revenue, conditioned upon faithful compliance with this section and upon the payment to the Commonwealth of any refunds to which he was not entitled.

(3) Applications for refund shall on or before the last day of each month following the quarter, September 30, December 31, March 31, and June 30, be made to the department of revenue on forms and in the manner prescribed by it for the refund of tax paid on motor fuel used by buses or taxicabs during the quarter; except that a taxicab company may file an application within ninety (90) days after the close of the fiscal year in which the purchases were made. The application shall be made under oath. Invoices shall be attached to applications from taxicab companies.

(4) The department may require any gasoline *wholesaler* [dealer] or any *wholesaler's* [dealer's] authorized agent to identify gasoline sold by him for taxicab use by adding thereto any chemical or substance, which shall be furnished by the department and used in the manner as prescribed by the department. The department also may require that the *wholesaler* dealer keep a complete record of all such gasoline sold by him, which records shall give the date of each such sale, the number of gallons sold, *amount of tax paid,* the name of the person to whom sold, and the sale price.

(5) The department of revenue shall audit the application and make such other investigation as it deems necessary to determine whether it constitutes a proper claim. When the department of revenue is satisfied that a refund is proper it shall authorize seven-ninths of the amount of the tax paid to be refunded as other refunds are made and the amount refunded shall be deducted from current motor fuel tax receipts.

(6) When the department of revenue finds that an application for a refund contains a false or fraudulent statement or that a refund has been fraudulently obtained, the department of revenue shall refuse to grant any refunds to the person making such false or fraudulent statement or fraudulently obtaining a refund for a period of two (2) years from the date of such findings.

(7) The department of revenue may prescribe, adopt and enforce regulations relating to the administration and enforcement thereof.

Section 30. KRS 138.680 is amended to read as follows:

Every licensee shall maintain complete records on all motor vehicles, by type, operating on Kentucky highways, weight and number of axles, mileage records and records of all purchases, use, and other dispositions of gasoline and special fuels. Such records, together with manifests of lading, invoices and other papers pertaining to gasoline or special fuels consumption, shall be retained for a minimum period of *five (5)* [two (2)] years; and if requested by the department shall be made available for examination by the department.

Section 31. KRS 138.695 is amended to read as follows:

(1) Every licensee subject to the tax imposed by *subsection* [subsections] (1) [and (2)] of KRS 138.660 shall be entitled to a credit for each quarterly period beginning on and after July 1, *1980*[1972], equivalent to *the amount of tax paid* [nine cents per gallon] on gasoline and [nine cents per gallon on] special fuels purchased by such licensee during such period for use in its operations, provided such gasoline and special fuels were purchased in Kentucky during the same period and the tax imposed by KRS 138.220 and KRS 138.565 has been paid. Evidence of the payment of such tax in such form as may be required by or satisfactory to the bureau shall be furnished by each such licensee claiming the credit herein allowed.

(2) The bureau shall at the close of each quarterly period, ending September 30, December 31, March 31, and June 30, compute all credits granted by the bureau during such quarter, which credits shall be except as provided in subsection (3), applied only to taxes due on the report filed for the next quarter.

(3) If the credit or credits referred to in subsections (1) and (2) would expire solely by reason of the lapse of time allowed in subsection (2), then the balance of any credit shall be refunded to the licensee, provided application therefor and all necessary information shall be filed with the bureau within sixty (60) days after the time the credit would otherwise expire as provided in subsection (2) except a credit shall not be refunded to the licensee, where, as estimated by the bureau, the cost to the bureau of making the refund would exceed the amount of the refund.

(4) In order to facilitate administration of the credits and refunds allowed herein, the bureau shall prescribe what records must be kept by the licensee or any other person and the bureau shall also prescribe the form and content of said records and any reports to be made relative thereto.

Section 32. KRS 138.715 is amended to read as follows:

(1) If any licensee neglects or refuses to make the return or pay the tax at the time provided in KRS 138.685, a penalty of 20 per cent of the tax and interest at *ten percent (10%)* [6 per cent] per annum from the date when due shall be paid on the tax.

(2) If any licensee subject to the penalty provided in subsection (1) of this section submits to the department in writing the reasons for failure to comply with KRS 138.655 to 138.725 and if the department finds the reasons sufficient evidence or justifiable cause for modifying the penalty provided in subsection (1) of this section, it may modify the penalty enacted therein to five per cent (5%) of the amount of the tax due and delinquent, provided the five per cent (5%) penalty may be reduced to one per cent (1%) if the violation is the first violation by the taxpayer within the twelve (12) months.

(3) If the penalties provided by this section are collected by proceedings in court, an additional penalty of twenty per cent (20%) shall be collected and distributed as is authorized by KRS 134.400 and 135.060. Whenever any licensee neglects or refuses to make and file any report for any calendar quarter as required by KRS 138.685, or files an incorrect or fraudulent report, the department shall determine after an investigation the amount of the liability which the licensee has incurred under KRS 138.655 to 138.725 for any particular quarter and assess and collect the amount of tax and penalties due.

(4) Any licensee who fails to make any report required under the provisions of KRS 138.655 to 138.725 within the time allowed may be required to pay a penalty of fifty dollars ($50) to be assessed and collected in the manner provided for the assessment and collection of taxes, or may be proceeded against in a civil action instigated by the department. In addition, such licensee may be compelled to make the required return.

(5) In any action for the collection of taxes due under KRS 138.655 to 138.725 and any penalties or interest imposed in connection therewith, an assessment by the department of the amount of tax due and the interest or penalties due to the state shall constitute prima facie evidence of the claim of the state and the burden of proof shall be on the licensee to show that the assessment was incorrect or contrary to law.

Section 33. KRS 234.310 is amended to read as follows:

As used in KRS 234.310 to 234.440, unless the context requires otherwise:

(1) "Department" means the department of revenue;

(2) "Person" includes every natural person, fiduciary, association, state, or political subdivision, or corporation. Whenever used in any clause prescribing and imposing imprisonment the term "person" as applied to an association means and includes the partners or members thereof, and as applied to corporations, the officers thereof;

(3) "Liquefied petroleum gas motor fuel" means and includes all combustible gases and liquids as described in KRS 234.100 used for the generation of power in an internal combustion engine to propel vehicles of any kind upon the public highways;

(4) "Motor vehicle" means any vehicle, machine or mechanical contrivance propelled by an internal combustion engine and licensed for operation and operated upon the public highways and any trailer or semitrailer attached to or having its front end supported by such motor vehicle;

(5) "Public highways" means every way or place generally open to the use of the public as a matter of right for the purpose of vehicular travel, notwithstanding that they may be temporarily closed or travel thereon restricted for the purpose of construction, maintenance, repair or reconstruction;

(6) ["Liquefied petroleum gas motor fuel dealer" means any person who imports or causes to be imported into this state for resale or use, or any person making sales in this state, of liquefied petroleum gas motor fuel for resale or use in this state by a licensed liquefied petroleum gas motor fuel user-seller;

(7)] "Liquefied petroleum gas motor fuel user-seller" means any person, not licensed as a liquefied petroleum gas motor fuel *wholesaler* [dealer], who dispenses liquefied petroleum gas motor fuel into the fuel tanks of, or attached to, motor vehicles for the propulsion of such motor vehicles on the public highways, and shall include any such person who so dispenses liquefied petroleum gas motor fuel for consumption in such motor vehicles owned, leased, or operated by him.

(7) "Wholesale price" means the price charged for liquefied petroleum gas motor fuel on the last sale (commonly known as a sale to a retail service station) prior to the sale to the final consumer. In the absence of such a sale or in the case of a sale from the refinery directly to the consumer, "wholesale price"

shall be the same as the price of liquefied petroleum gas motor fuel sold to retail outlets as determined in accordance with procedure established by the department.

(8) "Wholesaler" means any person who sells liquefied petroleum gas motor fuel at the wholesale price.

Section 34. KRS 234.320 is amended to read as follows:

(1) [Except as provided in subsection (2) of this section,] An excise tax of nine *percent (9%) of the wholesale price* [cents per gallon] is hereby levied and shall be paid *to the department* by the liquefied petroleum gas motor fuel *wholesaler* [dealer to the department] on all taxable liquefied petroleum gas motor fuel delivered to the licensed liquefied petroleum gas motor fuel user-seller or withdrawn by the liquefied petroleum gas motor fuel *wholesaler* [dealer] to propel motor vehicles on the public highways, either within or without this state. [An allowance of one percent of the tax shall be made to liquefied petroleum gas motor fuel dealer to cover unaccountable losses, bad debts, and handling and reporting the tax.

(2) In the event that, on or after January 1, 1977, the federal government enacts a law whereby the federal tax on special motor fuels is reduced, by tax credits, or reduced rate, in any state which increases its own tax by the minimum specified amount, the rate in subsection (1) of this section shall automatically increase by the minimum amount required to pick up the federal credit or decrease in federal tax.

(3) However, in the event that the federal government enacts a law whereby the federal tax on gasoline is reduced and this tax reduction could be passed down as a net savings to the consumer, the provisions in subsection (2) of this section would not be operative.]

(2)[(4)] No other excise or license tax shall be levied or assessed on liquefied petroleum gas motor fuel by any political subdivision of the state, except the licenses under KRS 234.120.

(3)[(5)] No provision of KRS 234.310 to 234.440 shall in any way affect the surtax imposed on heavy equipment motor carriers under KRS 138.660.

Section 35. KRS 234.321 is amended to read as follows:

(1) The tax imposed by KRS 234.320 shall not be collected when the liquefied petroleum gas sold by the *wholesaler* [dealer] is used to propel motor vehicles on the public highways, either within or without this state, when the motor vehicles using the liquefied petroleum gas are equipped with carburetion systems approved by the department for natural resources and environmental protection.

(2) The department for natural resources and environmental protection shall establish emission standards for carburetion systems.

Section 36. KRS 234.330 is amended to read as follows:

(1) A license shall be required of each liquefied petroleum gas motor fuel *wholesaler* [dealer] and each liquefied petroleum gas motor fuel user-seller.

(2) Application for a license shall be made to the department upon forms prepared and furnished by the department. The application shall contain such information as the department deems necessary.

(3) Concurrently with the filing of an application for a license, a liquefied petroleum gas motor fuel *wholesaler* [dealer] shall file with the department a bond as required under KRS 234.340. No license shall be issued to any person unless such person has furnished a bond as provided in KRS 234.340 to secure payment of taxes, penalties and interest imposed by KRS 234.310 to 234.440. No bond shall be filed with an application for a liquefied petroleum gas motor fuel user-seller license.

(4) The application in proper form having been accepted for filing, the bond, if required, having been accepted and approved and the other conditions and requirements of this section having been complied with, the department shall issue a license. However, if an application for a license is filed by any person whose license has at any time previously been revoked for cause by the department, or if the department is of the opinion that the person who makes the application as a subterfuge for the real party in interest whose license, prior to the time of filing the application, has been revoked for cause, or that the application is not for any other reason filed in good faith or is not for sufficient cause, the department may, after a hearing of which the applicant shall be given ten (10) days' notice in writing and in which he shall have the right to appear in person or by counsel and present testimony, refuse to issue a license to that person.

(5) All licenses shall be valid and remain in full force and effect until suspended or revoked for cause or otherwise canceled.

(6) A license shall not be assignable or transferable and shall be valid only for the person in whose name it is issued.

(7) The department shall keep and file all applications and bonds, with an alphabetical index thereof.

Section 37. KRS 234.340 is amended to read as follows:

(1) Every liquefied petroleum gas motor fuel *wholesaler* [dealer] shall file with the department a corporate bond, cash bond or securities approved by the department in a minimum amount of five hundred dollars ($500) and in a maximum amount of four (4) months' liability for taxes imposed under KRS 234.310 to 234.440 but not to exceed fifty thousand dollars ($50,000). If, however, a liquefied petroleum gas motor fuel *wholesaler* [dealer] is bonded as provided in KRS 138.330 the department may waive the bonding requirement in this section provided a rider is attached to such bond to guarantee payment of all liquefied

petroleum gas motor fuel taxes together with all penalties and interest thereon and secure faithful compliance with the provisions of KRS 234.310 to 234.440. The applicant for a license shall be the principal obligor and this state shall be the obligee. The bond shall be conditioned upon the prompt filing of true reports and the payment by the licensee to the department of all taxes levied under KRS 234.310 to 234.440, together with all penalties and interest thereon and generally upon faithful compliance with the provisions of KRS 234.310 to 234.440.

(2) If the liability upon the bond is discharged or reduced, whether by judgment rendered, payment made, or otherwise or if in the opinion of the department any surety has become unsatisfactory or unacceptable, the department may require the licensee to file a new bond with satisfactory surety in the same form and amount, failing which the department shall forthwith cancel the license. If a new bond is furnished by the licensee as above provided, the department shall cancel the bond for which the new bond is substituted.

(3) If upon hearing, of which the licensee shall be given ten (10) days' notice in writing, the department decides that the amount of the existing bond is insufficient to insure payment to this state of the amount of the tax, penalties, and interest for which the licensee is or may become liable, the licensee shall forthwith, upon the written demand of the department, file an additional bond in the same manner and form with surety thereon approved by the department, in any amount determined by the department to be necessary, failing which the department shall forthwith cancel the license.

(4) Any surety on a bond furnished by a licensee shall be released from all liability to this state accruing on such bond after the expiration of sixty (60) days from the date upon which the surety has lodged with the department a written request to be released, but this request shall not operate to release the surety from any liability already accrued or which shall accrue before the expiration of the sixty-day period. The department shall, promptly on the receipt of the request, notify the licensee who furnished the bond, and unless the licensee shall, before the expiration of the sixty-day period, file with the department a new bond with surety satisfactory to the department in the amount and form hereinbefore provided, the department shall forthwith cancel the license. If the new bond is furnished by the licensee as above provided, the department shall cancel the bond for which the new bond is substituted.

Section 38. KRS 234.350 is amended to read as follows:

(1) If a licensee at any time files a false monthly report of the information required, or fails or refuses to file the monthly report or to pay the full amount of the tax or violates any other provision of KRS 234.310 to 234.440, without a showing that such failure was due to reasonable cause, the department may cancel the license and suspend the privilege of acting as a liquefied petroleum gas motor fuel *wholesaler* [dealer].

(2) Upon voluntary surrender of the license or upon receipt of a written request by a licensee, the department may cancel his license, effective sixty (60) days from the date of request, but no such license shall be canceled upon surrender or request unless the licensee has, prior to the date of cancellation, paid to this state all taxes, penalties, interest and fines that are due or have accrued, and unless the licensee has surrendered to the department his license.

(3) If upon investigation the department ascertains that any person to whom a license has been issued is no longer engaged as a liquefied petroleum gas motor fuel *wholesaler* [dealer] or a liquefied petroleum gas motor fuel user-seller, and has not been so engaged for a period of six (6) months, the department may cancel such license by giving the person sixty (60) days' notice of cancellation, mailed to his last known address in which event the license shall be surrendered to the department.

(4) Whenever a licensee ceases to engage in business within this state, he shall notify the department in writing within fifteen (15) days after discontinuance. All taxes that have accrued under KRS 234.310 to 234.440, whether or not then due, shall become due and payable concurrently with such discontinuance. The licensee shall make a report and pay all such taxes and any interest and penalties thereon, and shall surrender to the department his license.

(5) If the license is canceled by the department as provided in this section, and if the licensee has paid to this state all taxes, interest and penalties under KRS 234.310 to 234.440, the department shall cancel the bond filed by the licensee.

Section 39. KRS 234.360 is amended to read as follows:

(1) Every liquefied petroleum gas motor fuel dealer licensee shall maintain complete records of inventories, purchases, sales, use and other dispositions of liquefied petroleum gas. Such records, together with manifests of lading, invoices, correspondence, and other papers pertaining to liquefied petroleum gas motor fuel shall be retained for a minimum of *five (5)* [two (2)] years, and if requested by the department, shall be made available for examination by the department.

(2) Where storage of liquefied petroleum gas is for multiple uses, and where the number of gallons taxable of liquefied petroleum gas motor fuel is determined by the liquefied petroleum gas motor fuel *wholesaler* [dealer] and/or the liquefied petroleum gas motor fuel user-seller, based on the best estimate possible from mileage and efficiency records available, all mileage and efficiency records of such motor vehicle must be retained for a minimum period of *five (5)* [two (2)] years, and, if requested by the department, shall be made available for examination by the department.

Section 40. KRS 234.370 is amended to read as follows:

(1) Every liquefied petroleum motor fuel *wholesaler* [dealer] licensee shall file with the department, on forms prescribed by the department, a monthly tax return. The return shall be made under penalty of perjury and shall show such information as the department may require. The licensee shall file the return on or before the twenty-fifth day of the next succeeding calendar month following the month to which it relates.

(2) The monthly tax return shall be accompanied by remittance covering the tax due.

Section 41. KRS 234.380 is amended to read as follows:

Liquefied petroleum gas motor fuel *wholesalers* [dealers] using, selling, and/or delivering liquefied petroleum gas to motor vehicles, or into storage for use in motor vehicles, shall report and pay *to the department of revenue* the state tax of nine *percent (9%) of the wholesale price* [cents per gallon] on all such fuel [to the Department of Revenue]. The *wholesaler* [dealer] shall issue an invoice to the customer whenever the sale or delivery is consummated giving the invoice date, name and address of the customer, *amount of tax paid* and number of taxable gallons sold or delivered. The number of taxable gallons to be invoiced shall be determined in the following manner by the dealer:

(1) The metered gallons, if placed into a fuel tank of a motor vehicle;

(2) The metered gallons, if placed into storage, all of which is to be used or sold for use in motor vehicles;

(3) The number of gallons to be used in motor vehicles, if the storage is for multiple uses. The number of taxable gallons to be determined by the user and the *wholesaler* [dealer] based on the best estimate possible from mileage and efficiency records available;

(4) If the motor vehicle carburetor is connected to a fuel line leading from a fuel tank where another, or other motors are supplied with fuel also, then the number of gallons to be invoiced as taxable motor fuel shall be determined from mileage and fuel efficiency records.

Section 42. KRS 234.390 is amended to read as follows:

Any holder of a liquefied petroleum gas motor fuel user-seller license, using liquefied petroleum gas as a motor fuel to propel motor vehicles upon the highways may fuel his own vehicles from storage where nontaxable liquefied petroleum gas is stored provided:

(1) The state tax has been paid to the distributor or supplier of liquefied petroleum gas, who is licensed as a liquefied petroleum gas motor fuel *wholesaler* [dealer], on that portion intended for use on the highway; and further provided that

(2) The liquefied petroleum gas storage facilities meet the requirements of this chapter and regulations promulgated thereunder.

Section 43. KRS 234.420 is amended to read as follows:

(1) If any liquefied petroleum gas motor fuel *wholesaler* [dealer] neglects or refuses to make the return required by KRS 234.370 or to pay the tax at the time provided, a penalty of twenty per cent (20%) thereof and interest at *ten percent (10%)* [six per cent (6%)] per annum from the date when due shall be paid as a part of the tax. If collected by proceedings in court, an additional penalty of twenty per cent (20%) shall be collected and distributed as is authorized by KRS 134.400 and 135.060.

(2) If any taxpayer subject to the penalty provided in subsection (1) of this section submits in writing to the department his reasons for failure to comply with KRS 234.370, and if the department finds the reasons evidence of justifiable cause for modifying the penalty provided in subsection (1) of this section, it may modify the penalty exacted therein to five per cent (5%) of the amount of the tax due and delinquent, provided the five per cent (5%) penalty may be reduced to a one per cent (1%) penalty if the violation is the first violation by the taxpayer within twelve (12) months.

(3) Any liquefied petroleum gas motor fuel *wholesaler* [dealer] who fails to make any return required under KRS 234.370 within the time required shall pay a penalty of ten dollars ($10) to be assessed and collected in the manner provided for the assessment and collection of taxes under KRS 234.310 to 234.440 or in a civil action initiated by the department. In addition such delinquent taxpayer may be compelled to make the required report or return.

3. Institute the proceedings in its own name or in the name of the injured, diseased, or disabled person, his guardian, personal representative, estate, dependents, or survivors.

(b) The injured, diseased, or disabled person may proceed in his own name, collecting costs without the necessity of joining the department or the Commonwealth as a named party, provided the injured, diseased, or disabled person shall notify the department of the action or proceeding entered into upon commencement of the action or proceeding. The injured, diseased, or disabled person must notify the department of any settlement or judgment of his or her claim.

The under-voltage indicator shall be kept operative or the battery powered equipment removed from service.

(3) Emergency medical personnel shall be employed in every mine in the state upon the effective date of this Act. At least one (1) emergency medical attendant, paramedic or physician assistant shall be employed at a mine for every seventy (70) employees, or any part thereof, who are engaged at one time in the extraction, production, transportation or preparation of coal; provided, that the provision of this subsection shall not apply to mines employing no more than five (5) employes.

(4) Said emergency medical attendants shall be employed at their regular duties at a central location convenient for quick response to emergencies on each shift, and shall have available to them at all times such equipment as shall be prescribed by the commissioner of the department of mines and minerals, in consultation with the secretary of the department for human resources.

Unless the commissioner for good cause grants a waiver, all such telephone or equivalent two-way communications shall be connected to regular telephonic and other means of communications available in the community so that in the event of an emergency, emergency medical attendants or other personnel can communicate from within the mine directly to health care facilities.

Locomotives or vehicles traveling by track shall be equipped and maintained with two-way communications to allow voice contact between the dispatcher and other vehicles traveling on the track.

(17) In any coal mine where more than three hundred fifty (350) tons of a run of mine coal are produced on any shift in each twenty-four (24) hour period, a dispatcher shall be on duty when there are movements of track equipment underground, including time when there is no production of coal. Such traffic shall move only at the direction of the dispatcher. The dispatcher's only duty shall be to direct traffic. Where a dispatcher is employed, not person shall move a locomotive, personnel carrier or self-propelled equipment on or onto haulageways without instructions from the dispatcher.

(b) In the event the retired member is paid suspended payments retroactively in accordance with this section, employe contributions deducted during his period of reemployment, if any, shall be refunded to the retired employe and no service credit shall be earned for the period of reemployment.

(c) In the event the retired member is not eligible to be paid suspended payments for his period of reemployment as an employe, his retirement allowance shall be recomputed under the plan under which the member was receiving payments prior to reemployment as follows:

1. The retired member's final compensation shall be recomputed using creditable compensation for his period of reemployment; however, the final compensation resulting from the recalculation shall not be less than that of the member when his retirement allowance was last determined.

Should such recipient have less than two hundred forty (240) months of service but have at least one hundred eighty (180) months of service, seventy-five percent (75%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining twenty-five percent (25%) by payroll deduction from his retirement allowance. Should such recipient have less than one hundred eighty (180) months of service but have at least one hundred twenty (120) months of service, fifty percent (50%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining fifty percent (50%) by payroll deduction from his retirement allowance. (4) Group rates under the hospital and medical insurance plan shall be made available to the spouse and dependents of a recipient who was a former member of one (1) or more of the three (3) retirement systems, and to the beneficiary where such beneficiary is receiving a retirement allowance, provided the premium for the spouse, dependent or beneficiary hospital and medical insurance is paid by payroll deduction from such retirement allowance.

HB 858, AN ACT relating to the promotion of the arts and related activities and the raising of revenue therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 153 IS CREATED TO READ AS FOLLOWS:

(1) It is the finding of the General Assembly that cultural opportunities and the arts have a direct and positive impact on the hotel industry through promotion of tourism and convention trade. The Kentucky center for the arts will serve as catalyst in the development of Louisville and Jefferson County as a major convention and entertainment center. The Kentucky center for the arts corporation will have as management priority the stimulation of the Jefferson County hotel industry and promotion of tourism through:

(a) The presentation of Kentucky and Louisville-area and nationally and internationally prominent arts activities which will attract regional audiences;

(b) Regional and national promotion of events occurring within the center, along with ancillary activities;

(c) The development, in conjunction with local hotels, of tourist packages including performance and group plans;

(d) The active solicitation of arts related conferences and conventions;

(e) The active participation with local hotels and convention bureaus in attracting non-arts related conferences and conventions, with the center serving as an important amenity;

(f) The development of a Kentucky folklore program which will attract participants and an audience from throughout the state;

(g) The contribution to cultural diversity and the attractiveness of Louisville and Jefferson County as a year-around tourist and entertainment attraction.

In addition, the board may require additional information as may be necessary to comply with a federal statute or regulation or any state statute.

(4) Upon the termination of the disability of the injured employe, or if the disability extends beyond a period of sixty (60) days, then also at the expiration of such period the employer shall make a supplementary report to the board on blanks procured from the board for the purpose.

Section 2. KRS 342.075 is amended to read as follows:

(1) The following persons shall be presumed to be wholly dependent upon a deceased employe:

(a) A surviving spouse upon a decedent whom the surviving spouse had not voluntarily abandoned at the time of the accident, or who having been abandoned by the decedent has not engaged in such conduct since his abandonment as would at common law constitute grounds justifying the abandonment of such wife by her husband or such husband by his wife;

(b) A child or children under the age of sixteen (16) years, or over sixteen (16) years if incapacitated from wage earning, upon the parent with whom such child or children are living, or by whom actually supported, or from whom support is legally required by judgment of a court, at the time of the accident.

(2) In all other cases the relation of dependency in whole or in part shall be determined in accordance with the facts of each case existing at the time of the accident.

(3) No person shall be considered a dependent in any degree unless he is living in the household of the employe at the time of the accident, or unless such person bears to the employe the relation of father, mother, husband, or wife, father-in-law or mother-in-law, grandfather or grandmother, child or grandchild, or brother or sister of the whole or half blood *and is actually dependent.*

Section 3. KRS 342.120 is amended to read as follows:

(1) A claimant may in the original application for benefits, or either party may by motion while the case is pending, accompanied by proper allegations, and the board shall upon its own motion at any time

before the rendition of the final award, cause the special fund to be made a party to the proceedings if either or both of the following appears:

(a) The employe is disabled, whether from a compensable injury, occupational disease, pre-existing disease, or otherwise, and has received a subsequent compensable injury by accident, or has developed an occupational disease;

(b) The employe is found to have a dormant non-disabling disease or condition which was aroused or brought into disabling reality by reason of a subsequent compensable injury by accident or an occupational disease.

(2) When the special fund has been made a party the board shall direct the procedures provided in KRS 342.121.

(3) If it is found that the employe is a person mentioned in paragraphs (a) or (b) of subsection (1) of this section and a subsequent compensable injury or occupational disease has resulted in additional permanent disability so that the degree of disability caused by the combined disabilities is greater than that which would have resulted from the subsequent injury or occupational disease alone, and the employe is entitled to receive compensation on the basis of the combined disabilities, the employer shall be liable only for the degree of disability which would have resulted from the latter injury or occupational disease had there been no pre-existing disability or dormant, but aroused disease or condition.

(4) The remaining compensation for which such resulting condition would entitle the employe, including any compensation for disability resulting from a dormant disease or condition aroused into disabling reality by the injury or occupational disease, but excluding all compensation which the provisions of this chapter would have afforded on account of prior disabling disease or injury had it been compensated thereunder, shall be paid out of the special fund provided for in KRS 342.122. Such remaining compensation shall be paid directly to the employe by the carrier or self-insured employer who is liable for compensation under subsection (3) of this section, and the carrier or self-insured employer shall be reimbursed for such payments from the special fund on a quarterly basis and under such regulations as the board may provide for such purpose.

(5) *In making the computation for the apportionment of benefits under subsections (3) and (4) of this section, the board shall first determine the amount of the employe's weekly income benefits; exclude from the award the percentage thereof attributable to the pre-existing active disability or the prior disabling injury, disease or condition; and apportion the balance between the employer and special fund as provided in subsections (3) and (4) of this section.* [If it is found that the employe is a person mentioned in paragraphs (a) or (b) of subsection (1) of this section, and a subsequent compensable injury or occupational disease has resulted in additional permanent disability, so that the degree of disability caused by the combined disabilities is greater than that which would have resulted from the subsequent injury or occupational disease alone, and the employe is entitled to receive compensation on the basis of the combined disabilities, and when applying the formula for income benefits to the employer's and special fund's percentage of disability, and the income benefits exceed the limitation contained in KRS 342.740, then in that event the special fund's and employer's liability shall be reduced proportionately to the point where the shares of each, when combined, do not exceed the limitation established by KRS 342.740.]

Section 4. KRS 342.125 is amended to read as follows:

(1) Upon its own motion or upon the application of any party interested and a showing of change of conditions, mistake or fraud or newly discovered evidence, the board may at any time review any award or order, ending, diminishing or increasing the compensation previously awarded, within the maximum and minimum provided in this chapter, or change or revoke its previous order, sending immediately to the parties a copy of its subsequent order or award. Review under this section shall be had upon notice to the parties interested and *in the same manner as provided for an initial proceeding hereunder but* shall not affect the previous order or award as to any sums already paid thereunder. However, the employer shall not suspend the payment of benefits during the pendency of any reopening procedures.

(2) Where an agreement has become an award by approval of the board, and a review of such an award is initiated, no statement contained in the agreement, whether as to jurisdiction, liability of the employer, nature and extent of disability, or as to any other matter, shall be considered by the board as an admission against the interests of any party. The parties may raise any issue upon review of this type of award which could have been considered upon an original application for benefits.

Section 5. KRS 342.140 is amended to read as follows:

[Except as otherwise provided in this chapter,] The average weekly wage of the injured employe at the time of the injury or last injurious exposure shall be [taken as the basis upon which to compute compensation and shall be] determined *as follows:* [according to this section and KRS 342.143.]

(1) If at the time of the injury which resulted in death or disability or the last date of injurious exposure preceding death or disability from an occupational disease:

(a) The wages were fixed by the week, the amount so fixed shall be the average weekly wage;

(b) The wages were fixed by the month, the average weekly wage shall be the monthly wage so fixed multiplied by twelve (12) and divided by fifty-two (52);

(c) The wages were fixed by the year, the average weekly wage shall be the yearly wage so fixed divided by fifty-two (52);

(d) The wages were fixed by the day, hour, or by the output of the employe, the average weekly wage shall be the wage most favorable to the employe computed by dividing by thirteen (13) the wages (not including overtime or premium pay) of said employe earned in the employ of the employer in the first, second, third, or fourth period of thirteen (13) consecutive calendar weeks in the fifty-two (52) weeks immediately preceding the injury.

(e) The employe had been in the employ of the employer less than thirteen (13) calendar weeks immediately preceding the injury, his average weekly wage shall be computed under paragraph (d), taking the wages (not including overtime or premium pay) for such purpose to be the amount he would have earned had he been so employed by the employer the full thirteen (13) calendar weeks immediately preceding the injury and had worked, when work was available to other employes in a similar occupation.

(f) The hourly wage has not been fixed or cannot be ascertained, the wage for the purpose of calculating compensation shall be taken to be the usual wage for similar services where such services are rendered by paid employes.

(2) In occupations which are exclusively seasonal and therefore cannot be carried on throughout the year, the average weekly wage shall be taken to be one-fiftieth (1/50) of the total wages which the employe has earned from all occupations during the twelve (12) calendar months immediately preceding the injury.

(3) In the case of volunteer firemen, police, and civil defense members or trainees, the income benefits shall be based on the average weekly wage in their regular employment.

(4) If the employe was a minor, apprentice or trainee when injured, and it is established that under normal conditions his wages should be expected to increase during the period of disability, that fact may be considered in computing his average weekly wage.

(5) When the employe is working under concurrent contracts with two (2) or more employers and the defendant employer has knowledge of such employment prior to the injury, his wages from all such employers shall be considered as if earned from the employer liable for compensation.

(6) The term "wages" as used in this section and KRS 342.143 means, in addition to money payments for services rendered, the reasonable value of board, rent, housing, lodging, and fuel or similar advantage received from the employer, and gratuities received in the course of employment from others than the employer to the extent such gratuities are reported for income tax purposes.

(7) The board shall, from time to time, based upon the best available information, determine by regulation industries which ordinarily do not have a full working day for five (5) days in every week. In such industries compensation shall be computed at the average weekly wage earned by the employe at the time of injury reckoning wages as earned while working full time. "At full time" as used herein means a full working day for five (5) working days in every week regardless of whether the injured employe actually worked all or part of the time.

Section 6. KRS 342.150 is amended to read as follows:

Whenever compensation has been paid for not less than six months, thereafter, on the application of *all parties* [either party and upon notice to the other party,] in any case where the board determines that it will be for the best interests of *all parties* [either party] and will not subject the employer or his insurer to an undue risk of overpayment, future payments of compensation or any part thereof may be commuted to a lump sum of an amount which will equal the total sum of the probable future payments so commuted, discounted at four percent true discount compounded annually on each payment. Upon payment of such lump sum all liability for the payments therein commuted shall cease.

Section 7. KRS 342.155 is amended to read as follows:

Whenever the board considers it expedient, any lump sum which is paid as provided in KRS 342.150 hereof shall be paid to any suitable person appointed by the *district court* [county judge/executive] of the county of the residence of the injured employe or of his dependents as trustee to administer or apply the same for the benefit of the person or persons entitled thereto. The receipt of such trustee for the amount so paid to him shall discharge the employer and his insurer. Except as otherwise herein specifically provided, the manner of qualification and the rights, duties and liabilities of such trustee shall be determined by the general laws of this state.

Section 8. KRS 342.185 is amended to read as follows:

No proceeding under this chapter for compensation for an injury or death shall be maintained unless a notice of the accident shall have been given to the employer as soon as practicable after the happening thereof and unless *an application for adjustment of claim* [a claim] for compensation with respect to such injury shall have been made *with the board* within two (2) years after the date of the accident, or in case of death, within two (2) years after such death, whether or not a claim has been made by the employe himself for compensation. Such notice and such claim may be given or made by any person claiming to be entitled to compensation or by someone in his behalf. If payments of compensation as such have been made voluntarily the *filing of an application for adjustment of claim with the board* [making of a claim] within such period shall not be required, but shall become requisite within one (1) year following the suspension of such voluntary payments or within two (2) years of the date of the accident, whichever is later.

Section 9. KRS 342.205 is amended to read as follows:

(1) After an injury and so long as compensation is claimed, the workman, if requested by *a party* [his employer] or by the board, shall submit himself to examination, at *a* reasonable time and *place* [places], to a duly qualified physician or surgeon designated and paid by the *requesting party* [employer]. The employe shall have the right to have a duly qualified physician or surgeon designated and paid by himself present at such examination, but this right shall not deny the *requesting party's* [employer's] physician or surgeon the right to *examine* [visit] the injured employe at all reasonable times and under all reasonable conditions.

(2) Any employe receiving benefits under this Act may be required, upon request of any party, to furnish a sworn affirmed statement of earnings and such other supporting information as the board may require.

(3) The board shall supply forms for such report.

(4) If an employe refuses to submit himself to or in any way obstructs such examination his right to take or prosecute any proceedings under this chapter shall be suspended until such refusal or obstruction ceases. No compensation shall be payable for the period during which the refusal or obstruction continues.

Section 10. KRS 342.215 is amended to read as follows:

The Workmen's Compensation Board shall consist of five members appointed by the Governor and shall be attached to the Department of Labor for administrative services. *Members shall devote their entire time to the duties of their offices.*

(1) Of the members first appointed under this *Act* [chapter], one (1) shall serve until *July 15, 1981; one (1) until July 15, 1982; one (1) until July 15, 1983; and two (2) until July 15, 1984* [January 1, 1974; one until January 1, 1975; one until January 1, 1976; and two until January 1, 1977]. Thereafter, each term shall run for four years from the date of expiration of the term for which his predecessor was appointed, except that a person appointed to fill a vacancy prior to the expiration of such a term shall be appointed for the remainder of the term. Each member of the board shall hold office until his successor is appointed and qualifies. The members of the board shall have the qualifications required of Circuit Judges. The Governor shall designate a member of the board to serve as chairman. Any vacancy in the chairmanship shall be filled by the Governor. The Governor may at any time remove any member for cause after furnishing him with a written copy of the charges against him and giving him a public hearing if he requests it. Each member of the board shall be paid a salary *equal to that of a circuit judge* [in accord with the provisions of KRS 64.640].

(2) A decision concurred in by any three members shall constitute a decision of the board, unless there are two unfilled vacancies in which case a majority of the remaining members shall constitute a decision of the board.

(3) The terms of all members of the Workmen's Compensation Board who are in office prior to the effective date of this chapter shall automatically expire on *July 15, 1980* [January 1, 1973], any other statute to the contrary notwithstanding.

Section 11. KRS 342.285 is amended to read as follows:

(1) An award or order of the board as provided in KRS 342.275, if petition for reconsideration is not filed as provided for in KRS 342.281, shall be conclusive and binding as to all questions of fact, but either party may within twenty days after the rendition of such final award or order of the board, by petition appeal to the circuit court that would have jurisdiction to try an action for damages for the injuries if this chapter did not exist, for the review of such order or award, the board and the adverse party being made respondents. The board shall be named respondent as the workmen's compensation board, and service shall be had on the director.

(2) The petition shall state fully the grounds upon which a review is sought, and assign all errors relied on. Summons shall issue upon the petition directing the adverse party to file answer and cross-appeal, if appropriate, within twenty days after service thereof and directing the board to send its entire original record, properly bound, to the clerk of the circuit court, after certifying that such record is its entire original record, which shall be filed by the clerk of the circuit court and such record shall then become and be considered by the circuit court on the review.

(3) No new or additional evidence may be introduced in the circuit court except as to the fraud or misconduct of some person engaged in the administration of this chapter and affecting the order, ruling or award, but the court shall otherwise hear the cause upon the record as certified by the board and shall dispose of the cause in summary manner *as in the case of all other appeals to the circuit court.* [The court shall not substitute its judgment for that of the board as to the weight of evidence on questions of fact, its review being limited to determining whether or not:

(a) The board acted without or in excess of its powers;
(b) The order, decision, or award was procured by fraud;
(c) The order, decision, or award is not in conformity to the provisions of this chapter;

(d) The order, decision, or award is clearly erroneous on the basis of the reliable, probative, and material evidence contained in the whole record; or

(e) The order, decision, or award is arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.]

(4) The board and each party may appear in such review proceedings; the court shall enter judgment affirming, modifying or setting aside the order, decision or award, or in its discretion remanding the cause to the board for further proceedings in conformity with the direction of the court. The court may, before judgment and upon a sufficient showing of fact, remand the cause to the board.

(5) The appeal shall be advanced on the circuit court docket without motion or notice.

Section 12. KRS 342.316 is amended to read as follows:

(1) (a) The employer liable for compensation for occupational disease shall be the employer in whose employment the employe was last exposed to the hazard of the occupational disease during any period in which this section is applicable to a coal mine, an operator who acquired it or substantially all of its assets from a person who was its operator on and after January 1, 1973 shall be liable for, and secure the payment of, the benefits which would have been payable by the prior operator under this section with respect to miners previously employed in the mine if it had not been acquired by such later operator. At the same time, however, this subsection does not relieve the prior operator of any liability under this section. Also, it does not affect whatever rights the later operator might have against the prior operator. Said employer shall have the right to contribution from each previous employer, as determined in an independent civil action, wherein the employe was similarly exposed to the hazard of said occupational disease, in a sum equal to the ratio that each exposure employment time bears to the total exposure employment time except as otherwise provided in paragraph (a) of subsection (13) of this section.

(b) The time of the beginning of compensation payments shall be the date of the employe's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later.

(2) (a) The procedure with respect to the giving of notice and determination of claims in occupational disease cases and the compensation and medical benefits payable for disability or death due to such disease shall be the same as in cases of accidental injury or death under the general provisions of this chapter except that notice of claim shall be given to the employer as soon as practicable after the employe first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted such disease, or a diagnosis of such disease is first communicated to him, whichever shall first occur.

(b) The procedure with respect to filing of claims shall be as follows:

1. The application shall set forth the work history of the applicant with a concise description of injurious exposure to a specific occupational disease together with the names and addresses of employer or employers with the approximate date of employment and shall also include with the application two written medical reports supporting his claim. These medical reports shall be made on the basis of comprehensive clinical examinations and shall contain full and complete statements of the results thereof. The reports shall be made by duly licensed physicians. The clinical examinations shall include x-ray examinations. However, the failure of an x-ray examination to disclose the presence of an occupational disease shall not affect the legal presumption referred to in subsection (5) of this section.

2. The filing of a properly executed application for adjustment of claim, accompanied by the two medical reports described in subparagraph 1. of this paragraph, shall satisfy the requirements of the presumptive clause set out in subsection (5) of this section and the burden of proof shall immediately thereafter shift to the employer and the special fund.

3. Immediately upon receipt of said application for adjustment of claim, the board shall notify the affected employer, the special fund and any other interested party of such claim and shall furnish them with a full and complete copy of the claim.

4. Upon receipt of notice of claim the employer, the special fund, and any other interested party shall have the right to have the claimant examined by competent medical experts, at their expense, including a reasonable sum for travel. After said examination, the claimant or his representative, shall be furnished a copy of said medical report within a reasonable time.

5. Within *ninety (90)* [sixty (60)] days of the *receipt of notice by the employer of the* filing of the claim, the employer, the special fund, and any other interested party shall notify the board and the claimant whether or not the claim will be resisted. If the claim is not resisted, then the board shall within ten (10) days enter an order and award for the claimant. If the claim is resisted, the board shall set a date for a hearing and shall notify all parties thereof. In litigated claims the regular procedures prescribed by the workmen's compensation board shall be followed.

(3) The right to compensation under this chapter for disability resulting from an occupational disease shall be forever barred unless a claim is filed with the workmen's compensation board within three (3) years after the last injurious exposure to the occupational hazard or after the employe first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that

he has contracted the disease, whichever shall last occur; and if death results from the occupational disease within said period, unless a claim therefor be filed with the workmen's compensation board within three (3) years after such death; provided, however, that notice of such claim shall be deemed waived in case of disability or death where the employer, or his insurance carrier, voluntarily makes payment therefor, or, if the incurrence of the disease or the death of the employe, and its cause was known to the employer. Provided, however, that the right to compensation for any occupational disease shall be forever barred unless a claim is filed with the workmen's compensation board within five (5) years from the last injurious exposure to the occupational hazard, except that, in cases of radiation disease, a claim must be filed within 20 years from the last injurious exposure to the occupational hazard.

(4) The amount of compensation payable for disability due to occupational disease or for death from such disease, and the time and manner of its payment, shall be the same as provided for accidental injury or death under the general provisions of the workmen's compensation act, but in no event to exceed such amounts as were in effect at the time of the last injurious exposure, and provided further, that the time of the beginning of compensation payments shall be the date of the employe's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later, and provided further, that in case of death where the employe has been awarded compensation or made timely claim within the period provided for in this section, an employe has suffered continuous disability to the date of his death occurring at any time within 20 years from the date of disability, his dependents, if any, shall be awarded compensation for his death as provided for under the general provisions of the workmen's compensation act and in this section.

(5) Where the occupational disease is a compensable pneumoconiosis and there has been employment exposure for 10 years or more to an industrial hazard sufficient to cause the disability of pneumoconiosis there shall be a rebuttable presumption that the disability or death was due to the compensable pneumoconiosis.

(6) Where the employe is suffering or suffered from a chronic dust disease of the lung which (a) when diagnosed by chest roentgenogram, yields one or more large opacities (greater than one (1) centimeter in diameter) and would be classified in category A, B, or C in the international classification of radiographs of the pneumoconioses by the international labor organization, (b) when diagnosed by biopsy or autopsy, yields massive lesions in the lung, or (c) when diagnosis is made by other means, would be a condition which could reasonably be expected to yield results described in paragraph (a) or (b) if diagnosis had been made in the manner prescribed in paragraph (a) or (b), then there shall be an irrebuttable presumption that he is totally disabled due to pneumoconiosis or that his death was due to pneumoconiosis, as the case may be.

(7) In case of disability or death from silicosis, coal workers' pneumoconiosis, or any other compensable pneumoconiosis, complicated with tuberculosis of the lungs, pulmonary emphysema or other pulmonary dysfunction and there has been employment exposures to harmful dust or industrial hazards reasonably competent to produce such accompanying disease or dysfunction, there is a rebuttable legal presumption that all resultant disability therefrom is work related and compensable, and compensation shall be payable as for the uncomplicated disease, provided, however, that the disease or dysfunction was an essential factor in causing such disability or death.

(8) If an autopsy has been performed, no testimony relative thereto shall be competent unless the employer or his representative has available findings and reports of the pathologist or doctor who performed the autopsy examination.

(9) No compensation shall be payable for occupational disease if the employe at the time of entering the employment of the employer by whom compensation would otherwise be payable, falsely represented himself, in writing, as not having been previously disabled, laid off, or compensated in damages or otherwise, because of such disease, or failed or omitted truthfully to state to the best of his knowledge, in answer to written inquiry made by the employer, the place, duration and nature of previous employment, or, to the best of his knowledge, the previous state of his health.

(10) No compensation for death from occupational disease shall be payable to any person whose relationship to the deceased, which, under the provisions of this chapter would give right to compensation, arose, subsequent to the beginning of the first compensable disability, save only to after-born children of a marriage existing at the beginning of such disability.

(11) Whenever any claimant misconceives his remedy and files an application for adjustment of claim under the general provisions of this chapter and it is subsequently discovered, at any time before the final disposition of such cause, that the claim for injury, disability or death which was the basis for such application should properly have been made under the provisions of this section, then the application so filed may be amended in form or substance, or both, to assert a claim for such injury, disability or death under the provisions of this section, and it shall be deemed to have been so filed as amended on the date of the original filing thereof, and such compensation may be awarded as is warranted by the whole evidence pursuant to the provisions of this chapter. When such amendment is submitted, further or additional evidence may be heard by the board when deemed necessary. Nothing this section contains shall be construed to be or permit a waiver of any of the provisions of this chapter with reference to notice of time for filing of a

claim, but notice of filing a claim, if given or done, shall be deemed to be a notice of filing of a claim under provisions of this chapter, if given or done within the time required herein.

(12) When an employe has an occupational disease that is covered by this chapter, the employer in whose employment he was last injuriously exposed to the hazard of the disease, and the employer's insurance carrier, if any, at the time of the exposure, shall alone be liable therefor, without right to contribution from any prior employer or insurance carrier; except as otherwise provided herein.

(13) (a) The employer liable for compensation for occupational diseases, other than silicosis or any other compensable pneumoconiosis, which developed to the point of disablement only after an exposure of five (5) or more years, or for non-coal worker's silicosis and any other compensable pneumoconiosis, shall be the employer in whose employment the employe was last exposed to the hazard of such occupational disease. In those cases where disability or death are not conclusively proven to be the result of such last exposure all compensation shall be paid out of the special fund for all claims filed prior to January 1, 1973; and 75 percent shall be paid by the special fund and 25 percent by the employer for all claims filed *prior to July 15, 1980 and 40 percent shall be paid by the special fund and 60 percent by the employer for all claims filed* thereafter. In all other cases of occupational diseases, other than silicosis or any other compensable pneumoconiosis, which developed to the point of disablement only after an exposure of five (5) or more years, or for non-worker's silicosis and any other compensable pneumoconiosis, the compensation for disability or death due to such diseases shall be paid jointly by the employer and the special fund, and the employer shall be liable for sixty percent (60%) of the compensation due and the special fund shall be liable for forty percent (40%) of the compensation due. Provided, however, that when there is a joint award against the carrier or self-insured employer and the special fund under this section, all of the compensation awarded shall be paid from the special fund and the special fund shall be reimbursed by the carrier or self-insured employer on a quarterly basis and under such regulations as the board may provide for such purpose.

(b) In all claims for compensation partially payable by the special fund the commissioner of labor, as custodian of said fund, shall be designated as codefendant.

(c) In all agreements for the payment of compensation and awards the amount payable by the employer and the amount payable out of the special fund shall be separately stated. An award against the employer shall be for only the percentage of the total compensation which the employer is obligated to pay. A separate award shall be made against the special fund for the balance of the compensation payable. Nothing in this section shall prohibit the commissioner of labor, as custodian of the special fund, from entering into agreements to pay the compensation for which it is liable; provided, however, that where compensation is payable by both the employer and the special fund, the commissioner shall not enter into an agreement unless the employer is a party to the agreement.

Section 13. KRS 342.350 is amended to read as follows:

(1) In order to comply with KRS 342.340 groups of employers may form, either among themselves or with employers in other states, mutual insurance associations or reciprocal or interinsurance exchanges subject to the insurance laws of this state and such reasonable conditions and restrictions not inconsistent therewith as may be fixed by the board. Membership in such mutual insurance associations or reciprocal or interinsurance exchanges so approved, together with evidence of the payment of premiums due, shall be evidence of compliance with KRS 342.340.

(2) The board may, except as provided in subsection (3), require any mutual insurance association or reciprocal or interinsurance exchange to purchase an annuity or to effect reinsurance with a company authorized to transact insurance in this state or to make such deposit with a bank or trust company of this state as shall in either case be approved by the board for the purpose of fully securing the payment of all deferred instalments upon any claim for compensation.

(3) Any mutual insurance association or reciprocal or interinsurance exchange possessing a surplus of at least one hundred thousand dollars ($100,000) and not less in amount than the capital required of a domestic stock insurance company transacting the same kind of insurance, shall not be required to purchase an annuity or effect reinsurance with a company authorized to transact insurance in this state or to make such a deposit with a bank or trust company of this state for the purpose of fully securing the payment of all deferred instalments upon any claim for compensation.

(4) In addition, the board, under rules and regulations as it *shall* [may] prescribe, may permit two (2) or more employers to enter into agreements to pool their liabilities under this chapter for the purpose of qualifying as self-insurers [and each employer member of such approved group shall be classified as a self-insurer as defined under this chapter]. Employers securing certification as group self-insurers are regulated by the rules and regulations drawn by the workmen's compensation board and are not to be in any way subject to the provisions of subsections (1), (2), and (3) of this section; provided, however, that the Governor may assign the regulatory authority under this subsection to another board or agency pursuant to KRS 12.025.

Section 14. KRS 342.445 is amended to read as follows:

Every insurance carrier including the parties to any interindemnity contract or reciprocal plan or scheme, *or group self-insurers as authorized by KRS 342.350(4)* insuring employers in this state against liability for personal injuries to their employes, or death caused thereby under this chapter, shall pay a tax upon the premium received, whether in cash or notes, in this state or on account of business done in this state, for such insurance in this state, at the rate of two per cent (2%) of the amount of the premium. This tax shall be in lieu of all other taxes on such premiums. It shall be assessed and collected as provided in KRS 342.450. Such insurance carriers shall be credited with all canceled or returned premiums, including dividends paid or credited to policyholders, and with premiums received for reinsurance assumed from companies authorized and licensed to transact business in this state.

Section 15. KRS 342.620 is amended to read as follows:

As used in this chapter unless the context otherwise requires:

(1) "Injury" means any work related harmful *physical* change in the human organism, *arising out of and in the course of employment* including damage to or loss of a prosthetic appliance, but does not include any communicable disease unless the risk of contracting such disease is increased by the nature of the employment. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease.

(2) "Occupational disease" means a disease arising out of and in the course of the employment.

(3)[(a)] *An occupational* [A] disease *as defined in this section* shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the employment and which can be fairly traced to the employment as the proximate cause. The *occupational* disease shall be incidental to the character of the business and not independent of the relationship of employer and employe. *An occupational* [The] disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

(4)[(b)] "Injurious exposure" as used in KRS 342.316 shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which claim is made.

(5)[(3)] "Death" means death resulting from an injury or occupational disease.

(6)[(4)] "Carrier" means any insurer, or legal representative thereof, authorized to insure the liability of employers under this chapter and includes a self-insurer.

(7)[(5)] "Self-insurer" is an employer who has been authorized under the provisions of this chapter to carry his own liability on his employes covered by this chapter.

(8)[(6)] "Department" means the department of labor.

(9)[(7)] "Director" means the director of the workmen's compensation board.

(10)[(8)] "Board" means the workmen's compensation board.

(11)[(9)] "Disability" means *a bodily functional impairment which may be accompanied by a decrease of wage earning capacity due to the injury or occupational disease. Wage-earning capacity prior to injury shall be the employe's average weekly wage as calculated under KRS 342.140. Wage-earning capacity after the injury shall be presumed to be the employe's actual average weekly wage after the injury as calculated under KRS 342.140. This presumption may be overcome by showing that the employe's earnings after the injury do not fairly and reasonably represent his wage earning capacity in light of* [, except for purposes of KRS 342.730(1)(c) relating to scheduled losses, a decrease of wage earning capacity due to injury or loss of ability to compete to obtain] the kind of work the employe is customarily able to do, in the area where he lives, taking into consideration his age, occupation, education, effect upon employe's general health of continuing in the kind of work he is customarily able to do, and impairment or disfigurement.

(12)[(10)] "Income benefits" means payments made under the provisions of this chapter to the disabled worker or his dependents in case of death, excluding medical and related benefits.

(13)[(11)] "Medical and related benefits" means payments made for medical, hospital, burial and other services as provided in this chapter other than income benefits.

(14)[(12)] "Compensation" means all payments made under the provisions of this chapter representing the sum of income benefits and medical and related benefits.

(15)[(13)] "Medical services" means medical, surgical, dental, hospital, nursing and medical rehabilitation services, medicines, and fittings for artificial or prosthetic devices.

(16)[(14)] "Person" means any individual, partnership, firm, association, trust, joint venture, corporation, or legal representative thereof.

(17)[(15)] "Wages" means, in addition to money payments for services rendered, the reasonable value of board, rent, housing, lodging, fuel or similar advantages received from the employer, and gratuities received in the course of employment from others than the employer as evidenced by the employe's federal and state tax returns.

(18)[(16)] "Agriculture" means the operation of farm premises, including the planting, cultivation, producing, growing, harvesting and preparation for market of agricultural or horticultural commodities thereon, the raising of livestock for food products and for racing purposes, and poultry thereon, and any work performed as an incident to or in conjunction with such farm operations. It shall not include the commercial processing, packing, drying, storing, or canning of such commodities for market, or making cheese or butter or other dairy products for market.

(19)[(17)] "Beneficiary" means any person who is entitled to income benefits or medical and related benefits under this chapter.

(20)[(18)] "United States" when used in a geographic sense, means the several states, the District of Columbia, the commonwealth of Puerto Rico, the Canal Zone, and the territories of the United States.

(21)[(19)] "Alien" means a person who is not a citizen, a national or a resident of the United States or Canada. Any person not a citizen or national of the United States who relinquishes or is about to relinquish his residence in the United States shall be regarded as an alien.

[(20) Except as otherwise provided in KRS 342.750, the formula for income benefits shall be 66-⅔ percent of the average weekly wages of the employe at the time of his injury, multiplied by the percentage of disability caused by the injury or occupational disease, subject to the limitation contained in KRS 342.740. Income benefits shall be payable during the applicable compensable period which is either (a) the specified number of weeks, or (b) the period of occupational disability during which the employe is disabled, or (c) where death results from the injury, the period during which the deceased's dependents qualify as such, or (d) where death is unrelated to the injury, the period during which the deceased's dependents qualify as such or during the period of the deceased's normal life expectancy, whichever is less.]

Section 16. KRS 342.670 is amended to read as follows:

(1) If an employe, while working outside the territorial limits of this state, suffers an injury on account of which he, or in the event of his death, his dependents, would have been entitled to the benefits provided by this chapter had such injury occurred within this state, such employe, or in the event of his death resulting from such injury, his dependents, shall be entitled to the benefits provided by this chapter, provided that at the time of such injury:

(a) His employment is principally localized in this state, or

(b) He is working under a contract of hire made in this state in employment not principally localized in any state, or

(c) He is working under a contract of hire made in this state in employment principally localized in another state whose workmen's compensation law is not applicable to his employer, or

(d) He is working under a contract of hire made in this state for employment outside the United States and Canada.

(2) The payment or award of benefits under the workmen's compensation law of another state, territory, province or foreign nation to an employe or his dependents otherwise entitled on account of such injury or death to the benefits of this chapter shall not be a bar to a claim for benefits under this chapter, provided that claim under this chapter is filed within two (2) years after such injury or death. If compensation is paid or awarded under this chapter:

(a) The medical and related benefits furnished or paid for by the employer under such other workmen's compensation law on account of such injury or death shall be credited against the medical and related benefits to which the employe would have been entitled under this chapter had claim been made solely under this chapter;

(b) The total amount of all income benefits paid or awarded the employe under such other workmen's compensation law shall be credited against the total amount of income benefits which would have been due the employe under this chapter, had claim been made solely under this chapter;

(c) The total amount of death benefits paid or awarded under such other workmen's compensation law shall be credited against the total amount of death benefits due under this chapter;

(3) If any employe is entitled to the benefits of this chapter by reason of an injury sustained in this state in employment by an employer who is domiciled in another state and who has not secured the payment of compensation as required by this chapter, the employer or his carrier may file with the board a certificate, issued by the commission or agency of such other state having jurisdiction over workmen's compensation claims, certifying that such employer has secured the payment of compensation under the workmen's compensation law of such other state and that with respect to said injury such employe is entitled to the benefits provided under such law, and that the benefits to which such employe or his dependents is entitled are at least as great as those to which he would be entitled if the injury occurred and was processed under Kentucky law, under Kentucky coverage. In such event:

(a) The filing of such certificate shall constitute an appointment by such employer or his carrier of the board as his agent for acceptance of the service of process in any proceeding brought by such employe or his dependents to enforce his or their rights under this chapter on account of such injury;

(b) The board shall send to such employer or carrier, by registered or certified mail to the address shown on such certificate, a true copy of any notice of claim or other process served on the board by the employe or his dependents in any proceeding brought to enforce his or their rights under this chapter;

(c) 1. If such employer is a qualified self-insurer under the workmen's compensation law of such other state, such employer shall, upon submission of evidence satisfactory to the board, of his ability to meet his liability to such employe under this chapter, be deemed to be a qualified self-insurer under this chapter;

2. If such employer's liability under the workmen's compensation law of such other state is insured, such employer's carrier, as to such employe or his dependents only, shall be deemed to be an insurer authorized to write insurance under and be subject to this chapter; provided, however, that unless its contract with said employer requires it to pay an amount equivalent to the compensation benefits provided by this chapter, its liability for income benefits or medical and related benefits shall not exceed the amounts of such benefits for which such insurer would have been liable under the workmen's compensation law of such other state;

(d) If the total amount for which such employer's insurance is liable under (c) above is less than the total of the compensation benefits to which such employe is entitled under this chapter, the board may, if it deems it necessary, require the employer to file security, satisfactory to the board, to secure the payment of benefits due such employe or his dependents under this chapter, and

(e) Upon compliance with the preceding requirements of this subsection (3), such employer, as to such employe only, shall be deemed to have secured the payment of compensation under this chapter.

(4) As used in this section:

(a) "United States" includes only the states of the United States and the District of Columbia;

(b) "State" includes any state of the United States, the District of Columbia, or any Province of Canada;

(c) "Carrier" includes any insurance company licensed to write workmen's compensation insurance in any state of the United States or any state or provincial fund which insures employers against their liabilities under a workmen's compensation law;

(d) A person's employment is principally localized in this or another state when:

1. His employer has a place of business in this or such other state and he regularly works at or from such place of business, or

2. If subparagraph 1. foregoing is not applicable, he is domiciled and spends a substantial part of his working time in the service of his employer in this or such other state;

(e) An employe whose duties require him to travel regularly in the service of his employer in this and one or more other states may, by written agreement with his employer, provide that his employment is principally localized in this or another such state, and, unless such other state refuses jurisdiction, such agreement shall be given effect under this chapter;

(f) "Workmen's compensation law" includes "occupational disease law."

Section 17. KRS 342.710 is amended to read as follows:

(1) One of the primary purposes of this chapter shall be restoration of the injured employe to gainful employment. To this end there is hereby created a rehabilitation panel which shall be composed of the director and specialists in medical and vocational rehabilitation to be appointed by the board.

(2) The panel shall continuously study the problems of rehabilitation, both physical and vocational, and shall investigate and maintain a directory of all rehabilitation facilities, both private and public. The board in consultation with the panel, shall approve as qualified such facilities, institutions and physicians as are capable of rendering competent rehabilitation service to seriously injured employes. No facility or institution shall be considered as qualified unless it is specifically equipped to provide rehabilitation services for persons suffering either from some specialized type of disability or general type of disability within the field of occupational injury and is staffed with trained and qualified personnel, and with respect to physical rehabilitation, unless it is supervised by a physician qualified to render such service. No physician shall be considered qualified unless he has had the experience and training specified by the board.

(3) An employe who has suffered an injury covered by this chapter shall be entitled to prompt medical rehabilitation services *for whatever period of time necessary to accomplish physical rehabilitation goals which are feasible, practical, and justifiable*. When as a result of the injury he is unable to perform work for which he has previous training or experience, he shall be entitled to such vocational rehabilitation services, including retraining and job placement, as may be reasonably necessary to restore him to suitable employment. *In all such instances, the board shall inquire whether* [If] such services *have been* [are not] voluntarily offered and accepted.[,] The board on its own motion, or upon application of *any party* [the employe, employer] or carrier, after affording the parties an opportunity to be heard [by the panel], may refer the employe to a qualified physician or facility for evaluation of the practicability of, need for, and kind of service, treatment or training necessary and appropriate to render him fit for a remunerative occupation. Upon receipt of such report, and after affording the parties an opportunity to be heard by the panel, the board, in consultation with the panel, may order that the services and treatment recommended in the report, or such other rehabilitation treatment or service he may deem necessary, be provided at the expense of the *defendants as*

apportioned in the award [employer]. Vocational rehabilitation training, treatment or service shall not extend for a period of more than *fifty-two (52)* [26] weeks except in unusual cases when by special order of the board, after hearing *and upon a finding, determined by sound medical evidence which indicates such further rehabilitation is feasible, practical and justifiable*, the period may be extended for additional periods.

(4) Where rehabilitation requires residence at or near the facility or institution, away from the employe's customary residence, reasonable cost of his board, lodging or travel shall be paid for by the *defendants* [employer].

(5) Refusal to accept rehabilitation pursuant to an order of the board shall result in a 50 percent loss of compensation for each week of the period of refusal.

(6) The board and the rehabilitation panel shall cooperate on a reciprocal basis with the Kentucky Bureau of Rehabilitation Services of the Department of Education and the Employment Services of the Kentucky Department of Economic Security.

Section 18. KRS 342.730 is amended to read as follows:

(1) Income benefits for disability shall be paid to the employe as follows[, subject to the maximum and minimum limits specified in KRS 342.740]:

(a) For total disability, sixty-six and two-thirds percent (66 ⅔%) of *the employe's* [his] average weekly wage *but not more than one hundred percent (100%) of the state's average weekly wage and not less than twenty percent (20%) of the state's average weekly wage as determined in KRS 342.740* during such disability.

(b) *For permanent, partial disability, sixty-six and two-thirds percent (66 ⅔%) of the employe's average weekly wage but not more than seventy-five percent (75%) of the state's average weekly wage as determined by KRS 342.740, multiplied by his percentage of disability caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American medical association, 1977 edition, or by his percentage of disability as determined under KRS 342.620 (11), whichever is more equitable under the circumstances of the particular case at issue, for a maximum period, from the date the disability arises, determined by multiplying one thousand five hundred and sixty (1,560) weeks by the percentage of disability, but such benefits shall not be paid after the employe becomes eligible for normal old age benefits under the federal old age, survivors and disability insurance act. Any temporary total disability period within the maximum period for permanent, partial disability benefits shall not extend the maximum period nor make payable a weekly benefit exceeding that determined in subsection (1)(a) of this section.* [In all other cases of permanent partial disability, including any disfigurement which will impair the future usefulness or occupational opportunities of the injured employe, or employe disabled by an occupational disease, income benefits shall be determined according to the percentage of disability, taking into account, among other things, any previous disability, the nature of the physical injury or disfigurement, the occupation of the injured employe and age at the time of injury or at the time the disability from an occupational disease began. The income benefits paid therefor shall be 66 ⅔ per cent of the average weekly earnings of the employe at the time of his injury, subject to the limitations contained in KRS 342.740, multiplied by the percentage of disability caused by the injury or occupational disease.] Notwithstanding any section of KRS Chapter 342 to the contrary, there shall be no minimum weekly income benefit for permanent partial disability.

[(c) For total permanent bodily loss or losses herein scheduled, after and in addition to the income benefits payable during the period of recovery, scheduled income benefits in the amount of sixty-six and two-thirds percent (66 ⅔%) of the average weekly wage as follows:

	BODILY LOSS	WEEKS OF DISABILITY

13.	Fourth toe	8
14.	Fifth toe	5
15.	Total loss of binaural hearing	156
16.	Total loss of vision of one eye	150

BODILY LOSS	WEEKS OF DISABILITY
17. Total loss of bilateral vision	520
18. Total loss, or total loss of use, of both hands, both arms, both feet or both legs	520

19. Phalanges: For loss of distal phalanx, one-half of the income benefits for loss of the entire digit. For loss of more than the distal phalanx of a digit, the same as loss of the entire digit.

20. Two or more digits: For loss of two or more digits, or one or more phalanges of two or more digits, of a hand or foot, scheduled income benefits may be proportioned to the loss of use of the hand or foot occasioned thereby, but shall not exceed the scheduled income benefits for loss of a hand or foot.

21. Total loss of use: Scheduled income benefits for permanent total loss of use of a member shall be the same as for loss of the member.

22. Partial loss or partial loss of use: Scheduled income benefits for permanent partial loss of use of a member shall be for a period proportionate to the period benefits are payable for total loss or total loss of use of the member as such partial loss bears to total loss.

23. Loss of hearing or partial loss of bilateral vision: Scheduled income benefits for partial loss of vision in one or both eyes, or total loss of hearing in one ear, or partial loss of hearing in one or both ears shall be for a period proportionate to the period benefits are payable for total bilateral loss of vision or total binaural loss of hearing as such partial loss bears to total loss. The provisions of paragraphs (d) to (h) of subsection (2) of this section shall apply to scheduled losses of hearing.

24. In any case in which there shall be a loss or loss of use of more than one member or parts of more than one member set forth in subparagraphs 1. to 23. of this subsection, scheduled income benefits shall be for the loss of use of each such member or part thereof, with the periods of benefits to run consecutively.

25. Other losses: Proper and equitable scheduled income benefits shall be paid for serious permanent disfigurement of face, head, neck or other area normally exposed and for loss or loss of function of a major member or organ when such disfigurement or loss is of a kind likely to handicap the employe in securing or holding employment.

26. In any case of total or partial loss of use of a member or organ, of hearing or vision, or in any case of disfigurement, determination of the period for which scheduled income benefits are payable shall not be made until the maximum of healing and of restoration function has been attained.

27. If the board finds as a fact that the effects of any of the injuries, or disabilities, from occupational diseases, or losses, mentioned in this section adversely affect a workman's ability to labor, or limit his occupational opportunities to obtain the kind of work he is customarily able to do; his compensation benefits shall not be limited to the amounts provided by this section, and he shall be awarded compensation benefits under some other applicable or appropriate section of this chapter which would provide more compensation benefits for his disability.

(2) Occupational deafness means permanent partial or permanent total loss of hearing of one or both ears caused by prolonged exposure to harmful noise in employment. The following provisions shall apply exclusively to loss of hearing compensable under this subsection:

(a) No claim for scheduled income benefits shall be heard until the lapse of six full consecutive calendar months after the termination of exposure to harmful noise in employment. The time limitation for the filing of claims for occupational deafness shall not begin to run earlier than the day following the termination date of such six months' period. The time for filing claim as provided under this paragraph shall be applicable not only in respect of the last employer, but also in respect of any prior employer who may have liability to pay compensation for the occupational deafness.

(b) No employer shall be liable for the payment of scheduled income benefits for occupational deafness unless the employe claiming benefits shall have worked for such employer in employment exposing the employe to harmful noise for a total period of at least 90 days.

(c) An employer, otherwise liable under this subsection, whose employment has contributed to any extent to an employe's occupational deafness shall be liable for the full extent of the deafness of the employe, unless such employer shall establish by competent evidence (including the results of a professionally controlled hearing test) the extent of the employe's deafness as it existed prior to exposure to harmful noise in the employer's employment. Upon such showing the employer shall be liable to the employe only for the proportion of the deafness attributable to employment by him. An employer liable to the employe for the full extent of the employe's occupational deafness may implead, in a compensation proceeding on the employe's claim, any prior employer or employers in whose employment the employe had been exposed to harmful noise, and if it should be found that the impleaded employer would have been liable to the employe under this subsection, had the employe proceeded against him, under the claim being adjudicated, the employer held liable shall be entitled to an award against the impleaded employer. The impleading of an employer shall be accomplished by notice on a form prescribed by the board. Such notice shall be sent to the impleaded employer and to the board. An award may be made in favor of the employer liable to the employe, and against the impleaded employer or employers, which award may be enforced in the same manner as awards to employes. The impleaded employer or employers shall bear equal shares with the employer of the employer's liability to the employe, unless the evidence warrants a different apportionment.

(d) Losses of hearing due to industrial noise for compensation purposes shall be confined to the frequencies of 500, 1,000, and 2,000 cycles per second. Loss of hearing ability for frequency tones above 2,000 cycles per second are not to be considered as constituting disability for hearing.

(e) The percent of hearing loss, for purposes of the determination of compensation claims for occupational deafness, shall be calculated as the average, in decibels, of the thresholds of hearing for the frequencies of 500, 1,000, and 2,000 cycles per second. Pure tone air conduction audiometric instruments, approved by nationally recognized authorities in this field, shall be used for measuring hearing loss. If the losses of hearing average 15 decibels or less in the three frequencies, such losses of hearing shall not then constitute any compensable hearing disability. If the losses of hearing average 82 decibels or more in the three frequencies, then the same shall constitute and be a total or 100 percent compensable hearing loss.

(f) In measuring hearing impairment, the lowest measured losses in each of the three frequencies shall be added together and divided by three to determine the average decibel loss. For every decibel of loss exceeding 15 decibels an allowance of one and one-half percent shall be made up to the maximum of 100 percent which is reached at 82 decibels.

(g) In determining the binaural percentage of loss, the percentage of impairment in the better ear shall be multiplied by five. The resulting figure shall be added to the percentage of impairment in the poorer ear and the sum of the two divided by six. The final percentage shall represent the binaural hearing impairment.

(h) Before determining the percentage of hearing impairment, in order to allow for the average amount of hearing loss from non-occupational causes found in the population at any given age, there shall be deducted from the total average decibel loss, one-half decibel for each year of the employe's age over 40 at the time of last exposure to industrial noise.

(i) No consideration shall be given to the question of whether or not the ability of an employe to understand speech is improved by the use of a hearing aid.]

(2)[(3)] The period of any [scheduled] income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if [scheduled] income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the [scheduled] income benefits payable on account of the subsequent disability in whole or in part would duplicate the [scheduled] income benefits payable on account of the pre-existing disability.

(3)[(4)] When an employe, who has sustained disability compensable under this section, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after such death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

(a) To the widow or widower, if there is no child under the age of 18 or incapable of self-support; or

(b) If there are both such a widow or widower and such a child or children, one-half to such widow or widower and the other half to such child or children; or

(c) If there is no such widow or widower but such a child or children, then to such child or children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750 or to both, in such proportions as the board may provide by regulation.

Section 19. KRS 342.740 is amended to read as follows:

(1) [The minimum weekly income benefits for disability shall not be less than 20 percent (computed to the next higher multiple of $1.00) and the maximum weekly income benefit shall not exceed 60 percent (computed to the next higher multiple of $1.00) of the average weekly wage of the state as defined herein. In any event, income benefits shall not exceed the average weekly wage of the injured employe.

(2)] For the purposes of this chapter the average weekly wage of the state shall be determined by the board as follows: On or before September 1 of each year, the total wages reported by subject employers under the Kentucky Unemployment Insurance law for the preceding calendar year shall be divided by the average monthly number of insured workers (determined by dividing the total number of insured workers reported for the preceding year by twelve). The average annual wage thus obtained shall be divided by 52 and the average weekly wage thus determined rounded to the nearest cent. Such average weekly wage shall be certified to the board by the department for human resources in a manner prescribed by the board by regulation. The average weekly wage as so determined shall be applicable for the full period during which income or death benefits are payable, when the date of occurrence of injury or of disablement in the case of disease, or of death, falls within the calendar year commencing January 1 following the September 1 determination.

(2)[(3)] Whenever a change in the average weekly wage of the state is of such amount that the minimum weekly income benefits for total disability or death are increased or decreased by $1.00 or more, or the maximum weekly income benefits for total disability or for death are increased or decreased by $2.00 or more computed in each case and rounded to the nearest dollar, an adjustment in those minimums or maximums which are affected in the requisite amount by the change in the average weekly wage of the state shall be made which will reflect the increase or decrease, but no change in such limitations shall otherwise be made.

SECTION 20. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

The board shall establish rules and regulations to expedite the payment of temporary total disability and medical expense benefits.

SECTION 21. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

On the effective date of this Act, the average insurance rate level for workers' compensation benefits required by this chapter shall be reduced by not less than twenty-seven percent (27%) from the average rate level in effect immediately prior to such date. Such reduced rates shall remain in effect for at least one (1) year. There shall be no exception to the requirements of this section unless the commissioner of insurance shall find that an intervening statutory change has caused such rates to be inadequate as defined under Chapter 304 of the Kentucky Revised Statutes. In such event, the commissioner may call for a public hearing pursuant to KRS 304.13 to determine an appropriate rate level.

SECTION 22. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

Notwithstanding the provisions of KRS 342.730 and 342.740, during the period the employe is eligible for permanent total disability benefits and is actively participating in a vocational or physical rehabilitation program, pursuant to a board order, the employe's benefits shall be calculated by taking eighty percent (80%) of his average weekly wage, but not more than one hundred percent (100%) of the state's average weekly wage, times the percentage of disability as determined in this chapter.

SECTION 23. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

On the effective date of this Act, any unfunded liability in the coal workers' pneumoconiosis fund shall be assumed by the special fund.

SECTION 24. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

If any provision of this Act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

SECTION 25. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

The reviser of statutes is directed to change the words "workmen's compensation" to "workers' compensation" wherever they appear in the Kentucky Revised Statutes.

SECTION 26. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

This Act shall be effective July 15, 1980; provided, however, that in the event federal law specifies that claims covered by provisions of this Act may be filed with a federal agency such claims shall continue to be filed as provided by the federal law until repeal or expiration of the federal law providing same; then, in that event, the increase in benefits provided by KRS 342.730 shall not apply to those claims where benefits are payable under the federal law. The benefits under KRS 342.730 as it existed prior to the effective date of this Act shall apply to those claims.

Section 27. The following sections of the Kentucky Revised Statutes are repealed:

342.004	Liberal construction of chapter — Presumption in case of pneumoconiosis or silicosis.
342.186	Notifying employe of statute of limitations.
342.317	Coal miners' pneumoconiosis fund.

(2) An annual ad valorem tax for state purposes of one and one-half (1-½) cents upon each one hundred dollars ($100) of value shall be paid upon the following classes of intangible personal properties, when such intangible personal properties have not acquired a taxable situs without this state:

(a) Accounts receivable, notes, bonds, credits, nondomestic bank deposits, and any other intangible property rights arising out of or created in the course of regular and continuing business transactions substantially performed outside this state.

(b) Patents, trademarks, copyrights and licensing or royalty agreements, relating thereto.

(c) Shares of capital stock of any affiliated company as defined in subsection (3) of this section and notes, bonds, accounts receivable and all other intercompany intangible personal property due from such company.

HB 721, AN ACT relating to police and firefighter retirement systems in cities of the second class.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 95.860 is amended to read as follows:

(1) Upon death of a member due to occupational causes, regardless of length of service, his surviving widow shall be entitled immediately upon cessation of salary to an annuity equal to fifty per cent (50%) of the member's last rate of salary. This annuity shall be payable until she dies or remarries. In addition, if minor children, under age eighteen (18), survive the member, the widow shall receive on account of each child, ten per cent (10%) of the member's last rate of salary until each child attains age eighteen (18). The combined payments to a widow and minor children shall not exceed seventy-five per cent (75%) of his final rate of salary.

(2) If a widow does not survive the member, or if she remarries, and minor children under age eighteen (18) exist, each child shall be entitled to an annuity equal to fifteen per cent (15%) of the member's last rate of salary until each child attains age eighteen (18), provided that the combined payments to such children shall not exceed fifty per cent (50%) of the member's last rate of salary.

(3) If neither a widow nor minor children, eligible for benefits survive the member, each dependent parent shall be entitled to an annuity equal to twenty-five per cent (25%) of the member's last rate of salary, or fifty per cent (50%) to both parents.

(4) *If a widow would receive from a combination of: (a) survivor benefits pursuant to this section, excluding benefits for minor children, and (b) workmen's compensation benefits, excluding dependent children's allowances or payments for medical expenses or legal fees related to the workmen's compensation claim, an amount greater than one hundred per cent (100%) of the deceased member's last rate of salary, then the pension system survivor benefits shall be reduced to the point that the combined payments equal one hundred per cent (100%) of the last rate of salary. The survivor benefit shall not be reduced, however, below an amount equal to two and one-half per cent (2 ½%) of average salary for each year of the deceased member's service. Any reduction in the survivor payment shall be based upon workmen's compensation benefits applicable at the time the survivor payment is granted, and not upon subsequent increases in either benefit. If workmen's compensation benefits are reduced at a subsequent time, the surviving spouse shall inform the board, and the board shall increase the survivor's benefit by the amount of the reductions, but not by more than an amount which would increase the survivor's benefit to fifty per cent (50%) of last rate of salary. The board of trustees may pay estimated benefits to a surviving spouse, upon qualification for the benefits, based upon an estimate of workmen's compensation benefits until such amounts are actually determined, at which time a final calculation of the spouse's actual benefits shall be determined and the account corrected retroactive to the effective date of the survivor benefit. If workmen's compensation benefits are paid in lump sums, the board shall reduce the survivor benefit on a monthly rather than a lump sum basis. The amount of the monthly reduction shall be based upon the life expectancy of the survivor. The board may request the assistance of the general manager of Kentucky retirement systems to calculate the reduction in survivor benefits when lump sum payments are involved, and the general manager shall provide such assistance upon request* [Benefits payable for occupational death shall be reduced by any amount payable to the member's survivors as a result of Workmen's Compensation laws].

Section 2. KRS 95.861 is amended to read as follows:

(1) Upon death of a member occurring while in service, arising from any cause other than in the performance of duty, provided the member has had at least three (3) years of total service, his widow shall receive an annuity equal to one and one-half per cent (1-½%) of average salary for each year of total service, credited to the member, subject to a maximum payment to the widow of fifty per cent (50%) and subject to the following conditions:

(a) The widow had been married to the member at least one (1) year prior to his death;

(b) The widow is at least forty-five (45) years of age, otherwise payment will be deferred until she attains such age, except that if she is or becomes totally disabled before age forty-five (45), or has a minor child or children by the member in her care under age eighteen (18), (including adopted children provided the proceedings for adoption were initiated at least one (1) year prior to death of member) payment of the widow's annuity will begin immediately together with an additional allowance on account of the child or children;

(c) The widow's annuity will terminate in any event when the widow remarries. The annuity of each child or children shall continue until each child attains age eighteen (18).

(2) If the widow has minor children under age of eighteen (18), the annuity to the widow shall be increased one-half (½) on account of the first child and one-fourth (¼) on account of each additional child, subject to a maximum combined payment to the widow and children of seventy-five per cent (75%) of the average salary as defined in KRS 95.851(m).

(3) If the pensioner is not survived by a widow and there are minor children the following benefits shall be paid: (a) one (1) minor child, fifty per cent (50%), (b) two (2) minor children, fifteen per cent (15%) additional, (c) three (3) or more minor children, ten per cent (10%) additional, subject to a maximum combined payment of seventy-five per cent (75%) of the average salary as defined in KRS 95.851(m). The annuity of each child or children shall continue until each child attains age eighteen (18), or, in the case of a child regularly employed in full-time educational activities the age of twenty-three (23). The annuity payments shall be reduced in reverse order.

(4) These benefits shall also be payable upon death of the member while on retirement, provided marriage was in effect for at least one (1) year before retirement.

[(5) Benefits payable under this section shall be reduced by any amount paid to the member's survivors for death due to occupational causes, other than from employment with the city, as a result of Workmen's Compensation laws.]

Section 3. KRS 95.862 is amended to read as follows:

(1) In the event a total and permanent occupational disability occurs, the member shall receive an annuity equal to seventy per cent (70%) of his last rate of salary. This benefit shall begin at such time as his salary may cease, and shall be paid during his entire lifetime. Upon his death, his eligible widow and minor children, if any, shall receive the benefits as provided under KRS 95.860.

(2) If the member retired for total and permanent occupational disability would receive from a combination of (a) pension disability payments pursuant to subsection (1) of this section, and (b) workmen's compensation payments, excluding spouse or dependent children's allowances or payments for medical expenses or legal fees related to the workmen's compensation claim, an amount greater than one hundred per cent (100%) of his last rate of salary, then the pension system benefits shall be reduced to the point that the combined payments equal one hundred per cent (100%) of the last rate of salary. The benefit shall not be reduced, however, below an amount equal to two and one-half per cent (2 ½%) of average salary for each year of the members service. Any reduction in the payment shall be based upon workmen's compensation benefits applicable at the time the payment is granted, and not upon subsequent increases in either benefit. If workmen's compensation benefits are reduced at a subsequent time, the retiree shall inform the board, and the board shall increase the benefit by the amount of the reductions, but not by more than an amount which would increase the benefit to seventy per cent (70%) of the last rate of salary. The board of trustees may pay estimated benefits to a retiree, upon qualification for the benefits, based upon an estimate of workmen's compensation benefits until such amounts are actually determined, at which time a final calculation of the actual benefits shall be determined and the account corrected retroactive to the effective date of the benefit. If workmen's compensation benefits are paid in lump sums, the board shall reduce the disability retirement annuity on a monthly rather than a lump sum basis. The amount of the monthly reduction shall be based upon the life expectancy of the retired member. The board may request the assistance of the general manager of Kentucky retirement systems to calculate the reduction in the retirement benefit when lump sum payments are involved, and the general manager shall provide such assistance upon request [Benefits payable to the member shall be reduced by any amount paid to the member pursuant to Workmen's Compensation laws].

Section 4. KRS 95.863 is amended to read as follows:

(1) Upon total and permanent disability of a member as the result of any cause other than occupational disability, if a member shall have rendered at least ten (10) years of total service, he shall be entitled to a disability retirement annuity. The amount of such annuity shall be equal to two and one-half per cent (2 ½%) of average salary, as defined in KRS 95.851 (m), for each full year of total service, subject to a minimum payment of twenty-five per cent (25%) of such average salary, and a maximum payment of fifty per cent (50%) of average salary. Payment of this annuity shall be made during disability of the member. Upon death of the member, if an eligible widow or minor children survive, such survivors shall be entitled to the regular annuities provided under KRS 95.861.

(2) Any annuity for nonoccupational disability shall begin to accrue upon the expiration of ninety (90) days following the commencement of disability provided that if the member is receiving salary for sick leave for a period of more than ninety (90) days, payment shall accrue from the date such salary ceases. If written application for such annuity shall not have been filed with the board prior to the expiration of ninety (90) days from the date of disability, the annuity shall begin to accrue from the date the application shall be filed but not prior to the expiration of ninety (90) days from the date of disability, nor in any event prior to the time when salary payments to the employe shall have ceased.

[(3) Benefits payable to the member under this section shall be reduced by any amount payable to the member pursuant to Workmen's Compensation laws for disability arising out of employment other than with the city.]

Section 5. KRS 95.864 is amended to read as follows:

(1) For the purpose of KRS 95.851 to 95.885, a member shall be considered totally and permanently disabled after the board shall have received written certification by at least two (2) licensed and practicing physicians selected by the board that the member is totally and likely to be permanently disabled for the further performance of the duties of any assigned position in the service of the department. If upon consideration of the report of such physicians and such other evidence as shall have been presented to it by the member or others interested therein, the board finds the member to be totally and permanently disabled, it shall grant him a disability retirement annuity upon written certification that the member has been separated from the service of the city because of total disability of such nature as to reasonably prevent further service for the employer, and as a consequence is not entitled to compensation from the city.

(2) If, after the board grants a policeman or firefighter a disability retirement annuity, the board determines that a policeman so retired is performing police work for another employer, or that a firefighter so retired is performing fire fighting duties for another employer, and that the duties performed for the new employer are substantially the same as those which the retired member performed for the city, then the board may terminate the retired member's disability retirement annuity.

(3) If the board terminates a retired member's disability retirement annuity pursuant to subsection (2) of this section, the city shall offer the member reemployment with the police or fire department in order that the member may, if he chooses, complete the service required for normal retirement. Time spent in disability retirement shall not count as service credit for normal retirement.

(4) A retired member aggrieved by termination of his disability retirement annuity may appeal the decision of the board to the circuit court of the county in which the board is located. The scope of the appeal shall be limited to whether the board abused its discretion in terminating the retirement benefit.

A "mass transportation program" may also include a method for the public body or public bodies to finance principal and interest payments on any general obligation bonds issued pursuant to KRS 96A.120, or to finance transportation related facilities to promote the movement of vehicles and people.

(2) Public bodies which have been parties to the creation and establishment of transit authorities, or who constitute the membership of such transit authorities, may, acting either individually or jointly, submit to either (i) the electorates of such public bodies, or (ii) the electorate of the transit area encompassed by any such transit authority, but only in the manner and pursuant to the procedures set forth in KRS 96A.310 to 96A.370, one or more proposals for the approval of a mass transportation program to be financed by additional voted levies of ad valorem taxes upon all taxable property in such public body or public bodies. Such additional voted levies of ad valorem taxes upon all taxable property in any such public body shall never exceed in the aggregate the limits prescribed by the Constitution of Kentucky for any such public body.

(3) Public bodies which have been parties to the creation and establishment of transit authorities, or who constitute the membership of such transit authorities, may, acting either individually or jointly, submit to either (i) the electorates of such public bodies, or (ii) the electorate of the transit area encompassed by any such transit authority, but only in the manner and pursuant to the procedures set forth in KRS 96A.310 to 96A.370, one or more proposals for the approval of a mass transportation program to be financed by voted levies of occupational license fees. NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 177 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby created a special energy road fund in the state treasury to be administered by the department of transportation. The special energy road fund may receive state appropriations, gifts, grants, and federal funds.

(2) Money in the special energy road fund shall be used only for the construction, reconstruction, repair and maintenance of public highways, roads, streets or bridges in "coal producing counties" as defined in KRS 177.960(3) and only as provided in Section 4 of this Act.

SECTION 2. A NEW SECTION OF KRS CHAPTER 189 IS CREATED TO READ AS FOLLOWS:

(1) Notwithstanding any other provisions of law, the department of transportation may issue energy road hauling permits for the operation of motor vehicles in coal producing counties as defined in KRS 177.960(3) for the purpose of hauling coal in motor vehicles whose gross weight, including vehicle and load, exceeds the limits prescribed by KRS Chapter 189. If the applicant for a permit desires to use motor vehicles with less than five (5) axles, then the applicant shall demonstrate to the satisfaction of the department that the use of five (5) axle vehicles is impracticable. Such permit may be issued to any individual, partnership, joint venture, association or corporation engaged in severing and/or processing coal who is a taxpayer pursuant to KRS Chapter 143. Such permit shall designate the portions of the state road system established pursuant to KRS 177.020 or county roads as set forth in KRS 178.010 over which such vehicles may operate pursuant to the permit. Such permit shall only be issued for the state or county roads connecting the coal mine to the first point of transfer to a coal processing or handling facility and the longest route from point of origin to point of destination shall not exceed thirty (30) miles for any such designation unless the secretary of the department determines, in his discretion, that a permit be issued for a greater distance. Such permit shall be upon such terms and conditions as the department may, in its discretion, require in the public interest. The department shall require, as a condition to the issuance of a permit, that the permittee agree to pay to the department the sum of fifteen cents (15¢) per ton of coal transported by the permittee on the portions of the state or county roads designated in the permit as long as such payment is required pursuant to Section 4 of this Act. Said permit shall remain in effect as long as the terms, conditions and agreements set forth in the permit are complied with by the permittee. The operation of any motor vehicle in accordance with the terms and conditions of any such permit shall not constitute a violation of the weight provisions of KRS Chapter 189, if the operator possesses a permit, or a copy of it, authenticated as required by the department.

(2) The department shall not issue a permit under this section to operate a vehicle over a county road unless an agreement for the issuance of permits pursuant to this Act shall have been entered into between the department and the fiscal court of the county in which such county road is located.

(3) The department shall not issue a permit under this section for a vehicle whose gross weight, including vehicle and load, exceeds eighty thousand (80,000) pounds.

(4) No person shall operate a motor vehicle in violation of the terms and conditions of any permit issued by the department pursuant to this section.

(5) The department is hereby empowered to:

(a) Exercise general supervision of the administering and enforcement of this section;

(b) Adopt rules and regulations with respect to the issuance of a permit, including, but not limited to, rules and regulations concerning the duration of a permit and weight limits for various types of vehicles and roads;

(c) Issue, continue in effect, revoke, modify or deny, under such conditions as the department may prescribe, permits provided for under this section.

Section 3. KRS 143.030 is amended to read as follows:

(1) Every individual, partnership, joint venture, association, or corporation engaged in severing and/or processing coal shall, prior to July 1, *1980*[1978], or prior to severing and/or processing coal in this Commonwealth, file an application for a certificate of registration in such form as the department may prescribe *and said application shall be accompanied by a copy of the transportation plan as required by KRS 350.060 or 351.175.* Every application shall be signed by the owner if a natural person; in the case of an association or partnership, by a member or partner; in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application.

(2) On or before the twentieth day of the month following the reporting period in which any coal is severed and/or processed, the taxpayer severing and/or processing such coal shall file with the department a tax return in such form as the department may require and remit the amount of the tax due. *The tax return shall specify the energy road hauling permit number or numbers, if any, issued pursuant to this Act under which coal was transported over state or county roads and shall specify the amount of coal transported pursuant to the issuance of each permit and the permittee shall also remit to the department the amount of payment due to the issuance of the permit pursuant to Section 2 of this Act.* A tax return is required for each reporting period even though there may be no tax liability.

(3) Whenever any taxpayer fails to comply with any provisions of this chapter, or any rule or regulation of the department relating thereto, the department may order the suspension or revocation of the certificate of registration held by such taxpayer.

(4) Any taxpayer, including any officer of a corporation, who conducts a coal severing and/or processing operation in this state without obtaining a certificate of registration or after a certificate of registration has been suspended or revoked, shall be guilty of a misdemeanor and upon conviction therefor, shall be fined an amount not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) or imprisoned for a period not to exceed six (6) months or both such fine and imprisonment.

SECTION 4. A NEW SECTION OF KRS CHAPTER 177 IS CREATED TO READ AS FOLLOWS:

(1) All monies paid to the department pursuant to the issuance of permits under the provisions of Section 2 of this Act shall be transmitted to the state treasury and be maintained in a special energy road fund to be administered by the department.

(2) All surplus funds in the special energy road fund shall be invested as provided for in KRS 41.380 and interest earned shall be credited to the special energy road fund to be administered by the department as set forth in this section.

(3) The department shall maintain a separate account for each permit issued pursuant to Section 2 of this Act in order to construct, reconstruct, repair and maintain state or county roads designated in the permit. Money expended from any account shall only be utilized to supplement and not in substitution of other funds available for the purpose of constructing, reconstructing, repairing, or maintaining roads designated in the permit. Money expended from any account shall be utilized primarily for the purpose of drainage correction, establishing a road base and road surfacing. The department after consultation with the permittee, shall develop a program for the maintenance and improvement of the roads designated in the permit. The program developed shall take into account the volumes of coal to be transported, the length of time the permit is expected to remain in effect and needs of the traveling public. The ultimate purpose of this program shall be to produce a paved road that will meet the needs of the traveling public and will withstand the loads to which the road is subjected and to improve the least serviceable portion of the road.

(4) Each separate account maintained pursuant to subsection (2) of this section shall be credited with the monies paid into the special energy road fund pursuant to subsection (1) of this section and an additional amount equal to two (2) times said payment as provided for in subsection (9) of Section 6 of this Act.

(5) The expenditure of any money in any account shall be in the sole discretion of the secretary of the department of transportation provided that any money to be expended from any account for the purpose of constructing, reconstructing, repairing or maintaining a county road shall be allocated to the fiscal court of the county in which the road is located for expenditure by the fiscal court on such road.

(6) Any expenditure of money from two (2) or more accounts for the construction, reconstruction, repair or maintenance of the same portion of a road designated in the permits shall be apportioned to each permit account according to the balance in each account as of the date of authorization provided for in subsection (5) of this section.

(7) Each account provided for in this section shall be maintained by this department as long as a permit issued pursuant to Section 2 of this Act remains in effect and also until all funds in the account have been expended.

(8) In the event that funds collected under the provisions of Section 2 of subsection (2) of this Act are determined by the department to be sufficient for the maintenance of the roads designated by the permit for the duration of the time period provided by said permit, the department may exempt further payment by the permit holder. In order for the exemption from payment to be granted, it shall be demonstrated that

the roads designated in the permit are paved roads that will meet the needs of the traveling public and will withstand the loads to which the roads are subjected.

(9) After said exemption from further payment is granted, should a special energy road fund account become depleted or it is determined that further maintenance will be required as a result of transportation demand, the department shall reinstitute the requirement for pay as prescribed in Section 2, subsection 2 of this Act.

Section 5. KRS 189.230 is amended to read as follows:

(1) The bureau, in respect to state and federal highways, and county judges/executive in respect to county highways, may prescribe, by notice as provided in subsection (2) of this section, load and speed limits lower than the limits prescribed in KRS 189.221 and subsection (3) of KRS 189.390, respectively, whenever in its judgment any highway may, by reason of its design, deterioration, rain or other natural causes, be damaged or destroyed by motor trucks or semitrailer trucks, if their gross weight or speed exceeds certain limits*; provided, however, that the bureau shall have exclusive authority to control said limits on the portions of county roads over which permits have been issued to operate overweight motor vehicles under Section 2 of this Act*. The bureau or county judges/executive may, by like notice, regulate or prohibit the operation of motor trucks or semitrailer trucks on state highways or county roads for limited periods of specified days, or parts of days, if their load and speed exceed those limits, whenever, in its or their judgment, such regulations or prohibition is necessary, by reason of traffic density or intensive use by the traveling public, to provide for the public safety and convenience on the highway*; provided, however, that the bureau shall have exclusive authority to regulate or prohibit such operation on portions of county roads over which permits have been issued to operate overweight motor vehicles under Section 2 of this Act*.

(2) The notice or the substance of it shall be posted at conspicuous places at the termini of and at all intermediate crossroads and road junctions with the section of the highway to which the notice applies. After such a notice has been posted, no person shall operate any motor truck or semitrailer truck contrary to its provisions.

Section 6. KRS 177.960 is amended to read as follows:

(1) There is hereby created an energy road fund, hereinafter referred to as the "fund," in the state treasury to be administered by the department of transportation. The fund may receive state appropriations, gifts, grants and federal funds.

(2) Money in the fund shall be used for the construction of public roads or for any other activities administered by the department of transportation including the construction or reconstruction, repair and maintenance of any public highway, road, street or bridge only in "coal producing counties" as defined in subsection (3) of this section.

(3) As used in this section, "coal producing county" shall mean a county in which coal was severed within the meaning of Chapter 142 of the Kentucky Revised Statutes and upon which severance the tax applicable thereto was reported and remitted prior to January 1, 1976.

(4) By August 15 *of each* [, 1976 for fiscal] year [1976-77, and by August 15, 1977 for fiscal year 1977-78], the secretary of the department of finance shall notify the secretary of the department of transportation and the fiscal court of each coal producing county of the total amount in the fund available for expenditure within each such county, which shall be calculated for each fiscal year of the biennium by multiplying the *balance of the* [total] amount appropriated to or otherwise received by *and remaining in* the fund *after the transfer from the fund to the special energy road fund pursuant to subsection (9) of this section* by a fraction the numerator of which shall be the total tons of coal severed in each coal producing county and the denominator of which shall be the total tons of coal severed in all coal producing counties during the fiscal year next preceding that for which allocations of the fund are made. *Except as provided in subsection (9) of this section, twenty (20)* [sixty (60)] percent of the funds available to each county shall be restricted for use on the state primary road system. *Except as provided in subsection (9) of this section, eighty (80)* [Forty (40)] percent shall be restricted for use on the county road system on projects selected by the fiscal court.

(5) The provisions of any other law notwithstanding, the governor shall include in the biennial budget report and in the draft appropriation act or acts submitted to each regular session of the general assembly pursuant to KRS 45.030 and 45.040, for the biennium period beginning July 1, 1980, and for each biennium thereafter, recommendations for appropriations from the general fund to be made by the general assembly to the energy road fund and the coal impact road fund established by KRS Chapter 177.

(6) The amount to be recommended for the appropriation to the energy road fund, in addition to the amount provided for in subsection *(8)*[(9)] of this section, shall be nine and six-tenths percent (9.6%) of the severance tax estimate for each fiscal year of the biennium.

(7) [Any balance remaining in the fund at the close of the fiscal year 1976-77 shall not lapse, but shall continue into fiscal year 1977-78.

(8)] Within thirty (30) days thereafter the bureau of highways shall consult with the fiscal courts of each coal producing county for the purpose of receiving recommendations from said fiscal courts for the selection of public roads, highways, streets and bridges for construction, reconstruction, repair and maintenance as provided in KRS 177.330, 177.340 and 177.350, provided, however, that nothing herein shall be construed to limit expenditures from the fund upon secondary and rural roads.

(8)[(9)] In addition to all other appropriations provided by law in subsections (1) through (6) of this section, there is appropriated to the fund for expenditure in accordance with this section in fiscal year 1979-80, seventy-five percent (75%) of the total coal severance tax received during the fiscal year 1978-79 in excess of one hundred sixty-five million, seven hundred seventy-five thousand, six hundred forty-four dollars ($165,775,644) and for expenditure in accordance with this section in fiscal year 1980-81, seventy-five percent (75%) of the total severance tax received during the fiscal year 1979-80 in excess of one hundred ninety-two million, two hundred seventy-seven thousand, eight hundred ninety-four dollars ($192,277,894) and thereafter during each succeeding fiscal year there is appropriated to the fund in addition to funds appropriated through subsections (1) through (6) of this section, monies amounting to one-twenty fourth (1/24) of the total severance taxes received during the immediately preceding fiscal year. Any unexpended balance remaining in the fund at the close of each fiscal year shall not lapse, but shall continue to the next fiscal year for expenditure in accordance with this section.

(9) At the beginning of fiscal year 1980-81 and the beginning of each fiscal year thereafter, the secretary of the department of transportation shall determine the funding requirement of the special energy road fund for the fiscal year in order to provide the funds necessary to credit each account maintained pursuant to subsection (2) of Section 4 of this Act with an amount equal to two (2) times the amount credited to each account pursuant to subsection (3) of Section 4 of this Act and such amount shall be transferred to the special energy road fund from the energy road fund.

(10) Thirty-three and one-third percent (33-⅓%) of the *balance remaining in the energy road fund at the close of fiscal year 1980-81 and the balance remaining at the close of each fiscal year thereafter after the transfer of funds to the special energy road fund as provided for in subsection (9) of this section* [amounts appropriated in subsection (9) of this section shall] be expended in coal producing counties through which coal is regularly transported over public highways, roads or streets designated as a part of the state coal haul road system by the department of transportation. On or before August 15, 1979 and each year thereafter, the department of transportation shall publish a directory, including supporting maps and other documents, designated the official coal haul road system in coal producing counties which shall include all public highways, roads and streets over which quantities of coal sufficient to significantly affect the condition and state of repair of such highways, roads and streets, have been transported in the immediately preceding fiscal year. The department shall further publish the total mileage of the official state coal haul road system within each coal producing county. The amount appropriated to each county shall be determined by multiplying thirty-three and one-third percent (33-⅓%) of the *balance remaining in the energy road fund* [amount received by the fund] pursuant to subsection (9) of this section by a fraction the numerator of which shall be the total miles of official coal roads in each coal producing county and the denominator of which shall be the total miles of official coal roads in all coal producing counties. The remaining sixty-six and two-thirds percent (66-⅔%) of the *balance remaining in the energy road fund at the close of fiscal year 1980-81 and the balance remaining at the close of each fiscal thereafter after the transfer of funds to the special energy road fund as provided for* [amounts appropriated] in subsection (9) of this section shall be expended in coal producing counties on the basis of the total value of coal severed and/or processed in each county. Such amount shall be determined by multiplying sixty-six and two-thirds percent (66-⅔%) of the *balance remaining in the energy road fund* [amount received by the fund] pursuant to subsection (9) of this section by a fraction the numerator of which shall be the total gross value of coal severed and/or processed in each coal producing county and the denominator of which shall be the total gross value of coal severed and/or processed in all coal producing counties during the fiscal year next preceding that for which allocations of the fund are made.

(11) Every person shipping or transporting coal, and every carrier for hire or common carrier hauling coal over the public highways, roads and streets shall file with the department of transportation such information and at such intervals as the department shall designate by regulation duly adopted for the purpose of identifying those highways, roads and streets comprising the coal haul road system and the quantities of coal transported thereon*; provided, however, that a permittee issued a permit pursuant to Section 2 of this Act who complies with the provision of Section 3 of this Act shall not be required to comply with the provisions of this subsection.*

(12) Any person who fails to file the information and reports as required pursuant to subsection (11) of this section or fails to comply with any duly adopted regulation pursuant to said subsection or any person who files false information and reports pursuant to said subsection or regulation shall be fined not less than one hundred dollars ($100) nor more than five hundred dollars ($500).

SECTION 7. A NEW SECTION OF KRS CHAPTER 177 IS CREATED TO READ AS FOLLOWS:

A person is guilty of a class A misdemeanor who operates or causes to be operated any motor vehicle in violation of the terms and conditions of any permit issued by the department pursuant to Section 2 of this Act for which another penalty is not specifically provided.

HB 860, AN ACT relating to motor vehicle registration.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 186.045 is amended to read as follows:

(1) Financing statements relating to vehicles required to be registered in Kentucky by the county clerk shall be filed in the office of the county clerk of the county in which the debtor resides or, if the debtor is a nonresident, in the office of the county clerk in which the vehicle is principally operated.

(2) (a) Whenever a financing statement required by KRS chapter 355 relating to any vehicle registered or required to be registered in Kentucky for use on the highway is presented to a county clerk for filing, such clerk shall also immediately note information required by the department relative thereto on the owner's copy of the certificate of registration and ownership or transfer receipt issued for the current registration period as noted in subsection (2) of KRS 186.170, which the secured party must obtain and present to the county clerk, along with the financing statement, within fifteen (15) days after execution of the security agreement. The clerk shall also note such information on the clerk's copy of the certificate of registration and ownership or transfer receipt maintained in his office in numerical order. *The clerk shall not be civilly liable for a failure to note such information on either the owner's or clerk's copy of the certificate of registration and ownership or transfer receipt. The secured party shall assume responsibility for a complete and exhaustive search for a lien.* The clerk noting the information on the owner's copy of the certificate of registration and ownership or transfer receipt shall return such receipt to the owner within five days after making such notation. For filing the financing statement, the clerk shall collect a fee pursuant to KRS 64.012 from the secured party and, in addition, for noting the security interest on the required receipts, the clerk shall collect from the secured party a fee pursuant to KRS 64.012 for each additional motor vehicle included on the financing statement.

(b) Whenever a financing statement affecting a vehicle is presented to a county clerk for filing in any county other than the one in which the current receipt was issued, the county clerk shall, in addition to the other requirements of this section, mail a notice of the security interest on a form furnished by the department to the clerk of the county in which the current receipt was issued. Upon receipt of said notice, the county clerk shall attach it to the copy of the current receipt on file, maintained in numerical order, in the county clerk's office and note the security interest on the clerk's copy of the receipt.

(3) For failure to present both the current receipt and financing statement within the time prescribed by subsection (2)(a), the secured party shall not be allowed thereafter to file the financing statement in order to perfect the security interest thereon.

(4) Whenever a perfected security interest is assigned, the assignor shall immediately give a statement of assignment to the assignee and at the same time deliver another copy of such statement to the debtor. The assignee shall, within thirty (30) days thereafter, present a copy of the statement of assignment to the county clerk in whose office the financing statement is on file. Upon receipt of the assignment, the county clerk shall mark the same as provided in subsection (2) of KRS 355.9-405 and attach it to the original financing statement. For this service the county clerk shall collect a fee pursuant to KRS 64.012.

(5) Whenever a security interest has been discharged, other than by proceedings under KRS 355.9-501 through 355.9-507 or similar proceedings, the secured party shall, within fifteen (15) days thereafter, deliver a termination statement in the manner required by KRS 355.9-404 to the county clerk of the county in which the financing statement is filed. For failure to file the termination statement within the allowable time, the secured party shall be subject to the penalty provided in KRS 186.990(1). Within five (5) days after the receipt of such documents, the county clerk shall note the filing in the index and, in addition, note on the clerk's copy of the current receipt maintained in his office in numerical order, in language prescribed by the department that the termination statement has been filed. Upon presentation of the owner's copy of the receipt showing such security interest, the clerk shall also note on such receipt that the termination statement has been filed and place the seal of the county clerk thereon. The clerk shall return the owner's receipt to the owner. The county clerk shall remove the financing statement from his files, mark "terminated" thereon and send or deliver it to the secured party along with any continuation statement, statement of assignment or statement of release pertaining thereto. The county clerk shall then file the termination statement in the place from which the financing statement was removed. Termination statements must be retained in the clerk's files for a period of two (2) years subsequent to the date of filing such statement, at which time they may be destroyed. No fee shall be collected for these services by the clerk. Once a security interest has been noted on the owner's copy of a certificate of registration and ownership or transfer receipt, no subsequent certificate of registration and ownership or transfer receipt may be issued by any county clerk free of such notation unless the owner's copy of the current receipt is presented to the clerk and it has noted thereon by the proper county clerk that the termination statement therefor has been filed. If this requirement

is met, information relating to any security interest shown on the receipt as having been terminated may be omitted from the receipt to be issued by the clerk.

(6) Whenever any secured party repossesses a vehicle registered with a county clerk, for which a financing statement has been filed, and disposes of such vehicle pursuant to the provisions of KRS chapter 355, he must present, within fifteen (15) days after such disposition, an affidavit in form prescribed by the department and a termination statement or proof that such termination statement has been filed. The new owner shall pay all applicable fees for registering and transferring the vehicle to the county clerk. Upon receipt of such documents, the county clerk who issued the current receipt shall then omit from the certificate of registration and ownership or transfer receipt he issues any information relating to the security interest under which the vehicle was repossessed or any security interest subordinate thereto. However, any security interest, as shown by such clerk's copy of the current receipt, which is superior to the one under which the vehicle was repossessed, must be shown on the receipt issued by the clerk unless the prior secured party has terminated such security interest in such clerk's office or proof of termination is submitted in case such prior security interest was discharged in another clerk's office.

(7) Whenever any vehicle brought into this state is required to be registered with a county clerk and such vehicle is then subject to a security interest in another state as shown by the out of state documents presented to the clerk, the county clerk is prohibited from registering the vehicle unless the owner obtains from the secured party a financing statement and presents same to the clerk along with all fees due. Such a financing statement must conform to the requirements of subsection (3) of KRS 355.9-402. The clerk shall note the out of state security interest on the new registration receipt and on the clerk's copy thereof. This provision does not apply to vehicles required to be registered in Kentucky under forced registration provisions under KRS 186.145. The penalty provided in subsection (3) of this section shall not apply to this subsection.

(8) The fees provided for in this section are in addition to any state fee provided for by law.

(9) Any person violating any provision of this section or any person refusing to surrender a certificate of registration and ownership or transfer certificate upon request of any person entitled thereto, is subject to the penalties provided in subsection (1) of KRS 186.990.

(10) The county clerk is prohibited from filing any financing statement on any vehicle subject to the provisions of this section if a certificate of registration and ownership or transfer receipt therefor is presented to him which has all the spaces provided thereon for noting security interests fully exhausted. The owner must see to it that a termination statement is filed for each discharged security interest and then a duplicate receipt as provided for in KRS 186.180 must be obtained from the clerk by the owner of the vehicle.

(11) Security interests in vehicles sold to or owned by residents of other states must be perfected in the state of such nonresident and repossession of the vehicle must be taken pursuant to the laws of such state, unless the vehicle is principally operated in Kentucky and is properly registered herein under KRS 186.020 and the security interest is authorized to be filed with the county clerk under KRS 355.9-401. However, a security interest on any vehicle which is not used on the public highways and for that reason is not required to be registered for highway use may be filed with the county clerk as otherwise permitted under KRS chapter 355.

Section 3. KRS 209.030 is amended to read as follows:

(1) The secretary may, within his discretion, adopt such rules, regulations, procedures, guidelines, or any other expressions of policy necessary to effect the purpose of this chapter insofar as such action is reasonably calculated to serve the public interest.

[(a)] The secretary may take necessary action and may offer or cause to be offered protective services toward safeguarding the welfare of an adult who has experienced abuse or neglect, inflicted or caused by a spouse.

[(b) The provisions of paragraph (a) of this subsection shall not apply unless the adult agrees, in writing, to prosecute the spouse.]

(2) Any person, including, but not limited to, physician, *law enforcement officer,* nurse, social worker, department personnel, coroner, medical examiner, alternate care facility employe, or caretaker, having

reasonable cause to suspect that an adult has suffered abuse, neglect, or exploitation, shall report or cause reports to be made in accordance with the provisions of this chapter. Death of the adult does not relieve one of the responsibility for reporting the circumstances surrounding the death.

(3) An oral or written report shall be made immediately to the department upon knowledge of the occurrence of suspected abuse, neglect, or exploitation of an adult. Any person making such a report shall provide the following information, if known: The name and address of the adult, or of any other person responsible for his care; the age of the adult; the nature and extent of the abuse, neglect, or exploitation, including any evidence of previous abuse, neglect, or exploitation; the identity of the perpetrator, if known; the identity of the complainant, if possible; and any other information that the person believes might be helpful in establishing the cause of abuse, neglect, or exploitation.

(4) Upon receipt of the report, the department shall take the following action as soon as practical:

(a) Notify the appropriate law enforcement agency;

(b) Initiate an investigation of the complaint; and

(c) Make a written report of the initial findings together with a recommendation for further action, if indicated.

(5) Any representative of the department may enter any health facility or health service licensed by the department at any reasonable time to carry out *the department's* [its] responsibilities under this chapter. *Any representative of the department actively involved in the conduct of an abuse, neglect, or exploitation investigation under this Act shall also be allowed access to the mental and physical health records of the adult which are in the possession of any individual, hospital, or other facility if necessary to complete the investigation mandated by this chapter.*

(6) Any representative of the department may with consent of the adult or caretaker enter any private premises where any adult alleged to be abused, neglected, or exploited is found in order to investigate the need for protective services for the purpose of carrying out the provisions of this chapter. If the adult or caretaker does not consent to the investigation, a search warrant may issue upon a showing of probable cause that an adult is being abused, neglected, or exploited, to enable a representative of the department to proceed with the investigation.

(7) If a determination has been made that protective services are necessary when indicated by the investigation, the department shall provide such services within budgetary limitations, except in such cases where an adult chooses to refuse such services.

(8) In the event the adult elects to accept the protective services to be provided by the department, the caretaker shall not interfere with the department when rendering such services.

Section 4. KRS 209.040 is amended to read as follows:

Any [circuit] court may upon proper application by the department issue a [temporary] restraining order or other injunctive relief to prohibit any violation of this chapter, regardless of the existence of any other remedy at law.

SECTION 5. A NEW SECTION OF KRS CHAPTER 209 IS CREATED TO READ AS FOLLOWS:

(1) If an adult lacks the capacity to consent to receive protective services in an emergency, these services may be ordered by a court on an emergency basis through an order pursuant to Section 6 of this Act, provided that:

(a) The adult is in a state of abuse or neglect and an emergency exists;

(b) The adult is in need of protective services;

(c) The adult lacks the capacity to consent or refuse to consent to such services; and

(d) No person authorized by law or court order to give consent for the adult is available to consent to emergency protective services or such person refuses to give consent.

(2) In ordering emergency protective services, the court shall authorize only that intervention which it finds to be the least restrictive of the individual's liberty and rights while consistent with his welfare and safety.

SECTION 6. A NEW SECTION OF KRS CHAPTER 209 IS CREATED TO READ AS FOLLOWS:

(1) A petition by the department for emergency protective services shall be verified by an authorized representative of the department and shall set forth the name, age, and address of the adult in need of protective services; the nature of the disability of the adult, if determinable; the proposed protective services; the petitioner's reasonable belief, together with the facts supportive thereof, as to the existence of the facts, and the facts showing the petitioner's attempts to obtain the adult's consent to the services and the outcomes of such attempts. The petition and all subsequent court documents shall be entitled: "In the interest of________________an adult in need of protective services." The petition shall be filed in the court of the adult's residence, or if filed pursuant to Section 7 of this Act, the court of the county in which the adult is physically located.

(2) When a petition for emergency protective services is filed, the court or the clerk shall immediately appoint a guardian ad litem to represent the interest of the adult. The duties of a guardian ad litem representing an adult for whom a petition for emergency protective services has been filed shall include personally interviewing the adult, counseling with the adult with respect to this Act, his rights and providing competent representation at all proceedings, and such other duties the court may order.

(3) Following the filing of a petition, a summons shall be issued and served with a copy of the petition, and notice of the time, date and location of the hearing to be held on the petition. Service shall be made upon the adult and his committee or, if none, his caretaker. Should the adult have no committee or caretaker, service shall be made upon the adult's guardian ad litem. Notice of the hearing shall be given to the adult's spouse, or, if none, to his adult children or next of kin, unless the court is satisfied that notification would be impractical. Service of the petition shall be made at least three (3) calendar days prior the hearing for emergency protective services.

(4) The hearing on the petition for an emergency order for protective services shall be heard under the following conditions:

(a) The hearing on the petition, in the interests of expedition, may be held in any county within the judicial district served by the court. The court shall give priority to the holdings of the hearings pursuant to petitions filed under this chapter;

(b) The adult or his representative may present evidence and cross-examine witnesses; and

(c) The adult or his representative may petition the court to have any order which is entered to this Act, set aside or modified for good cause.

(5) Where protective services are rendered on the basis of an order pursuant to this section, the department shall submit a report to the court describing the circumstances including the name, place, date, nature of the services. Such report shall be made at least once or on a monthly basis if protective services are provided the adult for a period of longer than one (1) month.

(6) The fee of the guardian ad litem shall be paid by the department not to exceed three hundred dollars ($300). This fee is not to be paid to attorneys employed by government funded legal services programs.

SECTION 7. A NEW SECTION OF KRS CHAPTER 209 IS CREATED TO READ AS FOLLOWS:

(1) Upon petition by the department a court may issue an order authorizing the provision of emergency protective services to an adult after a hearing and upon a finding based on a preponderance of the evidence that:

(a) The adult is in a state of abuse or neglect and is living in conditions which present a substantial risk of death or immediate and serious physical harm to himself or others;

(b) The adult is in need of protective services;

(c) The adult lacks the capacity to consent to such services; and

(d) No person authorized by law or court order to give consent for the adult is available to consent to protective services or such person refuses to give consent.

(2) In issuing emergency order the court shall adhere to the following limitations:

(a) Only such protective services, including medical and surgical care and protective placement, as are necessary to remove the conditions creating the emergency shall be covered, and the court shall specifically designate the approved services in its order. Such designation of approved services shall be deemed to be the consent of the court authorizing the provision of such services.

(b) Protective services authorized by the court shall not include hospitalization or protective placement unless the court specifically finds such action is necessary and gives specific approval for such action in its order.

(c) The issuance of an emergency order shall not deprive the adult of any rights except to the extent validly provided for in the order.

(d) To implement an order, the court may authorize forcible entry of the premises of the adult for the purpose of rendering protective services or transporting the adult to another location for the provision of such services. Authorized forcible entry shall be accomplished by a peace officer accompanied by a representative of the department.

(3) If the court finds, pursuant to a hearing, that the adult is in need of protective services, and should that adult have a committee who has been derelict in providing for the welfare of the adult, the court shall have the discretion to remove the committee and appoint another committee, if an individual is available, willing, and able to function as committee, such removal and appointment shall be in compliance with the provisions of KRS Chapter 387. It is not necessary for the court to find a committee has been derelict as a requirement for the issuance of an order for protective services.

(4) If the court finds that protective services are no longer needed by the adult, the court shall order the emergency protective services to terminate.

SECTION 8. A NEW SECTION OF KRS CHAPTER 209 IS CREATED TO READ AS FOLLOWS:

(1) When from an affidavit or sworn testimony of an authorized representative of the department, it appears probable that an adult will suffer immediate and irreparable physical injury or death if protective services are not immediately provided, and it appears that the adult is incapable of giving consent, the court may assume jurisdiction and issue an ex parte order providing that certain specific protective services be provided the adult. The court shall not authorize such protective services except those specifically designed to remove the adult from conditions of immediate and irreparable physical injury or death. A copy of the order shall be served upon the adult and his committee, or if none, his caretaker.

(2) To implement an ex parte order, the court may authorize forcible entry of the premises of the adult for the purpose of rendering protective services or transporting the adult to another location for the provision of such services. Authorized forcible entry shall be accomplished by a peace officer accompanied by a representative of the department.

(3) Upon the issuance of an ex parte order, the department must file a petition as soon as possible. A hearing must be held within seventy-two (72) hours, exclusive of Saturdays and Sundays, from the issuance of an ex parte order.

Section 9. KRS 209.050 is amended to read as follows:

Anyone acting upon reasonable cause in the making of any report or investigation *or participating in the filing of a petition to obtain injunctive relief or emergency protective services for an adult* pursuant to this chapter, including representatives of the department in the reasonable performance of their duties in good faith, and within the scope of their authority, shall have immunity from any civil or criminal liability that might otherwise be incurred or imposed. Any such participant shall have the same immunity with respect to participation in any judicial proceeding resulting from such report or investigation *and such immunity shall apply to those who render protective services in good faith pursuant either to the consent of the adult or to court order.*

Section 10. KRS 209.060 is amended to read as follows:

Neither the [psychiatrist-patient privilege nor the] husband-wife privilege *nor any professional-client privilege except the attorney-client privilege* shall be a ground for excluding evidence regarding the abuse, neglect, or exploitation of an adult or the cause thereof in any judicial proceeding resulting from a report pursuant to this chapter.

SECTION 11. A NEW SECTION OF KRS CHAPTER 209 IS CREATED TO READ AS FOLLOWS:

All information obtained by the bureau staff or its delegated representative, as a result of an investigation made pursuant to this chapter, shall not be divulged to anyone except: (a) persons suspected of abuse or neglect or exploitation, provided that in such cases names of informants may be withheld, unless ordered by the court; (b) persons within the bureau or department with a legitimate interest or responsibility related to the case; (c) other medical, psychological, or social service agencies, or law enforcement agencies that have a legitimate interest in the case; (d) cases where a court orders release of such information; and (e) the alleged abused or neglected or exploited person.

Section 12. KRS 209.990 is amended to read as follows:

(1) Anyone knowingly and willfully violating the provisions of *KRS 209.030(2)* [this chapter] shall be punished by a fine of not less than twenty-five dollars ($25) nor more than two hundred dollars ($200). Each violation shall constitute a separate offense.

(2) Any caretaker who knowingly and willfully abuses, neglects, or exploits an adult within the meaning of this chapter, and in so doing causes serious physical or mental injury or permanent disability to such an adult, is guilty of a Class C felony, or if such abuse, neglect, or exploitation causes minor physical or mental injury or temporary disability to the adult, the caretaker is guilty of a Class A misdemeanor.

(3) Any representative of the department acting officially in that capacity, any person with personal knowledge of the abuse or neglect, or exploitation of an adult by a caretaker, or an adult who has been abused or neglected or exploited shall have standing to make a criminal complaint.

HB 395, AN ACT relating to the common school foundation program.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the foundation program for each district, the superintendent of public instruction shall allot to each district classroom units for elementary and secondary schools, classroom units for vocational education, classroom units for exceptional children, classroom units for kindergarten, classroom units for superintendents, administrative and special instructional services, classroom units for supervisors of instruction, and classroom units for directors of pupil personnel; provided, however, that the number of classroom units allotted any district shall not exceed the number of teachers employed by the district.

(2) In allotting classroom units for elementary and secondary schools, one (1) classroom unit shall be included for each twenty-seven (27) pupils in average daily attendance in grades one (1) through twelve (12); provided, however, that one (1) classroom unit shall be included for each isolated one-teacher school with twelve (12) or more pupils in average daily attendance and one (1) unit shall be included for each twenty-five (25) pupils in average daily attendance at all other isolated schools. The allotments of classroom units in this subsection shall be made on the average daily attendance for the end of the previous school year in public school grades one (1) through twelve (12) after the following *addition and* deductions *are applied to the total average daily attendance in non-isolated schools: (a) increase the average daily attendance, beginning in the 1981-82 school year and each year thereafter, to allot classroom units for each twenty-five (25) in average daily attendance in grades one (1) through three (3) by multiplying the average daily attendance in grades one (1) through three (3) times eight one-hundredths (0.08); (b)*[: (a)] an average daily attendance of [six and nine-tenths (6.9) in 1978-79 and] eight and four-tenths (8.4) in *1980-81 and nine and six-tenths (9.6) in 1981-82* [1979-80] shall be deducted for each vocational unit allotted and *(c)* [(b)] an average daily attendance of [five and one-tenth (5.1) in 1978-79 and] six and three-tenths (6.3) in *1980-81 and seven and two-tenths (7.2) in 1981-82* [1979-80] shall be deducted for each exceptional children's unit allotted. If a local school district through its admission and release committee determines that the most appropriate and least restrictive individual educational program for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency, then the school district shall count this as average daily attendance in a public school the time that such child is in attendance at such private school or agency. *Beginning in the 1981-82 school year, units allotted under this subsection in grades one (1) through three (3) shall not exceed units staffed in grades one (1) through three (3).*

(3) Allotments of classroom units except those allotted in accordance with subsection (4) of this section, shall be increased when the average daily attendance in grades one (1) through twelve (12) in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district in grades one (1) through twelve (12) for the first two (2) months of the previous school year. The total number of classroom units allotted the district shall be increased by the percent of increase.

(4) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the number of classroom units allotted the district, except those allotted in accordance with subsection (3) of this section, for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(5) In allotting classroom units for vocational education, one (1) classroom unit shall be allotted for each full-time teacher, and a proportionate fraction of a classroom unit shall be allotted for each less than full-time teacher of vocational classes that meet the regulations of the state plan of vocational education as approved by the state board for occupational education; a proportionate fraction of a classroom unit shall be allotted for each teacher employed to teach part-time or short unit classes for less than a school day or a school year that meet the regulations of the state plan of vocational education as approved by the state board for occupational education. (c) The total of subsection (a) plus subsection (b) shall be the number of classroom units allotted the district for administrative and special instructional services as authorized by Kentucky administrative regulations of the state board for elementary and secondary education.

(8) In allotting classroom units for supervisors of instruction, one-half (½) of a classroom unit shall be allotted each district which is allotted twenty-five (25) through forty-nine and nine-tenths (49.9) classroom units under subsections (2), (5), (6) and (10); one (1) unit shall be allotted eah district which is allotted fifty (50) to one hundred (100) classroom units, one unit shall be allotted for each one hundred (100) classroom units, or major fraction thereof, in districts allotted more than one hundred (100) classroom units under these subsections.

The board shall have the following powers and duties:

(1) To establish and maintain necessary offices within this state, appoint employes and agents as necessary and prescribe their duties and compensation.

(2) To adopt, promulgate, amend and rescind suitable rules and regulations to carry out the provisions and purposes of this chapter, including rules for the approval of attorney's fees for representation before the board or upon judicial review as provided for in KRS 346.110.

(3) To hear and determine all matters relating to claims for compensation, and the power to re-investigate or reopen claims without regard to statutes of limitations.

(4) To request from prosecuting attorneys and law enforcement officers investigations and data to enable the board to determine whether, and the extent to which, a claimant qualifies for compensation. The statute providing confidentiality for juvenile court records does not apply to proceedings under this chapter.

(5) To hold hearings, administer oaths or affirmations, examine any person under oath or affirmation and to issue subpoenas requiring the attendance and giving of testimony of witnesses and require the production of any books, papers documentary or other evidence. The powers provided in this subdivision may be delegated by the board to any member or employe thereof. If necessary to carry out any of its powers and duties, the board may petition any circuit court for an order.

(6) To take or cause to be taken affidavits or depositions within or without the state.

(7) To make available for public inspection all board decisions and opinions, rules, written statements of policy and interpretations formulated, adopted, or used by it in discharging its functions.

(8) To publicize widely the availability of reparations and information regarding the claims therefor.

(9) To inform those persons eligible for benefits under KRS 346.050 of the benefits available and the manner in which to apply for such benefits.

Section 2. KRS 346.060 is amended to read as follows:

(1) A claim may be filed by a person eligible to receive an award, as provided in KRS 346.050, or, if such person is a minor, by his parent or guardian.

(2) A claim must be filed by the claimant not later than *one (1) year* [six (6)] months after the occurrence of the criminally injurious conduct upon which such claim is based, or not later than *one (1) year* [six (6)] months after the death of the victim.

(3) Claims shall be filed in the office of the board in person or by mail. The board shall accept for filing all claims submitted by persons eligible under subsection (1) of this section and alleging the jurisdiction requirements set forth in this chapter and meeting the requirements as to form in the rules and regulations of the board.

(4) Upon filing of a claim pursuant to this chapter, the board shall promptly notify the commonwealth attorney or county attorney of the county wherein the crime is alleged to have occurred. If, within ten (10) days after such notification, such commonwealth attorney or county attorney advises the board that a criminal prosecution is pending upon the same alleged crime and requests that action by the board be deferred, the board shall defer all proceedings under this chapter until such time as such criminal prosecution has been concluded and shall so notify such commonwealth or county attorney and the claimant. When such criminal prosecution has been concluded such commonwealth or county attorney shall promptly so notify the board. Nothing in this section shall limit the authority of the board to grant emergency awards pursuant to KRS 346.120.

Section 3. KRS 346.080 is amended to read as follows:

(1) A claim, when accepted for filing, shall be assigned by the chairman to himself or to another member of the board. All claims arising from the death of an individual as a direct result of a crime shall be considered together by a single board member.

(2) The board member to whom such claim is assigned shall examine the papers filed in support of such claim. The board member shall thereupon cause an investigation to be conducted into the validity of such claim. Such investigation shall include, but not be limited to, an examination of police, court, and official records and reports concerning the crime. *The board member shall also, as part of his investigation, contact the county attorney or commonwealth's attorney in order to obtain his written recommendation as to disposition of the claim. The county attorney or commonwealth's attorney shall, in making his recommendation consider but not be limited to the following: whether the victim is innocent, whether the victim suffered injuries as a result of the crime and whether the victim cooperated with the prosecution.*

(3) If the mental, physical, or emotional condition of a victim or claimant is material to a claim, the board member may order the victim or claimant to submit to a mental or physical examination by a physician or psychiatrist, and may order an autopsy of a deceased victim. A report upon such examination shall be filed with the board member setting out findings, including results of all tests made, diagnosis, prognosis and other conclusions.

(4) For purposes of this chapter there is no privilege except privileges arising from the attorney-client relationship, as to communications or records relevant to an issue of the physical, mental, or emotional condition of the claimant or victim in a proceeding under this chapter in which that condition is an element.

(5) Claims shall be investigated and determined, regardless of whether the alleged criminal has been apprehended or prosecuted for or convicted of any crime based upon the same incident, or has been acquitted, or found not guilty of the crime in question owing to criminal irresponsibility or other legal exemption.

(6) The board member to whom a claim is assigned may decide such claim in favor of a claimant in the amount claimed on the basis of the papers filed in support thereof and the report of the investigation of such claim. If the board member is unable to decide such claim upon the basis of such papers and such report, he shall order a hearing. At such hearing any relevant evidence, not legally privileged, shall be admissible.

(7) After examining the papers filed in support of such claim and the report of investigation, and after a hearing, if any, the board member to whom such claim was assigned shall make a decision either granting an award pursuant to KRS 346.130 or deny the claim.

(8) The board member making a decision shall file a written report setting forth such decision and his reasons therefor and shall thereupon cause the claimant to be notified and furnish him a copy of such report.

The Committee Substitute to **HB 476** is as follows:

HB 476, AN ACT relating to crime victims' compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 346.020 is amended to read as follows:

As used in this chapter, unless the context otherwise requires:

(1) "Board" means the crime victims compensation board.

(2) "Claimant" means any of the following claiming compensation under this chapter: a victim, a dependent of a deceased victim, a third person other than a collateral source, or an authorized person acting on behalf of any of them.

(3) "Criminally injurious conduct" means conduct that occurs or is attempted in this jurisdiction, poses a substantial threat of personal injury or death, and is punishable by fine, imprisonment or death. Acts which, but for the insanity or mental irresponsibility or lack of capacity of the perpetrator, would constitute criminal conduct shall be deemed to be criminally injurious conduct. The operation of a motor vehicle, motorcycle, train, boat, aircraft or other vehicle in violation of law does not constitute a criminally injurious conduct unless the injury or death was intentionally inflicted [or the operation thereof was part of the commission of another criminal act].

(4) "Family," when used with reference to a person, shall mean:

(a) Any person related to such person within the third degree of consanguinity;

(b) Any person maintaining a sexual relationship with such person; or

(c) Any person residing in the same household with such person.

(5) "Victim" means a resident of this state *or the resident of a reciprocal state,* who suffers personal injury or death *from a criminal act in Kentucky* as a result of:

(a) Criminally injurious conduct;

(b) A good faith effort to prevent criminally injurious conduct; or

(c) A good faith effort to apprehend a person reasonably suspected of engaging in criminally injurious conduct.

Section 2. KRS 346.060 is amended to read as follows:

(1) A claim may be filed by a person eligible to receive an award, as provided in KRS 346.050, or, if such person is a minor, by his parent or guardian.

(2) A claim must be filed by the claimant not later than *one (1) year* [six (6) months] after the occurrence of the criminally injurious conduct upon which such claim is based, or not later than *one (1) year* [six (6) months] after the death of the victim.

(3) Claims shall be filed in the office of the board in person or by mail. The board shall accept for filing all claims submitted by persons eligible under subsection (1) of this section and alleging the jurisdiction requirements set forth in this chapter and meeting the requirements as to form in the rules and regulations of the board.

(4) Upon filing of a claim pursuant to this chapter, the board shall promptly notify the commonwealth attorney or county attorney of the county wherein the crime is alleged to have occurred. If, within ten (10) days after such notification, such commonwealth attorney or county attorney advises the board that a criminal prosecution is pending upon the same alleged crime and requests that action by the board be deferred, the board shall defer all proceedings under this chapter until such time as such criminal prosecution has been concluded and shall so notify such commonwealth or county attorney and the claimant. When such criminal prosecution has been concluded such commonwealth or county attorney shall promptly so notify the board. Nothing in this section shall limit the authority of the board to grant emergency awards pursuant to KRS 346.120.

Section 3. KRS 346.110 is amended to read as follows:

Within thirty (30) days after receipt of the copy of the report containing the final decision of the board, the attorney general or claimant may file a proceeding in the Franklin Circuit Court to review the decision of the board. A copy of the filing and complaint shall be served upon the claimant or the attorney general and the board in the manner provided by the rules of civil procedure. Such proceeding shall be heard in a summary manner and shall have precedence over all other civil cases in such court. *The question on review shall be limited to whether the decision of the board is adequately supported by substantial evidence and whether the decision of the board is an abuse of discretion.*

Section 4. KRS 346.130 is amended to read as follows:

(1) No award shall be made unless the board or board member, as the case may be, finds that:

(a) Criminally injurious conduct occurred;

(b) Such criminally injurious conduct resulted in personal physical injury to or death of, the victim; and

(c) Police records show that such crime was promptly reported to the proper authorities; and in no case may an award be made where the police records show that such report was made more than forty-eight (48) hours after the occurrence of such crime unless the board for good cause shown, finds the delay to have been justified.

(2) The board upon finding that the claimant or victim has not fully cooperated with appropriate law enforcement agencies shall deny, reconsider, or reduce an award.

(3) Any award made pursuant to this chapter shall exclude therefrom the initial one hundred dollars ($100) of losses incurred and shall be in an amount not exceeding out-of-pocket expenses, including indebtedness reasonably incurred for medical or other services necessary as a result of the injury upon which the claim is based, together with loss of earnings or support resulting from such injury. Provided, however, that any award made pursuant to this chapter to a victim sixty-five (65) years of age or older shall not exclude therefrom the initial one hundred dollars ($100) of losses incurred.

(4) Any award made for loss of earnings or support shall, unless reduced pursuant to other provisions of this chapter be in an amount equal to the actual loss sustained; provided, however, that no such award shall exceed one hundred fifty dollars ($150) for each week of lost earnings or support. If there are two (2) or more persons entitled to an award as a result of the injury or death of a person which is the direct result of criminally injurious conduct the award shall be apportioned by the board among the claimants.

(5) *The board is authorized to set a reasonable limit for the payment of funeral and burial expenses which shall include funeral costs, a monument and graveplot. In no event shall an award for funeral expenses exceed twenty-five hundred dollars ($2,500).*

(6) Any award made under this chapter shall not exceed fifteen thousand dollars ($15,000).

Section 5. KRS 346.140 is amended to read as follows:

(1) Any award made pursuant to this chapter shall be reduced by the amount of any payments received or to be received by the claimant as a result of the injury from the following sources:

(a) From or on behalf of the person who committed the crime;
(b) Under insurance programs mandated by law;
(c) From public funds;
(d) Under any contract of insurance wherein the claimant is the insured or beneficiary; and
(e) As an emergency award pursuant to KRS 346.120.

(2) In determining the amount of an award, the board or board member, as the case may be shall determine whether, because of his conduct, the victim of such crime contributed to the infliction of his injury, and the board or board member shall reduce the amount of the award or reject the claim altogether, in accordance with such determination; provided, however, that the board or board member, as the case may be, may disregard for this purpose the responsibility of the victim for his own injury where the record shows that such responsibility was attributable to efforts by the victim to prevent a crime or an attempted crime from occurrence in his presence or to apprehend a person who had committed a crime in his presence or had in fact committed a felony. *The board or board members may request that either the county attorney or commonwealth's attorney or both state whether in their opinion, the victim suffered injuries as the result of a crime and has cooperated with the prosecution and law enforcement authorities. The board or board member shall not be bound by such opinions and recommendations and if needed may order a further investigation of the claim.*

(3) *The board or board member may consider whether the claimant's injuries were the ordinary and foreseeable result of unlawful and criminal activities in determining the claimant's eligibility for an award.* If the board or board member, as the case may be, finds that the claimant will not suffer serious financial hardships, as a result of the loss of earnings or support and the out-of-pocket expenses incurred as a result of the injury, if not granted financial assistance pursuant to this chapter to meet such loss of earnings, support or out-of-pocket expenses, the board or board member shall deny an award. In determining such serious financial hardship, the board or board member shall consider all of the financial resources of the claimant. The board shall establish specific standards by rule for determining such serious financial hardships.

SECTION 6. A NEW SECTION OF KRS CHAPTER 346 IS CREATED TO READ AS FOLLOWS:

(1) The board is empowered to enter into reciprocal agreements with all other states which have established, maintained and funded a state sponsored program for the compensation of crime victims.

(2) The reciprocal agreement shall provide that any Kentucky resident who is a crime victim in the reciprocal state will be entitled to the same benefits and will be subject to the same rules and regulations governing the claim of a resident of the reciprocal state.

(3) Any resident of a reciprocal state who was a crime victim in Kentucky may file a claim with the Kentucky crime victims' compensation board and will be entitled to the same benefits and will be subject to the same rules and regulations governing the claim of a Kentucky resident.

(4) The agreement, entered by and between Kentucky and any reciprocal state, may provide for the cooperation and assistance of investigators in each state in determining the eligibility of a claimant for an award and the amount of the award. The agreement may also provide that if a resident of a reciprocal state has been awarded benefits in Kentucky or a Kentucky resident has been awarded benefits in a reciprocal state, such claimant will not be entitled to an award in his resident state.

HB 676, AN ACT relating to liens on fire insurance proceeds.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

The interest of each person in the proceeds of any policy issued by an insurer, as defined in KRS 304.1-040, providing fire insurance coverage for loss or damages caused by fire on an item of real estate, provided the amount of the proceeds for the loss payable under such policy is ten thousand dollars ($10,000) or more, shall be subject to any tax lien on such item of real estate continued in force pursuant to the provisions of KRS 134.420, and any such lien shall continue in force and apply equally to any fire insurance proceeds arising from a fire loss on such real estate. Any such lien may be discharged in the same manner as a lien filed pursuant to KRS 134.420.

SECTION 2. A NEW SECTION OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) If the state or any county, city or other taxing district has incurred demolition expenses for the abatement of any public or private nuisance or has incurred expenses for the inspection, repair, demolition, removal or other disposition of any real estate damaged by fire, then it shall have the right to recover such expenses from the owner of the real estate for which such expenses were incurred.

(2) The interest of each person in such real estate shall be subject to a lien for the payment of such expenses, which lien shall take precedence over any other encumbrance except state or county, city or other taxing district tax assessments on such real estate. No such lien shall be valid, unless the state or the county, city or other taxing district, within ten (10) days after such work has ceased, files a certificate of such lien in accordance with the provisions of KRS 134.420.

(3) The interest of each person in the proceeds of any policy providing fire insurance coverage issued by an insurer shall be subject to a lien on such proceeds for demolition expenses incurred by the state or any county, city or other taxing district pursuant to the provisions of subsection (1) of this section, provided the state or such county, city or other taxing district, within thirty (30) days, files a certificate of such lien in accordance with KRS 134.420.

(4) Any state or county, city or other taxing district lien existing pursuant to this section may be discharged or dissolved in the same manner as provided for liens filed pursuant to KRS 134.420.

(5) Nothing in this section shall prevent an insured owner, mortgagee, assignee or other interested party from negotiating a dissolution of any such lien on the fire insurance proceeds, enabling the insurer to disburse said proceeds.

SECTION 3. A NEW SECTION OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

Each lien filed or existing pursuant to the provisions of this Act shall constitute constructive notice of the existence of the lien and the claim of the state or the county, city or other taxing district against any such interest in such item of real estate or in such proceeds to the insurer and to any person having an insurable interest in the real estate or an interest in the proceeds.

SECTION 4. A NEW SECTION OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Prior to the payment of any insurance proceeds for loss or damage to real estate caused by fire, but within twenty (20) days of the filing of any notice of claim for fire insurance proceeds by an insured, provided the amount of the proceeds for the loss payable under the policy is ten thousand dollars ($10,000) or more, the insurer required to pay such proceeds shall notify the county clerk of the county in which such loss or damage has been sustained and demand in writing, by registered or certified mail, that a statement indicating the amount of all liens existing pursuant to Sections 1 and 2 of this Act be delivered to such insurer at a specified address, in person or by registered or certified mail, within fifteen (15) days from the date of receipt by the county clerk of such demand. Upon the failure of the county clerk to notify the insurer of the existence of any such liens in said manner, the right of the state or the county, city or other taxing district to claim against any such proceeds shall terminate and the lien thereon shall be dissolved. The insurer may rely conclusively upon the amount of the taxes or demolition costs due as set forth in such notice of lien in making any payments of proceeds to any person. The county clerk performing such service shall receive a fee of five dollars ($5.00) from the insurer which shall be in turn deducted by the insurer from any fire insurance proceeds payable to the insured.

(2) Within twenty (20) days of receipt of a notice of lien received from the county clerk pursuant to subsection (1) of this section and a final determination of the insurer's obligation to pay fire insurance proceeds, the insurer shall pay all or a portion of the proceeds otherwise payable to the insured directly to the state or the county, city or other taxing district in satisfaction of the total amount of delinquent real estate taxes or incurred demolition costs as set forth on the statement of lien and shall deduct the amount thereof from the proceeds otherwise payable to the insured. SECTION 7. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) The rules and regulations promulgated by the department shall make suitable provisions for the use by an applicant of the duplicate copy of his application for a certificate of title to serve as a permit for the operation of the motor vehicle described in the application until the department either issues the certificate of title of such motor vehicle or refuses to issue the certificate; and every designated agent receiving an application for the certificate of title, when the provisions of this Act have been otherwise complied with, shall deliver to the applicant the duplicate copy of his application which shall contain a suitable permit for the purposes mentioned in this subsection.

(2) In the event the department refuses to issue the certificate of title, the applicant shall, immediately upon receiving written notice from the department that such certificate will not be issued for the reason or reasons stated in the notice, deliver or mail to the department by certified mail the duplicate copy of his application containing the permit mentioned in subsection (1) of this section and the current license tag which was issued for the vehicle; and the motor vehicle described in said application shall not be operated on the highways or other public places of this state after the applicant receives notice that the certificate will not be issued unless its operation is subsequently authorized by the department either by the issuance of a new permit or certificate of title. If for any reason the said duplicate copy of the application for certificate of title and the current license tag which were issued for the vehicle in question are not received by the department within ten (10) calendar days after the department mails written notice to the applicant that it will not issue the certificate of title applied for, the department, or, at the request of the department, any state policeman, sheriff, highway enforcement officer, or other peace officer of this state, is authorized and empowered to and shall require and compel the surrender of said duplicate copy of the application for certificate of title and the said current license tag; and the department, after it obtains possession of said duplicate copy of application for certificate of title and said current license tag, is authorized to retain same until it is satisfied that said applicant is entitled to receive a certificate of title to the vehicle in question.

SECTION 8. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) Each certificate of title issued by the department shall contain:

(a) The date issued;

(b) The name and current address of the owner;

(f) Any other data the department prescribes.

(2) Unless security is furnished as provided in Section 10 of this Act, a distinctive certificate of title shall be issued for a vehicle last previously registered in another state or country, the laws of which do not require that lienholders be named on a certificate of title to perfect their security interests. The certificate shall contain the legend, "This vehicle may be subject to an undisclosed lien" and may contain any other information the department prescribes. If no notice of a security interest in the vehicle is received by the department within four (4) months from the issuance of the distinctive certificate of title, the department shall, upon application and surrender of the distinctive certificate, issue a certificate of title in ordinary form.

(3) The certificate of title shall contain forms for assignment and warranty of title by the owner, and for assignment and warranty of title by a dealer, and may contain forms for applications for a certificate of title by a transferee, the naming of a lienholder and the assignment or release of the security interest by a lienholder.

(4) A certificate of title issued by the department is prima facie evidence of the facts appearing on it.

(5) A certificate of title to a vehicle is not subject to garnishment, attachment, execution or other judicial process, but this subsection does not prevent a lawful levy upon the vehicle.

SECTION 9. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

The certificate of title shall be mailed to the first lienholder named in it or, if none, to the owner. A nontransferable duplicate certificate of title shall be mailed to the owner to serve as a permit for the operation of the motor vehicle.

SECTION 10. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

If the department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, the department may accept the application but shall either:

(1) Withhold issuance of a certificate of title until the applicant presents documents reasonably sufficient to satisfy the department as to the applicant's ownership of the vehicle and that there are no undisclosed security interests on it; or

(2) As a condition of issuing a certificate of title, require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, and either accompanied by the deposit of cash with the department or also executed by a person authorized to conduct a surety business in this state. The bond shall be in an amount equal to one and one-half times the value of the vehicle as determined by the department and conditioned to indemnify any prior owner and lienholder and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of title of the vehicle or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions; but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, and any deposit accompanying it, shall be returned at the end of three (3) years or prior thereto if the vehicle is no longer registered in this state and the currently valid certificate of title is surrendered to the department, unless the department has been notified of the pendency of any action to recover on the bond.

SECTION 11. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

The department shall refuse issuance of certificate of title if any required fee is not paid or if the department has reasonable grounds to believe that:

(1) The applicant is not the owner of the vehicle;

(2) The application contains a false or fraudulent statement; or

(3) The applicant fails to furnish required information or documents or any additional information the department reasonably requires.

SECTION 12. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) If a certificate of title is lost, stolen, mutilated or destroyed or becomes illegible, the first lienholder or, if none, the owner or legal representative of the owner named in the certificate, as shown by the records of the department, shall promptly make application for and may obtain a replacement upon furnishing information satisfactory to the department and payment of the fee as hereinafter required. The replacement certificate of title shall contain the legend, "This is a replacement certificate and may be subject to the rights of a person under the original certificate." It shall be mailed to the first lienholder named in it, or, if none, to the owner.

(2) The department shall not issue a new certificate of title to a transferee upon application made on a replacement certificate until fifteen (15) days after receipt of the application.

(3) A person recovering an original certificate of title for which a replacement has been issued shall promptly surrender the original certificate to the department.

SECTION 13. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) If an owner transfers his interest in a vehicle, other than by the creation of a security interest, he shall, at the time of the delivery of the vehicle, execute an assignment and warranty of title to the transferee in the space provided therefor on the certificate or as the department prescribes, and cause the certificate and assignment to be mailed or delivered to the transferee or to the department.

(2) Except as provided in Section 14 of this Act, the transferee shall, promptly after delivery to him of the vehicle, execute the application for a new certificate of title in the space provided therefor on the certificate or as the department prescribes, and cause the certificate and application to be mailed or delivered to a designated agent.

(3) Upon request of the owner or transferee, a lienholder in possession of the certificate of title shall, unless the transfer was a breach of his security agreement, deliver the certificate to the transferee. Upon receipt of the certificate the transferee shall make application to a designated agent for a new certificate. The delivery of the certificate does not affect the rights of the lienholder under his security agreement.

(4) If a security interest is reserved or created at the time of the transfer, the certificate of title shall be retained by or delivered to the person who becomes the lienholder and the parties shall comply with the provisions of Section 20 of this Act.

(5) Except as provided in Section 14 of this Act, and as between the parties, a transfer by an owner is not effective until the provisions of this section have been complied with.

SECTION 14. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) If a dealer buys a vehicle and holds it for resale and procures the certificate of title from the owner or the lienholder within fifteen (15) days after delivery to him of the vehicle, he need not send the certificate to the department but, upon transferring the vehicle to another person other than by the creation of a security interest, shall promptly execute the assignment and warranty of title by a dealer, showing the names and addresses of the transferee and of any lienholder holding a security interest created or reserved at the time of the resale and the date of his security agreement, in the spaces provided therefor on the certificate or as the department prescribes, and mail or deliver the certificate to a designated agent with the transferee's application for a new certificate.

(2) Every dealer shall maintain for five (5) years a record in the form the department prescribes of every vehicle bought, sold or exchanged by him or received by him for sale or exchange, which shall be open to inspection by representatives of the department and law enforcement officers during reasonable business hours.

SECTION 15. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) If the interest of an owner in a vehicle passes to another other than by voluntary transfer, the transferee shall, except as hereinafter provided in subsection (2) of this section, promptly mail or deliver to a designated agent the last certificate of title, if available, and proof of the transfer, together with his application for a new certificate in the form the department prescribes.

(2) If the interest of the owner is terminated or the vehicle is sold under a security agreement by a lienholder named in the certificate of title, the transferee shall promptly make application to a designated agent for a new certificate in the form the department prescribes. The application shall be accompanied by the last certificate of title and an affidavit made by or on behalf of the lienholder that the vehicle was repossessed and that the interest of the owner was lawfully terminated or sold pursuant to the terms of the security agreement. If the lienholder succeeds to the interest of the owner and holds the vehicle for resale, he need not secure a new certificate of title but, upon transfer to another person, shall promptly mail or deliver to the transferee the certificate, affidavit and other documents required by the department. The transferee shall promptly make application to a designated agent for a new certificate in the form prescribed by the department.

(3) Notwithstanding anything to the contrary contained in this section, a person holding a certificate of title whose interest in the vehicle has been extinguished or transferred other than by voluntary transfer shall forthwith mail or deliver the certificate to the department upon request of the department; and the delivery of the certificate pursuant to the request of the department does not affect the rights of the person surrendering the certificate; and the action of the department in issuing a new certificate of title as provided herein is not conclusive upon the rights of an owner or lienholder named in the old certificate.

SECTION 16. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) The department, upon receipt of a properly assigned certificate of title, with an application for a new certificate of title, the required fee and any other documents required by the department, shall issue a new certificate of title in the name of the transferee as owner and mail it to the first lienholder named in it or, if none, to the owner.

(2) The department, upon receipt of an application for a new certificate of title by a transferee other than by voluntary transfer, with proof of the transfer, the required fee and any other documents required by law, shall issue a new certificate of title in the name of the transferee as owner. If the outstanding certificate of title is not delivered to the department, the department shall make demand therefor from the holder thereof.

(3) A transferor of a vehicle other than a dealer transferring a new vehicle shall deliver to the transferee at the time of the delivery of possession of the vehicle the license plate for the vehicle. Provided, however, the license plate does not have to be delivered where a provision of law allows such plate to be retained by the owner of the vehicle.

(4) The department shall file every surrendered certificate of title, or a microfilm of every such certificate, for a period of time deemed necessary by it in order to permit the tracing of title of the vehicle designated therein.

SECTION 17. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) Each owner of a motor vehicle and a person who acquires a motor vehicle from an owner who scraps, dismantles, destroys or changes the motor vehicle in such a manner that it is not the same motor vehicle described in the certificate of origin, certificate of title or salvage certificate of title shall within seventy-two (72) hours cause the certificate of origin, certificate of title or salvage certificate of title, license plates, if any, and any other documents or information required by the department to be mailed or delivered to the department for processing. The department shall, with the consent of any holder of liens noted on the surrendered certificate, enter a cancellation upon its records. Upon cancellation of a certificate of origin, certificate of title or salvage certificate of title in the manner prescribed by this section, the department shall cancel all certificates of origin, certificates of title or salvage certificates of title and all memorandum certificates in that chain of title.

(2) When the frame or engine is removed from a motor vehicle and not immediately replaced by another frame or engine, or when an insurance company has paid money as compensation for a total loss of any motor vehicle, such motor vehicle shall be considered to be salvage. The owner of every motor vehicle in which total loss or salvage has occurred shall, within seventy-two (72) hours after such total loss or salvage occurs, forward to the department the certificate of origin or certificate of title to the motor vehicle along with its license plates, whereupon the department shall process the certificate or origin or certificate of title and plates in a manner prescribed by law or regulation. An insurance company which pays money as compensation for total loss of a motor vehicle shall obtain such vehicle's certificate of origin or certificate of title and license plates and, within seventy-two (72) hours after receiving them, shall forward them to the department for processing. In the event the payment was made because of the theft of the vehicle, which shall be considered a total loss as defined in this section, the insurance company shall, in addition to forwarding the properly assigned certificate of origin or certificate of title as provided herein, forward the vehicle's license plates to the department as soon as practicable after the vehicle is recovered. However, the license plates need not be surrendered when a stolen motor vehicle is recovered in substantially intact condition and is readily resalable without extensive repairs. When a stolen motor vehicle has been reported to the department in compliance with this section and is later recovered, the department shall have the vehicle physically inspected by a law enforcement officer. If the surrendered certificate of origin or certificate of title was properly assigned to an insurance company the department may return the surrendered certificate of origin or certificate of title to the insurance company reflected in the assignment or issue a new certificate of title in the name of the insurance company without fee.

(3) The department may issue a salvage certificate of title without fee to replace a certificate of origin or certificate of title required to be surrendered by this section and prescribe necessary forms and procedures for its use.

(4) If an insurance company acquires a motor vehicle in settlement of an insurance claim and holds the vehicle for resale and procures the certificate of origin or certificate of title from the owner or lienholder

within fifteen (15) days after delivery of the vehicle to the insurance company, and if the vehicle was not a total loss as defined by this section, the insurance company need not send the certificate of origin or certificate of title to the department but, upon transferring the vehicle to another person other than by the creation of a security interest the insurance company shall complete an affidavit of acquisition and disposition of the motor vehicle on a form prescribed by the department and deliver the certificate of origin or certificate of title, affidavit and any other documents required by the department to the transferee at the time of the delivery of the motor vehicle.

(5) For the purposes of this section, a total loss shall occur when the insurer pays to any person seventy-five percent (75%) or more of the retail market value, at the time of loss, of a motor vehicle as compensation for restoring the wrecked or damaged vehicle to the same quality and condition as existed before it was wrecked or damaged or for replacing the wrecked or damaged vehicle with one of like kind and quality. The compensation for total loss as defined in this subsection shall not include payments by an insurer for medical care, bodily injury, vehicle rental or for anything other than the amount paid for the actual damage to the motor vehicle.

(6) It shall be unlawful for the owner of any junkyard, scrap metal processing plant, salvage yard, or motor vehicle dismantler and parts recycler or his agents or employes to have in their possession any motor vehicle which is junk or salvage or a total loss when the manufacturer's vehicle identification number plates, authorized replacement vehicle identification number plates or serial plates have been removed, unless previously required to be removed by a statute of law of this state or another jurisdiction, and when the motor vehicle license plates have not been removed therefrom in accordance with the provisions of this section.

(7) It shall be unlawful for any person, firm or corporation to possess, sell or exchange, offer to sell or exchange, or to give away any certificate of origin, certificate of title, salvage certificate of title, manufacturer's identification number plates, authorized replacement vehicle identification number plates, serial plates or motor vehicle license plates of any motor vehicle which has been scrapped, dismantled or sold as junk, salvage or as a total loss contrary to the provisions of this section.

SECTION 19. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) Unless excepted by Section 18 of this Act, a security interest in a vehicle for which a certificate of title is required by the terms of this Act is not valid against creditors of the owner or subsequent transferees or lienholders of the vehicle unless perfected as provided in this Act.

(2) A security interest is perfected by the delivery to the department of the existing certificate of title, if any, an application for a certificate of title containing the name and address of the lienholder and the date of his security agreement, and the required fee. It is perfected as of the time of its creation if the delivery is completed within ten (10) days thereafter, otherwise, as of the time of the delivery.

(3) If a vehicle is subject to a security interest when brought into this state, the validity of the security interest is determined by the law of the jurisdiction where the vehicle was when the security interest attached, subject to the following:

(a) If the parties understood at the time the security interest attached that the vehicle would be kept in this state and it was brought into this state within thirty (30) days thereafter for purposes other than transportation through this state, the validity of the security interest in this state is determined by the law of this state.

(b) If the security interest was perfected under the law of the jurisdiction where the vehicle was when the security interest attached, the following rules apply:

1. If the name of the lienholder is shown on an existing certificate of title issued by that jurisdiction his security interest continues perfected in this State.

2. If the name of the lienholder is not shown on an existing certificate of title issued by that jurisdiction the security interest continues perfected in this state for four (4) months after a first certificate of title of the vehicle is issued in this state, and also thereafter if within the four-month period it is perfected in this state. The security interest may also be perfected in this state after the expiration of the four-month period; in that case perfection dates from the time of perfection in this state.

(c) A security interest may be perfected under subsection (3)(b)2. of this section, either as provided in subsection (2) of this section or by the lienholder mailing or delivering to a designated agent or to the department a notice of security interest in the form the department prescribes together with documents to support the security interest as required by the department and the required fee.

WHEREAS, under our present system there is inadequate capability to determine, prior to issuance of an ownership document, whether a vehicle for which such a document is issued is stolen, thereby facilitating commerce in stolen vehicles; and

WHEREAS, inadequacies in Kentucky's present vehicle registration system are a potential stumbling block to criminal investigations, state and nationwide; and

WHEREAS, a delinquency rate in personal property tax collections associated with motor vehicles and trailers, of approximately fifteen percent (15%), results in an annual revenue loss of six to eight million dollars to the state and local taxing jurisdictions and districts; and

WHEREAS, a system of accounting for more than two million motor vehicles and trailers, their owners, and their taxation cannot be efficiently handled with manual techniques; and

WHEREAS, an automated vehicle information system is established and successfully operating in nineteen (19) counties, that, with appropriate modification, expansion, and support from this assembly, can cost effectively meet the needs of all interested parties and provide greater convenience to the public; and

WHEREAS, the state-wide automated motor vehicle and trailer registration and titling system, combining both registration and titling in a single modern business information system, is the keystone of a combined traffic records system that will improve the safety of all citizens of this Commonwealth, as well as others; and

WHEREAS, the present method of staggered registration is inconvenient for the public, when compared with a birth month system, and is inefficient and costly in relation to the automated system; and

WHEREAS, certain statutory deficiencies hamper the ability of Kentucky's law enforcement agencies to combat organized auto theft;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

It is the intent of the Kentucky General Assembly that Kentucky should adopt a certificate of title and auto vehicle theft act. This act contemplates a centralized issuance of motor vehicle titles. It is the intention of the General Assembly that, beginning in the 1983 model year, all 1983 year model and subsequent year model vehicles shall be centrally titled. In counties which are operating under the automated motor vehicle registration system under the provisions of this chapter, motor vehicles may be titled according to the same procedures, provided that the secretary of the Kentucky department of transportation and the secretary of the Kentucky department of finance agree that there is sufficient funding to modify the present automated registration system to accommodate the titling function. If funds are not deemed to be available, such counties shall operate under a manual system.

In counties which are not operating under an automated motor vehicle registration system under the provisions of this chapter, motor vehicles shall be titled according to a manual system to be developed according to the department of transportation. However, a manual system shall be developed only if funding is available as determined by the departments of finance and transportation.

SECTION 2. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

The departments of transportation, justice, finance, and revenue, in conjunction with the joint interim committee on transportation of the Kentucky general assembly, shall consider from the effective date of this Act until the 1982 regular session, the fiscal and physical impact of the motor vehicle titling systems described herein. This consideration shall include the desirability of the manual and automated systems described for the purpose of determining the application of these systems on a statewide basis. The joint recommendation of these state agencies and the joint interim committee shall be presented as a single recommendation to the 1982 regular session of the general assembly and shall be considered by that session. The interim committee shall be responsible for coordinating recommendations relating to the systems described herein and may hold hearings and direct any state agency it may deem appropriate to cooperate relevant to formulating a recommendation to the 1982 regular session. It is further provided that in the event the secretary of transportation and the secretary of finance, in accordance with other provisions of this Act, determine that sufficient funds are available to begin implementation of a motor vehicle titling system prior to the 1982 regular session, the joint interim committee shall be consulted with respect to the specifics of such implementation and such implementation shall have concurrence of the departments of justice and revenue as well as the joint interim committee prior to implementation.

Section 3. KRS 186A.010 is amended to read as follows:

(1) *An automated motor vehicle and trailer registration and titling system shall be developed and implemented as expeditiously as practicable in all counties of the Commonwealth* [It is the intention of the general assembly that an automated motor vehicle and trailer registration system be developed and that pilot projects be instituted in selected counties; subject to the agreement of the county clerk of a selected county. The counties in which pilot projects shall be instituted shall be selected by the secretary of the department of transportation in consultation with the departments of revenue and justice]. The automated motor vehicle and trailer registration system shall be designed to enable Kentucky's county clerks to produce motor vehicle and trailer certificates of registration in their offices, and certificates of title in Frankfort, by automated means utilizing telecommunication terminals and associated devices supplied by the Commonwealth, to inhibit registration and transfer of stolen motor vehicles or trailers, to improve the capability of detecting and recovering such vehicles, to ensure development of a common vehicle information data base to improve efficiency *in collecting and* [in] auditing motor vehicle usage tax, [and] license fee collections, *and personal property tax,* to provide information to the traffic record system, and to provide improved security interest protection to potential creditors throughout Kentucky while simultaneously reducing the number of forms that must be processed and stored each year in Kentucky.

(2) The department of transportation is hereby directed to develop *as expeditiously as practicable* an automated motor vehicle and trailer registration *and titling* system [design,] having, as a minimum, the capabilities or functions described in this chapter, and to acquire and assure the installation of such equipment or services as are necessary to enable the system as described in this chapter to be *operated in all counties of the Commonwealth* [tested in selected counties].

(3) *All* [The department of transportation is directed to ensure that the system developed will produce the necessary reports in such manner and at such times as the departments of revenue and justice request, to enable these departments to audit the taxes and fees collected by the county clerk in connection with the registration of a motor vehicle or trailer required to be registered in this state, and that the system produces such other information as the department of justice may reasonably require in connection with the registration of a motor vehicle or trailer, in carrying out the duties of that department as they relate to the regulation of motor vehicles or a traffic records system.

(4) The] departments of *state government affected by the system* [revenue and justice] are hereby directed to cooperate with the department of transportation for purposes of assuring orderly implementation of this *Act* [chapter].

(2) Promptly study the feasibility of computing personal property (ad valorem) taxes associated with motor vehicles or trailers, and producing tax bills or notices of taxes due in such regard, and if shown feasible to its satisfaction, implement such capability, or any part thereof, as expeditiously as practicable.

(3) Ensure that the automated system is capable of receiving the record of a lien for unpaid personal property (ad valorem) taxes associated with a motor vehicle or trailer and causing notice of such lien to be imprinted on any certificate of registration, certificate of registration and title, or if applicable, certificate of title or salvage certficate unless such lien is satisfied or exonerated.

(4) Ensure that the automated system design will permit the county clerk to transfer the record of an unpaid property (ad valorem) tax lien against a motor vehicle or trailer, from a vehicle previously owned by an owner, to another vehicle subsequently registered in his name.

HB 969, AN ACT relating to public roads and highways.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 175 IS CREATED TO READ AS FOLLOWS:

The general assembly of the Commonwealth of Kentucky determines as a legislative finding of fact that the economy of the Commonwealth and the consequent economic development potential of the citizens of the Commonwealth are vitally dependent upon the existence and availability of a state-wide system of safe, adequate and well-maintained highways, roads and thoroughfares; that there is a serious need for construction, reconstruction, resurfacing and in some cases relocation of many such highways, roads and thoroughfares to preserve and enhance the economic well-being and development of the Commonwealth and the health and safety of the public; and that in many cases, highways, roads and thoroughfares which are vital economic links between various sections of the Commonwealth have become, by reason of age and continued usage obsolete and are no longer capable of affording the services required in a modern industrial society. The general assembly of the Commonwealth of Kentucky further determines as a legislative finding of fact that the construction, reconstruction, resurfacing and relocation of a system of such economic development roads through the turnpike authority of Kentucky will preserve and enhance the economic viability of the Commonwealth, will enable the Commonwealth to prosper and make available its economic potentials to the fullest possible degree, will protect and enhance the safety, health, convenience and welfare of the traveling public and will therefore constitute the performance of essential governmental and public purposes.

SECTION 2. A NEW SECTION OF KRS CHAPTER 175 IS CREATED TO READ AS FOLLOWS:

As used in this Act, and as applied to the financing of construction, reconstruction, resurfacing and relocation of economic development roads by the turnpike authority of Kentucky, the following words and phrases shall have the following respective meanings unless another or different meaning or intent shall be clearly indicated by the context.

(1) "Authority" shall mean the turnpike authority of Kentucky duly organized and existing pursuant to the provisions of KRS 175.410 to 175.990, inclusive.

Nothing herein shall be construed to prohibit the provider from selling any assets subject to any such pledge except to the extent that any such sale may be restricted by the trust agreement or resolution providing for the issuance of such obligations.

SECTION 40. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this Act shall be deemed to be trust funds to be held and applied solely as provided in this Act. The resolution authorizing any obligations or the trust agreement securing the same may provide that any of such moneys may be temporarily invested pending the disbursement thereof and shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this Act and such resolution or trust agreement may provide. Any such moneys or any other moneys of the provider may be invested as provided in KRS 386.020, except that at least eighty (80) percent of these investments shall be made only in property, enterprises or securities of entities located within the Commonwealth of Kentucky.

SECTION 41. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

Any holder of obligations issued under the provisions of this Act or any coupons appertaining thereto, and the trustee under any trust agreement or resolution authorizing the issuance of such obligations, except the rights herein given may be restricted by such trust agreement or resolution, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the state or granted hereunder or under such trust agreement or resolution, or under any other contract executed by the provider pursuant to this Act, and may enforce and compel the performance of all duties required by this Act or by such trust agreement or resolution to be performed by the provider or by any officer thereof.

SECTION 42. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

Notwithstanding any of the foregoing provisions of this Act or any recitals in any obligations issued under the provisions of this Act, all such obligations and interest coupons appertaining thereto shall be and are hereby made negotiable instruments under the laws of this state, subject only to any applicable provisions for registration.

SECTION 43. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

Obligations issued under the provisions of this Act are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such obligations are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds, notes or obligations of the state is now or may hereafter be authorized by law.

SECTION 44. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

(1) The provider is hereby authorized to provide for the issuance of refunding obligations for the purpose of refunding any obligations then outstanding which shall have been issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such obligations and, if deemed advisable by the provider, for any corporate purpose of the provider. The issuance of such obligations, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the provider in respect of the same shall be governed by the provisions of this Act which relate to the issuance of obligations, insofar as such provisions may be appropriate therefor.

(2) Refunding obligations may be sold or exchanged for outstanding obligations issued under this Act and, if sold, the proceeds thereof may be applied, in addition to any other purposes, to the purchase,

redemption or payment of such outstanding obligations. Pending the application of the proceeds of any such refunding obligations, with any other available funds, to the payment of the principal, accrued interest and any redemption premium on the obligations being refunded, and, if so provided or permitted in the resolution authorizing the issuance of such refunding obligations or in the trust agreement securing the same, to the payment of any interest on such refunding obligations and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holders thereof, at the option of such holders, not later than the respective dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended.

SECTION 45. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

The provider shall be authorized and empowered in connection with the issuance of its bonds and notes for purposes pursuant to this Act to establish in respect of such bonds and notes such reserve funds or replacement funds as may be required in the sound discretion of the board of directors of the provider to enable the provider to effectuate its proper public purposes. In the event any such reserve fund or replacement fund created by the provider in connection with any such bond issue or note issue should, in violation of any contract made by the provider with any bondholder or noteholder, be monetarily deficient in any respect as of any date of accounting so stipulated by the provider, the provider shall immediately make formal request in writing to the secretary of the department of finance, and to the governor of Kentucky that sums adequate to restore such reserve fund or replacement fund to its contractually required level and to pay any overdue principal and interest on any outstanding bonds and notes of the provider be included in the next succeeding executive budget, and that such budget request with recommendation for approval by the general assembly of an appropriation to the provider for the use and benefit of such reserve fund or replacement fund be submitted to the next session of the general assembly. In the event the next scheduled regular session of the general assembly of Kentucky shall occur more than six (6) months after any such request by the provider, the provider shall request that sums adequate to restore such reserve fund or replacement fund to such contractually required level and to pay any overdue principal and interest on any outstanding bonds and notes of the provider be made available from the governor's contingency fund, and if such funds are so made available the budget request described in this section shall be correspondingly reduced.

SECTION 46. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

(2) The provider shall have an annual audit made by the auditor of public accounts of its books, accounts, and records with respect to all matters relating to its financial operations. The persons performing such audit shall furnish copies of the audit report to the secretary of the department of finance, the governor and the general assembly where they shall be placed on file and made available for inspection by the general public.

The provider is authorized to accept and expend such moneys as may be appropriated from time to time by the general assembly or such moneys as may be received from any source including income from the provider's operations, for effectuating its corporate purposes including, without limitation, the payment of the initial expenses of administration and operation and the establishment of a reserve or contingency fund to be available for the payment of the principal of and interest on any bonds or notes of the provider.

SECTION 49. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

If any member, officer or employe of the provider shall be interested either directly or indirectly, or shall be an officer of employe of or have an ownership interest in any firm or corporation interested directly or indirectly in any contract with the provider, such interest shall be disclosed to the provider and shall be set forth in the minutes of the provider, and the member, officer or employe having such interest therein shall not participate on behalf of the provider in the authorization of any such contract.

(2) No provision of this code relating to a certificate of authorization shall apply to the Kentucky workers' compensation insurance provider.

Section 52. KRS 342.340 is amended to read as follows:

(1) Every employer under this chapter shall either insure and keep insured his liability for compensation hereunder in some corporation, association or organization authorized to transact the business of workmen's compensation insurance in this state *including the Kentucky workers' compensation insurance provider* or shall furnish to the board satisfactory proof of his financial ability to pay directly the compensation in the amount and manner and when due as provided for in this chapter. In the latter case the board shall require the deposit of an acceptable security, indemnity or bond to secure to such an extent as the board directs the payment of compensation liabilities as they are incurred.

(2) Every employer accepting this chapter shall at the time of such acceptance file with the board in substantially the form prescribed by it, and semiannually thereafter, or as often as may be necessary, evidence of his compliance with the provisions of this section and all others relating thereto. Until these provisions are complied with the employer shall, from the date of his acceptance of the chapter, be liable to an employe either for compensation under this chapter or at law in the same manner as if the employer had refused to accept this chapter. Claim of compensation in such cases shall be considered a waiver of the right to proceed at law and the institution of an action at law shall be considered a waiver of all claim to compensation. Upon determination that any employer under this chapter has failed to comply with these provisions the board shall promptly notify interested government agencies of said failure and with particular reference to employers engaged in coal mining the board shall promptly report any such failures to the department of mines and minerals so that appropriate action may be undertaken pursuant to KRS 351.175.

Section 53. KRS 342.620 is amended to read as follows:

As used in this chapter unless the context otherwise requires:

(1) "Injury" means any work related harmful change in the human organism, including damage to or loss of a prosthetic appliance, but does not include any communicable disease unless the risk of contracting such disease is increased by the nature of the employment. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease.

(2) "Occupational disease" means a disease arising out of and in the course of the employment.

(a) A disease shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the employment and which can be fairly traced to the employment as the proximate cause. The disease shall be incidental to the character of the business and not independent of the relationship of employer and employe. The disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

(b) "Injurious exposure" as used in KRS 342.316 shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which claim is made.

(3) "Death" means death resulting from an injury or occupational disease.

(4) "Carrier" means any insurer, or legal representative thereof, authorized to insure the liability of employers under this chapter and includes a self-insurer *and the Kentucky workers' compensation insurance provider.*

(5) "Self-insurer" is an employer who has been authorized under the provisions of this chapter to carry his own liability on his employes covered by this chapter.

(6) "Department" means the department of labor.

(7) "Director" means the director of the workmen's compensation board.

(8) "Board" means the workmen's compensation board.

(9) "Disability" means, except for purposes of KRS 342.730(1)(c) relating to scheduled losses, a decrease of wage earning capacity due to injury or loss of ability to compete to obtain the kind of work the employe is customarily able to do, in the area where he lives, taking into consideration his age, occupation, education, effect upon employe's general health of continuing in the kind of work he is customarily able to do, and impairment or disfigurement.

(10) "Income benefits" means payments made under the provisions of this chapter to the disabled worker or his dependents in case of death, excluding medical and related benefits.

(11) "Medical and related benefits" means payments made for medical, hospital, burial and other services as provided in this chapter other than income benefits.

(12) "Compensation" means all payments made under the provisions of this chapter representing the sum of income benefits and medical and related benefits.

(13) "Medical services" means medical, surgical, dental, hospital, nursing and medical rehabilitation services, medicines, and fittings for artificial or prosthetic devices.

(14) "Person" means any individual, partnership, firm, association, trust, joint venture, corporation, or legal representative thereof.

(15) "Wages" means, in addition to money payments for services rendered, the reasonable value of board, rent, housing, lodging, fuel or similar advantages received from the employer, and gratuities received in the course of employment from others than the employer as evidenced by the employe's federal and state tax returns.

(16) "Agriculture" means the operation of farm premises, including the planting, cultivation, producing, growing, harvesting and preparation for market of agricultural or horticultural commodities thereon, the raising of livestock for food products and for racing purposes, and poultry thereon, and any work performed as an incident to or in conjunction with such farm operations. It shall not include the commercial processing, packing, drying, storing, or canning of such commodities for market, or making cheese or butter or other dairy products for market.

(17) "Beneficiary" means any person who is entitled to income benefits or medical and related benefits under this chapter.

(18) "United States" when used in a geographic sense, means the several states, the District of Columbia, the commonwealth of Puerto Rico, the Canal Zone, and the territories of the United States.

(19) "Alien" means a person who is not a citizen, a national or a resident of the United States or Canada. Any person not a citizen or national of the United States who relinquishes or is about to relinquish his residence in the United States shall be regarded as an alien.

(20) Except as otherwise provided in KRS 342.750, the formula for income benefits shall be 66-⅔ percent of the average weekly wages of the employe at the time of his injury, multiplied by the percentage of disability caused by the injury or occupational disease, subject to the limitation contained in KRS 342.740. Income benefits shall be payable during the applicable compensable period which is either (a) the specified number of weeks, or (b) the period of occupational disability during which the employe is disabled, or (c) where death results from the injury, the period during which the deceased's dependents qualify as such, or (d) where death is unrelated to the injury, the period during which the deceased's dependents qualify as such or during the period of the deceased's normal life expectancy, whichever is less.

SECTION 54. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

The Commonwealth of Kentucky, and all governmental units and agencies thereof, shall insure its workers' compensation liability with the provider; Provided, however, that if the Commonwealth, or any governmental unit or agency thereof, elects to operate as a self-insurer or is able to obtain workers' compensation insurance coverage from another source at a rate less than that of the provider, this section shall not apply.

SECTION 55. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

Premium rates for policies issued by the provider after January 1, 1982, through January 1, 1983, shall be reduced by a minimum of ten percent (10%) for all employment classifications. The ten percent (10%) reduction shall be applied against premium rates that are in effect as of July 1, 1981, for private insurance carriers in the Commonwealth. The provider shall establish premium rates at the lowest possible rate consistent with the maintenance of the solvency of the provider, and the creation and maintenance of a reasonable surplus after the payment of legitimate claims, as determined by sound actuarial methods.

Section 2. KRS 304.39-060 is amended to read as follows:

(1) Any person who registers, operates, maintains or uses a motor vehicle on the public roadways of this Commonwealth shall, as a condition of such registration, operation, maintenance or use of such motor vehicle and use of the public roadways, be deemed to have accepted the provisions of this subtitle, and in particular those provisions which are contained in this section.

(2) (a) Tort liability with respect to accidents occurring in this Commonwealth and arising from the ownership, maintenance, or use of a motor vehicle is "abolished" for damages because of bodily injury, sickness or disease to the extent the basic reparation benefits provided in this subtitle are *paid* [payable] therefor, or that would be *paid* [payable] but for any deductible authorized by this subtitle, under any insurance policy or other method of security complying with the requirements of this subtitle, except to the extent noneconomic detriment qualifies under subsection (2)(b) hereof.

(b) In any action of tort brought against the owner, registrant, operator or occupant of a motor vehicle with respect to which security has been provided as required in this subtitle, or against any person or organization legally responsible for his acts or omissions, a plaintiff may recover damages in tort for pain, suffering, mental anguish and inconvenience because of bodily injury, sickness or disease arising out of the ownership, maintenance, operation or use of such motor vehicle [only in the event that the benefits which are payable for such injury as "medical expense" or which would be payable but for any exclusion or deductible authorized by this subtitle exceed one thousand dollars ($1,000), or the injury or disease consists in whole or in part of permanent disfigurement, a fracture to a weight-bearing bone, a compound, comminuted, displaced or compressed fracture, loss of a body member, permanent injury within reasonable medical probability, permanent loss of bodily function or death. Any person who is entitled to receive free medical and surgical benefits shall be deemed in compliance with the requirements of this subsection upon a showing that the medical treatment received has an equivalent value of at least one thousand dollars ($1,000)].

(c) Tort liability is not so limited for injury to a person who is not an owner, operator, maintainer or user of a motor vehicle within subsection (1) of this section, nor for injury to the passenger of a motorcycle arising out of the maintenance or use of such motorcycle.

(3) For purposes of this section and the provisions on reparation obligor's rights of reimbursement, subrogation, and indemnity, a person does not intentionally cause harm merely because his act or failure to act is intentional or done with his realization that it creates a grave risk of harm.

(4) *In any action of tort brought against the owner, registrant, operator, or occupant of a motor vehicle with respect to which security has been provided as required in this subtitle, any person injured may claim his full damages, including nonpecuniary damages. He may also claim basic reparation benefits from the appropriate security on the vehicle as established under KRS 304.39-050. Such provider shall be subrogated to the rights of the injured person to the extent of reparation benefits paid against the owner and operator of the vehicle* [Any person may refuse to consent to the limitations of his tort rights and liabilities as contained in this section. Such rejection must be in writing in a form to be prescribed by the department of insurance and must have been executed and filed with the department at a time prior to any motor vehicle accident for which such rejection is to apply. Such rejection form together with a reasonable explanation thereof shall be furnished by the reparation obligor with each policy to each prospective insurance applicant. Such rejection form shall affirmatively state in bold print that acceptance of this form of insurance denies the applicant the right to sue a negligent motorist unless certain requirements contained in the policy of insurance are met. Rejection by a person who is under legal disability shall be made on behalf of such person by his legal guardian or his natural parent. The failure of such guardian or a natural parent of a person under legal disability to file a rejection, within six (6) months from the date that this subtitle would otherwise become applicable to such person, shall be deemed to be an affirmative acceptance of all provisions of this subtitle. Provided, however, any person who, at the time of an accident, who does not have basic reparation insurance but has not formally rejected such limitations of his tort rights and liabilities and has at such time in effect security equivalent to that required by KRS 304.39-110 shall be deemed to have fully rejected such limitations within meaning of this section for that accident only.

(5) Any rejection must be filed with the department of insurance and shall be for a period of five (5) years from the date of its execution unless revoked in writing. A copy of such rejection or revocation must be filed with each insurance company providing an automobile policy under which the individual is a named insured as defined in the policy.

(6) Every insurance company when issuing an automobile policy to a resident of this Commonwealth must inform the buyer in writing in a form to be prescribed by the insurance commissioner of his right to reject the limitations of his tort rights and liabilities under this subtitle in the manner provided in subsections (4) and (7) of this section.

(7) Any rejection shall result in the full retention by the individual of his tort rights and his tort liabilities. Any person injured by a motor vehicle operator who has such rejection on file may claim his full damages, including nonpecuniary damages, or, if such injured person has not rejected his own tort limitations, he may also claim basic reparation benefits from the appropriate security on the vehicle as established under KRS 304.39-050. If such provider of security is other than the one providing security for the operator who has rejected the limitations, such provider shall be subrogated to the rights of the injured person to the extent of reparation benefits paid against the owner and operator of the vehicle.

(8) No person who has rejected the tort limitations under this section, except as provided in subsection (9) of this section or KRS 304.39-140(5), may collect basic reparation benefits.

(9) Any owner or operator of a motorcycle, as defined in Kentucky Revised Statutes, may file a rejection as described in subsections (4) and (5), which will apply solely to the ownership and operation of a motorcycle but will not apply to injury resulting from the ownership, operation or use of any other type of motor vehicle].

"SECTION 3. A NEW SECTION OF KRS CHAPTER 242 IS HEREBY ENACTED TO READ AS FOLLOWS:

(1) The provisions of this section shall be applicable in any city of the second class notwithstanding any other provisions of this chapter relating to the discontinuance of prohibition in any county, city, or territory which may be to the contrary.

(2) In any city of the second class in which prohibition is in effect in all or a part of the city, the governing body of the city, upon a determination of economic hardship in the manner provided in subsection (11) of this section, shall by ordinance designate one or more of the precincts in the city as a limited sale precinct or precincts.

(3) In any limited sale precinct, an election may be held in the manner prescribed in KRS 242.010 to 242.050 and KRS 242.060 to KRS 242.120 to take the sense of the people of the precinct as to discontinuance of prohibition in the precinct. Such election shall not be deemed to be an election in the "same territory" within the meaning of subsection (5) of KRS 242.030; provided, however, that no election authorized by this section shall be held in the same precinct more often than once in every five years.

(4) The ballot for such election shall conform to the requirements of KRS 242.050 except that the form of the proposition shall be, "Are you in favor of the sale of alcoholic beverages in (official name and designation of precinct)?"

(5) If a majority of the votes cast in any limited sale precinct in which an election is held pursuant to this section vote in favor of the sale of alcoholic beverages in that precinct, the sale of alcoholic beverages therein shall be specifically subject to all the provisions and limitations of subsections (6) and (7) of this section.

(6) Upon the discontinuance of prohibition in any limited sale precinct pursuant to this section, the governing body of the city shall by ordinance create and provide for the office of City Alcoholic Beverage Control Administrator pursuant to the requirement of KRS 241.160 and shall adopt a comprehensive regulatory ordinance covering the licensing and operation of establishments for the sale of alcoholic beverages within a limited sale precinct which shall specifically provide for:

(a) The issuance of three licenses permitting the package sale at retail of alcoholic beverages within the territorial limits of any limited sale precinct.

(b) The issuance of four licenses to sell alcoholic beverages by the drink for consumption on the premises by the general public in any one limited sale precinct. One such license in each limited sale precinct shall be reserved for grant to any newly established hotel, motel, or inn containing not less than 50 sleeping units and having dining facilities for not less than 100 persons. The remaining three licenses shall be granted to a hotel, motel, or inn meeting the aforestated requirements or to bona fide restaurants open to the general public having dining facilities for not less than 100 persons; provided, however, that additional licenses to sell alcoholic beverages by the drink for consumption on the premises shall be granted to social membership clubs established and maintained for the benefit of members only by bona fide fraternal or veterans organizations.

(7) The governing body may also incorporate in the regulatory ordinance such other reasonable rules and regulations as may be necessary or desirable for the proper administration and enforcement of this section and for the maintenance of public order in a limited sale precinct, including the issuance of any licenses permitted by KRS 243.070 except as limited by subsection (6) of this section; provided that any rule or regulation adopted in the regulatory ordinance shall conform to the requirements of KRS 241.190.

(8) Notwithstanding any limitations imposed on the city's taxing or licensing power by KRS 243.070 upon the discontinuance of prohibition in any limited sale precinct, the governing body of the city is hereby authorized to impose a regulatory license fee upon the gross receipts of each establishment located therein and licensed to sell alcoholic beverages. The regulatory license fee may be levied at the beginning of each city budget period at such percentage rate as shall be reasonably estimated to fully reimburse the city for the estimated costs of any additional policing, regulatory, or administrative expenses related to the sale of alcoholic beverages in the city. Such regulatory license fee shall be in addition to any other taxes, fees, or license permitted by law, but a credit against such fee shall be allowed in an amount equal to any licenses or fees imposed by the city pursuant to KRS 243.070.

(9) Subject to the limitation imposed by subsection (3) of this section, no provision contained in this section providing for the establishment of a limited sale precinct shall preclude or abridge the right of the constitutionally qualified voters of such precinct to petition for a subsequent election on same question.

(10) If an election is held pursuant to other provisions of KRS Chapter 242 in the city or the county in which a limited sale precinct is located for the purpose of taking the sense of the voters upon the question of adopting or repealing prohibition for the entire city or the entire county, the status of such question in a limited sale precinct shall be determined in the following manner:

(a) The status of a limited sale precinct shall not be affected by any election for the entire city or the entire county if such limited sale precinct was established less than five (5) years prior to the date of the proposed election for the entire city or the entire county and in such case no ballot shall be furnished to the voters of any limited sale precinct in such election.

(b) If such limited sale precinct was established more than five (5) years prior to the date of the proposed election for the entire city or the entire county, the voters within each limited sale precinct shall be furnished a ballot upon which the question shall be, "Are you in favor of continuing the sale of alcoholic beverages in (official name and designation of precinct) as a limited sale precinct?" No other ballot shall be furnished to the voters of any limited sale precinct.

(c) The ballots of each limited sale precinct shall be counted separately, and, if a majority of the votes cast in the limited sale precinct are in favor of continuing the sale of alcoholic beverages therein as a limited sale precinct, then such status shall continue within such precinct, except that if the city or the county in which the limited sale precinct is located votes against prohibition in the remainder of the city or the county, the limited sale precinct status of any precinct may be terminated by the governing body of the city or the county and thereafter the status of such precinct shall be the same as that in effect for the remainder of the city or the county.

(11) Any precinct located entirely within any city of the second class in which prohibition is in effect in all or a part of the city shall be designated as a limited sale precinct by the governing body of the city; provided that:

(a) The governing body determines to its satisfaction that the general trade, business, and economy of one or more of the precincts within the city is substantially adversely affected by reason of the legal sale of alcoholic beverages in any neighboring or adjoining state, county, city, town, district, or precinct. For the purpose of making such determination, the governing body may hold such hearings, examine such witnesses, or receive such evidence as it believes necessary or desirable for such purpose; or

(b) The governing body receives a petition signed by a number of constitutionally qualified voters of a precinct at the last preceding general election certifying to the governing body of the city that the signers of the petition verily believe that the general trade, business, and economy of the precinct has been and presently is substantially adversely affected by reason of the legal sale of alcoholic beverages in a neighboring or adjoining state, county, city, town, district, or precinct.

The petition may consist of one or more separate units and shall be filed with the mayor of the city. In addition to the name of the voter, the petition shall also state his post office address and the correct date upon which his name is signed.

Upon receipt of the petition, the mayor shall cause the same to be presented to the governing body of the city at its next regularly scheduled meeting and, after verifying that such petition is in compliance with the requirements of this section, the governing body shall forthwith by ordinance designate the precinct to be a limited sale precinct.

Section 4. KRS 242.1293 is hereby repealed."
